Major Mackay - For your attention and advice as quickly as possible please in regard to the tender of the Turvey Electrical Co. We understand this company is definitely satisfactory.

I.A.1356-12

Director
11/9/49.

Ottawa, April 9, 1949.

MEMORANDUM

Re: Electrical Alterations and Additions,
Mohawk Institute,
Brantford, Ontario.

In reply to your marginal notation of the 5th instant appearing on Major Mackay's memorandum to you of April 1st, in connection with the above, we comment as follows:-

Under cover of a memorandum to you from Major Mackay, dated October 29, 1948, we received two tenders for carrying out the electrical work at the Mohawk Institute based on plans and specifications provided by this Division. One was submitted by the Savory Electric on a cost plus 15% basis, the other was submitted by J.H. Turvey Electrical Co. and was a firm bid in the amount of \$5,331.00. Major Mackay pointed out in his memorandum, that he was advised by Indian Superintendent Randle, that the United Electrical Co. Ltd. would forward their tender within a few days. Since that time, we have contacted officers of the Indian Affairs Branch by telephone on numerous occasions concerning this matter, requesting that action be taken to procure this tender so that we could make our comments and remove this job from our list of work on hand. We were advised that Mr. Randle would be requested to investigate the situation at an early date.

The last paragraph of Major Mackay's memorandum to you of the first instant, to which was attached the tender of the United Electrical Co. Ltd. in the amount of \$6,620.24 together with their deposit cheque in the amount of \$662.02, is not clear in that no mention is made of the two Firms whose tenders, referred to in the foregoing, were forwarded to this Division.

Commenting on the three tenders received, that of the J.H. Turvey Electrical Co. is the lowest lump sum bid and we believe it would be in the best interest of the Department to have the Indian Affairs Branch award a contract to this firm, however in view of the fact that no reference is made to the tender submitted by this firm, in Major Mackay's memorandum of April 1st, we suggest that Mr. Randle be requested to contact the J.H. Turvey Electrical Co. and ascertain if they are prepared to undertake the work at the price quoted in their tender dated October 13, 1948, and if a price change is indicated they should be requested to submit a revised quotation for consideration before awarding the contract.

In connection with Major Mackay's memorandum to you of March 22nd last, in which he points out that it is the intention of the Indian Affairs Branch to utilize present unused space on the top floor of the building to provide adequate accommodation for the pupils at the institute, we would point out that electrical work, in addition to that shown on our plans, will be necessary when it is decided what architectural changes are necessary in this area.

R.A. Gibson, Esq.,
Director,
Lands and Development Services Branch,
Department of Mines and Resources,
Ottawa, Ontario.

.....2

Indian Affairs. (RG 10, Volume 6201, file 466-5, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

In order that the electrical work may be started as soon as possible, we would suggest that the contract be awarded and the costs for the electrical work, in connection with the architectural changes to the top floor, be covered by an Extra Work Order which will be issued when we know the extent of the work involved. We estimate that the cost of additional electrical work in this area will not exceed \$700.00.

We will retain the deposit cheque of the United Electrical Co. Ltd. until the Indian Affairs Branch receives further advice from Mr. Randle in connection with the tender of the J.H. Turvey Electrical Co.

MEMORANDUM

Ottawa, April 9, 1949.

Re: Electrical alterations and Additions,
Mohawk Institute,
Brantford, Ontario.

In reply to your marginal notation of the 5th instant
appearing on Major Mackay's memorandum to you of April 1st, in
connection with the above, we comment as follows:-

Under cover of a memorandum to you from Major Mackay,
dated October 29, 1948, we received two tenders for carrying out
the electrical work at the Mohawk Institute based on plans and spe-
cifications provided by this Division. One was submitted by the
Savory Electric on a cost plus 15% basis, the other was submitted
by J.H. Turvey Electrical Co. and was a firm bid in the amount of
\$5,331.00. Major Mackay pointed out in his memorandum, that he
was advised by Indian Superintendent Randle, that the United Elec-
trical Co. Ltd. would forward their tender within a few days. Since
that time, we have contacted officers of the Indian Affairs Branch
by telephone on numerous occasions concerning this matter, requesting
that action be taken to procure this tender so that we could make our
comments and remove this job from our list of work on hand. We were
advised that Mr. Randle would be requested to investigate the situa-
tion at an early date.

The last paragraph of Major Mackay's memorandum to you of
the first instant, to which was attached the tender of the United
Electrical Co. Ltd. in the amount of \$6,620.24 together with their
deposit cheque in the amount of \$662.02, is not clear in that no
mention is made of the two Firms whose tenders, referred to in the
foregoing, were forwarded to this Division.

Commenting on the three tenders received, that of the J.H.
Turvey Electrical Co, is the lowest lump sum bid and we believe it
would be in the best interest of the Department to have the Indian
Affairs Branch award a contract to this firm, however in view of
the fact that no reference is made to the tender submitted by this
firm, in Major Mackay's memorandum of April 1st, we suggest that Mr.
Randle be requested to contact the J.H. Turvey Electrical Co. and
ascertain if they are prepared to undertake the work at the price
quoted in their tender dated October 13, 1948, and if a price change
is indicated they should be requested to submit a revised quotation
for consideration before awarding the contract.

In connection with Major Mackay's memorandum to you of
March 22nd last, in which he points out that it is the intention of
the Indian Affairs Branch to utilize present unused space on the top
floor of the building to provide adequate accommodation for the pupils
at the institute, we would point out that electrical work, in addition
to that shown on our plans, will be necessary when it is decided what
architectural changes are necessary in this area.

Memorandum:

DIRECTOR, LANDS & DEVELOPMENT SERVICES

Re: Electrical Alterations and Additions,
Mohawk Institute, Brantford, Ontario
Your File: IA 1356-12

With reference to your memorandum of April 9th regarding the above, we are now informed by Superintendent E.P. Randle that the J.H. Turvey Electrical Company are prepared to carry out the work at the Mohawk Institute at the price stated in their tender, which was forwarded to you under cover of our memorandum of October 29th, 1948.

We have noted that any additional electrical work that may be required as a result of altering the top floor of the building, will be covered by an extra Work Order, and that you estimate the cost of this extra work will not exceed \$700.00.

, April 20, 1949.

Lt. Colonel E.P. Randle,
Indian Superintendent,
Brantford, Ontario.

Re: Mohawk Institute.

It is our intention to carry out the following improvements at the above school during 1949, and if possible, we would like to have the work completed by September 1st:

- (a) (Electrical alterations and additions
- (b) (Alterations to the top floor of the building
These are under direction of
Lands and Development Services Branch
- (c) Painting the exterior of the building

We would like you to make immediate inquiries with a view to obtaining a tender for the labour. The name and address of the person who tenders should also be forwarded for our information.

P We understand that you have on hand a quantity of paint (reference your letter of March 24th and our reply dated March 29th). Please forward a requisition for any additional material that is necessary.

We note that it is your intention to move another building from the former Army Camp to the Mohawk School property. We would appreciate being advised when you expect to move this building.

Philip Phelan,
Chief, Education Division.

Re: Mohawk Residential School, Six
Nations Indian Agency, Brant-
ford, Ontario.

We have a memorandum dated March 22nd from
Director of Indian Affairs Branch to yourself regarding
possible alterations at the above school.

You ask marginally if a report can be made.
One of our Engineers, Mr. R.R. Ross, currently making
an inspection trip in Western Ontario was requested,
before leaving Ottawa, to examine the school with Super-
intendent Randall and to prepare field sketches from
which ^{a report and} tendering documents can be prepared.

Labour Saving Devices.

As you are aware, we are limiting each school to a number of labour saving devices each year. The Reverend Mr. Zimmerman of the Mohawk Residential School feels that the appliance which will best suit his purpose is the floor polisher requested herewith.

He feels that this will enable him to have his children spend more time in the classroom and less time on school labour.

Re: Mohawk Institute

Your letters 466-5 (E.1) of the 20th and 25th instant are acknowledged re the above and though your letter of the 20th was not quite clear, it was assumed your reference to a tender for labour was with regard to the top floor alterations and your letter of the 25th means us to disregard this, in view of the Examination by the Lands and Development Services Branch.

As you state, we have the paint on hand for the exterior painting and it is assumed the tender of Robert Styres to do the work for \$1100.00 which was accepted last year, is still good.

Mr. Styres is prepared to start as soon as the children go on holidays, which is felt wiser, as with ladders and paint supplies around, with the children there, they could get up to a good deal of mischief.

With regard to moving the former Chapel Building at the Army Camp, which Mr. Zimmerman requires for additional staff quarters, Mr. Rispin says he would have to charge \$1000.00 for the operation.

Rispin states the building will, owing to its length and shape, have to be cut and moved in two sections and maybe three. You will realize, that the time taken in movement from point to point is not the expensive part of such operations, it is the time taken to cut, jack up, brace up open ends and get ready for movement, followed by the time taken to lower the portions on their new site, line them up and repair roof where cut.

Consequently, the price quoted is reasonable, somewhat higher than previously, but wages and other costs have moved up since the quotations of two years ago.

Indian Affairs. (RG 10, Volume 6201, file 466-5, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Rispin can only move it and place it for the \$1000.00 stated, he cannot take the time to finish it off for occupation, as he states he has too much private work ahead to do so, which he has neglected somewhat for two years, moving our many buildings.

It is suggested, therefore, that you approve of his offer, so he can proceed at once as he is almost through with the hospital and Council buildings, then this office will submit a further recommendation concerning what is necessary and the costs of making it into two apartments, so we can get the work done ready for occupation in September.

May we also receive the authority to go ahead on the Domestic Science Building, so we can get it in operating order now, rather than wait to the summer holidays when so much other school work is done.

You have already approved of the the installing of kitchen cabinets, etc., at a cost of \$496.08, but there is the siding, painting and building of partitions.

We have the insul brick siding on hand, but it will cost about \$60.00 to have it put on by an Indian carpenter.

While we did not reline the floors of the other army buildings used as schools, in this case, in view of the nature it is to be used for, it is felt a new floor should be placed in to give a first rate appearance and some cupboards, also a partition around the kitchen part.

Labour and material for this will cost approximately \$400.00. The cost of paint and labour for painting will cost approximately \$200.00.

If the work painting, siding and carpentering can now be authorized, please send an accountable cheque for \$300.00, then it will be possible to proceed at once and we can employ workmen who will then carry on with other school repairs after the holidays commence.

4th May, 1949.

Mr. E.P. Randle,
Superintendent, Indian Agency,
Brantford, Ontario.

We have your letter of April 29th with reference to the Mohawk Institute. As stated in official letter of April 20th, the electrical alterations and changes in the top floor of the building will be carried out under the direction of the Lands & Development Services Branch.

With reference to the painting of the exterior of the building, this work may be done by Mr. Robert Styres on the understanding that the total amount to be paid for labour will be \$1,100.00.

We are requesting the Minister's approval for the tender of \$1,000.00 from Mr. Rispin to move the former chapel building at the Army Camp to the site of the Mohawk Residential School. As soon as we receive approval, you will be advised.

From the last four paragraphs of your letter, we understand that material and labour for repairing the Domestic Science building will amount to \$660.00. You should forward a requisition immediately for the material

Memorandum:

DEPUTY MINISTER

Re: Mohawk Indian Residential School

Additional accommodation is required at the above mentioned school for staff quarters.

The chapel building at the former Army Camp is our property, and it can be moved to the Mohawk Residential School. Owing to its length and shape, the building will have to be cut and moved in two sections. It requires considerable time to cut, jack up, and brace up open ends, and also get ready for movement. It also takes considerable time to lower the portions on their new site, line them up and repair the roof where cut.

Mr. T.J. Rispin of Brantford, Ontario, who has moved several other buildings from the former camp site to different locations on the Six Nations Reserve, offers to move the chapel building to the site of the Mohawk Residential School for an amount of \$1,000.00. Indian Superintendent Randle states that this price is reasonable.

We would appreciate it if the Minister would approve acceptance of Mr. Rispin's quotation, in order that the building can be moved at an early date.

File 100

Oct 10th./48

Dear Sirs:

I have studied the plans & specifications for the above buildings, and being well acquainted with them, as I have kept the old system going for the last four years, I find with shortages & substitutions & price increases, that under existing conditions I could not give a definite quotation.

Up to the present I have had no labour troubles & do not anticipate any as my men have been with me for a considerable time and are good men. At the present time I have no contract work, it is all on a cost plus 15% basis and I render duplicate invoices from my suppliers. At the present time I have under construction on the above terms:

- | | | |
|---|--|--------------|
| 1 | Job for Brant Farm Supplies of approximately | \$12000.00 |
| 2 | Jobs for Brantford Oven & Rack Co. | " \$15000.00 |
| 3 | " " " Refridgerator Co. | " \$10000.00 |
| 4 | New Plants " Stainless Steel Co. | " \$ 6000.00 |

Our prices are subject to any adjustment due to Government regulations.

MEMORANDUM

OTTAWA May 2, 1949.

Re: Electrical Alterations and
Additions, Mohawk Institute,
Brantford, Ontario.

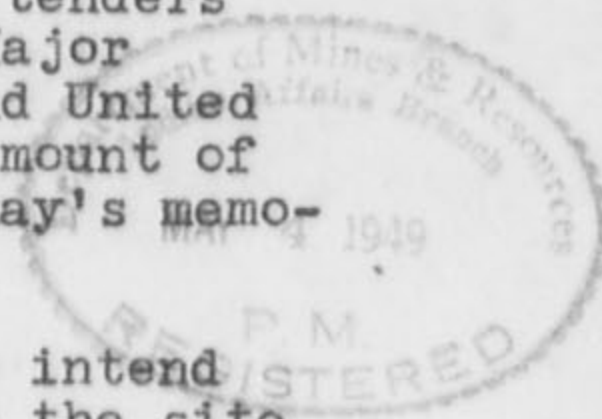

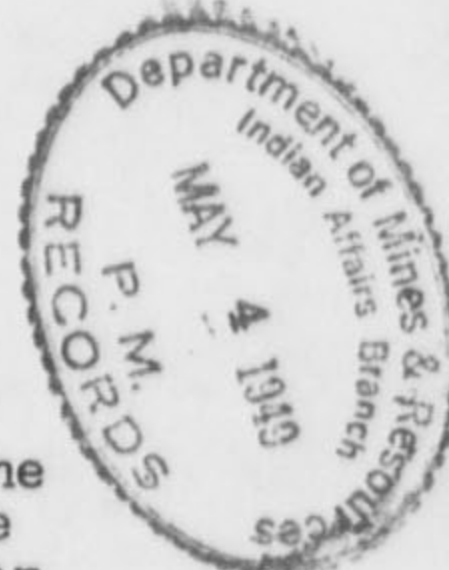

With reference to your memorandum of the 29th ultimo in connection with the above, we are enclosing herewith for transmission to the Indian Affairs Branch for their necessary action, tenders forwarded to this Division under cover of Major Mackay's memorandum of October 29, 1948, and United Electric tender and deposit cheque in the amount of \$662.02 forwarded under cover of Major Mackay's memorandum of April 1st last.

Due to the nature of the work, we intend to have an officer from this Division visit the site with the contractor at the time of the commencement of work to discuss the rewiring, the running of new feeders, and other alterations in detail, to assure that the new wiring is installed in a manner most suited to the building construction.

We would appreciate advice as to when the contractor expects to start the electrical work so that we can make arrangements to have our officer leave Ottawa on or about the time the contractor is prepared to start the work.

R.A. Gibson, Esq.,

MEMORANDUM FOR THE CLERK OF THE PRIVY COUNCIL

Requesting authority to accept tender of J.H. Turvey Electrical Company, of Brantford, Ontario, amounting to \$5,331.00, for wiring the Mohawk Indian Residential School, in the Six Nations Indian Agency, in the Province of Ontario.

The undersigned has the honour to report:

THAT the Indian Affairs Branch of the Department of Mines and Resources desire to rewire the Mohawk Indian Residential School, in the Six Nations Indian Agency, in the Province of Ontario;

THAT the following tenders have been received for the work required:

<u>Name</u>	<u>Amount of Tender</u>
United Electric, Brantford, Ont.	\$6,620.24
Savery Electric, Brantford, Ont.	Cost, plus 15%
J.H. Turvey Electrical Company, Brantford, Ont.	\$5,331.00

THAT the above tenders have been examined by Departmental Engineers and it is found that they are based on the plans and specifications as prepared by the Lands & Development Services Branch.

THAT the Departmental Engineers recommend the acceptance of the tender from J.H. Turvey Electrical Company, of Brantford, Ontario, in an amount of \$5,331.00.

THAT funds are available for this purpose in Vote 230, 1949-50, Indian Affairs Branch, Department of Mines and Resources.

The undersigned, therefore, recommends the acceptance of the tender of J.H. Turvey Electrical Company, of Brantford, Ontario, for the wiring of the Mohawk Indian Residential School in an amount of \$5,331.00.

Respectfully submitted,

Re - Electrical Alterations and Additions,
Mohawk Institute, Brantford, Ontario.

We have your memorandum of the 28th instant but would draw your attention to the fourth paragraph of Mr. Buck's memorandum of the 9th which was passed to you on the 11th instant, in which Mr. Buck said that it would be in the best interest of the department to award the contract to the J. H. Turvey Electrical Company, subject to confirmation of the price they had quoted. This confirmation was obtained by Superintendent E.P. Randle according to your memorandum of the 19th. There would seem to be now no reason why the contract should not be let to Turvey Electric.

Memorandum

DEPUTY MINISTER

Re: Mohawk Indian Residential School

Additional accommodation is required at the above mentioned school for staff quarters.

The chapel building at the former Army Camp is our property and it can be moved to the Mohawk Residential School. Owing to its length and shape, the building will have to be cut and moved in two sections. It will require considerable time to cut, jack up and brace up the open ends preparatory to its removal. It will also take considerable time to re-erect the building on the new site and to make the necessary repairs to the roof, where cut.

Mr. T.J. Rispin of Brantford, Ontario, who has moved several other buildings from the former camp site to different locations on the Six Nations Reserve, offers to move the chapel building to the site of the Mohawk Residential School for an amount of \$1,000.00. Indian Superintendent Randle states that this price is reasonable.

We would appreciate it if the Minister would approve acceptance of Mr. Rispin's quotation, in order that the building can be moved at an early date.

My dear Colonel:

You will find enclosed descriptions of milk cooler units. There is no doubt in my mind about the wisdom and necessity of such a unit.

Mr. Hawarth and I feel that the portable unit is the most desirable. If ever for one reason or another one wishes to move the unit it would not be necessary to build another tank. The cost of building a tank is rather considerable and tricky. There is an inside layer of cement, cork and another layer of cement. The portable units have insulated tops. The Victor or the Champion would be most acceptable. The Wood machine is very well known but more costly. Many farmers around Brantford are using these machine and in fact if one sends to a dairy they are compulsory.

The Champion unit costs 275.00 as I told you in Toronto. There would be the extra cost of building the tank. We can build a tank but I question whether it will be as satisfactory as the ready made.

Yours sincerely,

W. J. Zimmerman, M.A., B.D.
Principal.

P.S. The Champion has one advantage since it is longer and narrower. It would fit better into our milk house,

Mr. Shulan:

Technical advisors approve all makes.
Mr. Zimmerman practically narrows the ultimate selection to the Champion 4-can self-contained "portable" (500 lb.) offered by Ballantine for \$400.00 plus something for wiring.
Mr. Z. should supply figures as follows:
Cows milked: Milkings per day: Gallons produced: Gallons used: Gallons sold daily

May 13, 1949.

Colonel B. F. Neary,
Superintendent of Education,
Indian Affairs, Ottawa.

18595

My dear Colonel:

In reply to your letter of May 11, 1949.

- (1) Number of cows milking... May 12/49... 23.
- (2) Number of Gallons of milk ... May 12/49... 966 lbs. produced daily.
- (3) Milk supplied to school... May 12/49 ... 375 lbs.
- (4) Number of gallons sold... No milk sold... During Month of April sold 448.9 lbs of butter fat, 2.2 lbs.

One gallon of milk weighs roughly 10 lbs.

The custom at the Institute has been to use skim milk at the school. Besides the skim milk there is sent to the Institute 2 qts. of cream and 6 qts. of milk each day. Six qts. of milk is supplied to the families employed by Institute but living out.

I do hope that these figures will help to clarify the situation. Once again may I say with all sincerity that we do need very badly a milk cooler or some method of controlling the bacterial count. The health authorities will not permit us to use ice off the river. City water which has a temperature of roughly 70 degrees in the Summer is useless.

Yours sincerely,

W. J. Zimmerman

Mr. Phelan:

*Milk supplied to school 375 lb. and skim milk at that!
This would fill the 4-can cooler (40 gal.)
The other 60 gal produced on May 12 were separated too,
but the amount of butterfat sold is not stated.
This is a problem for experts. It is involved with refrigeration.

Mr. E.P. Randle,
Superintendent, Indian Agency,
Brantford, Ontario.

Attached are copies of letters dated April 30th and May 13th received from Reverend Zimmerman, Principal of the Mohawk Residential School, and also a copy of our letter of May 11th to Mr. Zimmerman. Also please find attached a copy of a letter received by Mr. Zimmerman from D.J. Ballantine.

We have made some enquiries, and if we supply a cooler we believe it will be necessary to purchase the one costing \$400.00. Please let us have your comments on the matter as soon as possible.

PRIVY COUNCIL

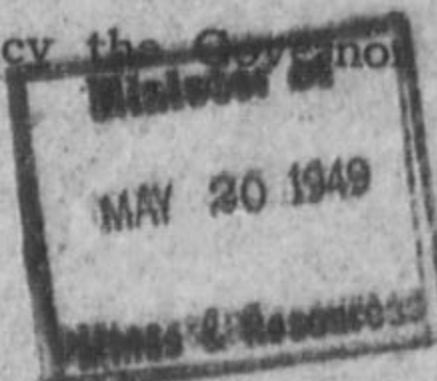

Certified to be a true copy of a Minute of a Meeting of the Committee

of the Privy Council, approved by His Excellency the Governor

General on the

17 MAY 20175

The Committee of the Privy Council have had before them a report dated May 5, 1949, from the Minister of Mines and Resources, representing:

THAT the Indian Affairs Branch of the Department of Mines and Resources desire to rewire the Mohawk Indian Residential School, in the Six Nations Indian Agency, in the Province of Ontario;

THAT the following tenders have been received for the work required:

Name	Amount of Tender
United Electric, Brantford, Ont.	\$6,620.24
Savory Electric, Brantford, Ont.	Cost, plus 15%
J.H. Turvey Electrical Company, Brantford, Ont.	\$5,331.00

THAT the above tenders have been examined by Departmental Engineers and it is found that they are based on the plans and specifications as prepared by the Lands & Development Services Branch;

THAT the Departmental Engineers recommend the acceptance of the tender from J.H. Turvey Electrical Company, of Brantford, Ontario, in an amount of \$5,331.00;

THAT funds are available for this purpose in Vote 230, 1949-50, Indian Affairs Branch, Department of Mines and Resources.

The Committee, therefore, on the recommendation of the Minister of Mines and Resources, advise that authority be granted for the acceptance of the tender of J.H. Turvey Electrical Company, of Brantford, Ontario, for the wiring of the Mohawk Indian Residential School, in an amount of \$5,331.00.

A. G. Robertson

Clerk of the Privy Council.

The Honourable
The Minister of Mines and Resources.

Memorandum

Re: Electrical work - Mohawk
Institute, Brantford, Ont.

You are advised that our electrical engineer visited the Mohawk Institute on September 29th last to inspect electrical work which is now being carried out and with the exception of the installation required in the attic storage space, which is to be converted into additional dormitory areas, it is approximately ninety per cent (90%) complete.

The Contract price for carrying out the electrical work let to the J.H. Turvey Electric Company of Brantford is in the amount of \$5,331.00, and we recommend that the Indian Affairs Branch pay the Contractor the value of his work done to date, which amounts to \$4,790.90.

Changes to our plans, requested by the Indian Affairs Branch to suit specific applications of certain areas, involved re-arrangement of the distribution system and type of lighting, and extra electrical work was required which was authorized on the job by our electrical engineer. The cost of this extra work amounted to \$975.87, which, along with the Contractor's price for wiring new dormitory space, will be treated as extra work to be paid from funds made available by the Indian Affairs Branch. The Contractor will submit his claim for the balance of the Contract price, plus the value of the extra work mentioned above, for payment after final inspection is made upon completion of the work.

Plans are now in the process of preparation for the alteration of the attic storage space into dormitory areas and will be forwarded to the Indian Affairs Branch in the near future.

We are writing the J.H. Turvey Electric Company advising them to present a Progress Estimate in triplicate to Col. E.P. Randle, Indian Superintendent at Brantford, for payment of ninety per cent (90%) of their Contract price.

Major MacKay

CONTRACT AGREEMENT

THIS AGREEMENT made (in triplicate) the
..... day of in the
twenty-fifth **May**
year Nineteen Hundred and **forty-nine** A.D.
BETWEEN

.....
J.H. Turvey Electrical Company of Brantford, Ontario
hereinafter called "The Contractor", of the first part;

AND His Majesty the King, represented by the Minister of
Mines and Resources of Canada, hereinafter called "The
Minister", of the second part,

WHEREAS the party of the first part, for the consider-
ation hereinafter mentioned, has agreed with the party of
the second part, to do, furnish and perform the work, materials,
matters and things required to be done, furnished and per-
formed, in the manner inafter described, in connection with
the work or works;

NOW THIS INDENTURE IT ISSETH that the said parties
hereto, herby covenant, promise and agree, each with the other
as follows:

ARTICLE 1: The covenants, clauses, provisos and conditions
of the Tender Form, General Instructions to Bidders, and
Specifications, (embracing the General Conditions, Labour
Conditions, General Specifications and Trade Specifications)
together with the drawings and such additional detail drawings,
shop drawings and instructions, as may from time to time be
furnished, shall be as fully part of this Agreement as if
attached hereto, or herein repeated, and should the Contractor
or Minister fail to sign them, they shall nevertheless be
binding on both parties.

ARTICLE II: The Contractor undertakes and agrees:-

- (a) to do, furnish and perform, the works, materials, matters and things required to be done, furnished and performed, in connection with the following

work or works namely, - **revisions, alterations and additions to electrical system, Mohawk Residential School, Brantford, Ontario, in accordance with the plans and specifications prepared by the Lands & Development Services Branch of the Department of Mines & Resources.**

- (b) to complete substantially, and to the satisfaction of the Minister, all the work, on or before the date or dates following, viz:-

the...~~thirty-first~~..... day of ~~August~~.....
Nineteen Hundred and~~forty-nine~~.....A.D.

- (c) Time shall be deemed to be material and of the essence of this contract.

ARTICLE III: The Minister undertakes and agrees, in consideration of the premises, and subject to the performance and observation on the part of the Contractor, of all covenants, provisos and conditions in the specifications contained:

- (a) To pay the Contractor in current funds, for the performance of the contract in an amount of Five Thousand, Three Hundred and Thirty-One Dollars subject to additions and deductions as provided for in the Specifications governing the work.
- (b) To make progress payments on account thereof, as provided for in the Specifications, equal to ninety per cent (90%) of the value, proportionate to the amount of the Contract, of labour and materials incorporated into the work, as estimated by the Engineer, less the aggregate of previous payments.
- (c) On completion of the entire work, and on full performance of the covenants and clauses of the Specifications, to make full payment of the balance due under the Contract, as set out in the Specifications.

ARTICLE IV: The Contractor and the Minister for themselves, their successors, executors, administrators and assigns, hereby undertake and agree, to the full performance of the covenants contained herein.

IN WITNESS WHEREOF these presents have been
signed and sealed on behalf of His Majesty, by the Deputy
Minister of the Department of Mines and Resources, and the
Contractor, the day and year first above written.

Indian Affairs Branch, Dept. Mines and Resources, Ottawa.

With reference to your File 466-5 (E), this office is now returning the Contract Agreement in triplicate in connection with the work awarded the J. H. Turvey Company at the Mohawk Institute.

We regret the delay in returning same, but the contractor mislaid them for a considerable time and since they were overlooked at this office.

The work is virtually completed, except where it ties in with the new dormitory work, but as the latter has not yet been authorized, the contractor cannot proceed and is anxious for confirmation as soon as possible in order to clean up the work at the Institute.

A progress estimate report covering 90% of the original contract is enclosed in triplicate and payment is recommended.

Memorandum:

DEPUTY MINISTER

Re: Mohawk Indian Residential School,
Six Nations Indian Agency, Province
of Ontario, Electoral District of
Brant

The above school is located just outside
the city limits of Brantford, and provision was
made in the current year's appropriation for renovations
that are required on the third floor of the building.

The Lands & Development Services Branch
have prepared drawings which will enable us to call
for tenders. It is estimated that an expenditure
of \$6,000.00 to \$7,000.00 will be required.

I would appreciate it if you would let
me know as soon as convenient, the names and
addresses of those from whom you desire quotations
to be obtained.

With reference to your File 483-5 (E.1) of 2nd instant, this office will make an accounting for the advances outlined in a few days on completion of work on Schools, some of which is still going on.

As you are aware, see File 466-5 (E.1) the agreed price for painting the Mohawk Institute was \$1100.00, so may we please have an accountable advance for \$100.00 more so we may settle with Styres and account for the \$1100.00.

Superintendent, Indian Agency,
Brantford, Ontario.

Re: Mohawk Indian Residential School

With reference to the proposed renovations to the third floor of the above building, we are forwarding to you under separate cover four copies of the plan details as prepared by the Lands & Development Services Branch. (Index Plan 876-A)

Please obtain quotations as soon as possible from the undermentioned firms, all of whom are stated to be in the city of Brantford:

Cromar Construction Company
Schultz Construction Company
Summerhayes Lumber
J.I. Crowe & Sons

As soon as the quotations are received, you can forward them to this office for consideration.

Re: Mohawk Indian Residential School

With reference to the proposed renovations to the third floor of the above building, we are forwarding to you under separate cover, four copies of the details of the lighting fixtures schedule on the third floor.

As you know, Mr. Kosnar of the Lands & Development Services Branch, has arranged with the J.H. Turvey Electrical Company to carry out these changes in the electrical service, but the work cannot proceed until we award the contract for the renovations. However, the schedule is being forwarded to you in order that when a decision has been made regarding the contractor, you can notify the Turvey Electrical Company immediately, so that they can arrange to carry out their work in conjunction with the work of the contractor.

Mr. [Signature]

January 12th. 1922.

Dear Major Smith,

I have your letter of the 8th. instant reporting the trespass on the Glebe property by an Indian named Marsale living at Brantford. Action should be taken to prevent his moving either wood or soil and he should be treated as a trespasser as provided in the Indian Act. You will be good enough to see that the matter is attended to by the forest bailiff or by someone deputed by you.

Yours very truly,

[Signature]

To The Ontario Railway and Municipal Board,
47 Queen's Park,
Toronto, Ontario.

APPLICATION is hereby made on behalf of the Corporation of the City of Brantford under the provisions of the Public Health Act, Section 94, Subsection 11, for an Order prescribing the manner in which the works herein referred to may be carried on.

The works referred to are the construction of a main trunk sanitary sewer to be constructed as follows:

On the Mohawk Road from the intersection therewith of Cayuga Street to the intersection therewith of Fifth Avenue in the City of Brantford of a diameter of thirty-six inches and thence continuing along the Mohawk Road to a point approximately one hundred and fifty feet Northerly from the Northerly boundary of the Mohawk Church yard and thence across certain lands presumed to be the property of the Mohawk Institute and under the jurisdiction of the Department of Indian Affairs of Canada, in a direction parallel to the Northerly boundary of said Mohawk Church yard to the Grand River, such last mentioned portion of the sewer to be of a diameter of forty-two inches. The latter portion of the work so described being in the Township of Brantford.

Also the construction of a sewerage system for the subdivisions of Bellview, Parkdale and Hyde Park, all in accordance with the plan filed with the Board and also with the Department of Indian Affairs and with the Corporation of the Township of Brantford, a portion of the sewer system extending along Fifth Avenue which forms the boundary between the Township

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR
COPY

of Brantford and the City of Brantford at this point.

The reasons for the construction of the proposed works are, as to the work first mentioned, the necessity of providing additional outlet for the present general sewerage system of the City of Brantford and also for the increased sewerage which will require to be taken care of on account of the construction of the works secondly mentioned, and the reason for the construction of the works secondly mentioned is the necessity for the provision of a sewerage system for the subdivisions mentioned.

A general reason for the construction of these works in addition is the extreme desirability during this present season of affording relief work for the unemployed in the City of Brantford.

In the construction of the works mentioned it is not necessary that any highways should be closed except that it is desirable to have permission, if necessary in the construction of the work and for a temporary period only, to close a portion of the Mohawk Road approximately five hundred feet in length in front of the Mohawk Church and another section of the said Road approximately five hundred feet in length commencing at a point where this Road is crossed by the Mohawk Creek and extending Westerly along Mohawk Road.

If it becomes necessary to close these portions of the Mohawk Road a period of approximately ten days will be sufficient for the closing of each section.

In the opinion of the applicant the Township is not affected except by the temporary closing of Mohawk Road

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

COPY

as above set forth, and the only land owner effected is the Department of Indian Affairs across whose lands it is proposed to construct the sewer and who have consented to the construction upon terms that they are to be protected from being called upon for any damages in consequence of its construction.

Application for the approval of the Provincial Board of Health of the said works has been already made and an Order of the Board approving of same has been received.

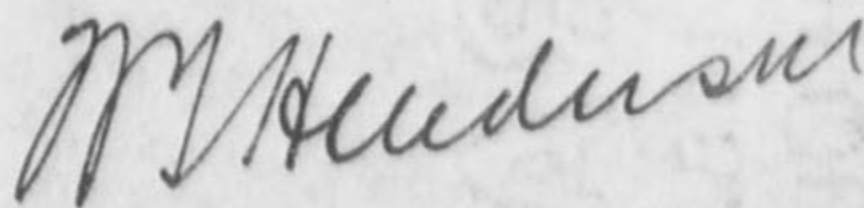

DATED at the City of Brantford this 24th day of January, 1922.

Solicitor for the City of Brantford.

NOTICE is hereby given that the above application will be heard by the Ontario Railway and Municipal Board at the Board's Chambers, 47 Queen's Park, in the City of Toronto, on Thursday the Second day of February, 1922, at a quarter of Three o'clock in the afternoon, pursuant to the Board's appointment, a copy of which is hereto attached.

DATED at Brantford this 24th day of January, 1922.

Solicitor for the City of Brantford.

13th July, 1922.

Dear Sir,

I am obliged for your letter of the 29th ultimo, enclosing a plan of lands connected with the Mohawk Institution, Brantford, Ontario, on which the sales of parcels from the Glebe Farm, Babcock Lot and Manual Labour Farm are set forth, and giving information with respect to the Canal and Tow-path through the Glebe Farm in reply to Departmental letter of the 2nd June last. It is observed that the amounts received for the various parcels of the Glebe Farm, which were disposed of by the Company, are set forth in red ink on the said plan.

You are aware that judgment was given against the Company by the Exchequer Court of Canada in respect of the Manual Labour Farm. The formal judgment has not yet been settled, but the draft of the formal judgment, which has been submitted to the Company's Solicitor, Mr. W.B. Brewster, K.C., of Brantford, Ontario, provides as follows:-

"And this court doth further order and adjudge that the Defendant the Company for the propagation of the Gospel in New England and the parts adjacent in America, commonly called the New England Company, do account to the Plaintiff for all moneys received by said Company as the proceeds of sales of any portions of the lands described in the Information filed herein."

I would be glad accordingly if you would state what amount was received by the Company in respect of each of the

four parcels sold from the Manual Labour Farm as set forth on the plan above referred to and if any other parcels of the said Farm which may have been sold from this Farm.

I am enclosing a copy of a plan of the Manual Labour Farm showing parcels Nos. 2, 3, 4, 5 and 6 which have been disposed of from this Farm according to the records in the Registry Office at Brantford. Parcel 6 has shown on this blue print does not appear on the plan which you forwarded. This parcel is described as follows:- "Sixth. All that parcel of land and premises situate lying and being in the Township of Brantford in the County of Brant in the Province of Ontario composed of part of Lot number Five in the Eagle's Nest tract and being described as a strip of land sixty-six feet wide in said lot adjoining the Northerly limit of said Lot and extending from the West limit of Lot number Fifteen West to the Mohawk Road."

On the plan you enclosed, the Babcock Lot was referred to. Would you kindly say whether this lot consists of part of the Reserve lands. If so, is it known by any other name?

Yours truly,

Deputy Superintendent General.

Ottawa, Sept. 12, 1922.

Dear Mr. Smith:-

As you are aware, it has been decided that the manual training farm used by the Mohawk Institute belongs to the Six Nations Indians. I feel that we should pay to their band funds a fair rental for the use of this property.

Would you have two or three competent men of Brantford fix a fair rental to be charged to our appropriation for the acreage used by the institute. It should be explained to those assisting you in this matter that the rental fixed should be based not on any fictitious value of the property but on its usefulness as an adjunct to the school.

Yours very truly,

MEMORANDUM FOR FILE:

A decision has been handed down that the manual training farm in use at the Mohawk Institute belongs to the Six Nations Band. This parcel of land is 163.90 acres and does not include the old church and cemetery or the 9.93 acres on which the school stands.

The land as laid out for the school does not take in any of their largest barn, and it cuts through the second largest barn and does not take in the pig house. I would therefore recommend that if possible the shape of the parcel granted to the New England Company for school purposes be altered so as to include their buildings, which could be done without increasing the area.

Indian Office, Brantford,

October 19th., 1922.

Sir,-

I regret very much my delay in not answering your letter of the 12th of September. Since receiving that letter I have been making enquiries in regard to the rental of the land adjoining the Mohawk, one prominent farmer told me that it would not be worth more than \$3.00 an acre.

I also spoke to a Real estate man who stated that it should be worth at least \$5.00 an acre, but owing to the present conditions, it will be impossible to rent it for more than \$2.50 or \$3.00 as farm produce is very low at present. I therefore believe that \$3.00 an acre is the outside figure.

I am, Sir,

Your obedient servant,

Gordon J. Smith,

Ottawa, February 14, 1929.

Sir:

I have to inform you that payment of \$500 is being made to the Six Nations band fund for the rental of the manual training farm which is used by the Mohawk Institute. This sum represents the rental for the fiscal year 1928-29.

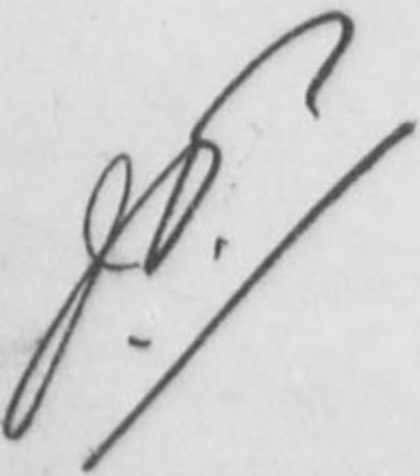

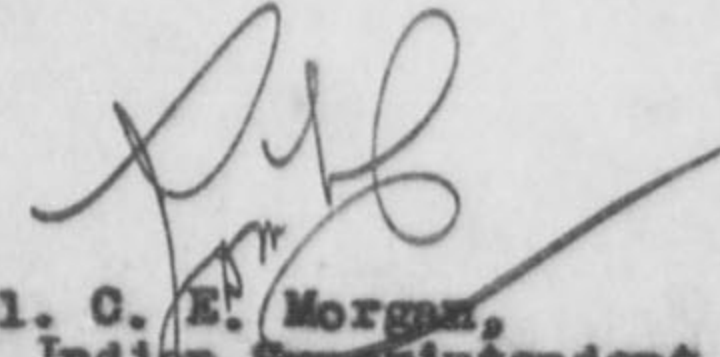

I have also to inform you that a similar amount was placed to the credit of the above fund in November, 1927, being the rent for the fiscal year 1927-28.

Please inform the Council of the Six Nations band accordingly.

Your obedient servant,

J. D. McLEAN

I noticed that there was considerable mustard in the large field near the road. I was informed that it is practically impossible to keep mustard out of this field as the field is generally flooded every spring. I feel, however, that a determined effort should be made to eradicate this weed and it might be well to direct the new Principal's attention to the matter.

MEMO FOR FILE:

I have made a brief study of the lands used by the Mohawk Institute, and I believe they are as follows:-

- A. The site of the school buildings, owned by the New England Company, 9.93 acres.
- B. 163.9 acres, which is part of Lot 5, the Eagle's Nest tract. This parcel is apparently Lot No. 5, with the exception of the New England Company lot and a railway right of way. It evidently includes the roads to and from the school, the Mohawk Church and cemetery. The plan of Lot 5 shows a 11.07 acre parcel to the west of the school. I believe this is included in the 163.9 acreage. For this property, the Department is giving the Band, who own it - subsequent to litigation in 1921-2 - a rental of \$500 per annum. This is known as the manual training farm.
- C. The Mohawk Institute is also using approximately 90 acres of the Glebe Lot, which is to the north of the school and across the railway right of way.

Owned by the Band up to date

Dear Sir:-

Referring to our previous conversation, we now have the information relative to building a new fence between your property and our own, on account of the old fence being so worn out after thirty-three years of service, during which time we repaired this fence at our own expense, without assessing your Company anything in connection therewith.

The material and labour amounted to \$1207.66.
Your share of which will therefore amount to \$603.83.
We will be very glad if you will make arrangements with the Department to have a cheque forwarded promptly to us.

We remain,

Yours faithfully,

DEPT. OF INDIAN AFFAIRS
NOV 20 1935
RECORDS

Nov. 18-35

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

I am enclosing accounts certified for the building of a line fence between us and the Cockshutt Co. property. This expenditure has not been authorized and no application has been made for it. This is because nothing was said to me by the Company prior to the building of the fence. I saw the work proceeding but as all repairs had been made by the Company I did not know that we should be expected to bear a share of the cost. Mr. Scace, the purchasing agent of the Company, told me that he did not know of it either until the payment was brought to his attention.

*See
Waltham*

Had I been consulted I should have been inclined to take the position that an ordinary wire fence would suit our purposes as well as the high board fence that was erected. However, since it is an expenditure that will not likely recur for another thirty-three years and since the Cockshutt Co. have borne the expense of repairs and painting ever since the fence was erected it does not seem unreasonable that the account which I am forwarding should be paid.

Your obedient servant,

Horace W. Snell

SIX NATIONS MINUTES OF COUNCIL MEETING
HELD JULY 8, 1936.

X X X X X

3. Moved by John Lickers and seconded by Ambrose Hill, that in the matter of John Van Mossel, a white man who is occupying a portion of the Glebe Lot sublet to him by the Principal of the Mohawk Institution, that the present agreement between the parties be approved for the present year but that in future a Government lease will be required and the Principal be requested to consult this Council as to future sublettings. Also that all such rentals be paid into the local Indian office. Carried.

X X X X X

X X X X X

3. Van Mossell with the consent of Lt. Col. Morgan and Mr. Snell, has for the past two years, lived and erected a small cottage on the banks of the old Grand River Navigation Canal and has been working about one acre as a garden and for this privilege he has paid \$10.00 a year in advance to the principal of the Mohawk Institute. The Council only recently became aware of this arrangement and feel they should have been consulted in the first place. Personally, I am inclined to agree with the Council as I think all such arrangements should go through regular channels in order that they are on record and publicly known. If the Department approve, this office will see a suitable agreement is drawn up for next year when the rent can be paid to this office and forwarded from the Department to the Mohawk Institute, as I imagine they are entitled to it as it is part of the property the Institute leases from the Six Nations.

Ottawa, September 2nd, 1936.

Sir,

Concerning the Minutes of the Six Nations meeting held on the 8th of July last, in connection with Mr. John Van Mossel occupying a portion of the Glebe Lot, which he secured from the Principal of the Mohawk Institute for a period of one year, the Department feels that at the expiration of the present agreement the lease should be issued by the Department in the usual way.

Your recommendation in the matter is fully approved.

OB
Memo: Mr. Parker.

John Van Mossell,
Lease Suspense 151.

A remittance was forwarded by
Supt. Randle last May in the amount of \$10.00
being payment received from Mr. Van Mossell
of rental for lot on Glebe property.

The payment was credited to
Suspense pending the issue of a lease, in accordance
with the Secretary's letter dated September 2, 1936.

It would be appreciated if the necessary
action could be taken to have a lease issued in order
that this payment may be transferred from Suspense to
a Lease Account.

Ottawa, December 23rd, 1937.

Dear Sir,-

We have received a memorandum from the Treasury Office, referring to John Van Mossell occupying a portion of the Glebe Lot and also to his payment of \$10.00, in May last, on account of rental. We were informed that this payment will be held in suspense until the issue of formal lease to Mr. Van Mossell, and I would ask you, therefore, to be good enough to furnish a description of the property and the date the lease should bear in order that the transaction may be completed.

Yours very truly,

J. C. Caldwell,
Chief, Reserves Division.

THIS AGREEMENT entered into this 8th day of January 1938
BETWEEN

E. P. Randle, Superintendent Six Nations Indians,
representing the Six Nations Council, of the City of Brantford, in the
County of Brant, herein called Locatee of the first part

AND

John Van Mossell of the Township of Brantford in the
County of Brant, herein called lessee of the second part

WITNESSETH the locatee agrees to lease to the lessee part
of the Glebe property, more correctly described as being on the east
side of the Canal and on the Banks of the said Canal, containing about
one-half acre more or less for the term of 10 years from the 15th of
April 1937 at the clear yearly rental of \$10.00 per annum, payable in
advance on the 15th of April in each year.

The Lessee has erected a small dwelling house on the said
property and is to be allowed to remove the building on the expiration
of the lease.

The Lessee to have the privilege of renewing the lease at the
end of this term.

The Lessee will be responsible for fencing to protect his
crops.

The Locatee relieves lessee of surities.

IN WITNESS WHEREOF the parties hereto have set their
hands.

and will from time to time, and at all times during the continuance of the said term, well and truly pay to the said party of the first part, his successors or assigns, the said yearly rent, on the days and times the same shall respectively become due, as aforesaid, and also well and truly pay all taxes and charges, dues and duties whatsoever which now are, or hereafter shall, during the said term, be payable in respect of the aforesaid premises, whether the same be rated or assessed on the landlord or the tenant thereof; and also that he the said party of the second part, shall not, nor will, during the said term grant, or demise, assign, transfer, or set over, or otherwise by any act, or deed, procure or cause the said lands and premises hereby demised or intended so to be, or any part thereof, or any estate, term or interest therein, to be granted, assigned, transferred, or set over, to any person or persons whomsoever, without the consent in writing of the said party of the first part first had and obtained; which said consent in writing, it is also declared and agreed, shall be necessary to a second and subsequent assignment or transfer of the premises, or any part thereof, or any term of interest therein; nor shall or will he do or suffer any act or deed whereby the said term, or any unexpired part thereof, shall or may be taken in execution, seized or sold. And also that he, the said party of the second part, his executors, administrators, or assigns, shall not at any time during the said term, lop, top, cut down, or destroy any timber or trees growing on the said land further than may be necessary for fuel, fences and building timber for the use of the said premises, and to be used thereon. And shall not, or will sell, or permit or suffer to be sold or used, on said premises, any spirituous liquors, ale, beer or any intoxicating beverage whatever.

It is hereby further understood and agreed that the lessee shall be allowed to remove the small dwelling house erected by him on the property hereby leased, at the expiration of lease, and that he shall be responsible for fencing to protect his crops. _____

Nor shall he, except under licence of the Minister of Mines and Resources or the duly appointed agent for the Reserve of which the lands duly leased form a part, cut, or allow to be cut, any wood or timber, except for fuel or fencing of lands covered by this lease, or sell or otherwise dispose of any wood or timber standing or lying upon the said lands.

And further, that the said party of the second part, his executors, administrators, or assigns shall not, nor will do, suffer or commit, any unlawful or voluntary waste, spoil or destruction whatsoever upon the said premises, nor shall he remove any manure therefrom, either during the term or at the expiration of this lease, but shall and will in all respects use and manage the said lands and premises in a fair and husbandlike manner. And, further, that the said party of the second part, his executors, administrators, or assigns, shall and will from time to time and at all times during the said term, keep the fences, barns, houses, and buildings thereon erected, and being or during the said term to be erected, in good and tenantable state of repair; and the said fences and barns, houses and buildings, so being repaired, shall and will at the end, expiration, or other determination of the said term, which shall first happen, peaceably and quietly leave, surrender and yield up, all and every part thereof, unto the said party of the first part, his successors or assigns, without the payment or allowance, by the said party of the first part, of any sum of money whatever, to the said party of the second part, his executors, administrators, or assigns, or any tenants or occupiers of the said land, for any houses, buildings, or improvements, erected or made by the said party of the second part, his executors, administrators and assigns, or the tenants or occupiers of the said lands and premises, or any part thereof; and the said party of the first part, for himself, his successors, doth hereby covenant to and with the party of the second part, his executors, administrators, or assigns, that the said party of the second part, his executors, administrators, or assigns, well and truly paying the said yearly rent hereby reserved and observing and performing the covenants hereinbefore contained, shall quietly and peaceably hold and enjoy the said lands and premises, with the appurtenances, during the said term, without any disturbance whatever by the said party of the first part, his successors or assigns,

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

CANADA

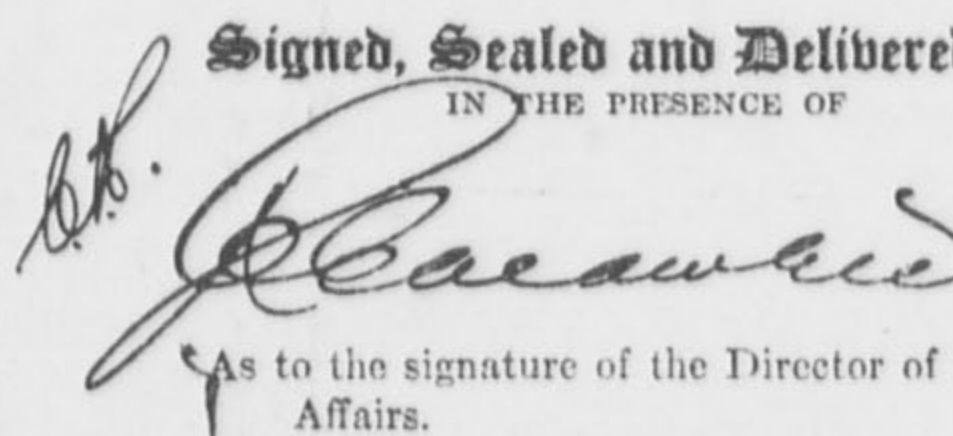

PROVIDED ALWAYS, and it is hereby agreed that, if the rent hereby reserved, or any part thereof, shall at any time or times during the said term be in arrear or unpaid for the space of Thirty days next after the days or any of them whereon the same shall become due, according to the reservations thereof hereinbefore contained, whether the same be demanded or not, or in case of breach or non-performance of any or either of the covenants herein contained on the part of the said party of the second part, his executors, administrators or assigns, to be observed and performed, then and in such cases or either of them, it shall be lawful for the said party of the first part, his successors or assigns, or any of them, at any time after the expiration of the said Thirty days, into and upon the said lands, tenements, and premises, or any part thereof, in the name of the whole to re-enter, and the same to have again, repossess and enjoy, as if this indenture had never been made, and in case of such re-entry, this present indenture, and every clause, matter, and thing herein contained, and the term hereby granted, shall cease, determine and be absolutely void to all intents and purposes whatever, and the said party of the first part, his successors or assigns, shall thereupon hold the said lands and premises with the appurtenances, utterly discharged of this lease, and of all covenants and provisos herein contained, without the payment or allowance by the said party of the first part, of any sum of money whatever to the said party of the second part, his executors, administrators, or assigns, or any tenants or occupiers of the said land, for any houses, buildings, and improvements, erected or made by the said party of the second part, his executors, administrators and assigns, or the tenants or occupiers of the said lands and premises or any part thereof.

Provided further that if the rent hereby reserved or any part thereof shall be unpaid for thirty days after becoming payable (whether formally demanded or not) or if any covenant, proviso, stipulation or condition on the part of the lessee herein contained shall not be performed or observed, then and in any of the said cases it shall be lawful for the Minister by notice in writing under his hand to cancel these presents and terminate the estate or term hereby demised and thereupon these presents and everything therein contained and the estate or term hereby created shall, from the time of the giving of such notice, absolutely cease, determine and be null and void without any re-entry or any other act and without any suit or other legal proceedings being brought or taken, provided further that His Majesty shall nevertheless be entitled to recover from the lessee the rent then accrued or accruing, and provided further that any right of action of His Majesty against the lessee in respect of any antecedent breach of any of the said covenants, provisos, stipulations, or conditions, shall not be thereby prejudiced.

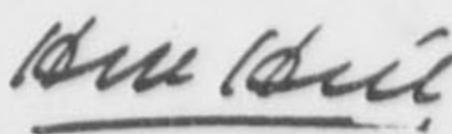

And provided further that any notice affecting the tenancy hereunder which the lessor may desire to serve upon the lessee shall be sufficiently served on the lessee if left addressed to him on the demised premises or posted to him addressed to his last known address, or if left at the said address. A notice sent by post shall be deemed to be given at the time when in due course of post it would be delivered at the address to which it is sent.

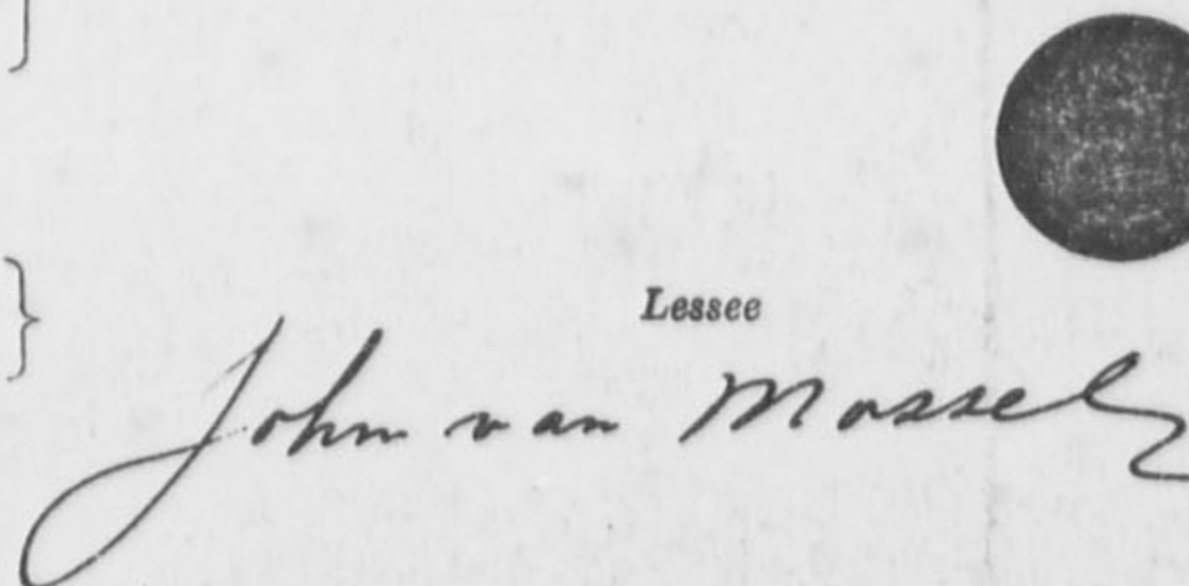

PROVIDED ALWAYS that if any portion of the tenements or hereditaments hereby demised shall be under a lease to any other person, then this lease shall be considered as excluding such land, without thereby causing any diminution of rent.

IN WITNESS WHEREOF the Director of the Indian Affairs Branch of the Department of Mines and Resources, on behalf of the Minister, and the Lessee have hereunto set their hands and seals the day and year first above written.

Dear Sirs,

We are a charitable organisation and work
in conjunction with the Indian Department in connection with
the Mohawk Institute, Brantford, Ontario.

We have recently received a letter from
the Principal of this Institute saying that he has been
approached by the Stayss-Barry Oil Co., of 220 Nelson Street,
Brantford, with a view to the New England Company granting
them a lease of 12 acres of land which we hold in freehold
for the purpose of sinking wells for gas and oil.

Before proceeding in the matter we are
writing to ask if your Department would be good enough to
pass on to us any information which you may have as to the
reliability and standing of this Company. Your reply will,
of course, be treated in the strictest confidence.

Thanking you for your assistance,

We are,

Yours faithfully,

Dear Sir,-

Enc.

Enclosed herewith is copy of a letter received in this office through the Commissioner of European Emigration for Canada in London from Mr. Isaac Jones, Treasurer of the New England Company, 26 Bloomsbury Square, London, W.C.

It will be noted that Mr. Jones states his Company is a charitable organization working in conjunction with the Indian Department in connection with the Mohawk Institute, Brantford, Ontario. In view of this, it occurred to me that his inquiry was intended for your Branch. I should appreciate being advised whether the matter is one with which you are in a position to deal and, if so, whether you will reply to Mr. Jones direct or if you desire to forward to this office such information as may be secured in order that same may be transmitted through our Commissioner in London.

Sir;

This will acknowledge your 32-0-9 of the 9th instant
with reference to the request of Mr. Isaac Jones, in connection
with Staysa-Barry Oil Co.

On enquiry it would appear this is a small somewhat
inactive Company with a United States connection and it is
recommended before any arrangements are made with them, that
they are requested to produce evidence of financial stability,

The exact description of the land is difficult to
give, but it appears to be part of lot 5 Eagle's Nest Tract
and actually consists of 9.93 acres. The Department can
perhaps trace a map of this lot prepared by W. R. White in
1922, which gives the position of the school plot.

Yours truly,

E. P. Randle

Your file 10B-1671/40

August 26, 1940.

Dear Sir:

EX'D.

I wish to acknowledge receipt of your letter of August 21st, concerning the request received from the New England Company of London in connection with the application of the Staysa-Barry Oil Co. of 220 Nelson Street, Brantford, for the right to drill for oil and gas on a twelve acre parcel of land belonging to the Mohawk Institute.

If this parcel of land is not part of the Six Nations Reserve and is not included in what may be described as the Michener lease, then of course we would have no administrative control over such a situation. In any event, as it has already been demonstrated that oil does not exist in any quantity in that district and the gas production is quite limited, it would be our view that the New England Company would be better advised to refuse the application. The necessary disturbance in connection with such a proposition would be considerable in such a small area and the results by way of royalties or rentals would, no doubt, be insignificant.

In so far as the financial standing of the applicant is concerned, that is a matter which, of course, the New England Company must investigate themselves.

Yours very truly,

T. R. L. MacInnes,
Secretary.

*Secy
Scholes*

BRANTFORD, September 9th, 1940.

The Secretary, Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, Ontario.

Sir:

With reference to your 38-0-9 of the 3rd instant concerning the New England Company, and the Staysa-Barry Oil Company, your attention is directed to this office letter 10B-1671/40 the 21st August.

As you will see, this ~~form~~ is not particularly reliable, consequently it is not considered likely the Department would wish to recommend to the New England Company to enter into contract with them.

In any case the New England Company property only consists of 9.93 acres, considerable of which is occupied by buildings, consequently it would hardly be a wise plan to have drilling operations carried on in the immediate vicinity of the school and outbuildings.

Lastly, it is unlikely oil in any worthwhile quantities will ever be located in this area.

Yours truly,

E. P. Randle

Major E. P. Randle.

EXD.
G

Ottawa, September 12, 1940.

Dear Sir:

Your letter of June 22 last addressed to the Mines Department, Office of the High Commissioner for Canada, reached this Branch about a month ago and a little later we also received that of August 1, addressed to the Superintendent of Welfare and Training.

In the meantime we have had careful inquiries made with regard to the question asked by you concerning the Staysa-Barry Oil Company's application for leasing of twelve acres of your land.

Reports on the subject have been received from the Indian Superintendent at Brantford and they are to the effect that your land in question comprises only some 9.93 acres, instead of 12 acres as mentioned in your letter; that a considerable part of it is occupied by buildings and, consequently, it would hardly be a wise plan to have drilling operations carried on in the immediate vicinity of the school and outbuildings.

Furthermore, from such information as we have it seems unlikely that the prospects of success for the proposed undertaking would be very great either from the viewpoint of the capacity of the firm in question or the likelihood of oil being obtained. These last observations, of course, are a little outside of our purview in the matter and, therefore, are made only for your confidential information.

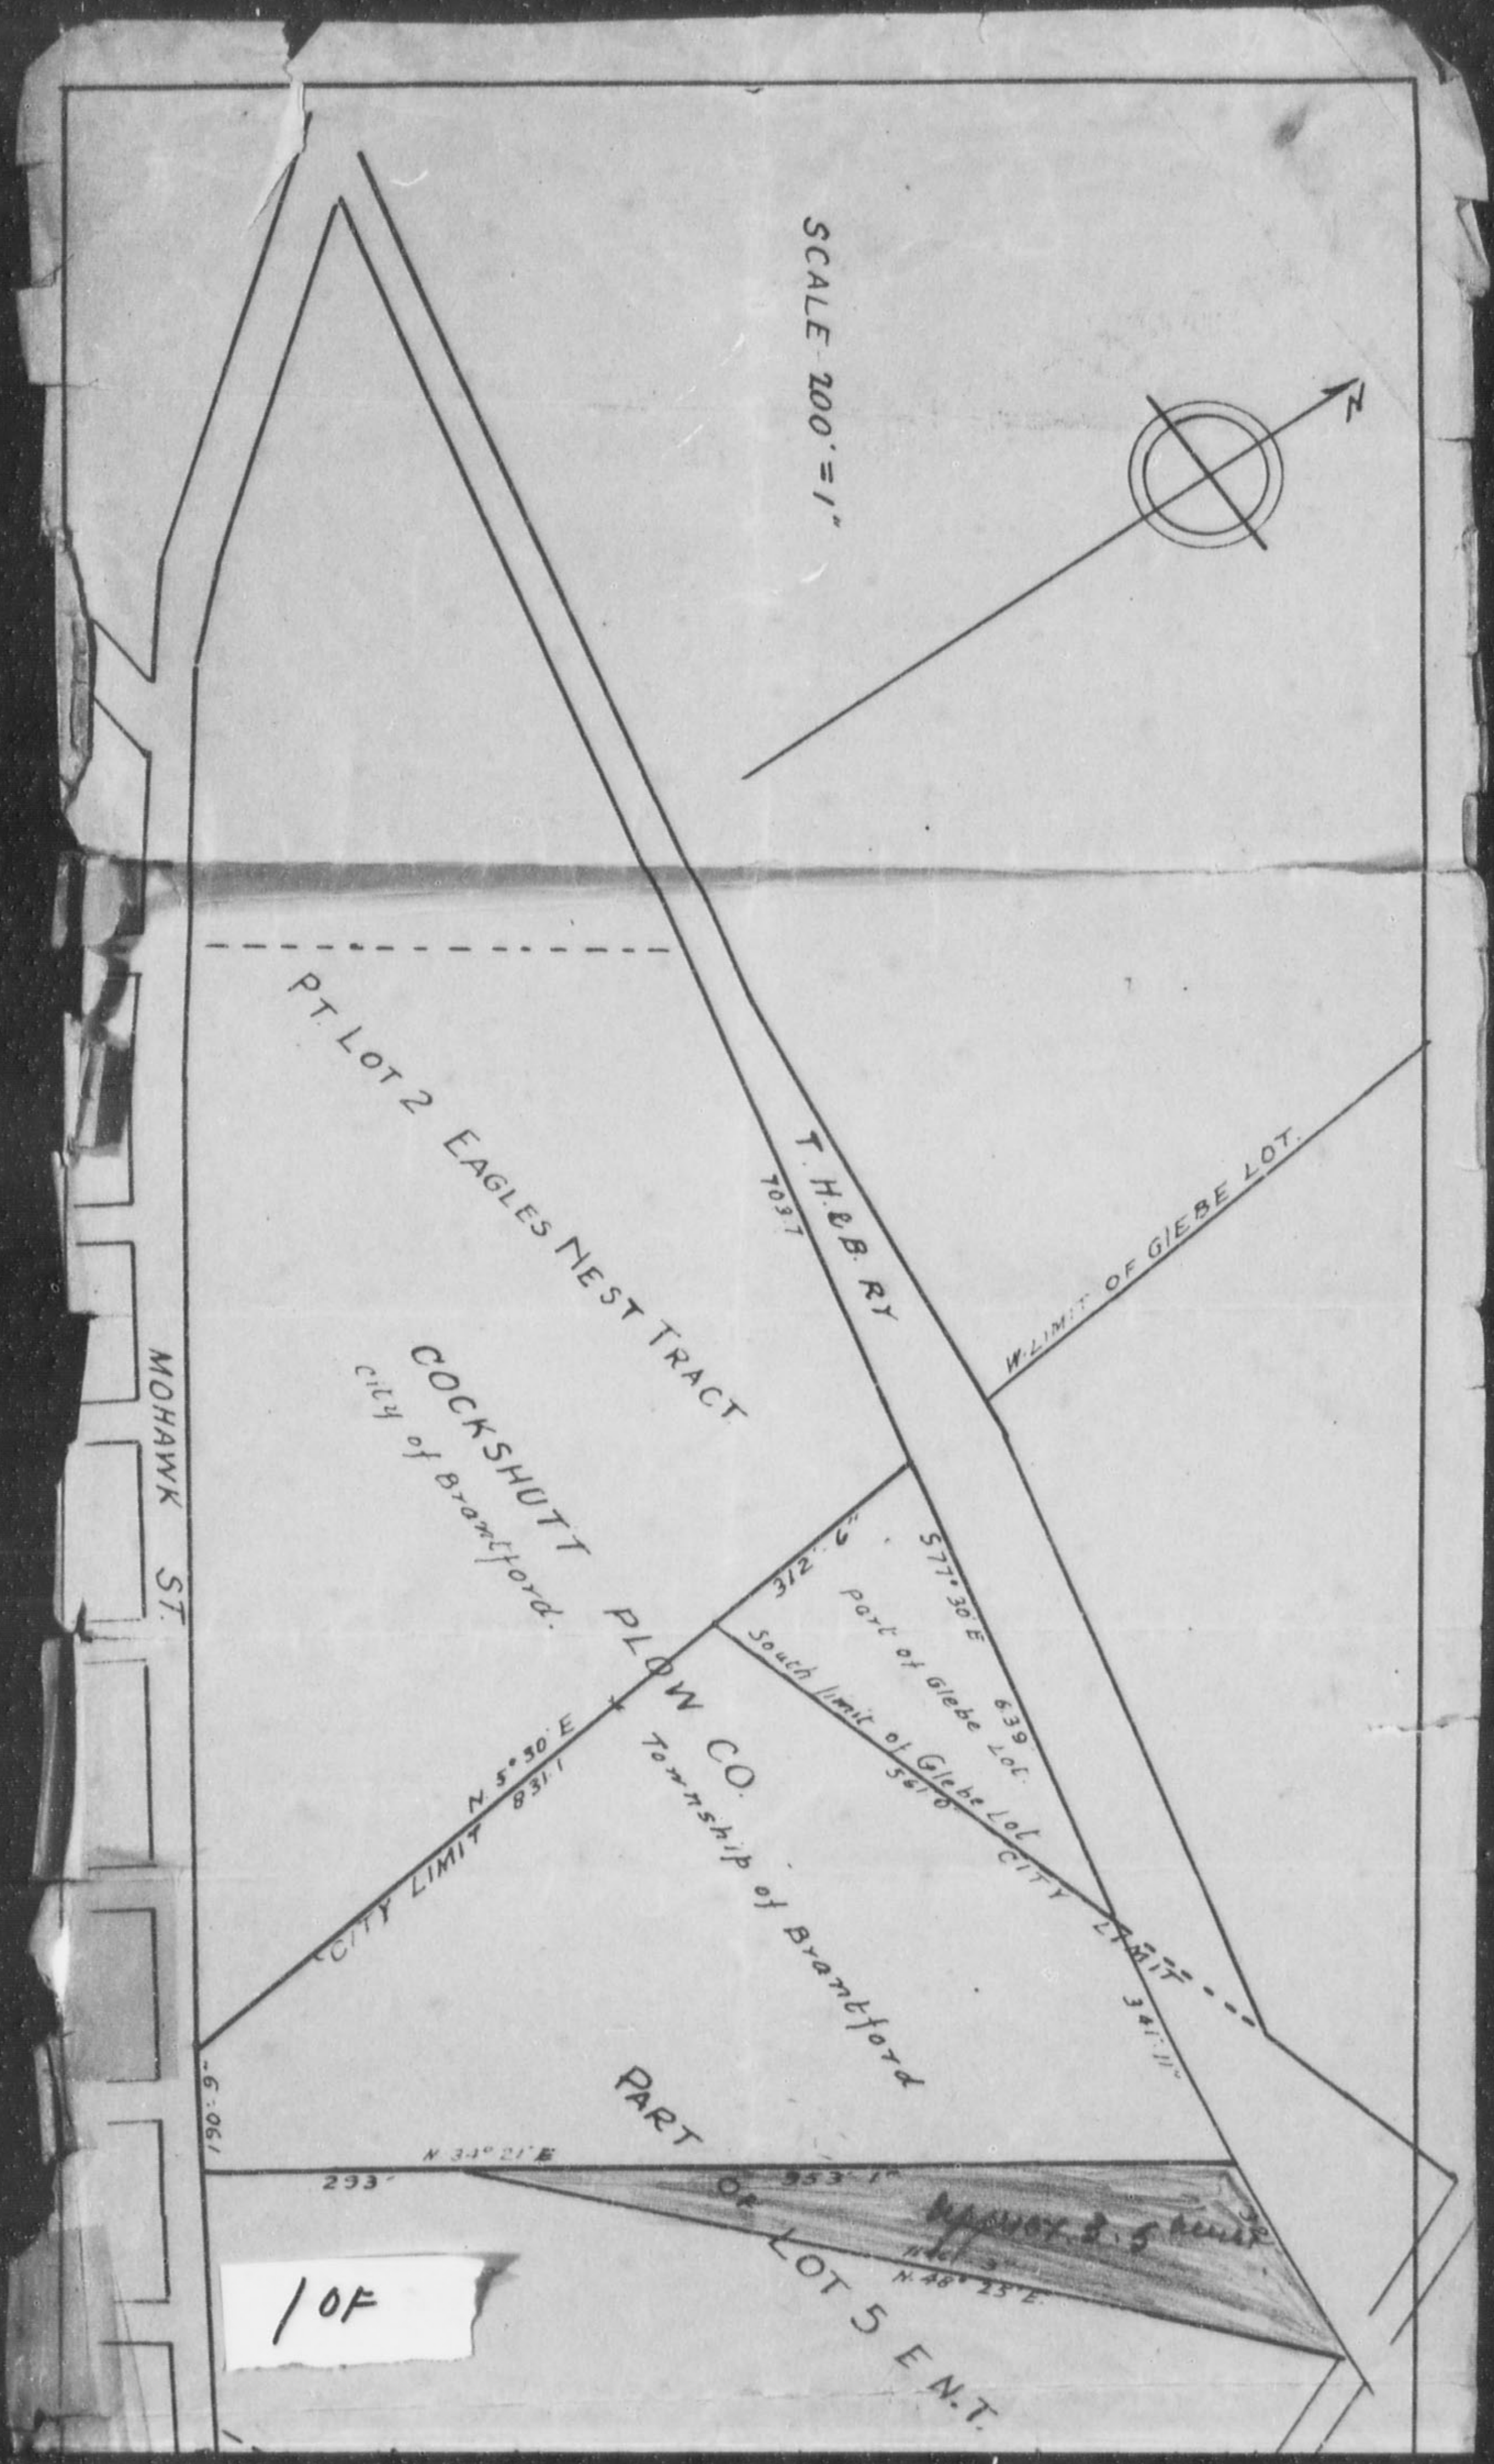

Yours very truly,

T. R. L. MacInnes

Band Council Resolution
to lease 3.5 ac. of
Mohawk Institute land to
Cockshutt Plow

Ohsweken, Ontario. June 17/42.

A special meeting of the Six Nations' Council was held in the Council House at Ohsweken on the above date, with seven members present. The meeting was opened in due form by Major E. P. Randle, the Indian Superintendent.

3.05-
Moved by William C. Johnson, seconded by Herbert Jamieson, that with regard to the request of the Cockshutt Plow Company, as conveyed by a letter dated the 17th of June 1942, requesting this Council on behalf of the Six Nations Indians to lease them some 3.5 acres of land now used by the Mohawk Institute, that this Council is prepared to consent to same, subject to the conditions laid down in the discussion at this meeting and outlined hereunder:

1. The said lands to be leased for the duration of the present war and a period of five years thereafter.
2. The rental to be \$150.00 per acre per annum.
3. The entire cost of removing, rebuilding and replacement of fences now, and on termination of the lease, to be at the expense of the Cockshutt Plow Company.
4. At the expiration of the lease, the land leased to be placed in its former condition and suitable for cultivation.
5. Rental to be paid on the signing of the lease and on the same date thereafter each year.
6. The rentals received to be used for the benefit of maintenance of the Mohawk Institute.
7. A draft of the lease containing the above conditions and others that may be necessary to be submitted to the Council for final approval.

Carried.

Sir: Six Nations Council Resolution, 17th of June, 1942.

This office is enclosing for the action and consideration of the Department, a resolution passed by the Council on the 17th instant consenting to lease under certain terms to the Cockshutt Plow Company, 3.5 acres of land, now used by the Mohawk Institute and adjacent to that Company's property. 3.05

The Cockshutt Plow Company have been requested by the Government to produce certain important aeroplane parts, which makes it necessary for them to build immediately additional factory buildings and acquire more yard space.

Their original request to the Council was for the purchase of approximately 6 acres of land, but the Council at a special meeting declined to consider this proposal, as it entailed surrender of most valuable property.

Also, the Principal of the Mohawk Institute, the Rev. H. W. Snell, was present at the Council Meeting, and pointed out that the loss of the particular 6 acres requested by the Company would deprive the Institute of practically all the garden land worked in conjunction with the green houses, and make it necessary for the latter to be removed, and that the only suitable place the garden and greenhouses could be re-located was at a considerable distance from the school buildings, creating many disadvantages.

However, Mr. Snell said he could manage without the 3.5 acres, so the Council, in order to assist the war effort, informed the Cockshutt Company they would be prepared to lease the designated land under the terms and conditions laid down in the Resolution attached.

-over-

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The Cockshutt Company advised today that they are prepared to accept the Council's terms and lease the land and a copy of their letter of acceptance is attached.

As the production of the parts which the Company have to manufacture are of vital importance to the war effort, and all possible speed is necessary, - may this matter be laid before the Director immediately, in order that approval may be obtained to the proposals, so that a lease may be drawn up covering the Council's terms and any necessary additions the Department may consider advisable, and forwarded here for formal approval by the Council and for signature of the Cockshutt Plow Company.

This office understands that all the Mohawk Institute farm land is under lease to the New England Company, and if this is so the Department will know what action, if any, is necessary to inform them of this proposal.

A map is attached showing the land it is proposed to lease, and it might be advisable to state that no permanent buildings will be erected on it by the Company, but it will be used mostly for yard space and storage.

Yours truly,

E. P. Randle

Letter from D.J.Allan
re subleasing of land
owned by New England
Co, to Cockshutt Plow.

32-0-9

Ottawa, June 24, 1942.

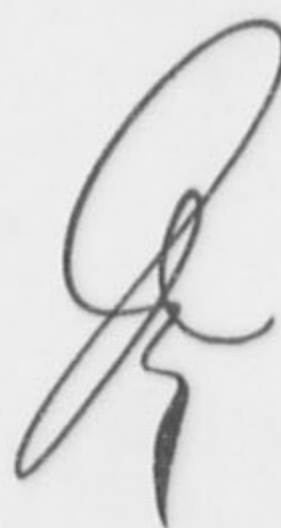

EX'D
A.

Dear Sir:

I have received your letter of June 19th, your file 1364/42, in which you report the application of the Cockshutt Plow Company for permission to occupy three and one-half acres of land of the property now occupied and used by the Mohawk Institute.

As your records will indicate, this Mohawk Institute property is held by the Superintendent General under lease from the New England Company and the lease now in effect contains a very specific condition to the effect that no part of this property may be subleased without the consent of the New England Company. We have, therefore, cabled the New England Company requesting such consent and when reply is received you will be further advised, but in the meantime it will not be possible to approve the application of the Cockshutt Plow Company, although we do not anticipate any difficulty or avoidable delay in bringing the matter to a satisfactory conclusion. I hope to be in a position to advise you more definitely within the course of the next day or two.

Yours very truly,

Major E. P. Randle,
Indian Superintendent,
Brantford, Ontario.

Ottawa, June 29, 1942,

Dear Sir:

Further in reply to your letter of June 19th, your file 1364/42, I now wish to inform you that by cable the New England Company has consented to a sublease of the three and one-half acres of land in the Mohawk Institute property for which the Cockshutt Plow Company has made application.

A draft sublease will be prepared as soon as possible and in the meantime the Cockshutt Plow Company may be advised that, upon payment of the first year's rental in the amount of \$525.00, permission to occupy and use this parcel of land may be granted.

Yours truly,

Mr. J. Allan
D. J. Allan, Esq.,
Superintendent, Reserves & Trusts,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Canada.

Sir:

With reference to your 32-0-9 of the 29th
of June in connection with a sub-lease of land to the
Cockshutt Flow Company, you are advised that there has
been a slight change in the measurement and description
of the land and in order there may be no confusion in
preparing the lease, this office is forwarding three
blue-prints of the parcel involved, together with a
description which you may wish to attach to each copy
of the lease.

Ref 27/7/42
You will also note that the parcel consists of
only 3.05 acres, not 3.5 acres as originally stated, and
this will mean an adjustment on the rental which the
Cockshutt Flow Company have already paid.

Yours truly,

G. A. Randle

DRAFT

OTTAWA August 4th, 1942

Major E.P. Randle,
Indian Superintendent,
Brantford, Ont.

Dear Sir:

This will acknowledge receipt of your letter of July 8th, your file 1509-42 with which were submitted blue prints and descriptions relative to the parcel of land in Lot 5, Eagle's Nest Tract, which it is proposed to sublet to the Cockshutt Plow Company Limited.

In this connection I am enclosing herewith a blue print from our plan T.1978 on which the above mentioned parcel has been plotted from the information contained in the blue prints and descriptions submitted. You will note that there appears to be an encroachment on the surveyed road which leads from the School Lot to Greenwich Street, at the northeasterly angle of the parcel. As no exception is made for this encroachment in the plan and description, it is possible that no encroachment actually exists, and that what appears to be such is due to discrepancies in previous surveys. At any rate, in order to clarify the matter, it will be necessary for Mr. Fairchild who surveyed the parcel to show on his plan, a survey tie to the surveyed road to Grenville Street and to show the encroachment if such exists.

It will also be necessary for us to have a proper plan of survey of the parcel, on tracing linen for our records.

I am returning the blue prints and descriptions herewith for the necessary amendments.

Yours very truly,

Encls.

T.R.L. MacInnes,
Secretary,

Major E. P. Randle, E.D.,
Superintendent,
Six Nations' Indians,
Brantford, Ont.

Dear Major:

I acknowledge your recent letter enclosing copy of a letter from the secretary of the department to you with respect to the proposed lease to the Cockshutt Plow Company Limited. I have discussed the contents of this letter with Mr. Fairchild and while there was no actual encroachment upon the ground, it would appear so according to the description and the plan.

I have had this corrected by Mr. Fairchild who has re-drafted the description as shown on the plan of tracing linen.

I am handing you herewith a copy of the new description, tracing linen plan, together with four blue-print copies. If these amendments are in order, I would appreciate if you would let me have the draft lease, for approval, and trust that the matter may now be completed as quickly as possible.

Yours very truly,

HARLEY, SWEET & SLEMIN.

MEMORANDUM:

Mr. Allan.

Please see copy of your memorandum of the 28th September last on file 32-0-9 hereunder requesting a suitable draft sublease to the Cockshutt Plow Company. The land in question is held by the Crown under a lease dated the 15th day of February, 1922. It will be noted that the Crown's lease expires next month.

*Hold in
waiting from
D. M.
M*

I have discussed this matter with Mr. Jackson and he suggested that I hold the file until Mr. Phelan's return from England. I phoned Mr. Phelan and he advises me that apparently "the Company for the Propagation of The Gospel in New England and the parts adjacent in America" will, in all probability, give this land to the Crown.

I am, therefore, returning your two files 32-0-9 and 32-0-9 Ty. so that the arrangement with the above Company and the Crown may be completed.

W. C. G.
Solicitor.

Mr. L. J. ...
The Secretary,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Sir,

Will you please forward to me the rent for the 3.05 acres leased to the Cockshutt Co. from the Mohawk Institute property at \$150.00 per acre per annum amounting to \$457.50. The resolution of the Six Nations Council authorizing the rental directed that the rental should be paid to the Institute and was, I am informed, approved by the Department. I am informed that the Company paid the rent in advance.

Yours sincerely,

H. W. S. Smith.

Principal.

Dear Sir,

Owing to the unusually large expenditures we have had for potatoes and grain for feed on account of the failure of these crops last year, I find myself without sufficient funds to meet the salaries etc for the end of this month. If I could have the \$1372.50 rent due from the Gockshutt Co. I should be able to meet all expenses with a balance. We have been without the revenue from this land and I think there should be some way in which to get it to us. Failing that I should like an advance on next quarter's earnings though I dislike having to ask for it.

540-514
Yours sincerely,

A. W. Snell.

Reverend Sir:

With reference to your letter of the 17th instant, I am advised by the Reserves & Trusts Branch that the lease with the Cockshutt Plow Company has not yet been finally completed, due to the fact that the lease from the New England Company has not been formally signed. Under the circumstances it is not possible to pay you the rent at the present time. An advance on the June quarter earnings is going forward under separate cover.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

J.A.D.Slemin Esq., K.C.,
Messrs Harley, Sweet & Slemin,
Brantford, Ontario.

Dear Sir:

This will acknowledge your letter of the 19th instant on behalf of the Cockshutt Moulded Aircraft Limited, containing the information that one of the buildings of the Company have been erected on the property leased from the Six Nations Council.

As you request, this information will be brought to the attention of the Council at the next meeting, but in the meantime you will perhaps place before the Board of Directors the following comment.

Your Board will remember that from the commencement of the negotiations with the Indian Council, they were without question or doubt, adverse to disposing by sale of the small parcel of land you required, and only consented to lease it with considerable reluctance.

In view of this known attitude of the Council, the writer - as personally responsible to them for the protection of their interests, is astonished that a Company of the integrity and standing in this community, such as the Cockshutt Company is, should not have taken every possible precaution to see that there was no chance of any violation of the agreement with the Six Nations, by the placing of any permanent building on the property leased. Never was it contemplated for one instant that your Company would be negligent and go beyond their just rights in using the land leased.

The Indian people generally are particularly sensitive over their title to land, as experience over the past two hundred years with the "white man" has not been conducive to a belief in the sincerity of our purpose.

Yours truly,

Brantford, Ontario
December 19th, 1944.

Lt. Col. E. P. Randle,
Superintendent, Six Nations' Indians.
Brantford, Ontario

Dear Sir:

You will recall that in the summer of 1942 the Six Nations' Council consented to lease to Cockshutt Moulded Aircraft Ltd., a small parcel of their lands (3.05 acres), being part of the Mohawk Institute farm, adjacent to lands owned by Cockshutt Plow Company Limited.

It is with deep regret that the Board of Directors of our Company have recently learned that in the construction of this war plant, one of the buildings was, without the Board's knowledge, inadvertently erected upon the lands so leased comprising an area of 167' x 80'.

The Board of Directors, upon learning of this desired that the Council should have knowledge of this fact. I have been authorized on behalf of the Board to express to the Council their sincere regret at this unfortunate occurrence, which is only explainable by the urgency and haste that was necessary, at the time, to get the plant into production of essential materials and equipment for the war effort.

I would appreciate your bringing this matter to the attention of the Council at the earliest opportunity and convey to them the earnest desire of the Board to make a generous settlement of this most unfortunate affair in whatever manner might mutually be agreed upon.

I am enclosing herewith a plan showing this encroachment.

May I once again express through you to the Council our sincere apologies and grave concern in this matter, and trust that the very cordial relationship existing between the Company and the Council will not be disturbed.

Yours faithfully,

(signed) J.A.D. Slein

FILE 209/45

BRANTFORD 25th Jan. 1945.

Mr. McEwen

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

This office is enclosing for your information a copy of a letter received from Messrs Harley, Sweet & Slein, Solicitors, on behalf of the Cockshutt Moulded Aircraft.

The letter is self-explanatory, and its contents were placed before the Council at their meeting last Thursday.

However, they took no definite action, but showed considerable cold resentment and decided to contemplate upon the matter until their next meeting.

They did request this office to forward the facts to the Department and see if the Department had any advice to offer.

This office considers the action of the Cockshutt Company as beyond excuse and utterly negligent and they deserve every condemnation.

It is not so much the value of the land, but the principle of the thing, and can only increase the Indians' belief in the unreliability of our own people in matters effecting Indian land and title.

A plan showing the encroachment is attached, also a copy of a letter the writer sent to the Solicitors of the Company on being advised, - and as the Council meet again on the 1st of February your reply to the Council would be appreciated by that date.

Six Nations Council Resolution No.2, April 5/45.

Thus
This resolution deals with the dispute over the land leased from the Mohawk Institute property to the Cockshutt Moulded Aircraft Limited - and reported in this office letter 209/45 of the 25th of January 1945.

The Council after listening to the explanations of the General Manager and Solicitor of the Company, decided they would dispose of the parcel for \$7,000.00 subject to the consent of their people.

It was assumed by the Council that they could not dispose of this parcel of land without going through the procedure laid down in Section 51 of the Indian Act.

This Cockshutt Company have now agreed to pay the \$7,000.00 asked for by the Council, and a copy of their letter of acceptance is attached.

It would be appreciated if the Department would review this matter immediately, so that the Department's decision over the matter can be given to the Council at their next meeting on the 3rd of May, - and also advise the exact procedure that will be necessary to take the vote - and what form the agreement to transfer the land to the Cockshutt Company should take.

Dear Sir:

Re: Cockshutt Plow Company Limited
and Indian Lands, (3.05 Acres)

The offer to sell to the Cockshutt Plow Company Limited, as set forth in a resolution passed by the Council of the Six Nation Indians at their recent meeting for the sum of Seven Thousand Dollars (\$7000), a parcel of land consisting of 3.05 acres more or less, has now been considered by the directors of the Company.

Although, the Company had felt that the sum of Five Thousand Dollars (\$5000.) was a generous offer for the lands in question, and also more than the lands were really worth, they, nevertheless, desire to arrive at a price which is satisfactory to the Council. Accordingly, I have been authorized on behalf of the Company to accept the proposal made by Chief Miller, and confirmed by resolution of the Council, wherein, the Company agrees to pay the sum of Seven Thousand Dollars (\$7000) for the said lands now under lease by the Company from the Council of the Six Nation Indians being 3.05 acres more or less, and which lands are more particularly described in a Blue Print made at the time the said lands were leased by the Company.

In consideration, and upon delivery of a good sufficient Deed conveying the said lands clear of encumbrance, the Company agrees to pay the sum of Seven Thousand Dollars (\$7000).

Would you, therefore, advise the Council that their offer has been accepted by the Company, and just as soon as the Deeds of the said land have been properly executed, I shall obtain a cheque of payment of same in the above sum.

May I express through you to the Council, the sincere appreciation of the Directors, Mr.S.Lee, and the writer for the friendly and courteous treatment accorded in these negotiations.

Yours faithfully,

HARLEY, SWEET & SLEMIN

BRANCH

File 32-0-9

Ottawa, May 3rd, 1945.

MEMORANDUM FOR FILE

In 1835 the Indians gave a surrender and in 1859 the Governor General granted lands to the New England Company.

In 1922, in the Crown vs. New England the Exchequer Court adjudged that the Crown recover possession of Lot 5, Eagles Nest excepting the Mohawk school lot of 9.93 acres and five other parcels patented to different parties. The judgment makes no reference to the Six Nations Indians. It was registered in Brantford Registry Office in 1924 and appears to effect title in the crown as Dominion lands.

Following the judgment in 1922, the New England Company gave a lease to the Superintendent General of 10 acres, (the school lot) for 21 years, which lease expired January 1st, 1943.

In 1942 when Cockshutt proposed to lease three acres at \$150.00 per acre per year, it was considered that this was part of the school lot, and a cablegram was sent to the New England Company requesting them to consent to the sublease and reporting that rental of \$526.00 would be available for their purposes. The Company consented. Preparing of the lease to Cockshutt was held up apparently until after the renewal of the New England lease.

In December, 1944 Cockshutt advised that they had built on the three acres, and following negotiations

....

Mr. McKelvey has approved of the sublease provided for in the proceeds to B. H. H.
Mr. McKelvey has approved of the sublease provided for in the proceeds to B. H. H.

between the Company and the Band Council the latter resolved in April, 1945 that Cockshutt's offer of \$7000.00 be accepted subject to the approval of the Six Nations people. Cockshutt's solicitors now write to Colonel Randle that on delivery of a good and sufficient deed they will pay \$7000.00.

One way of giving title would be to take surrender, but in view of the voting membership of more than 1200, it would be difficult to obtain a favourable vote.

Another way of conveying title would be by submission to council to authorize sale under the Dominion Lands Act. Such a submission would have to recite sufficient of the history to satisfy the purchase price being paid into the Band's fund.

Though I discussed with Mr. Cory making title by surrender, in view of the difficulty of obtaining a surrender I would now suggest the latter method of giving title.

Sub. to Council to
sell lands.

DRAFT.

Ottawa, 22nd May, 1945.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL:

The undersigned has the honour to report -

THAT by judgment of the Exchequer Court of Canada in 1922 the hereinafter described lands were declared the property of His Majesty in right of Canada;

THAT following the said judgment the land has been held by His said Majesty for the benefit of the Six Nations Band of Indians as public lands of the Dominion and not as Indian Reserve lands;

THAT Cookshutt Moulded Aircraft Limited has occupied a portion, approximately three acres, of the said land and has offered to purchase the said portion for the sum of Seven Thousand Dollars (\$7000.00);

THAT as the Six Nations Band of Indians have received all benefits and profits from this land since the aforesaid judgment a resolution from the said Indians was requested and received consenting to the proposed sale for the sum of Seven Thousand Dollars (\$7000.00).

The undersigned, therefore, recommends that he be and is hereby authorized to sell the lands hereinafter described for the sum of Seven Thousand Dollars (\$7000.00), and that letters patent granting the said land may be issued under the Public Lands Grants Act, Chapter 114, R.S.C. 1927.

DESCRIPTION

Respectively submitted,

Minister of Mines and Resources.

File -52-0-9

Ottawa, May 23rd, 1945.

Lt.-Col. E. P. Randle, Indian Superintendent, Brantford,
Ontario.

Re: your file 753/45.

The surrender of 1835, "Indian Treaties and Surrenders", vol. 1, pg. 26 covered 48,000 acres which is understood to include Lot 5, Eagle's Nest. A judgment in the Exchequer Court dated 14th January, 1922 provided that the crown recover possession of Lot 5, Eagle's Nest with certain exceptions. Following these, the land might be considered as Indians lands rather than part of the Six Nations Reserve, and Letters Patent might be granted to Cockshutt Moulded Aircraft Limited for the 3.05 acres which they wish to purchase.

However, the Indians consider the land as part of the Reserve and we would rather not rely on the surrender given 110 years ago.

The price of \$7000.00 is acceptable. However, there does not seem to be any need on the part of the Indians or the Department to rush completion of the deal until it can be put through in the regular manner. The Band Council resolution of April 5th accepted the Cockshutt offer of \$7000.00 "subject to the approval of the Six Nations people". It might be inadvisable to proceed to issue a grant under the old surrender and judgment if it would give the Indians the impression that we would be usurping

- 2 -

their authority to give surrenders. The same situation might arise again in connection with other land in the Eagle's Nest tract and it is considered advisable to retain the good will and confidence of the Indians by asking for a surrender of the Band, as the Council considers that necessary.

The mistake of building on the land was made by Cockshutt and they should be content to wait until a regular surrender can be obtained. In the meantime, they should pay rent at the rate of \$457.50 per year from the date of occupation until the purchase can be completed.

Could not a surrender be submitted to the Band at the next election of councillors? If you agree, please advise and the surrender will be drawn and forwarded to you. When will the next meetings for nomination and election be held?

Attended, with Mr. Cory, to discuss the draft submission with Mr. Jackson. He does not like using the authority of the old surrender of 1835 unless it is necessary. He suggested that a vote on a surrender could be obtained at the next election of Band Councillors. In the meantime the Cockshutt Company should pay rent. The Indians might criticize the use of the old surrender, and it would be better to try to get a new surrender, keeping the old surrender in reserve; it might be necessary to invoke the authority of the old surrender, to make title.

Ottawa, May 23rd, 1945.

Dear Sirs: -

Under date of June 24th, 1942 we cabled to you a request to lease 3½ acres of the Mohawk Institute property, and received your consent which was confirmed by your letter of July 2nd, 1942.

On looking into the title, it is found that the parcel which it is desired to lease is not a part of the Mohawk Institute property, but lies in the Six Nations land outside of the school property. The rental revenue, therefore, will not be available as revenue from the Mohawk Institute property. Our mistake is regretted and we hope that it has not caused you any great inconvenience.

Yours truly,

Acting Director.

Re: Cockshutt Plow Purchase

The matter of the purchase of the land encroached upon by the Cockshutt Plow Company has been fully considered and Band resolution No. 2 of the Six Nations Council passed at their meeting of April 5th is approved. In this connection it is noted that the resolution accepting the offer of the Cockshutt Plow Company has been made subject to the approval of the Six Nations people and it is the desire of this office to comply fully with their expressed wishes in this respect.

The matter which gives us, and no doubt gives you, some concern is as to how and when this approval of the Six Nations people can be obtained. Under the Act it requires a clear majority assent of the voting members of the Band. As this is not a clear majority of those attending the meeting called for the purpose, the effect of the Section is that every qualified voter who does not attend the meeting and does not vote at all is held to have voted against it. Would you anticipate difficulty in getting a majority vote under these conditions?

Anticipating the difficulty of obtaining a clear majority affirmative vote, we have considered whether or not there is another way out of the difficulty and we think there is. This particular land, as your Council will recall, was recovered from the New England Company to His Majesty in the right of Canada by a judgment of the Exchequer Court of Canada dated the 14th January, 1922. The land so revested in Canada by the order of the Court has always been recognized and treated as land held in trust by His Majesty for the Six Nations Indians. There never was, however, any

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR
COPY

rededication of the same land as forming part of the Six Nations Indian Reserve. It might, therefore, be regarded as Indian land surrendered to the Crown for disposition by the surrender of 1835, as part of the 48,000 acres surrendered at that time and, therefore, subject to alienation by His Majesty on such terms as in his judgment was in the best interests of the Indians for whom it was held in trust.

As in this instance the elected representatives of the Band have made the bargain themselves and are satisfied, as are we, that the bargain so made is advantageous to the Band, it might be possible to conclude the arrangements made with Cockshutt Plow without reference to the ^{General} Band. *memberships* It is suggested, however, that, in order that no improper motives or arbitrary action may be charged against the Department, the most representative meeting of the Band members possible should be held and the vote recorded and submitted. It is, therefore, suggested that such a meeting should be called and the matter disposed of with the least possible delay.

Acting Director.

Re: Cockshutt Plow Purchase

The matter of the purchase of the land encroached upon by the Cockshutt Plow Company has been fully considered and Band resolution No. 2 of the Six Nations Council passed at their meeting of April 5th is approved. In this connection it is noted that the resolution accepting the offer of the Cockshutt Plow Company has been made subject to the approval of the Six Nations people and it is the desire of this office to comply fully with their expressed wishes in this respect.

The matter which gives us, and no doubt gives you, some concern is as to how and when this approval of the Six Nations people can be obtained. Under the Act it requires a clear majority assent of the voting members of the Band. As this is not a clear majority of those attending the meeting called for the purpose, the effect of the Section is that every qualified voter who does not attend the meeting and does not vote at all is held to have voted against it. Would you anticipate difficulty in getting a majority vote under these conditions?

Anticipating the difficulty of obtaining a clear majority affirmative vote, we have considered whether or not there is another way out of the difficulty and we think there is. This particular land, as your Council will recall, was recovered from the New England Company to His Majesty in the right of Canada by a judgment of the Exchequer Court of Canada dated the 14th January, 1922. The land so revested in Canada by the order of the Court has always been recognized and treated as land held in trust by His Majesty for the Six Nations Indians. There never was, however, any

Ottawa, June 4, 1945.

MEMORANDUM

Mr. W. M. Cory,
Departmental Solicitor.

Herewith is our file 32-0-9. Col. Randle was in the city on Saturday morning and asked the writer's assistance on very short notice to draft for him a "Public Notice" calling a meeting of the Six Nations Band for the specific purpose of considering the sale of 3½ acres on the "Mohawk Farm" to the Cockshutt Moulded Aircraft Limited for \$7,000.00.

Col. Randle took away my draft on the understanding that he would use it only when advised that it had been approved by yourself as departmental solicitor. Will you please examine the copy of the draft on the file and either approve it or make such alterations therein as you consider necessary for our purposes, returning it to this office as promptly as possible in order that we may advise the Superintendent at Brantford.

In this connection it is not to be hoped that we can get a majority vote of the Band as called for by Section 51. All we can hope for is to get an expression of opinion from a majority of the members of the Band sufficiently interested in the matter to attend a general meeting. Where we go from there is a little obscure to the writer.

D. J. Allan,
Superintendent,
Reserves & Trusts.

OTTAWA

6th June, 1945.

MEMORANDUM;

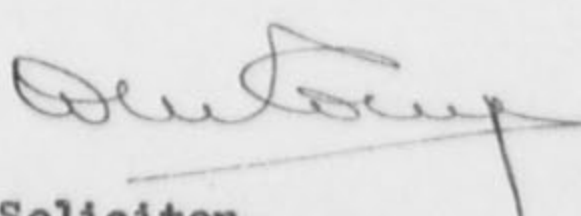

Mr. Allan

Please see your memorandum of the 4th instant, immediately hereunder on file 32-0-9, forwarding a proposed public notice calling a meeting of the Six Nations Band for the specific purpose of obtaining a surrender to His Majesty for sale of $3\frac{1}{2}$ acres of the "Mohawk Farm" to the Cockshutt Moulded Aircraft Limited for the sum of \$7,000.00.

Upon a careful and thorough study of this problem it is quite clear that the lands in question are Indian Reserve lands. The judgment of the Exchequer Court of Canada in 1922, when this matter was being dealt with, declared that this property was the property of His Majesty in right of Canada and had the effect of taking away any rights that the New England Company might have had in these lands by reason of the license of occupation granted it prior to the said judgment. In other words, the judgment had the effect of placing these lands in its original status, that is Indian Reserve lands held in trust by His Majesty for the Six Nations Band of Indians.

In view of the legal position of these lands I would suggest a slight amendment to the penultimate clause of your submitted draft public notice and have redrafted the proposed notice with my suggested change incorporated therein.

I have discussed this matter with Mr. Jackson and have pointed out our difficulty. He is of opinion that we should proceed and obtain, if possible, a formal surrender in accordance with the Indian Act. If we find that we have not obtained a proper surrender in accordance with the Indian Act we will have to give this matter further consideration and determine just what action the Department is going to take herein.

Solicitor.

Re: Cockshutt Moulded Aircraft Limited,
Mohawk Farm Lands

I am enclosing an amended notice which you will please substitute for the draft which the writer gave you when you were here last Saturday. In this connection the following excerpts from the solicitor's letter, which accompanied his revision of the draft, might be of value:-

"Upon a careful and thorough study of this problem it is quite clear that the lands in question are Indian Reserve lands. The judgment of the Exchequer Court of Canada in 1922, when this matter was being dealt with, declared that this property was the property of His Majesty in right of Canada and had the effect of taking away any rights that the New England Company might have had in these lands by reason of the license of occupation granted it prior to the said judgment. In other words, the judgment had the effect of placing these lands in its original status, that is Indian Reserve lands held in trust by His Majesty for the Six Nations Band of Indians.

"In view of the legal position of these lands I would suggest a slight amendment to the penultimate clause of your submitted draft public notice and have redrafted the proposed notice with my suggested change incorporated therein.

"I have discussed this matter with Mr. Jackson and have pointed out our difficulty. He is of opinion that we should proceed and obtain, if possible, a formal surrender in accordance with the Indian Act. If we find that we have not obtained a proper surrender in accordance with the Indian Act we will have to give this matter

further consideration and determine just what action the Department is going to take herein."

This meeting should be given the widest possibly publicity in order that the most representative vote possible can be obtained on the question. Our objective is of course to obtain, if possible, a clear majority of all male persons over 21 years of age who are entitled to vote. Read Section 51 of the Act carefully and in particular sub-section 2.

BRANTFORD 27th June, 1945.

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

Re: Cockshutt Moulded Aircraft Ltd. - Mohawk Farm Lands.

This will acknowledge your 32-0-9 of the 8th instant with regard to the procedure to be used to obtain the consent of male members of the Six Nations to the proposed sale of land to the Cockshutt Company.

This office appreciates the advice and assistance given, but would also like if possible, a clearer interpretation of sub-section 2 of Section 51 of the Indian Act.

As this sale is bound to arouse controversy, and the right of persons to vote may be challenged, it is felt the wording of sub-section 2 is somewhat wide and not too easily determined.

The words "habitually resides on or near" is not easily defined. Brantford, Hamilton, and Simcoe are all near, where many members of the Six Nations reside, but none of these places are as near as Hagersville, Caledonia, or Hartford. So it would appear best to be reasonably certain as to the bounds of the word "near".

All members of the Six Nations living off the Reserve can be said to be "interested" in the Reserve, as they have a common interest in their capital funds, apart from land. An Indian may have lived in Brantford ten years or so, and while not registered on any land, may on the death of his parents inherit theirs, and thus have a definite interest in the Reserve.

Any comments the Department care to forward to simplify this wording of sub-section 2, will be appreciated.

Memorandum:

Mr. D. J. Allan.

Please see your memorandum of the 29th ultimo immediately hereunder on file 32-0-9, directing my attention to Superintendent Randle's letter of June 27th, in which he asked for assistance in interpreting Section 51, Subsection 2, of the Indian Act, wherein the words 'habitually resides on, or near,' appear.

quote { The interpretation of the words 'habitually resides on, or near' is, as Superintendent Randle points out, difficult of interpretation. The word 'near' has been held by the courts to mean 'close or at no great distance'. 'Near' is a relative term and its precise meaning depends upon circumstances. In various authorities reference to distances from two to ten to fifteen miles have been held to be 'near'.

As this word has no precise meaning, and all circumstances must be considered, I would suggest that the word 'near' as used in Section 51, Subsection 2, of the Indian Act, would be any point within a radius of ten or fifteen miles from the outer boundaries of the Indian Reserve in question. Ten or fifteen miles under present day circumstances - that is, car transportation, etc., - would, in my opinion, be considered by the courts as being within the meaning of the said word 'near'. Superintendent Randle might consider the said mileage not 'near', due to certain local conditions. His discretion in the matter, I think, should rule.

In the circumstance

It is suggested that in the circumstances of
his case every member who qualifies for board
membership, who is sufficiently real and sufficiently
interested in the League to be present at the
meeting should be permitted to vote, a general
vote being made at the time as being possible of
suspected disqualification. If it should later be
of importance such voting could be investigated
and if found to have been disqualified under
the Act, such finding could be given its proper
legal effect by the S.G. in deciding whether ^{the} ~~such~~
vote is general vote carried or was lost.

EX'D

Ottawa, Ontario,
July 10, 1945.

Lt. Col. E. P. Randle, Indian Superintendent, Brantford, Ont.

Your letter of June 27th, your file 1235/45, asking for assistance in interpreting subsection 2 of Section 51 of the Indian Act was duly received and referred to the solicitors who have replied as follows:-

"The interpretation of the words 'habitually resides on, or near' is, as Superintendent Randle points out, difficult of interpretation. The word 'near' has been held by the courts to mean 'close or at no great distance'. 'Near' is a relative term and its precise meaning depends upon circumstances. In various authorities reference to distances from two to ten to fifteen miles have been held to be 'near'.

"As this word has no precise meaning, and all circumstances must be considered, I would suggest that the word 'near' as used in Section 51, subsection 2, of the Indian Act, would be any point within a radius of ten or fifteen miles from the outer boundaries of the Indian Reserve in question. Ten or fifteen miles under present day circumstances - that is, car transportation, etc., - would, in my opinion, be considered by the courts as being within the meaning of the said word 'near'. Superintendent Randle might consider the said mileage not 'near', due to certain local conditions. His discretion in the matter, I think, should rule."

It is suggested by the writer that, in the circumstances of this case, any male person 21 years of age whose name appears on the Band list and who is sufficiently near to the Reserve and sufficiently interested in the affairs of the Reserve to be present at the meeting should be permitted to vote, a special note being made at the time as to any possible or suspected disqualification under the Act. If it should

.....

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

later be of importance that the eligibility of such voters should be investigated and if on such investigation such voters should be found by the Superintendent General to be unqualified under the terms of the Act, then such finding could be given its proper legal effect by the Superintendent General in deciding whether the vote in question was carried or lost.

The writer agrees with you that the Section in question is extremely difficult of interpretation, but as it is in the Statute we have to do our best to interpret it in accordance with the spirit of the Act.

PLEASE QUOTE
FILE 1428/45

BRANTFORD 31st July, 1945.

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

Re: File 32-0-9. Sale of 3.05 acres of Mohawk Farm
to Cockshutt Moulded Aircraft Limited.

This office would advise you that the Public Meeting was held and the vote taken on the above question, on Thursday the 26th instant, after proper notices had been posted for a month in the public buildings throughout the Reserve.

The attendance at the meeting was disappointingly small, only 26 people voting - 21 in favour of the sale and 5 against.

Naturally at this time of the year everyone, particularly the farmer, is busy, and would find it difficult to get away.

The Department will appreciate it will be a very serious blow to the prestige of the Six Nations Council if the majority given by those attending is not allowed to stand. Particularly as the Mohawk workers posted notices all over the Reserve asking people not to vote, and their ever increasing activities to influence their people over all matters.

After all, everyone qualified to vote had the privilege to do so, and if they failed to use their right that is their own fault, particularly if they were opposed to it. It is commonly said that silence gives consent.

As is noted from your letter of the 26th of May, the contention is that the Act requires a clear majority assent of the voting members, rather than a clear majority of those attending the meeting.

To the writer this appears a drastic interpretation of Section 51, as it would be supposed by most people reading that section that it actually means a majority of the male members at the meeting. It would be difficult under any circumstances to ensure the attendance of a majority of the eligible male voters.

--- If such

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

File 1428/45 - Page 2.

If such a meeting as this had been called suddenly and a snap vote taken, it could be well understood if the protection of the majority vote of all male members be demanded.

But in this case there was first of all the publicity occasioned by the debate and decision of the Council over the matter - followed by the wider publicity of notices displayed for 30 days prior to the voting in every public building and store available, advising the voter of the time and place where he could assemble and show his approval or disapproval of the contemplated sale of land.

In the recent Dominion Election, according to the press, less than 50% of the voters exerted their right to vote, and it is doubtful if anyone would suggest that those who did not vote, were against the party elected, for if so, Government could not go on.

Personally the writer is of the opinion it is far sounder to approve of the sale on the basis of the majority given by the voters who actually were present, as any other way might certainly be considered improper and arbitrary and utterly contrary to the Indian Act - whereas approval of the voting as it was given, is only one way of interpreting Section 51 of the Act.

It would make the Indian voter aware of his duty in the future so that he would turn out and show definitely one way or other what he really wishes, in the only way possible.

If the Department finally feel it is impossible to approve of the sale on the basis of the vote taken, it would be appreciated if before any other decision is taken, that the Council be fully informed of the contemplated action so that their viewpoint receives every consideration.

EX'D.
A

MEMORANDUM:

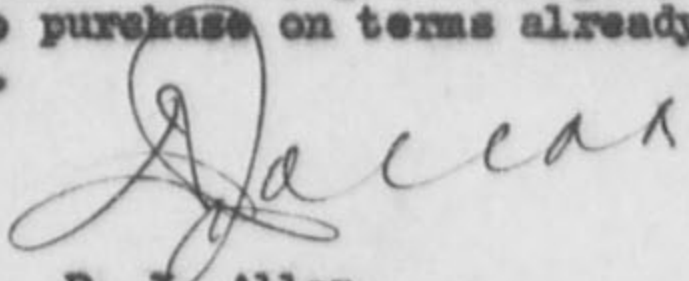

Mr. W. M. Cory,
Departmental Solicitor.

Re: Mohawk Farm, Six Nations Indian Reserve.

In your memorandum of June 6th to the writer, you advised that this office should proceed in the usual way to attempt to obtain a formal surrender of the 3.05 acres of the Mohawk Farm which it is the wish of the Six Nations Council to sell for \$7,000.00 to the Cockshutt Moulded Aircraft, Limited, whose buildings occupy it.

In accordance with those instructions an attempt was made to obtain the surrender and a special meeting was called for the purpose. Immediately on the posting of the notices certain members of the Band circularized the membership advising them not to attend the meeting, to such good effect that only 26 Band members attended and of that 26, 21 voted in favour of the surrender and 5 against. The surrender was not approved.

In the concluding paragraph of your memorandum of June 6th you suggested that in the event of failure to obtain the surrender further consideration would be given to determine just what action could be taken in the matter. May the matter now be further considered and this office advised as to what the next step is in the process of giving the Company title to the land they have agreed to purchase on terms already approved by the Six Nations Council.

MEMORANDUM:

Mr. Allan.

Re - Mohawk Farm, Six Nations
Indian Reserve.

Please see your memorandum of the 8th instant, immediately hereunder on file 32-09, in connection with the above.

I have discussed this matter fully with Mr. Jackson and in view of all the circumstances it is suggested that due to the unreasonableness of the Indians generally the Indian Band Council would be upheld by the Minister in issuing a permit to occupy the land under the provisions of Section 34. The form of permit recommended in this case is on file 24-109 which was sent to your Branch under cover of my memorandum of the 8th December, 1944.

Mr. Jackson, as you will recall when he was discussing this matter on the telephone with you this morning, thinks it would be equitable to charge a rental based on 5% of \$7000.00 which was the agreed purchase price, the permit to be from year to year with a provision for immediate cancellation by the Minister.

MEMORANDUM:

Re - 3.5⁰⁵ acres, Six Nations Indian
Reserve.

The Cockshutt Company inadvertently erected a building on the above land worth approximately \$100,000.00. This land is Indian Reserve land within the meaning of Section 2 (j) of the Indian Act which reads as follows -

" 'Reserve' means any tract or tracts of land set apart by treaty or otherwise for the use or benefit of or granted to a particular band of Indians, of which the legal title is in the Crown, and which remains so set apart and has not been surrendered to the Crown, and includes all the trees, wood, timber, soil, stone, minerals, metals and other valuables thereon or therein".

Indian Reserve lands are held in trust for the Indians by the Dominion Government and the Minister of Mines and Resources has, by virtue of the provisions of the Department of Mines and Resources Act, Chapter 33, 1, Edward VIII, the control and management of the lands and property of the Indians in Canada.

Section 51 of the Indian Act provides, briefly, that except as in this part otherwise provided, no release or surrender of a reserve or a portion of a reserve held for the use of the Indians.....shall be valid or binding unless the release or surrender shall be assented to by a majority of the male members of the band of the full age of twenty-one years, at a meeting, etc.

Section 54 of the said Act provides as follows -

"All Indian lands which are reserves, or portions of reserves, surrendered, or to be surrendered, to His Majesty, shall be deemed to be held for the same purpose as heretofore; and shall be managed, leased and sold as the Governor in Council directs, subject to the conditions of surrender and the provisions of this Part".

.....

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian lands in this section are defined in the Indian Act as follows -

" 'Indian lands' means any reserve or portion of a reserve which has been surrendered to the Crown".

The Cookshutt Plow Company have asked for title to the above land which was inadvertently built upon, and all efforts have been made to obtain a surrender of the land in question in accordance with the provisions of Section 51. By reason of the fact that the Indian Band members are not all present on the Reserve it is, therefore, impossible to get a surrender as required by Section 51.

The Cookshutt Plow Company, upon discovering that the Company's building was built on Reserve lands, offered to purchase from the Indians the land upon which the building stood for the sum of \$7,000.00 which is considered a very fair offer and would more than compensate the Indians for the loss of their land, but no sale may be legally made of the land applied for by reason of the fact that a surrender cannot be obtained. The duly elected council of the Indian band have passed a resolution recommending the sale of this land to the Cookshutt Plow Company for the said sum but such resolution cannot be acted upon until the surrender as aforesaid is obtained.

After full consideration of the facts and of the present difficulties of obtaining a proper surrender, the officials of the Department of Mines and Resources are willing to place before the Minister for his approval and signature a permit to occupy the land under the provisions of Section 34 ~~aforesaid~~, the rental to be 5% of the capital sum of \$7,000.00, the purchase price offered by the Cookshutt Plow Company. This matter has been discussed with the Minister of Mines and Resources and such permit will issue at an early date.

GENERAL ADMINISTRATIVE OFFICES

OTTAWA 20th September, 1945.

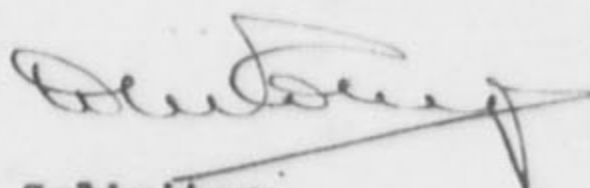

MEMORANDUM:

Mr. Allan.

Mr. Slemin, Solicitor for the Cockshutt Plow Company, discussed with Mr. Jackson the problem of his Company's building being on Indian Reserve lands at Brantford. Mr. Jackson has agreed to place before the Minister for his approval and signature a permit to occupy the land under the provisions of Section 34 of the Indian Act, the rental to be 5% of the capital sum of \$7,000.00, the purchase price offered by the Cockshutt Plow Company.

Mr. Jackson is of the view that the permit should be for one year with a provision for immediate cancellation for non-payment of rental. At the end of the permit year this matter is to be reviewed and consideration given towards the advisability of placing before Parliament a special act which would authorize the issue of title to the Company for the 3.5 acres.

Would you, therefore, have prepared such a permit and submit it to Mr. Jackson for his consideration and execution by the Minister. You may also wish to consider the advisability of including in this permit additional conditions preserving the rights of the Indians.

Solicitor.

Re: Occupation of 3.05 acres of Indian
Reserve land by Cockshutt Plow Co.Ltd.
Your file 1741/45

I am in receipt of your letter of the 12th
ultimo in connection with the above.

Mr. Slemin, of Harley, Sweet & Slemin,
Barristers, was in this city on the 19th of September and
this matter was discussed. Upon full consideration of the
facts and of the present difficulties of obtaining a proper
surrender, it has been decided to grant to Cockshutt Plow
Company a permit for one year.

In this connection please see herewith a copy
of a memorandum prepared by the Solicitor of the Department
dated the 19th of September, a copy of which was given to
Mr. Slemin when he was here. Also enclosed is a copy of
the Solicitor's memorandum to myself in this connection.
It will be noted that the amount of rental is to be 5% of
the capital sum of \$7,000.00, the purchase price offered
by Cockshutt Plow Company. The permit is to be for one
year as aforesaid with a provision for immediate cancellation
for non-payment of rental. At the end of the permit year
this matter should be reviewed and consideration given
toward the advisability of placing before Parliament a
special bill which, if passed, would authorize the issue
of title to the Company for the 3.05 acres.

It will be noted that the Solicitor has
suggested that possibly we should consider the advisability
of including additional conditions preserving the rights of

OFFICE OF THE
SUPERINTENDENT
SIX NATIONS INDIANS

PLEASE QUOTE
FILE 2144/45

BRANTFORD 25th Oct. 1945.

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

Re: Occupation of 3.05 acres of Indian Reserve Land
by the Cockshutt Plow Company.

This will acknowledge your letter 32-0-9 of the
4th instant in connection with the above matter.

The writer after consideration of the contents of
your letter and the memorandums attached, has serious doubts
as to the advisability of the contemplated action.

In the opinion of this office, if the sale as re-
commended by the Six Nations' Council cannot be legally carried
out under the provisions of Section 51 of the Indian Act, through
the failure to secure the approval of the majority of the male
voting members, the whole question of the sale should be dropped,
and the Company permitted to continue their occupation of the
land under the leasing terms laid down in the Council Resolution
of the 17th of June 1942, with the exception of Clause 4, which
has been voided by the action of the Company by their building
a permanent structure on the land leased. Then prior to the ex-
piration of the lease in 1950 - the matter can be referred back
to the Council and the people for re-consideration.

The Council in recommending the sale by their Resol-
ution of the 5th of April last, definitely stipulate the sale
must receive the approval of their people. The vote was duly
taken and it has been officially ruled that the results of that
voting cannot be accepted as approval of the voting members under
the legal interpretation of Section 51 of the Indian Act.

Consequently the Council's wish to sell becomes void,
and it is certain they would not wish to proceed with the matter
if it cannot be carried out legally under the provisions of
Section 51.

--- To place

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Dep
Fi 2144/45. Page 2.

To place a special bill before Parliament to enable the sale to go through, would certainly not meet with the approval of the Council, and would undoubtedly raise grave doubts and suspicions among the Indian people.

The failure to proceed with the sale may of course cause some inconvenience to the Cockshutt Company, but this troublesome matter is entirely through their own negligence, so they can hardly expect to escape without some annoyance.

This office trusts that on no account will any arrangement be entered into with the Cockshutt Company, that has not first been referred to the Council for their consideration, and the contents of your letter of the 4th instant will be placed before them at their next regular meeting on the 1st of November, as it came too late for their October meeting.

In regard to your question as to the date upon which the Cockshutt Company first occupied the 3.05 acres, it can be assumed they proceeded to make use of the land immediately following the passing of the Council resolution on the 17th of June, 1942, as at that time it was assumed the Department would prepare and forward at an early date, the leasing agreement under the terms set by the Council at that time.

W. W. Cory, Esq.,
Legal Division,
Department of Mines and Resources,
OTTAWA, Ontario.

Dear Mr. Cory:

Re: 3.5 acres Six Nations
Indian Reserve

With further reference to your memorandum of the 19th of September, 1945, I was wondering if the permit referred to therein has as yet been issued. I would also like to be advised if it is in order for the Cockshutt Plow Company Limited to pay the sum of \$350.00 being the rent computed at 5% of the capital sum of \$7000.00 or should payment be delayed until the permit has been issued. If payment is to be made will you please advise to whom the cheque should be made payable.

Our clients are hopeful that an early solution will be found of the difficulties referred to in the memorandum which will enable them to obtain the title and proper surrender of the land in question.

Anything that can be done to attain this end at an early date will certainly be very much appreciated by the Company. In the meantime may I express to you, on behalf of the Company, sincere appreciation of the courteous treatment and consideration extended in this matter.

Yours sincerely,

HARLEY, SWEET AND SLEMIN.

Re: Occupation of 3.05 acres of Indian Reserve
Land by Cockshutt Plow Company Limited.
Your file 2144/45

I am in receipt of your letter of the 25th instant in reply to my letter of the 4th idem, which advised you that this matter had been given full consideration and it had been decided to grant to Cockshutt Plow Company a permit to occupy this land and you were requested to forward any additional conditions which could be incorporated in this permit that in your opinion would further protect the interest of the Indians. Such recommendations in this connection were not included in your letter just received.

It is noted that you are of opinion that this land should be leased to Cockshutt Plow Company under the leasing terms laid down in the Council resolution of the 17th June, 1942. This recommendation is not understood, as you are aware that the provisions of the Indian Act preclude any possibility of leasing as suggested without a formal surrender in the same manner as is required in the case of the authority to sell Reserve lands. As undoubtedly a surrender for lease or sale is out of the question in this case, there is no alternative other than to give to the Company a permit, as decided upon, for a short period or periods until this matter can be finally disposed of.

I would, therefore, appreciate any suggestions that you might care to make with regard to additional conditions which could be incorporated in this proposed permit, at your earliest convenience, as this matter has been pending for some time.

Dear Mr. Slemin:

Re: 3.05 acres Six Nations
Indian Reserve

I wish to acknowledge receipt of your letter of the 24th instant in connection with the above.

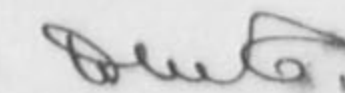

The permit in question has not yet been issued as it was necessary to communicate with Col. Randle. It is anticipated that the proposed permit will not be further unduly delayed and that you will be hearing from the Department shortly.

With regard to your request to be advised if it is in order for Cockshutt Plow Company Limited to pay the sum of \$350.00, being the rental computed at 5% of the capital sum of \$7,000.00, or should payment be delayed until the permit has been issued, I would suggest that it would be advisable to delay payment until the permit issues.

The date upon which the Cockshutt Company first occupied the 3.05 acres is required so that the permit may be properly dated. Col. Randle is of the view that your occupancy started on or about the 17th June, 1942. I would be glad to be advised if Col. Randle's date is the correct one.

Kindest personal regards.

Yours truly,

Solicitor.

BRANTFORD 7th Nov. 1945.

M. McLaughlin

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

Re: Occupation of 3.05 acres of Indian Reserve Land
by the Cockshutt Plow Company Limited.

This will acknowledge your 32-0-9 of the 29th of October in connection with the above, and this office fails to understand your observations contained in paragraph two.

At the present time there are a number of leases in existence effecting land held in the name of the Indian Council, which have been rented on the application signed by the Chief Councillor, after which a formal Government lease between the Crown and the tenant has been issued.

In none of such cases has a formal surrender been obtained under Section 51, calling for a vote of the male members.

If it is the Department's contention that under Section 51 Council land can only be leased with the assent of the majority of the male members, this would also be true of the land held by individuals, as Section 51 definitely refers to the latter as well.

Actually there are dozens of individual owners' land rented, without a formal surrender as laid down in Section 51.

This office has always supposed that either the Councils concerned, or an individual could rent land for a period of years upon an application by the parties concerned, and upon approval of the Department and the issuance of a formal lease between the Crown and lessee, and that it was only upon surrender of land for sale, that the assent of the majority of male members had to be obtained.

----- The Department's

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

The Department's attention is directed to your File 32-0-9 of the 24th of June 1942, in reply to this office report on the Council's Resolution of the 17th of June 1942, assenting to leasing the land to the Cockshutt Company. In that letter the Department do not anticipate any difficulty, or mention the necessity of obtaining a formal surrender.

The essential contents of your letter of the 4th of October were read to the Council at their meeting on the 1st of November, as proposed in my letter of the 25th of October, and they by Resolution No.12 express the opinion that the occupation of the land by the Cockshutt Company should continue under the conditions laid down in 1942 - and though those conditions through no fault of the Council have not been incorporated into an official lease, they have been accepted in principle by the Department and the Company, as the payment and acceptance of annual rental each year since, of \$457.50 is proof of.

The Council cannot see any fairness or justice in permitting the Cockshutt Company to occupy the land at \$350.00 per annum, when by their letter of acceptance of the 19th of June 1945 they agreed to lease the land until 1950, under the conditions laid down by the Council Resolution of the 17th of June of that year.

It is the Cockshutt Company who failed to observe the terms and conditions of that arrangement, and the resentment of the Council and people of the Six Nations will be great if the Department permit them to occupy the land for \$350.00 instead of \$457.50.

Further, the Department are reminded that the rentals received from the Company were not to be used to swell Six Nations Funds, but by the generous and kindly consideration of the Council to be handed over to the Department for the benefit of the children of the Mohawk Institute, some of whom come from other Reserves.

----- The writer

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

File 2266/45 - Page 3.

The writer is still of the opinion that the only satisfactory solution of this matter is contained in the suggestion offered in paragraph two of my letter of the 25th of October, and by past precedent, and with all due respect to the Department it is impossible for me to see this cannot be carried out.

On the other hand if the Department insist on issuing the Cockshutt Company a permit, against the wishes of the Council, based on a rental of 5% of \$7,000.00, there appears little for this office to suggest, as you request, for the further protection of the Indians.

A Company of their standing will undoubtedly pay the rental when due, and it is presumed here that if the land is finally surrendered to them, they will still have to pay in full \$7,000.00 - that is the rental or rentals paid from now on would not be considered as payments on the \$7,000.00 principal.

They should also be responsible permanently for the repair or rebuilding of any fences adjoining the Six Nations land used by the Mohawk Institute.

Or, if only the land occupied by the building were finally surrendered, then the balance of the 3.05 acres should be returned to the Indians in its former condition, that is in shape for immediate cultivation.

This office hopes that whatever is finally decided over this most unfortunate matter, that no permit or leasing arrangement will be entered into, without being submitted first for the Council's consideration.

SIX NATIONS MINUTES OF COUNCIL MEETING HELD NOVEMBER 1st, 1945.

XX

XX

XX

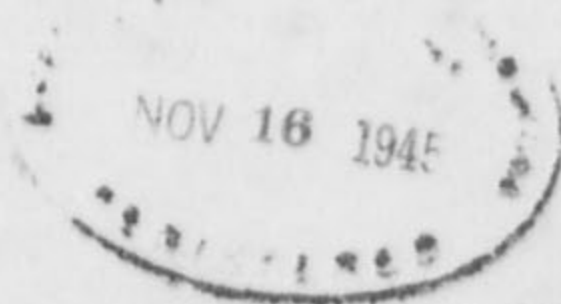

12.

Moved by James Martin seconded by Hardy Isaac, that with reference to the Dept; letter of Oct. 4th. in connection with the occupation, by the Cookshutt Plow Company, of 3.05 acres of Six Nations land, based on a rental of 5% of \$7000.00, the amount the Council agreed to sell the land for, but failed to obtain the consent of the Six Nations people, according to legal opinion.

It is the opinion of this Council that the suggested permit is not in the best interest of our people and that the occupation of the land, by the Cookshutt Company have occupied the land since 1942, covered by this Councils resolution of June 17th, of that year, by which the Company can continue to occupy the land until ¹⁹⁵⁰ 1905, at a rental of \$150.00 per acre per annum.

Carried.

Ottawa, Ontario,
November 29, 1945.

Lt. Col. E. P. Randle, Indian Superintendent, Brantford, Ontario.

Following our discussion in your office in Brantford on Wednesday, the 21st instant, regarding the Cockshutt Plow Company and the authority of occupation to the National Defence Department and the Brantford Recreational Area, I wish to advise that I have discussed with Mr. Jackson the Cockshutt Plow Company matter and have placed your observations before him. It is proposed, as agreed upon, to issue a permit to the Cockshutt Plow Company and this permit will go forward very shortly.

The authority permitting the occupation by the National Defence of Reserve lands is in order as it was done under the War Measures Act. A report to Council has gone forward which, when passed, will authorize the Minister to issue a lease to the Chairman of the Brantford Board of Parks Management. This lease can be issued under the authority of Section 48 of the Indian Act without a surrender as the city of Brantford has the power of expropriation.

I trust that the points which were bothering you are now clear. If, however, you wish any further information, please write me.

Solicitor.

AND WHEREAS no sale may be made of the land applied for by reason of the fact that a surrender, as provided by the Indian Act, cannot be obtained as many members of the said Indian Band are off the Reserve in private endeavour at distances that make it impracticable to obtain a surrender at this time as provided by the said Indian Act.

NOW THEREFORE WITNESSETH that in consideration of the terms and conditions hereinafter set forth the Minister to the extent of such power and authority as legally exists and to the extent of such power and authority and no further doth hereby grant permission to the permittee to use and occupy the following land in the Six Nations Indian Reserve in the Province of Ontario, namely:-

All that portion of lot numbered five in the Eagle's Nest Tract in the township of Brantford in the county of Brant in the Province of Ontario containing three acres and five hundredths of an acre, more or less, as the said portion is shown on a plan of survey thereof by C. C. Fairchild, Ontario Land Surveyor, dated the twenty-first of August, nineteen hundred and forty-two, of record number M. twenty-nine hundred and sixty-six in the Indian Affairs Survey Records, Department of Mines and Resources, at Ottawa. A blueprint from the said plan is attached hereto.

The permittee agrees to the following terms and conditions:-

That this permit shall run from the 17th day of June, A.D. 1945, to the 16th day of June, A.D. 1946;

That the permittee shall pay a permit fee of One Hundred and Fifty Dollars (\$150.00) per acre, which said amount is Four Hundred and Fifty-Seven Dollars and Fifty Cents (\$457.50), the receipt of which is hereby acknowledged;

That the permittee will not assign its rights under this permit.

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

Ottawa, November 30, 1945.

MEMORANDUM

Mr. C. W. Jackson,
Chief Executive Assistant.

Herewith please find draft permit to Cockshutt Plow Company for 3.05 acres of the Indian Reserve lands at Brantford. You will recall the details in connection with this matter. Mr. Slein, solicitor for the Cockshutt Plow Company, was in town recently and it was agreed, under the circumstances, to issue a permit to occupy this land to Cockshutt Plow Company for one year at a permit fee of \$350.00, which is 5% of the capital value of \$7,000.00 agreed to be paid for this land if and when the Crown can give title to this Company. Since this arrangement, representations were made by Lt. Col. Randle that Cockshutt Plow Company should pay an amount of \$150.00 per acre, which is the amount that this Company has been paying since 1942 for this land.

Mr. Cory has discussed this matter with Mr. Slein in Brantford and with Mr. Stuart Lee, Vice-President of Cockshutt Plow and the Company has agreed to pay at the rate of \$150.00 per acre, which amounts to an annual permit fee of \$457.50.

Upon reference to the proposed permit it will be noted that this permit is for one year from the 17th day of June, 1945, to the 16th day of June, 1946, and is not assignable. Also, a provision is contained therein that this permit may be withdrawn at any time by notice in writing given to the permittee. Further, as this authority is being issued under Section 34 of the Indian Act, it will be noted that it is issued by the Department only to the extent of the power and authority as legally exists and to the extent of such power and authority and no further. If this proposed permit meets with your approval, would you please place it before the Deputy Minister for execution.

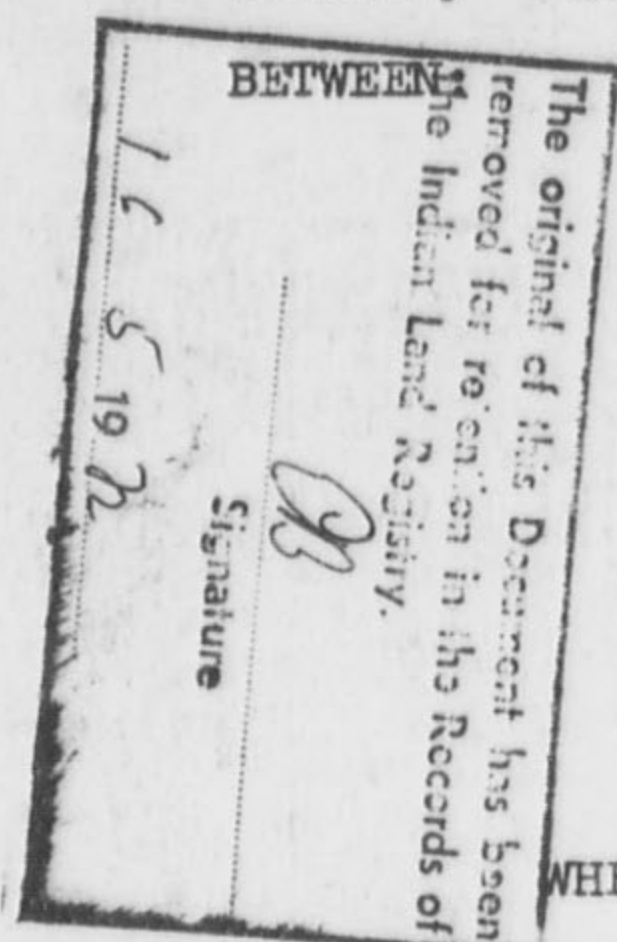

Director.

MEMORANDUM OF AGREEMENT made this Fourth day of
December, A.D. 1945.

His Majesty the King, in the right of
Canada, represented herein by the
Minister of Mines and Resources, herein-
after called the "Minister"

of the first part

and

Cockshutt Plow Company of the City of
Brantford, in the Province of Ontario,
hereinafter called the "Permittee"

of the second part.

WHEREAS in 1942 the permittee inadvertently
erected a building costing approximately One Hundred
Thousand Dollars (\$100,000.00) on the Six Nations Indian
Reserve adjacent to the said City of Brantford and con-
sequently is occupying without authority 3.05 acres of
the said Reserve;

WHEREAS the said building was erected in haste
as a War measure and is occupied by Cockshutt Moulded
Aircraft Limited, a subsidiary of the permittee;

WHEREAS the permittee, on being advised that it
was occupying Indian Reserve lands as aforesaid, paid
rental at the rate of One Hundred and Fifty Dollars (\$150.00)
per acre per annum to the Minister as compensation to the
Indian Band concerned, which said rental is fully paid to date;

WHEREAS the permittee has applied to purchase the
said land for the sum of Seven Thousand Dollars (\$7,000.00),
which sum is considered by the Director of Indian Affairs as
a very fair offer and would more than compensate the Indians
for the loss of their land;

WHEREAS the Council of the said Indian Band have
passed a resolution recommending the sale of the land as
authorized by law for the sum offered;

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

AND WHEREAS no sale may be made of the land applied for by reason of the fact that a surrender, as provided by the Indian Act, cannot be obtained as many members of the said Indian Band are off the Reserve in private endeavour at distances that make it impracticable to obtain a surrender at this time as provided by the said Indian Act.

NOW THEREFORE WITNESSTH that in consideration of the terms and conditions hereinafter set forth the Minister to the extent of such power and authority as legally exists and to the extent of such power and authority and no further doth hereby grant permission to the permittee to use and occupy the following land in the Six Nations Indian Reserve in the Province of Ontario, namely:-

All that portion of lot numbered five in the Eagle's Nest Tract in the township of Brantford in the county of Brant in the Province of Ontario containing three acres and five hundredths of an acre, more or less, as the said portion is shown on a plan of survey thereof by C. C. Fairchild, Ontario Land Surveyor, dated the twenty-first of August, nineteen hundred and forty-two, of record number M. twenty-nine hundred and sixty-six in the Indian Affairs Survey Records, Department of Mines and Resources, at Ottawa. A blueprint from the said plan is attached hereto.

The permittee agrees to the following terms and conditions:-

That this permit shall run from the 17th day of June, A.D. 1945, to the 16th day of June, A.D. 1946;

That the permittee shall pay a permit fee of One Hundred and Fifty Dollars (\$150.00) per acre, which said amount is Four Hundred and Fifty-Seven Dollars and Fifty Cents (\$457.50), the receipt of which is hereby acknowledged;

That the permittee will not assign its rights under this permit.

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

Dear Mr. Cory -

Re - 3.05 acres Six Nations Indian
Reserve.

I return herewith memorandum of agreement between the
Department and Cookshutt Flow Company Limited of this City duly
executed under seal. The duplicate copy has been retained by
our clients.

I have just observed that the seal of the Company is out
of place a bit on the sheet but rather than delay the matter I am
sending it on to you.

I appreciate very much the courtesies extended in this matter.

Yours sincerely,

HARLEY, SWEET & SLEMIN.

MEMORANDUM OF AGREEMENT made this Fourth day of
December, A.D. 1945.

BETWEEN:

His Majesty the King, in the right of
Canada, represented herein by the
Minister of Mines and Resources, herein-
after called the "Minister"

of the first part

and

Cockshutt Plow Company of the City of
Brantford, in the Province of Ontario,
hereinafter called the "Permittee"

of the second part.

WHEREAS in 1942 the permittee inadvertently
erected a building costing approximately One Hundred
Thousand Dollars (\$100,000.00) on the Six Nations Indian
Reserve adjacent to the said City of Brantford and con-
sequently is occupying without authority 3.05 acres of
the said Reserve;

WHEREAS the said building was erected in haste
as a War measure and is occupied by Cockshutt Moulded
Aircraft Limited, a subsidiary of the permittee;

WHEREAS the permittee, on being advised that it
was occupying Indian Reserve lands as aforesaid, paid
rental at the rate of One Hundred and Fifty Dollars (\$150.00)
per acre per annum to the Minister as compensation to the
Indian Band concerned, which said rental is fully paid to date;

WHEREAS the permittee has applied to purchase the
said land for the sum of Seven Thousand Dollars (\$7,000.00),
which sum is considered by the Director of Indian Affairs as
a very fair offer and would more than compensate the Indians
for the loss of their land;

WHEREAS the Council of the said Indian Band have
passed a resolution recommending the sale of the land as
authorized by law for the sum offered;

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

AND WHEREAS no sale may be made of the land applied for by reason of the fact that a surrender, as provided by the Indian Act, cannot be obtained as many members of the said Indian Band are off the Reserve in private endeavour at distances that make it impracticable to obtain a surrender at this time as provided by the said Indian Act.

NOW THEREFORE WITNESSTH that in consideration of the terms and conditions hereinafter set forth the Minister to the extent of such power and authority as legally exists and to the extent of such power and authority and no further doth hereby grant permission to the permittee to use and occupy the following land in the Six Nations Indian Reserve in the Province of Ontario, namely:-

All that portion of lot numbered five in the Eagle's Nest Tract in the township of Brantford in the county of Brant in the Province of Ontario containing three acres and five hundredths of an acre, more or less, as the said portion is shown on a plan of survey thereof by C. C. Fairchild, Ontario Land Surveyor, dated the twenty-first of August, nineteen hundred and forty-two, of record number M. twenty-nine hundred and sixty-six in the Indian Affairs Survey Records, Department of Mines and Resources, at Ottawa. A blueprint from the said plan is attached hereto.

The permittee agrees to the following terms and conditions:-

That this permit shall run from the 17th day of June, A.D. 1945, to the 16th day of June, A.D. 1946;

That the permittee shall pay a permit fee of One Hundred and Fifty Dollars (\$150.00) per acre, which said amount is Four Hundred and Fifty-Seven Dollars and Fifty Cents (\$457.50), the receipt of which is hereby acknowledged;

That the permittee will not assign its rights under this permit.

MEMORANDUM:

Mr. Hoey.

Herewith please find the permit to Cockshutt Plow Company to occupy 3.05 acres of the Six Nations Indian Reserve, signed by the Deputy Minister. It is suggested that this permit be forwarded to the Solicitor of the Cockshutt Plow Company.

Attached hereto please find suggested draft letter to the Solicitor herewith, together with a letter to Colonel Randle. The letter to Colonel Randle could go forward when the permit has been returned by Mr. Slemis duly executed by Cockshutt Plow Company. I have, therefore, left the suggested letter to Colonel Randle undated.

Ottawa, November 30, 1945.

MEMORANDUM

Mr. C. W. Jackson,
Chief Executive Assistant.

Herewith please find draft permit to Cockshutt Plow Company for 3.05 acres of the Indian Reserve lands at Brantford. You will recall the details in connection with this matter. Mr. Slemin, solicitor for the Cockshutt Plow Company, was in town recently and it was agreed, under the circumstances, to issue a permit to occupy this land to Cockshutt Plow Company for one year at a permit fee of \$350.00, which is 5% of the capital value of \$7,000.00 agreed to be paid for this land if and when the Crown can give title to this Company. Since this arrangement, representations were made by Lt. Col. Rendle that Cockshutt Plow Company should pay an amount of \$150.00 per acre, which is the amount that this Company has been paying since 1942 for this land.

Mr. Cory has discussed this matter with Mr. Slemin in Brantford and with Mr. Stuart Lee, Vice-President of Cockshutt Plow and the Company has agreed to pay at the rate of \$150.00 per acre, which amounts to an annual permit fee of \$457.50.

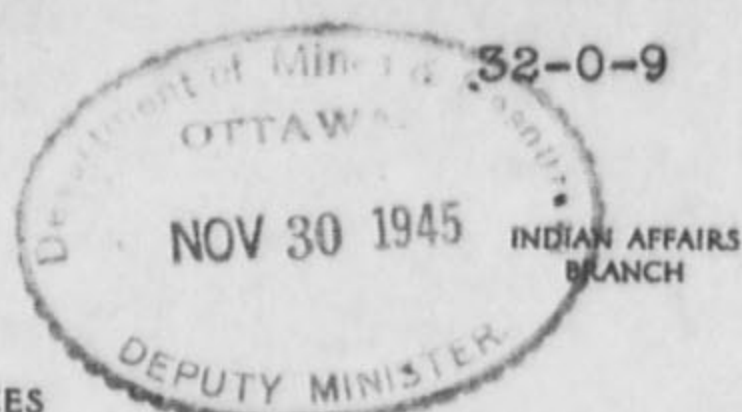

Upon reference to the proposed permit it will be noted that this permit is for one year from the 17th day of June, 1945, to the 16th day of June, 1946, and is not assignable. Also, a provision is contained therein that this permit may be withdrawn at any time by notice in writing given to the permittee. Further, as this authority is being issued under Section 34 of the Indian Act, it will be noted that it is issued by the Department only to the extent of the power and authority as legally exists and to the extent of such power and authority and no further. If this proposed permit meets with your approval, would you please place it before the Deputy Minister for execution.

Ottawa, December 4th, 1945.

Dear Sir -

Enclosed herewith please find permit dated the 4th day of December, 1945, in favour of Cookshutt Plow Company to occupy 3.05 acres in the Brantford Indian Reserve. The exact area is described on page 2 of this permit. It will be noted that this permit authorizes the occupancy by the said Company from the 17th day of June, 1945, to the 16th day of June, 1946.

It is to be hoped that in the not too distant future the Indians will execute a proper surrender of this land so that the offer to purchase this land by the Company for the amount of \$7000.00 may be entertained.

Would you be so kind as to have this permit executed by the Cookshutt Plow Company and its corporate seal affixed. One copy should be retained by the Company and the other copy returned to me for our files.

I trust this matter is now concluded satisfactorily.

Yours very truly,

Director.

Ottawa, December 28, 1945.

Dear Colonel Randle -

Enclosed herewith please find copy of a permit which issued to Cookshutt Plow Company of Brantford, Ontario, for 3.05 acres, of the Six Nations Indian Reserve. It will be noted that this permit is at the rate of \$180.00 per acre making an annual permit fee of \$457.50. This was recently agreed to by the Company. This permit runs from the 17th day of June, 1945, to the 16th day of June, 1946.

Beut.
It would be appreciated if you would keep this matter in mind so that when it is possible the Indians may be requested to give a surrender of this land at the earliest possible date.

I am enclosing herewith a copy of a recent letter which I have written to Mr. Slavin, Solicitor for Cookshutt Plow Company.

I trust you will find this satisfactory.

Yours very truly,

Director.

McGinnis
Office of the Director,
Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

This will acknowledge your letter of the
28th ultimo with copy of a permit to the Cockshutt Plow
Company of Brantford.

It has been noted that under the terms of
the permit, occupancy is from the 17th day of June 1945
to the 16th day of June 1946, and that receipt of the
rental of \$457.50 is acknowledged.

According to the records at this office,
the last rental payment made by the Cockshutt Company
was on the 17th of August 1944, Receipt No. 20183, and
covered the period of June 17th 1944 to June 16th 1945.

It is possible, however, that payment for
the current year has been made direct to Ottawa, and if
this has been done, would you kindly advise.

Ottawa, March 2, 1946.

Memorandum:

MR. D. J. ALLAN,
 . SUPT., RESERVES and TRUSTS.

On June 17, 1942, the Six Nations Council passed a Resolution which provided that the rentals received from the Cockshutt Plow Company for the 3.05 acres of land which they are using should be used for the benefit of the maintenance of the Mohawk Institute (see Lt.-Col. Randle's letter of June 19, 1942).

At that time there was an impression that the land being used by the Cockshutt Plow Company was owned by the New England Company and as we had not renewed the lease with that Company it was felt that the money could not be paid to the Mohawk Institute.

The portion of land being used by the Cockshutt Plow Company is land owned by the Six Nations Band. The Six Nations Band has allowed this land to be used for many years for the purposes of the Mohawk Institute.

At the present time there is an amount of \$1,830.00 which has been paid as rent by the Cockshutt Plow Company and which amount should, I feel, be sent to the Principal of the Mohawk Institute, in accordance with the wishes of the Six Nations Council. Owing to present conditions at the Mohawk Institute the Acting Principal, under the guidance of the Indian Superintendent, could spend the amount to good advantage in improving conditions at the school and thereby benefit the children attending the school, the majority of whom come from the Six Nations Reserve.

I would therefore appreciate it if you would issue instructions to have this money sent to Rev. W. J. Zimmerman, Mohawk Institute, Brantford, Ont.

I discussed the above with Mr. Hoey yesterday and he suggested that I make the recommendation given above to you.

Philip Phelan,
 Chief, Training Division.

Dear Mr. Slemm -

Re - Cookshutt Plow Company Ltd.,
and Indian Lands, Brantford.

I wish to acknowledge receipt of your letter of the
18th instant in connection with the above.

I have personally discussed this matter with the
Deputy Minister's Office and it is felt that the present time is
not propitious to approach the Indians for a surrender nor does
the Minister feel that he can introduce a separate bill before
Parliament herein.

It is, therefore, suggested that a further permit for
one year will issue on the same terms and conditions as the one
issued and forwarded to you by the Director of Indian Affairs on
the 4th December, 1945. You will be hearing directly from the
Director of Indian Affairs in the very near future.

Yours very truly,

Mr. Hoey.

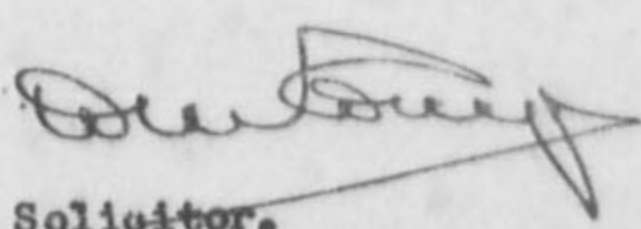

Re - Cookshutt Plow Company Ltd.
Your file 32-0-9.

You will recall that on the 4th December last you wrote to Mr. Slein, Barrister, etc., of Harley, Sweet & Slein, Brantford, Ontario, forwarding a permit to be executed by the Cookshutt Plow Company with regard to the occupancy of the Company of 3.05 acres in the Brantford Indian Reserve. This permit has now expired and I have recently received a letter from Mr. Slein - a copy of which is attached hereto - which speaks for itself.

I have discussed this matter with Mr. Jackson and he has suggested that I write to Mr. Slein in accordance with my letter of the 26th instant, copy of which is also herewith for your information.

It is suggested that Mr. Slein be written to and a new permit submitted to him to be executed by the Company for the current year's occupation. The terms and conditions of the permit should be the same as the one executed by the Company last year.

I am returning your file herewith.

MEMORANDUM:

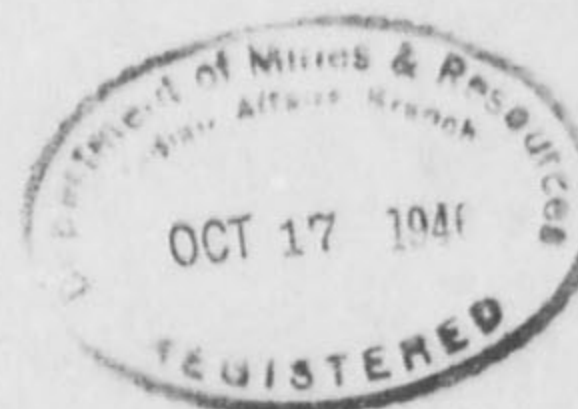

Mr. Hoey.

Re - Cockshutt Plow Company Ltd.

Herewith please find copy of letter dated the 10th instant which I have received from J.A.D. Slein, Barrister, Solicitor, etc., in connection with the above, to which is attached the permit from the Minister to Cockshutt Plow Company, duly executed by the Company. Mr. Slein now asks that this permit be executed by the Minister and that he be sent a signed copy.

As the permit referred to is made out for the execution of the Deputy Minister I have taken the liberty, under the circumstances, of striking out the word "Deputy" and initialling it. When this permit has been signed by the Minister it should be dated.

Solicitor.

Re: Occupation of 3.05 acres of Indian Reserve Land
by the Cockshutt Plow Company.

With further reference to your 32-0-9 of
the 29th of October 1945, with regard to the above,
this office would draw your attention to the fact that
we have not been notified as to whether an extension of
the permit to occupy has been made to the Cockshutt
Plow Company as from the 17th of July.

The Company, of course, are still occupying
the said land, and no further rental has been paid in
to this office. Consequently it is necessary for this
office to know what action to take.

You are also advised that the Company appear
to be erecting an additional building, part of which
appears to be on Indian land, - so it is felt this office
should have immediate information from you as to how this
entire matter stands.

Lt.-Col. E. P. Randle, Indian Superintendent, Brantford, Ontario.

We have for acknowledgment your letter of October 25th regarding the Gockshutt Plew Company permit.

The permit was renewed recently for one year from June 17, 1946. Negotiations were carried on through the office of the Departmental Solicitor and it is for this reason that you have not been previously advised. A copy of the permit is enclosed for your office records.

OFFICE OF THE
SUPERINTENDENT
SIX NATIONS INDIANS

BRANTFORD, 22nd Jan. 1947

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

With reference to your 32-0-9 (R.1) of the 1st of November last, advising us that the permit to the Cockshutt Plow Company had been renewed for one year from the 17th of June last, for the 3.05 acres, part of the Mohawk Institute farm.

It is noted that according to the permit the year's rental of \$457.50 has been paid, and this office would like confirmation of this, as the Six Nations Council are enquiring about it. Also, as you will remember, the said rental was to be paid to the Principal of the Mohawk Institute, to be used for the general benefit of the Indian children, and he does not appear to have received it.

This office would also like to point out that in this day and age, we do not consider it fitting for this permit to have been renewed without the Indian Council being advised ahead of time of the intention of the Department to do so - in case the Council had any viewpoint they wished to express.

The Department's action in this matter only arouses doubt in the minds of the Council and their people, and increases the mistrust that always exists in the Indian mind over their dealings with the powers that be - and it makes it appear at least that the Cockshutt Company receive greater consideration in the matter than those who own the land, and whose particular rights the Department is guardian of.

The Cockshutt Plow Company's action in this matter cannot be condoned under any consideration, as with any reasonable care or checking, the permanent structure they raised on the

....property

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

property leased from the Six Nations, would never have been built, particularly in view of the fact that, from the very first discussion over the leasing of the ground, it was understood no permanent building should be erected.

Further, to prove that the Company have little regard for their obligations, you are advised they have recently completed the erection of a further building on the same land.

The writer contacted their Solicitor over this matter and after some delay received a verbal acknowledgement that this was the case, - with a promise that the matter would be dealt with in a letter to the Council.

To date, though some time has elapsed, no communication has been received, and so far, in view of this, the Council have not been informed.

It would appear that this Company, ignoring all decencies or rights in the matter, are determined rightly or wrongly, to acquire that land, - though from the very beginning of negotiations over it, they knew clearly that the Six Nations' Council did not wish to dispose of it, and only reluctantly recommended the sale to their people, after the Company had erected the first permanent building.

Your early reply to this letter would be appreciated, including information as to if the rental has been actually paid direct to the Department.

Y. P. Randle.

Six Nations Council Res. No. 7, Feb. 6/47.

The Council by this resolution registered their protest at the renewal of the Cockshutt Company's permit for one year, by the Departmental Solicitor, without their knowledge or consent, - and they ask for an explanation.

As the writer previously pointed out over this matter, - it is not in the interest of harmony and good will for things to be done in the manner the Council complain of, and it is felt that as an elected and authorized Council, they should be advised beforehand of the Department's intention over property belonging to their people.

No. 7

Moved by Leonard Staats seconded by James Davis, that it has been brought to the attention of this Council that the Indian Department, through its Solicitor, has extended a lease of a portion of the Six Nations Reserve, on the property occupied by the Mohawk Institute, to the Cockshutt Plow Company, without the knowledge or consent of this Council.

Therefore this Council wishes to enter a protest against this action on the part of the Department, and requests an immediate explanation of same.

Minutes of Council Meeting

-3-

Moved by James Martin seconded by Herb. Jamieson, that in the application of the Cockshutt Plow Co. to lay a railway Spur line and erect a further building on the 3.05 acres already leased them, from the Mohawk farm at a rental of \$457.50, that this Council agrees to permit the Company to carry out their proposals on condition that the rental be increased to \$600.00 per annum, as from March 1st. 1947

Further it is to be understood that on the expiration of the original agreement, in 1950, the whole matter will be reviewed by this Council and the Company, as to a new agreement, unless the sale of the said lands to the Company is approved by our people at that time.

Six Nations Council Resolution No.3, March 6/47.

With reference to your 32-0-9(R.1) of the 26th of March you are advised the Cockshutt Plow Company had already agreed to increase the rental upon the 3.05 acres to \$600.00 per annum, as the attached copy of letter shows, this rate to commence as from the 1st of March 1947.

This matter was discussed by the writer during my recent visit to Ottawa, both with the Minister's office and with the Director, and it was considered fair that the Company should pay an additional rental in view of the fact they had already erected another extra building on this parcel of land without authority and also wish to run in a railway spur.

You will remember that the original lease consented to by the Council - gave the Company the right to use this property for the duration of the war plus five years, which in view of the war ending in 1945, meant the lease would run until June 1950.

However, when the Company exceeded their rights by putting up a permanent building, and the sale to them of the said land for \$7000.00 did not obtain sufficient votes from the Six Nations people to make possible the surrender, the Council requested the matter revert back to the original terms of the leasing agreement.

That is why in the above Resolution they refer to the original agreement - and while they appear to understand that the Company's occupation of the land is based on a yearly permit, the Council consider the permit should be renewed until 1950 just as if the original agreement had gone into effect and the question of selling the parcel had not arisen.

This office is returning our and the Company's copy of the permit and would request they be altered to show the increased rate from \$457.50 to \$600.00 per annum as from the 1st of March 1947.

Ottawa, Ontario,
May 26, 1947.

Lt. Col. E. P. Randle, Indian Superintendent, Brantford, Ont.

We acknowledge receipt of your letter of April 9, 1947, in which you state that the Council of the Six Nations Band and the Cockshutt Plow Company have agreed to an increase in rental of the latter's permit from \$457.50 to \$600.00 a year as of March 1, 1947.

As this permit does not expire until June 16, 1947, it will be necessary to cancel the same as of March 1, 1947, and issue a new permit for one year from the latter date at the increased rental. This will call for an adjustment in favour of the Company of 3½ months' rental, viz. March 1, 1947, to June 16, 1947, paid in advance under the existing permit. This rental will be credited to that payable under the new permit.

Before this action can be taken it will be necessary for you to forward a letter from the Company requesting such cancellation and the issue of a new permit on the new terms.

February 28th, 1947

Council of the Six Nations Reserve,
C/o Col. E. P. Randle,
Post Office Building,
Brantford, Ontario.

Gentlemen:

Respecting the 3.05 acres of land adjoining the Mohawk Institute which are under lease to ourselves, we find it necessary to put up a building for the manufacture of tractors and to lay a spur track from the T. H. & B. Railway to serve it. This spur track would transverse about 160 ft. of the northwest corner of the land in question.

These installations are required for the manufacture of tractors, and we wish to point out that an increase of continuous employment in the County will result.

We offer in view of the installations necessary to bring this about, to pay a rental at the rate of \$600. per year, starting March 1st.

Yours very truly,

COCKSHUTT FLOW COMPANY LIMITED

BRANTFORD, 13th June, 1947

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

This office is in receipt of your letter 32-0-9 (R.6) of the 26th of May and regrets it cannot see the necessity or the wisdom of your suggestion of cancelling the existing permit which anyway expires on the 17th of June.

It is suggested the existing permit be endorsed to show that the rental as from the 1st of March last, was increased to a rate of \$600.00 per annum.

We can then collect the difference, which we figure at \$41.55, from the Company, and a new permit can be issued to them for the year 1947-48 as from the 17th of June, which will keep the permit within the dates of the original agreement to lease in June 1942.

A copy of the Company's offer to increase the rental to the rate of \$600.00 per annum, is attached.

This office would appreciate this matter being speedily settled, as much of the trouble with this Company in the past has come about by the long delays in the issue of official documents.

MEMORANDUM OF AGREEMENT made this Twenty-third
day of October, A.D. 1946.

BETWEEN:

His Majesty the King, in the right of
Canada, represented herein by the
Minister of Mines and Resources, herein-
after called the "Minister"

of the first part

and

Cockshutt Plow Company of the City of
Brantford, in the Province of Ontario,
hereinafter called the "Permittee"

of the second part.

The original of this Document has been
removed for retention in the Records of
the Indian Land Registry.

Signature

16 6 19 46

WHEREAS in 1942 the permittee inadvertently
erected a building costing approximately One Hundred
Thousand Dollars (\$100,000.00) on the Six Nations Indian
Reserve adjacent to the said City of Brantford and con-
sequently is occupying without authority 3.05 acres of
the said Reserve;

WHEREAS the said building was erected in haste
as a War measure and is occupied by Cockshutt Moulded
Aircraft Limited, a subsidiary of the permittee;

WHEREAS the permittee, on being advised that it
was occupying Indian Reserve lands as aforesaid, paid
rental at the rate of One Hundred and Fifty Dollars (\$150.00)
per acre per annum to the Minister as compensation to the
Indian Band concerned, which said rental is fully paid to date;

WHEREAS the permittee has applied to purchase the
said land for the sum of Seven Thousand Dollars (\$7,000.00),
which sum is considered by the Director of Indian Affairs as
a very fair offer and would more than compensate the Indians
for the loss of their land;

WHEREAS the Council of the said Indian Band have
passed a resolution recommending the sale of the land as
authorized by law for the sum offered;

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

AND WHEREAS no sale may be made of the land applied for by reason of the fact that a surrender, as provided by the Indian Act, cannot be obtained as many members of the said Indian Band are off the Reserve in private endeavour at distances that make it impracticable to obtain a surrender at this time as provided by the said Indian Act.

NOW THEREFORE WITNESSTH that in consideration of the terms and conditions hereinafter set forth the Minister to the extent of such power and authority as legally exists and to the extent of such power and authority and no further doth hereby grant permission to the permittee to use and occupy the following land in the Six Nations Indian Reserve in the Province of Ontario, namely:-

All that portion of lot numbered five in the Eagle's Nest Tract in the township of Brantford in the county of Brant in the Province of Ontario containing three acres and five hundredths of an acre, more or less, as the said portion is shown on a plan of survey thereof by C. C. Fairchild, Ontario Land Surveyor, dated the twenty-first of August, nineteen hundred and forty-two, of record number M. twenty-nine hundred and sixty-six in the Indian Affairs Survey Records, Department of Mines and Resources, at Ottawa. A blueprint from the said plan is attached hereto.

The permittee agrees to the following terms and conditions:-

That this permit shall run from the 17th day of June, A.D. 1946, to the 16th day of June, A.D. 1947;

That the permittee shall pay a permit fee of One Hundred and Fifty Dollars (\$150.00) per acre, which said amount is Four Hundred and Fifty-Seven Dollars and Fifty Cents (\$457.50), the receipt of which is hereby acknowledged:

That the permittee will not assign its rights under this permit.

Indian Affairs. (RG 10, Volume 6201, file 466-9, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

It is expressly stipulated that any renewal of this agreement shall be at the pleasure of the Minister and that the permission hereby granted may be withdrawn at any time by the Indian Agent or other official of the Department of Mines and Resources by notice in writing given to the permittee.

It is further hereby stipulated and agreed that notwithstanding anything to the contrary herein contained, this agreement shall not be deemed to set up any tenancy by implication or otherwise.

IN WITNESS WHEREOF the parties hereto have duly executed these presents.

AND WHEREAS no sale may be made of the land applied for by reason of the fact that a surrender, as provided by the Indian Act, cannot be obtained as many members of the said Indian Band are off the Reserve in private endeavour at distances that make it impracticable to obtain a surrender at this time as provided by the said Indian Act.

NOW THEREFORE WITNESSETH that in consideration of the terms and conditions hereinafter set forth the Minister to the extent of such power and authority as legally exists and to the extent of such power and authority and no further doth hereby grant permission to the permittee to use and occupy the following land in the Six Nations Indian Reserve in the Province of Ontario, namely: -

All that portion of lot numbered five in the Eagle's Nest Tract in the township of Brantford in the county of Brant in the Province of Ontario containing three acres and five hundredths of an acre, more or less, as the said portion is shown on a plan of survey thereof by C. C. Fairchild, Ontario Land Surveyor, dated the twenty-first of August, nineteen hundred and forty-two, of record number M. twenty-nine hundred and sixty-six in the Indian Affairs Survey Records, Department of Mines and Resources, at Ottawa. A blueprint from the said plan is attached hereto.

The permittee agrees to the following terms and conditions:-

That this permit shall run from the 17th day of June, A.D. 1947, to the 16th day of June, A.D. 1948;

That the permittee shall pay a permit fee of Six Hundred Dollars (\$600.00) in advance on the 17th day of June, A.D. 1947;

That the permittee will not assign its rights under this permit.

It is expressly stipulated that any renewal of this agreement shall be at the pleasure of the Minister and that the permission hereby granted may be withdrawn at any

COCKSHUTT PLOW COMPANY LIMITED

BRANTFORD, CANADA

June 15th, 1948.

The Honorable James A. MacKinnon,
Minister of Mines & Resources,
Ottawa, Canada.

Dear Jim:

It happened very quickly after I saw you but
is no doubt a first-class solution to the whole matter.

Our problem is that we purchased land from
the Six Nations amounting to approximately 3 acres, upon
which we erected permanent installations which would amount
to more than a quarter of a million dollars in value.
Unfortunately, because of the peculiarities of Section 51
of the Indian Act the release of the land was not subsequently
confirmed by the band.

From what I can hear the new Act makes it
practically impossible to obtain a confirmatory vote of the
band.

In the circumstances a Special Act seems to
be the only solution.

Having in view the fact that the New Act is
not likely to be brought down at this session, but will be
introduced at the next session, we plan on deferring any
requests for a Special Act until after the New Act is passed.

With best regards, I am,

Yours faithfully,

COCKSHUTT PLOW COMPANY LIMITED

Ottawa, Ontario,
July 12, 1948.

Dear Mr. Thomson:

I have for acknowledgment your letter of June 15th with reference to the 3.05 acres of the Six Nations Indian Reserve which is encroached upon by your plant.

You will recall that when the temporary settlement was made in July, 1947, a temporary permit was issued to your Company for one year expiring June 16, 1948, at an annual fee of \$600.00. That permit by its terms contemplated a renewal at the pleasure of the Minister, on the same terms, if a final solution had not been found.

As that permit has now expired and as it is not yet possible to conclude the matter on a permanent basis, I propose for your approval that I grant to your Company a further permit on the same terms covering the period from June 17, 1948, to June 16, 1949. The issue of this permit would give us a year in which to negotiate a permanent settlement of the matter, if and when the necessary statutory authority can be obtained.

If, therefore, you will forward to the Indian Affairs Branch of this Department your Company's cheque for \$600.00, a new permit for one further year will be forwarded to you for signature and return, on receipt of which I would be only too pleased to complete this temporary arrangement to tide us over for the present.

Yours sincerely,

Dear Mr. MacKinnon:

In response to your favor of the 12th instant
I am enclosing our cheque for \$600. being the agreed
rental in connection with a permit covering 3.05 acres
of Indian lands adjoining our Main Plant property.

We shall be pleased to receive a new permit
extending the period for another year, during which it
is hoped that means will be found to implement the
purchase agreement made between the Council of the Six
Nations and ourselves with respect to this land.

Yours faithfully,

With reference to the Permit issued the Cockshutt Plow Co. under File 32-0-9, by our Department and covering a portion of the Mohawk Institute property. As this expired on June 16th, 1949, and application for renewal was overlooked by the Company, it would be appreciated if the Department would forward a renewal agreement for the signature of the Cockshutt Company.

Ottawa, 8 December, 1949.

Dear Mr. Bryce -

Mohawk Indian Residential School,
Brantford, Ontario.

The above school has been under lease by the Crown from the Company for the Propagation of the Gospel in New England and the parts adjacent in America commonly called the New England Company for a number of years, in fact from 1921. During the above leasehold the New England Company has carried insurance on the building and has paid the premiums. Recently we have been informed by the Treasurer of the Company that it has been decided to allow the fire insurance on the building to lapse. There is no obligation in the lease to insure, consequently if the school should be destroyed by fire during the term the Crown would be liable to replace it.

The question of the Crown insuring this building, you will recall, was discussed between us on the phone the other day and you advised that in your opinion the Crown should not insure. The Company is being notified to this effect.

Yours sincerely,

W. J. Buchanan

for Deputy Minister.

See answer on 1 of file

Brentford, Ontario,
11th February, 1949.

Indian Affairs Branch, Dept. Mines & Resources, Ottawa.

This will acknowledge your file No. 466-10 (E. 1) of the 8th instant, with regard to the truancy at the Mohawk Institute.

In reply you are advised that early Sunday morning, the 23rd of January, it was found that 25 girls had left the building, all in the teen age group, subsequently it was found they had left their dormitories about 4 A. M. that morning, and by picking a door lock and removing some heavy window screening, had made their get away from the basement.

The Principal advised the R. C. M. P. and local police, and also advised the writer, and also immediately contacted the Oshaweken Detachment in order to have them patrol the roads to watch for truants making for the Reserve and to commence calling at homes where the missing pupils were likely to go.

Within a few days as a result of the R. C. M. P.'s efforts, and also the Principal and his staff, all the pupils were back except two, one from Sarnia and one from Walpole.

Mr. Zimmerman had, of course, previously contacted the Superintendents of outside Reserves - informing them what girls from their respective Reserves were missing.

Indian Affairs. (RG 10, Volume 6202, file 466-10, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

On the return of the missing pupils they were questioned as to their motives for running away, and their reasons can be listed under the following headings:

- (1) Adverse to school discipline, and a belief (evidently fostered by outside influences) that they did not have to obey the orders of the Principal or his staff.
- (2) Some animosity over punishment from our teacher, Mr. Anderson - with allegations of being too rough.
- (3) Homesickness.
- (4) Went away for no particular reason - other than because the others were going.

The first reason is understandable - as it appears strongly everywhere - the modern child's dislike for discipline - rules or regulations of any kind, and an inclination to disobey and not respect their elders.

There is some evidence that certain elements on the Reserve are encouraging the children in the belief they do not have to obey orders, but we are attempting to investigate this.

Mr. Zimmerman does not credit that Mr. Anderson has in any way exceeded his powers by punishing children, and on my questioning him about using any physical efforts that might look like force - while not intended to be - Anderson declared he had not done anything of that nature.

There is naturally always some homesickness, and some of it is the parents' fault as many of them that could, often neglect to visit their children for weeks at a time.

This is a matter the Principal could give some attention to - by contacting, in a friendly manner, parents who could and yet do not visit their children.

Indian Affairs. (RG 10, Volume 6202, file 466-10, part 6)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

It rather appears that two or three girls of the fifteen-year-old group were the ringleaders, and more or less led the bulk of the others on.

The Principal is of the opinion that going home for the summer holidays often plays havoc with girls of this age. Their parents or relatives allow them unlimited freedom, and they often - naturally enough - strike up male friendships - and thus come back to school, and are dissatisfied with restraints of life there.

All the runaway pupils were interviewed on their return, and it was hoped that with the kindly but firm talking to they received that they would settle down and conduct themselves in a fitting manner.

But it is regrettable to have to report that ten of the same girls ran away again last Saturday, of which five are back.

We are, at the moment, conducting a thorough investigation into this - and may have to lay charges against some families and individuals for contributing to juvenile delinquency, if the facts warrant it.

This office regrets not reporting the first truancy - but as it was all quickly settled, the writer did not wish to burden your division with its heavy responsibilities with a matter it was our duty to attend to and rectify.

However, the second outbreak made the matter much more serious, and it was my intention to report the whole matter when all pupils are back and our investigation complete.

E. A. Randle.

Lt.-Col. E. P. Randle, Indian Superintendent.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

Deseronto, Ont. January 27th, 1949

Sir,—

I hereby make application for admission of the undermentioned child into the Mohawk Institute Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name Russell Culbertson
Age 10 yrs
Name of Band Mohawk, Bay of Quinte
No. of ticket under which child's annuity is paid.....
Father's full name and No. George A. Culbertson, Jr. #572
Mother's full name and No. Mabel May Sero
Parents living or dead living
State of child's health good
Religion Anglican
Does applicant speak English? yes
Previously attended Belleville & Shannonville school for 3 years

Geo A Culbertson
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

*

Signature of Missionary or other Witness

Blasius
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Re-Admission to Indian Residential School-Brantford,

Enclosed please find application forms for admission of four children of the Mohawk Band, to the Mohawk Institute at Brantford, Ont., namely Marlene, Russell, Anne and Ellen Culbertson.

The home conditions of these children are not satisfactory, the parents are not compatible and live together only sporadically. The father is a veteran and has some difficulty controlling his appetite for liquor. I believe the mother tries to get along but at times finds it impossible, so leaves home. The children then lack adequate care. Both parents are agreeable to placing the children in the Institute.

Rev. Zimmerman has intimated that he will find accommodation for the four children, in his letter to us of Feb. 1st.

It will be necessary to provide transportation for these children to Brantford, and I suggest that permission be given to use the nurse's car.

Mr. F. Brisebois,
Superintendent, Indian Agency,
Caughnawaga, P.Q.

The following letter has been received from
Angus Horne, 424 Washington Avenue, Dunkirk, New York:

"I want release for my daughter
Mildred Horne, she is at Mohawk
Institute, she is restless at school
and seem to lost interest there. I
have a good place over here for her,
kindly give me early reply."

Our records show that this girl was
placed in the Mohawk Institute on 1st September,
1944, and her age on the return is stated to be
11 years. Do you think it advisable to discharge
the girl? In any case, we would not send her
home until the end of June.

2nd March, 1949.

Mr. D.R. Cassie,
Superintendent, Indian Agency,
Deseronto, Ontario.

With reference to your letter of the
21st ultimo, the Department approves the admission
of the following children to the Mohawk Institute:

Russell Culbertson
Mary Ellen Culbertson
Anne Culbertson
Marlene Culbertson

We believe that the best method of
taking these children to Brantford is by train.
You can place them on a through train and notify
the Principal and he will meet them on their arrival
at Bratford. It might be preferable for you to
accompany them to Toronto so as to make certain that
they are placed on the proper train.

Payment of the cost of transporting
these four children and the expenses incurred by
yourself will be paid on receipt of the usual account
in duplicate. If you wish an advance for this purpose,
please let me know.

We only require one copy of the application
forms and the duplicates are, therefore, being returned.

Bernard F. Neary,
Supt. of Indian Education

LEONARD STAFFS et al (Indians) "Contributed
to Juvenile Delinquency" Sec. 33 (b) Juvenile
Delinquents Act - Six Nations Reserve, Ontario.

4. None of the four Indians mentioned in this matter could be located for questioning until Feb. 13th. when the writer was successful in locating Leonard STAFFS and Margaret LOFT. Both these Indians admitted that they had been in the home over night with the three young girls previously mentioned. They both admitted having slept on the same bed with Eunice GEORGE, knowing that she was a young girl and a truant from the Mohawk Institute in Brantford, Ont. Staffs denied having had intercourse with Eunice GEORGE or with either of the other two girls who had spent the entire night of the 9-10th. of February at his home. LOFT stoutly maintained that he had had nothing whatever to do with any of the girls mentioned but admitted having slept on the same bed with Eunice while Naomi KING occupied the cot in the same room and but a few feet from them.

5. On the 15th. of February the full facts as ascertained in this investigation were related to Mr. G. C. Simin, County Crown Attorney, who instructed that each of the four Indians be charged under Section 33 (b) of the Juvenile Delinquents Act. This action was followed and all four were served with summonses to appear for trial at Brantford, Ont. on the 25-2-49. On that date the Hearings were adjourned to the 2-3-49.

6. On this date it was necessary to obtain still another adjournment as the girl, Alfreda SCHUYLER could not be located for service with summons to witness. She is again a truant from the Institute and to date all efforts to locate her have failed. Every effort will be put forth to have this girl in Brantford Court on the 9th. inst. A further report in this case will be submitted to comply with the undersigned diary date.

1. On the 7th. of February last various members of this detachment were out on the Six Nations Reserve endeavouring to locate and apprehend a number of young female truants from the Mohawk Institute at Brantford, Ontario. Information on hand at this office at that time suggested that six girls had escaped from the Institute on the 5th. of February and four more had departed for parts unknown on the 7th. of February.

2. Subsequent investigation revealed that on the night of February 9th. three of these female truants had remained over night in a house on the Six Nations Reserve, occupied by one Leonard STAATS. Staats is a single man, aged about twenty-two years. Further enquiries disclosed that three other Indians of this Reserve, namely - John FRASER, Mitchell HILL and Emerson LOFT, all pals of Leonard STAATS had stayed in the Staats' home on the night of the 9th. of February and had remained there for the entire night, along with three of the young girl truants.

3. On the 11th. of February the writer questioned one Eunice GEORGE, aged 15 yrs. and a truant from the Mohawk Institute at Brantford, Ont. from the 7th. to the 10th. of February. This young girl admitted to the writer that she, along with Ramona KING and Alfreida SCHUYLER, also 15 year old truants from the Institute, had stayed all night at the home of Leonard Staats; That they had gone to the Staats home during the early evening of the 9th. of February and had remained there until the afternoon of the 10th. when arrested by members of this detachment and returned to the Institute at Brantford, Ontario. Eunice GEORGE stated that she had slept in a bed with Leonard STAATS and eventually admitted having had intercourse with him during the night. Further questioning by the writer disclosed that this young girl had first been on the bed with Mitchell HILL but she maintained that she had not had intercourse with HILL. She then stated that at one time during the night she had slept on this bed with STAATS and that HILL and Emerson LOFT were also asleep on the same bed. This young girl further stated that Ramona KING and slept on a cot in the same bedroom and that this girl had slept alone. When questioned as to the whereabouts of the other girl, Alfreida SCHUYLER, Eunice stated that this girl had slept in the kitchen which adjoins the bedroom and that she had slept on a couch there with John FRASER.

On the 7th. of February, four more young girls left the Institute under similar circumstances. About three weeks prior to this a total of twenty-five young girls left the Institute without permission. Investigation into this matter revealed that a large number of these girls were making their way direct to the home of Hilliard Fraser where they were staying for a few days before leaving for other parts.
2. On Feb. 15th. this matter was gone over with the County Crown Attorney, Mr. C. C. Slemin when he instructed that an information be laid, charging Fraser under section 34 of the Juvenile Delinquents Act.
3. On the 16th. Ultimo the writer laid an information against the above named under Section 34 of the said Act and he was summonsed for trial before Magistrate Gillen at Brantford, Ont. on the 25-2-49.
4. On the 25-2-49 Fraser appeared in Brantford Court and entered a plea of "Not Guilty" to the charge. He was represented by Counsel, Mr. N. E. Lickers. At the request of the Prosecution, the Hearing was adjourned to March 2nd. In the interval, Summons to Witness were obtained for the following persons - Rev. ZIMMERMAN, Principal of the Mohawk Institute - Lois Hess, Alfreida SCHUYLER, Eunice GEORGE and Romana KING (All young girls of the Institute and former truants) The writer was successful in serving Rev. Zimmervan and two of the girls with summonses but the other two girls, Alfreida Schuyler and Lois Hess again left the Institute and to date have not been located.
5. On this date, March 2nd. Fraser again appeared in Brantford Court when it was necessary for the Prosecution to obtain still another adjournment due to the fact that two of the main Crown witnesses could not be located. The Case was further adjourned to March 9th. Every effort will be put forth to locate and serve these two girls with summonses in time for their attendance at Court in Brantford on the 9th. inst.
6. A further report in this case will be submitted to comply with the under noted diary date.

FILE 205-1 (29)

Sarnia, March 16th, 1949.

2593

Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA, Ontario.

Alfred Cottrelle, #276, Sarnia Band had three daughters, Loraine, Marilyn and Dorothy, in the Mohawk Institute at Brantford during the 1947-48 term. In July, 1948 this man visited the office and informed me that he did not intend to send Loraine and Marilyn back to residential school in September. He agreed to send his youngest daughter, Dorothy. In a letter dated July 12th, 1948 the Principal of the school, Mr. Zimmerman, agreed to the discharge of Loraine and Marilyn. However I do not believe that the Department has been notified re the above and therefore official discharge has never been obtained.

As mentioned above Dorothy Cottrelle was supposed to return to Mohawk Institute in September, 1948. I put considerable pressure on the father to return her at various times throughout the Fall. He tried to persuade his girl to go back to Brantford but she refused and would run away, etc. In January, 1949 the father was successful in getting her back to Brantford, but she remained there only one week and ran away. She returned to Sarnia Reserve where she is living at the present time. In my opinion it would be advisable to agree to the dis-

2.....

charge of all three of this man's children.

When Mr. Doucet visited Sarnia Agency about one month ago the matter of truancy of three or four Indian girls from Mohawk Institute was investigated. One of the girls is Marilyn Rogers, daughter of #210, William Rogers, Sarnia Band. I have given this girl temporary permission to attend St. Clair Indian Day School until a Departmental decision has been received regarding her return to Brantford. I do not think it would be advisable to force Marilyn to return to Mohawk School as she would no doubt run away again. I therefore recommend that she be officially discharged.

When Marilyn Rogers left Mohawk School two Kettle Point girls, namely Eunice and Helen George, daughters of Simpson George, #301 and Miss Evelyn George, #302, Kettle Point Band, accompanied her. These two girls are running loose on Sarnia Reserve at the present time. I see no use in forcing them to return to Brantford but am taking no action on the matter pending instructions which I understood Mr. Doucet was going to send on his return to Ottawa. These girls are about fourteen or fifteen years of age. I recommend that they be officially discharged and allowed to attend Kettle Point Indian Day School if they wish to do so.

An early reply with regard to the above will be appreciated.

March 18th, 1949.

F.W. Taffnell, Esq.,
Indian Superintendent,
R.R. No. 5,
WILTON,
Ontario.

Receipt is acknowledged of your letter
of March 15th, 1949, your file 6-1, concerning the seven children
of Mrs. Ephraim Ashkew, No. 271 Cape Croker Band.

The matter of placing the three oldest
in the Mohawk Residential School has been referred to the Training
Division for their action. You fail to indicate in your letter what
effort the father of these children is prepared to make in looking
after them. In due course, please let us have a full report covering
this point and at the same time let us have your recommendations as to
where the children should be placed and at what cost. It is contemplated
that the Interest shares of the parents and of the children will not now
be paid in the usual way but will be deposited in Savings. In the case
of the children entering Mohawk Residential School, if such is done, the
monies will be retained until they are twenty-one years of age. The shares
of the mother might be available to furnish small comforts for her when she
is in the Sanatorium. The shares of the father and the four children should,
it is thought, go towards the maintenance of the children. Your comments
and recommendations would be appreciated at an early date.

R.N. # 5, Warton, Ontario
March 15th, 1949.

I beg to report to the Department Motion No. 3 passed by the Cape Croker Council at their regular meeting held here March 7th, Chief and four Councillors present.

Moved by Alfred Jones and Barney Nadjiwon that we authorize our Agent to forward all particulars to the Department as to the reasons why the council recommends that in view of the circumstances involving the placing of the three children of Mr. and Mrs. Ephriam Ashkewe in an Institution as soon as possible.
Cd.

Note: - Regarding the above motion passed by the Council I wish to inform the Department that Mrs. Ephriam Ashkewe No. 271 was admitted to the Freeport Sanatorium March 8th, 1949 and will have to remain there for some time she having left seven small children to be cared for therefore the council recommend the three oldest be placed in the Mohawk Residential school at Brantford as soon as it can be arranged, namely Osborne Pedoniquott No. 419, age 10 years, Evelyn Ashkewe age 8 years and Winnifred Ashkewe age 6 years.

I would also recommend this be done as the four younger children will have to be cared for by some relative on the reserve. An reply regarding this motion at the Department's earliest convenience would be very much appreciated.

Mohawk Institute - Discharge of Pupils

This office appreciates your letter 446-10 (E) of the 22nd instat with regard to the above matter.

The writer hesitates to interfere in the decision of a Superintendent of another Agency, but as Mr. Doucet was informed when here, our policy with regard to the children belonging to the Six Nations Superintendency is that if they play truant by running away they must be found and returned.

Otherwise, we should soon have chaos at the School, as any child with a notion that he or she dislikes the school for some reason or other, could make up their minds to run away, knowing that no action would be taken and it was an easy way to rid themselves of the school and its discipline.

Many parents would also be up in arms over such a lax policy, as it is not unknown for a child to run away to some relative, who is sympathetic and stay there, rather than go home to parents who will send them back to the Institute.

On the other hand, while hesitating to intervene in the decisions made by another Superintendency, not knowing the local facts as he does, it is a fact that once children arrive at the Mohawk Institute, they become, in a way, my responsibility and under my jurisdiction, for when such outbreaks occur, the Principal phones me and on each occasion it has been necessary to institute energetic action as the Principal is inclined to be lost in a fog.

So, it is my opinion that all Superintendents sending children to distant schools outside their own Agency, should, unless very special reasons exist, be willing to co-operate and have runaway children immediately returned.

Indian Affairs. (RC 10, Volume 6202, file 466-10, part 6)

You will be glad to know that with regard to the action taken in Court against the young men for contributing to juvenile delinquency of the runaways, that each was convicted and given a \$50.00 fine or two months in gaol.

The case took considerable time, but it is my opinion that both the girl pupils and the young men, learned a mighty good lesson, as they far from enjoyed the stern examination they went through in the witness box from the Crown Attorney and the Principal informs me the girls concerned have been very much subdued since that experience.

The young men engaged a lawyer and pleaded not guilty, so ~~there~~ the full rotten story was disclosed and they certainly looked shamefaced.

The case against the married couple who harboured some of the runaways is not yet concluded.

Re: Mohawk Indian Residential School
Ref. your 100 (32) of March 25

We note the action taken by the court against the young men who contributed to juvenile delinquency in the recent truancy case at the above school. It would seem that the Cottrelle girls are among the ring leaders in this truancy case and that some consideration should be given to have them committed to a reform institution. The Department can appreciate the extra burden placed on you as Indian Superintendent directly responsible for this school when you are faced with a number of truanies. While the discipline of this school must be maintained, we do not want Indian Superintendents to regard it as a reform institution to which children can be sent who are giving trouble to their parents.

The Indian parents must also be informed that children can not be sent to the Mohawk Residential School and discharged from it to suit their whims. I have, therefore, asked Mr. Zimmerman to visit Mr. McCracken at an opportune time and to discuss with him the possibility of either having these girls committed to a reform institution or returned to the Mohawk Residential School.

Bernard F. Heary,
Superintendent of Education.

R.R.#5 Wiarton, Ontario.
April 5th, 1949.

I have for acknowledgment Department letter of March 23, regarding the three children of Mr. and Mrs. Ephriam Ashkewe to be sent to Mohawk Residential School at Brantford, Ontario.

I herewith enclose application forms for each of these children and would appreciate being advised if they are accepted when they can be sent to the Residential school.

L. W. Luffnell
Indian Superintendent.

Re-Admission to Indian Residential School-Brantford, Ont.

Enclosed please find application form for admission of Ethel Lorraine Maracle, of the Mohawk Band, Tyendinaga Reserve, to the Mohawk Institute at Brantford, Ont.

This child's mother is dead, and since her father re-married the girl has been boarded out among relatives. The child is of a nervous disposition and has developed an impediment in her speech. It is considered the child will receive the proper care and attention to overcome this condition at the School, but is not likely to receive this under the present arrangement.

Upon receipt of your consent to the admission, the Grandmother has agreed to take the child to Brantford. Rev. Zimmerman has intimated that he will find accommodation for the child.

Dear Doctor Palmer: Rose Atkinson

The Superintendent of Indian Education has forwarded this office a copy of Dr. J.M. McDougall's letter to you of April 4 concerning the above mentioned girl.

Our records give us very little information on the patient and a report from you would be appreciated. Would you please comment on Dr. McDougall's recommendation and advise if you know of a Convalescent Home where she could be accommodated.

May we also be advised as to what reserve and agency she belongs, if you have this information.

Yours truly,

W.L. Falconer

Mr. W.J. Zimmerman,
Principal,
Mohawk Residential School,
Brantford, Ontario.

Dear Mr. Zimmerman:

Owing to very unsatisfactory home conditions, Superintendent Brisebois, Caughnawaga, P.Q., wishes to place Gloria Joan Splicer in a residential school. This girl is 14 years of age, and has been attending the Caughnawaga United Church Day School. Her father is dead and her step-father does not wish to keep her in his home as the girl's mother is in the hospital with a very serious heart condition.

Please wire me on receipt of this letter, stating if you are willing to accept her. Arrangements will then be made to have her go to Brantford immediately.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education

Caughnawaga, Que.,
April 29, 1949.

The Indian Affairs Branch, Dept., of Mines and Resources,
Ottawa, Ont.

This will acknowledge the receipt of your letter of the 21st instant enclosing the original of a communication from Miss W. Roberts, Teacher at the local U.C. Indian Day School, dealing with the case of Gloria Morris of this Reserve who recently gave birth to a child. Miss Roberts suggested that she be sent to Brantford at Rev. Mr. Zimmerman's school.

In reply I wish to say that I concur with you in that you consider inadvisable to send Gloria to the Mohawk Institute. She is not the type of girl to mix with other girls of her age at school.

I understand Miss Roberts together with a Social Worker are working on this case.

As soon as the submit some plan for the girl's future, we will communicate with you.

Frs. Brisebois

(Frs. Brisebois)
Supt., Indian Agency.

ENCL.

As Gloria is still of school age, Rev. Zimmerman was willing to accept her at Brantford

Dear Sir:

It was a pleasure to meet Rev. Zimmerman of the Brantford school last week while he was in Caughnawaga.

In our conversation he enquired about the Morris family from which he has two girls in attendance at his school.

I cited the case of the third girl Gloria, age 15, who has just returned home from the Catherine Booth Hospital where I have had her under care for a month. Gloria is at home with her baby. The parents demanded the child but they have no means of ~~support~~ supporting it. The Children's Aid of Montreal were willing to accept the baby.

As Gloria is still of school age, Rev. Zimmerman was willing to accept her at Brantford

Indian Affairs. (RG 10, Volume 6202, file 466-10, part 6)

attend school there and to help
on the staff. He suggests contact
for your advice and sanction on
this case.

Yours sincerely,
(Miss) Evelyn Roberts.

P.S. I have a Social Worker from the Children's
aid working on this case. She has visited
the home, previously to Gloria's going into
the hospital, and found conditions very
unsatisfactory for raising a child. So as
far as the baby is concerned she may take
the case to Juvenile Court.

1. On the early afternoon of the 9-4-49, Albert OLIVER (Indian), from Sarnia Reserve reported that two Indian girls, originally from Kettle Point Indian Reserve, had run away from the Brantford Industrial School and were leading an immoral life in this district.

2. Investigation showed that this was quite true. The girls, Ida GEORGE, age 13 and Helen GEORGE, age 14, came to Sarnia Indian Reserve around the beginning of March 1949 and were taken in by friends. Later these girls began to run away from these homes and stay away for a few days at a time. They were known to spend nights in cabins with any men that would ask them in and tried to get other girls on this reserve to do the same. The parents of other girls on the Reserve began to complain and desired that these girls be sent away from the Reserve.

3. This matter was referred to the Indian Agent who stated that he had informed the Superintendent of The Brantford Industrial School as to the whereabouts of these two girls and directed that they be returned to the father, Simon GEORGE, at Kettle Point Indian Reserve.

4. On the evening of this date, the writer accompanied by Police Matron, Mrs. Sarah FRUE, located the above mentioned girls and proceeded to Kettle Point Indian Reserve where they were left at the home of Simon GEORGE. Dear Miss Roberts:

We have received your letter of the 17th ultimo regarding Gloria Morris. As such matters should be handled through the office of the local Indian Superintendent, your letter was forwarded to Mr. Brisebois for his comments. At the same time we advised him that we were not prepared to consider placing Gloria Morris in the Mohawk Residential School.

I presume that the matter has been discussed with Mr. Brisebois, as he states in his reply that he will communicate with us again.

Yours sincerely,

Dept of Mines and Resources
Ottawa, Canada.

16286

Dear Sir.

I, William Solomon, member of the Saugeen Band of Indians at Chippawa Hill, Ontario, and at present employed here in Hamilton, am making an application for a Transferral of my three children, Audrey Gertrude (Elsie), William Roderick, and Orlin Hilmer Solomon whom are at present in Mohawk Institute in Brantford Ontario, to the Shingwauk Indian Residential School at Sault Ste. Marie Ontario as soon as possible; If possible at the beginning of the Fall Term, Sept. 1st. 1949.

This matter I would very much appreciate if it could be executed immediately so that I may have knowledge of this matter before the school closes for the holidays.

The reasons of this desire for the such transferral of my children can be stated by me should the Dept of Indian Affairs require these reasons. Write me if more information regarding this matter should arise. Thanking You.

Sincerely Truly
Wm. Solomon

Indian Affairs. (RG 10, Volume 6202, file 466-10, part 6)

10th May, 1949.

Mr. D. Robertson,
Superintendent, Indian Agency,
Chippewa Hill, Ontario.

We are in receipt of a letter
from William Solomon, 204 Mary St. N,
Hamilton, Ontario, requesting the transfer
of his three children from the Mohawk
Residential School to the Shingwauk Residential
School at Sault Ste. Marie, Ontario.

He does not give any reason for
wishing this transfer, and we would appreciate
it if you would communicate with Mr. Solomon
and let us have your views on the matter as
soon as possible.

PERSONAL:

, May 13, 1949.

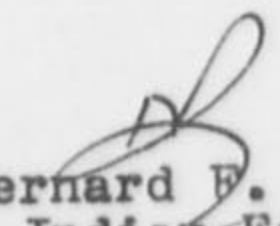

Dear Sir:

Please find attached a self-explanatory letter from Dr. Falconer together with one from Dr. Palmer.

As you are aware, it is not our responsibility to maintain Indian girls or boys who should be in convalescent homes. However, I presume that Dr. Palmer has discussed this situation with you, and I would be glad to hear your re-action to Dr. Falconer's proposal. If you are not prepared to accept his suggestion, please do not hesitate to let me know.

In replying would you kindly return the attached letters.

Sincerely yours,

Bernard F. Neary,
Supt. of Indian Education.

Rev. W.J. Zimmerman,
Principal, Mohawk Res., School,
Brantford, Ontario.

File 466-10

~~64-25 (E.1)~~

June 3rd, 1949.

Mr. V.M. Eastwood,
Superintendent, Indian Agency,
385 Water Street,
Peterborough, Ontario.

We have received your letter of May 31st, your file 25-5 (25), with reference to the family of John Knott, and careful consideration has been given to its contents.

I note from the last paragraph that you express the opinion that they would not be suitable candidates for a residential school. We are inclined to agree with you in that regard, but we feel it would be difficult if not impossible to place them in any white institution.

Our suggestion is that Margaret, age 10, and Joyce, age 9, be placed in the Mohawk Institute at Brantford, and that Ethel, age 12, and Betty Joan, age 6, be placed in the Shingwauk Residential School at Sault Ste. Marie. It is realized that in making this suggestion we are separating the family, but we do not feel that this would cause any great difficulty.

If you agree with our suggestion, you might forward application forms for the schools mentioned above.

Mohawk Indian Residential School

Reverend Sir:

I have written to Indian Health Services concerning Rose Atkinson as I feel she is, in the main, their responsibility.

I am pleased to note your floor polisher has arrived and hope it continues to give satisfactory service. We are badly delayed at the present time in the passing of Orders-in-Council due to the absence of the various Ministers from Ottawa. However, we do hope for improvement in the situation after Election Day.

Sincerely yours,

Bernard P. Neary,
Superintendent of Education.

I beg to report to the Department
Motion No.1 passed by the Cape Croker Council at
their regular meeting held here July 4th, Chief and
four Councillors present.

Moved by Charles Nadijwen and Alfred
Jones that the children of Mrs. Nelson Ashkewe be
sent to Brantford Residential school after holidays.
Cd.

Note:- Regarding the above motion passed
by the council, I beg to inform the Department that
Mrs. Ashkewe is a widow and has five children which
she finds to much of a responsibility therefore I
would recommend that the two eldest children be
admitted to Residential school if there is a vacancy
if this is approved by the Department I will have the
necessary form completed.

Re: Dept'l Letter, File 466-10(E1),
dated July 8, 1949.

In acknowledging the above-mentioned letter please be advised that Mr. William George, father of the children, was questioned as to why his children should receive institutional care.

He stated that both he and his wife are, and have been, working out attempting to save money to build a bigger and better home for their family. The children have been left in the care of an aged lady for whom the task is too heavy and the children are sometimes left more or less on their own which is a worry on the parents.

This Office is quite ready to corroborate his statements as Mr. and Mrs. George are an excellent type of Indian and should be encouraged in their worthwhile ambition.

Fred Hall,
SUPERINTENDENT.

Your June Quarterly Return for the
Mohawk Indian Residential School has been received
along with the request for a part-payment on the
June Quarter.

I trust that you will be receiving
the part payment cheque for \$5000.00 shortly.

On checking the quarterly return it is
noted that pupils 01163, 01251, 1116, 1153, 1180, 1192,
1223, 1228 and 1279 are shown to have been in residence
for less than the prescribed number of days. In most
of the cases you showed absence to be caused on account
of truancy, but you failed to show the date when the
pupils left the residence or returned thereto.

For checking purposes the Treasury Branch
and the Auditors insist that all necessary dates be
shown. Therefore, it is requested that this information
be provided for this return and all dates be shown on
future returns.

Following # 1293 you have shown Winston Seth
who is fourteen years of age and was in residence for thirty
days. He was also shown on the March quarter for thirty-
six days. Would you kindly supply more information on this
boy, as we do not appear to have an application for admission
for him. He is not shown on the Admission and Discharge form
for March. We have not received an admission and discharge
form for June.

4666

Reference is made to official letter of January 24th 1948 Department file No. 32-0-10 approving of the admittance to Mohawk Residential school of four children of McAlpine Stonefish of this Agency.

Mr. Stonefish has been on the Reserve for the past several months where he has purchased a house and is caring for the children returned from school for the summer vacations.

He has requested their discharge from the Residential school claiming that he can care for them and the oldest girl can assist him in their care. Mrs. Peters his sister and a Aunt of the children live close by and can assist in their care.

I recommend the approval of their discharge.

Stuart Spence,

Agency Superintendent.

August 2nd, 1949.

Mr. S. Spence,
Superintendent, Indian Agency,
Highgate, Ontario.

We are in receipt of your letters
of July 25th with reference to the discharge
of certain children from your Agency who
have been attending the Mohawk Residential
School at Brantford, Ontario.

We are prepared to grant the discharge
of the five Watson children, and we are so
advising Mr. Zimmerman, the Principal.

With reference to the Stonefish
children, I think it would be advisable to
defer action on them until the end of August.
If at that time you still feel the same about
their discharge, we are prepared to approve
such action. By deferring their discharge
we simply wish to make certain that Mr.
Stonefish is willing to provide a proper
home for his children.

Rev. W.J. Zimmerman,
Principal,
Mohawk Residential School,
Brantford, Ontario.

Dear Mr. Zimmerman:

Indian Superintendent Stuart Spence has informed us that David Watson was remarried on June 10th, and that he and his wife are prepared to care for Mr. Watson's five children who are now enrolled at the Mohawk Residential School. Mr. Spence considers that Mr. Watson will provide a suitable home for his children, and consequently, the discharge of pupils #1249, #1280, #01280, #01282 and #01283 is approved.

Sincerely yours,

PP/ST

Bernard F. Neary,
Supt. of Indian Education

I wish to refer to Department letter NO. 466-10 (E.I.) dated May 10th. regarding the transfer of the three Solomon children from the Mohawk Residential School to the Shingwauk Residential School.

I have had a reply from Mr. Solomon and he states that he intends moving from Hamilton, Ont. to Northern Ontario, as these children have attended the Mohawk School for a number of years I would think it would be to their interest to remain there at least until Mr. Solomon is settled in his new home.

Don. Robertson
Don. Robertson,

Superintendent, Indian Agency.

August 4th, 1949.

Mr. D. Robertson,
Superintendent, Indian Agency,
Chippewa Hill, Ontario.

We are in receipt of your letter
of the 26th ultimo with further reference to
the 3 Solomon children.

The Department does not see any
special necessity for transferring these
children to the Shingwauk Residential School
at the present time. Even though the father
obtains work in Northern Ontario, there is no
guarantee that he will be close to the Shingwauk
School which is located at Sault Ste. Marie.

Under these circumstances, the
children would be better to remain in the
Mohawk Residential School.

ALICE M. WOODS
SECRETARY-TREASURER

August 2, 1949.

Rev. W.J. Zimmerman,
Mohawk Institute,
Brantford, Ontario.

Dear Sir:

Re: Rose Atkinson.

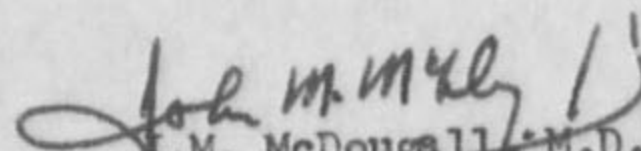

The above mentioned was discharged from the Mountain Sanatorium, Hamilton, in December 1948 and has been convalescing since that time.

Her treatment consisted of bed rest and a left upper thoracoplasty. Patient has a small amount of disease in the right apex which appears well healed.

At the present time, patient's condition is satisfactory and I do not believe that she is infectious. However, there is always the probability of a break-down and this is greater because of her nationality. Even though she is not infectious now, it is my opinion that it would be much safer for all concerned if some other accommodation were provided for her other than at the Mohawk Institute where she is in contact with many small children.

Dear Colonel Neary:

You will find an enclosed medical
statement from the Brant Sanatorium re-Rose Atkinson.

The problem has been accentuated
by the fact that Miss Atkinson feels well and refuses
to take the required rest. She has been advised by the
San. Doctor to retire by 8.30 P.M. but remains up until
10.30 etc. I do feel that I must insist upon this person
being transferred elsewhere. The results may be such as
we shall all deplore later.

Yours very truly,

[Handwritten signature: W. J. Zimmerman]

CHEST CLINIC REPORT

DATE OF REPORT July 28th, 1949

PLACE **SARNIA** DATE OF CLINIC **July 13/49** OCCUPATION **Child** NEW CASE
REPEAT **Repeat**
NAME **MILLIKEN, Adrienne** AGE **6** M.S.W.D. WEIGHT **48** TEMP PULSE
ADDRESS **Kettle Point Reserve, R.R.#2, Forest, Ontario**
If in County state County Township Concession
TO **Dr. E. C. Card, Sarnia, Ontario**

PREVIOUS TREATMENT **THE BECK MEMORIAL SANATORIUM - Jan.11/48 - May 21/49**

LABORATORY: **I.C.** SPUTUM SED. RATE
X/RAY Report attached

EXPOSURE & SOURCE

The above mentioned was discharged from this Institution in May 1949. Her mother states she has been well since that time and apparently she has no symptoms at present. Her appetite and strength are good. She has apparently lost about three pounds in weight.

Examination of the chest was essentially negative.

X-ray report is attached.

Diagnosis: Childhood type tuberculosis, combined, apparently arrested.

Conclusion: There appears to be no change in this girl's condition which appears to remain satisfactory. She should probably get some increased rest for the time being, having an hour to an hour and a half rest in the afternoon.

Return to Clinic: Would recommend further return to the regular clinic in three months' time. It is noted that this girl may be going to school in Brantford next fall. If this is so the Medical Officer of Health in that locality should be notified in order that she may be called to attend clinic there.

2.....

It would certainly be in the best interests of the children if they were enrolled in a residential school as they will be undernourished and neglected if they remain on Kettle Point Reserve. Kindly advise as soon as possible if the Department is willing to approve of their admittance to Mohawk Institute in September.

M. W. McCracken.

FILE 525 (29)

466-10

Sarnia, August 12th, 1949.

8719

Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA, Ontario.

Enclosed please find Applications for Admission
for four children belonging to Mrs. Bruce (Clara) Milliken,
#277, Kettle Point Band.

About one month ago I wrote to the Principal of
the Mohawk Institute to ascertain if he could accommodate
these four children in September. He replied in the
affirmative and I have therefore completed the Application
for Admission and Physical Examination forms.

The mother of these children is having a difficult
time in supporting them on the Kettle Point Reserve. Her
husband died about three years ago in Byron Sanatorium.
Since that time all of these children have on one occasion
or another been in the Sanatorium. According to the
medical reports they are now arrested cases.

Yes

August 25th, 1949.

Rev. W.J. Zimmerman,
Principal,
Mohawk Residential School,
Brantford, Ontario.

Dear Mr. Zimmerman:

Re: Miss Rose Atkinson

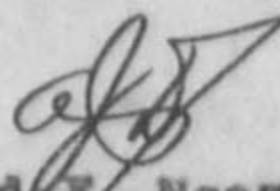

Reference is to your letter of
August 4th.

We have now received the following
memorandum from the Indian Health Services:

"After reviewing this case it seems
that the only alternative left now is to send Rose
Atkinson to her home on the reserve. She is not
a sanatorium case according to Dr. McDougall and
she obviously cannot remain indefinitely in the
Mohawk Institute."

You are authorized, accordingly,
to consult with Colonel Randle and other Departmental
officials necessary to effect the action recommended
above.

Sincerely yours,

Bernard F. Neary,
Supt. of Indian Education

Re. Admission to Residential Schools.

The following children attended the Mohawk Residential School for the 1948-49 term and were brought home by their guardians for the summer holidays and will be returned to the school by same in September.

Edward Monague, Ethel, Fred and Beverley King and Berto Monague.

Doris, Carl, Shiela, Merle and Dennis Assance, Caroline McCue, Vivien Rice, Rena and Connie Monague attended the Shingwauk school at Sault Ste. Marie and were also brought home by their parents and are to be returned at their expense. However as the Mohawk School at Brantford is much closer than the Shingwauk school the parents and guardians would like to know if these children could be sent to Brantford instead of the Sault. Doris Assance will not be returning having attained the age of 16 and failed in Grade 9 last term.

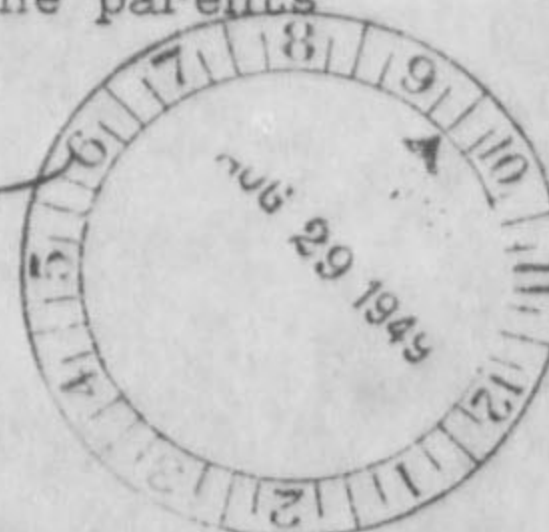

Enclosed are 2 new applications for admission, Dorothy Monague, sister of Rena and Connie and Eric Assance brother of the Assance children.

Please advise if admission to the Mohawk School in Brantford is possible for these children, the parents would be taken the children at their expense.

Yours truly,

Henry Gauthier,

Indian Superintendent.

September 1st, 1949.

Mr. H. Gauthier,
Superintendent, Indian Agency,
Christian Island, Ontario.

We are in receipt of your letter of August 26th, your file 6/25-2, with reference to the admission of certain children from your Agency to residential schools. The Department desires that those children mentioned in your letter who attended the Mohawk Residential School should return to that school.

We also wish the children who attended the Shingwauk Residential School to return to Sault Ste. Marie for the academic year 1949-50.

The admission of Dorothy Monague and Eric Assance to the Mohawk Residential School is approved.

Re. Mohawk Indian Residential School
File 6-1.

I have for acknowledgment Department letter
of July 20th, 1949 with reference to admitting the two
children of Mrs. Nelson Ashkewe to the above School.

I herewith enclose the application forms for
admitting and certificate of health duly completed and
would appreciate being advised at an early date if these
two children can be admitted.

A. W. Luffell
Indian Superintendent.

Mr. M.W. McCracken,
Superintendent, Indian Agency,
Sarnia, Ont.

We have your letter of the 1st instant,
your file 80-2 (29) with reference to the
children of William Joseph.

It is not usual to place such young
children in a residential school, but in view
of the family conditions outlined in your letter
and the further fact that the Principal of the
Mohawk Residential School is prepared to accept
them, you may arrange to have the two oldest
children, Shirley aged five, and Eloise aged
three, placed in the Mohawk School, provided
they are physically fit.

You should have the usual application
forms and certificates of health forwarded for
our file.

PLEASE QUOTE

FILE 80-1 (29)

Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA, Ontario.

William Joseph, #170, Sarnia Band, is living apart from his wife. There are three children in the family aged ten months, three and five years. Mr. and Mrs. Joseph have never been able to get along together. In the past few years they have had various reconciliations, but none have been permanent. Mrs. Joseph deserts the family quite often and lives with Negroes and Mexicans in Port Huron, Michigan, U.S.A. William Joseph is frequently in jail on intoxication charges. At the present time Mrs. Joseph is in Port Huron and her husband is trying to look after the three children with the aid of his sister-in-law.

It is obvious that the children are badly neglected and undernourished, etc. After discussing the matter with William Joseph I have decided to recommend that the two oldest children be admitted to Mohawk Residential School. He wishes such action taken, although we both realize that the admittance of the three year old one is exceptional. I have contacted the Principal of the school on the matter and he is quite willing to take the two children if the Department approves. As mentioned above the home conditions are deplorable and in this instance I recommend that an exception be made by admitting the Joseph children to Mohawk Institute. Their names are Shirley, aged five and Eloise, aged three.

Re. Children admitted to Residential Schools.

In reply to your letter of September 1st. file 466-10(E.1), I wish to advise that on September the 3rd, not havinf as yet received a reply to my letter of August 26th, re. placing the 13 children from this Reserve all at the Brantford School (Mohawk). I took the liberty of phoning the Principal of this school and was advised that he could take all the children, but that he wished to have them not later than the 6th of September.

As the children were all ready and due to the fact that the Parents and guardians did not have the money to send them at the moment and that it was also felt that separating the children would have been imposing hardships on both the children and the teacher, I arranged with a brother of mine to transport them to Brantford with my light truck, the Indians agreeing to reimburse me and the driver in the near future.

I might add that the children arrived safely and that I received your letter the following day.

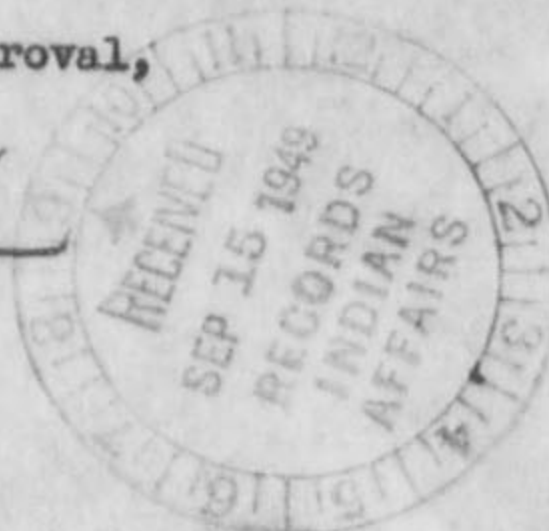

I explained this to Mr. Morris on his visit here on the 7&8 and he concurred with my opinion that the children would be better off all together.

Hoping the above receives your approval,

Yours truly,

Henry Gauthier,

Indian Superintendent.

Sarnia, September 13th, 1949.

Indian Affairs Branch,
Department of Mines and Resources,
OTTAWA, Ontario.

Kenneth Maness, son of Mrs. Gordon (Evelyn) Jacobs, #371, Sarnia Band, was admitted to Mohawk Institute at Brantford in September, 1948. His mother, who was divorced, remarried Gordon Jacobs, an Indian member of Sarnia Band, on July 9th, 1949. She is now able to give her child the proper care in her own home and requests permission to have him discharged from Mohawk Institute.

I have discussed the matter with the Principal of the school and he agreed to the discharge. Kenneth is now attending day school on Sarnia Indian Reserve and I recommend that the Department approve of his permanent release from residential school.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

Deseronto, Ont. August 23rd 1949

Sir,—

I hereby make application for admission of the undermentioned child into the Mohawk Institute, Brantford Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name Joseph Ronald Maracle
Age 12 years
Name of Band Mohawks, Bay of Quinte
No. of ticket under which child's annuity is paid.....
Father's full name and No. Percy Huron Maracle, #580
Mother's full name and No. Ruby Ora Maracle #580
Parents living or dead living
State of child's health good
Religion Anglican
Does applicant speak English? yes
Previously attended Tyendinaga Eastern Day school for 5 years

Ruby Ora Maracle
(Signature of father)
mother

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

*
Signature of Missionary or other Witness

Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa, Ont.

Educational Division

Enclosed please find Application for admission of Joseph Ronald Maracle to the Mohawk Institute, Brantford. Rev. Zimmerman has granted his approval in a letter dated August 27th, '49.

This boy's parents separated and he has been staying with different relatives for the past 6 months. I believe that his mother took him up to the Institute at school beginning in the hopes that he would be admitted and that Mr Zimmerman has accepted him conditionally.

In reviewing the forms I note that the mother signed in place of the father. The father is agreeable as I asked him about this matter last Spring when he decided to leave his wife. However he is not available to sign the forms, so we had the mother sign instead.

Dear Doctor Davis:

Re: Arnold Sickles, age 4.
Mohawk Institute.

X-ray #61: Film is satisfactory. Heart is central. Costo-phrenic angles are clear. Right hilus is fairly heavy. Lung fields are clear.

Conclusion: There is no evidence of pulmonary tuberculosis.

Remarks: Because of the heavy hilar area, I would suggest that this boy be re-x-rayed in three months.

JMcD/M

Yours very truly,

J.M. McDougall, M.D.
Superintendent.

25-2

385 Water Street,
Peterborough, Ontario.
November 26, 1949.

Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa, Canada.

Miss Lillian Blaker, daughter of Walter S. Blaker, #167 Alnwick Band, who is 14 years of age was placed in the Mohawk Institute at Brantford under authority of file 32-0-10 dated 23 of January 1946. During 1948 she was admitted to the hospital for sick children, 67 College Street, Toronto and diagnosis was "investigation re limp". Accounts were received here for May, June, July, August, September, October, and November, amounting to \$1208. Apparently the previous accounts were rendered direct by the Mohawk Institute, as the date of the first account received here was dated May 1, 1948, and she was still in hospital as far as I know on November 30, 1948. Since then no further accounts have been received.

I received a letter from the hospital during October stating that she was being returned to the Mohawk Institute and there were certain directions as to her care and a request to have her report at a further date for re-examination. I forwarded this letter to Rev. W.J. Zimmerman, principal of the Institute. In a letter from Rev. Zimmerman dated November 23rd he states that he does not feel that in Lillian Blaker's present condition that the institute is able to care for her. Dr. Palmer, who he states has been appointed to care for these children, does not feel that the Institute should accept Lillian as he does not possess the staff to handle patients of this type.

I do not think it possible for her to return home as her mother died several years ago and her father re-married and apparently there is now another family. This family has been the subject of Children's Aid Society investigations from time to time. They are living at Sturgeon Falls from my last information. There are no immediate relations on the Alnwick Reserve, nor do I know of any place she can stay. If she remains at the hospital it will be at a cost of \$150.00 a month.

May I please be advised. I know nothing of the ailment from which the child is suffering or what care she requires.

Memorandum:

DR. PROCTER
INDIAN HEALTH SERVICES

Attached for your information is
a letter just received from Superintendent
Eastwood.

In view of the information contained
in this letter, we are inclined to agree with the
Principal of the Mohawk Residential School, when
he states that they are not equipped to properly
look after this girl.

It would be appreciated if you would
make other arrangements for her maintenance.

Attached, hereto, is application for Admission
to Residential School signed by Mrs. Florina Maracle, member of
the Oneidas of the Thames Band.

Mrs. Maracle's husband has deserted her and
three of their children. A relative is caring for one of these
children and by putting Andrea in Residential School Mrs. Maracle
feels she could go out to work and take the baby with her. As they
are in very poor financial circumstances I would strongly recommend
that the application be approved.

466-10
IN YOUR REPLY REFER TO FILE No.

50-1043

Ottawa, Ontario
23 December, 1949

Mr. Philip Phelan
Chief, Education Division

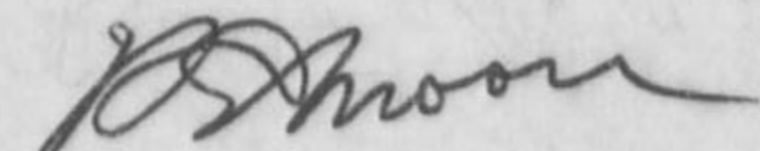

Miss Lillian Blaker

Following receipt of your recent communications, your file 466-10 (E1), concerning the difficulty of fitting this girl into the school at Brantford, we have been attempting to learn something of her past and present condition. This is rather difficult from our files and further complicated by the fact that she appears to have been under the jurisdiction of Mr. Eastwood during 1948 up to November and subsequently her hospital accounts have been certified by Mr. Devlin. We are, therefore, quite confused as to what superintendent is in charge of the group to which Miss Blaker belongs.

It would appear from our records that Lillian Blaker was discharged from the Sick Childrens Hospital on 25 May '49. We do not, therefore, quite understand Mr. Eastwood's reference to a notice from the hospital in October '49 and we are at a loss to know exactly where Miss Lillian Blaker is at the present time.

If Miss Blaker is now at the Mohawk Institute the most suitable arrangement would be for her to visit Dr. Davis at Ohsweken and Dr. Davis from his long experience can assess her disability and recommend the best procedure in her case.

We regret the delays in dealing with this case but you will see that it is far from clear cut on our files.

P. E. Moore, M.D., D.P.H.
Director,
Indian Health Services

Re: Lillian Blaker

On receipt of your letter of November 26th regarding the above girl who was a former pupil of the Mohawk Residential School and who was returned to that school following her discharge from hospital, we communicated with the Indian Health Services and expressed the opinion that in view of the information contained in your letter, we did not feel that the girl should be kept in the Mohawk School.

I now enclose for your information a copy of a memorandum received from Dr. Moore, Director of Indian Health Services. It would be appreciated if you would write us another letter clarifying the case in order that we can inform Dr. Moore.

Re: Lillian Blaker

Enclosed for your information is a copy of a letter dated November 26th received from Superintendent Eastwood. We communicated with the Indian Health Services and expressed the opinion that the girl should not have been returned to the Mohawk Residential School, as it is felt that her re-admission to the school involved extra care on the part of the school staff.

We have now received a memorandum from Dr. Moore, copy of which is enclosed. I am bringing this matter to your attention so that you can discuss it with the Principal.

I am writing to Mr. Eastwood to obtain further information regarding this girl's background.

Re: Lillian Blaker

In reply to your 466-10 (E.1) of 29th December you are advised the above is not at the Mohawk Institute and has not been there for about two years.

Mr. Zimmerman states he has heard nothing further of her case since he advised Mr. Eastwood that both he and Dr. Palmer were of the opinion that the Mohawk Institute was not a proper place for her while she remained more or less a bed case, needing constant nursing care.

As you know, the dormitory accommodation at the Mohawk Institute is already overcrowded, so it would be most unsuitable for Miss Blaker to be there.

Apparently, Miss Blaker must still be at the Sick Children's Hospital and it would appear the Department should obtain a full report on her condition to ascertain what can best be done for her.

Re: Lillian Blaker, daughter of Walter S. Blaker #167 Alnwick Band

On receipt of your letter file 466-10 (E1) dated 29th of December 1949 on the 31st of December, I telephoned Rev. Zimmerman of the Mohawk Institute and wrote the Hospital for Sick Children, Toronto. Not receiving a reply to my letter I wired the Hospital on January 14th and now attach letters received from the Hospital for Sick Children and the Daughters of the Empire Hospital for Convalescent Children at Toronto. These may serve to clear up the records in regard to Miss Blaker. The originals are forwarded; I have retained copies of each.

Part of the confusion as to what Band Miss Blaker belonged to possibly originated due to Mr. Samuel Devlin completing final arrangements for Miss Blaker's admission to the Mohawk Institute. Miss Blaker was living with her family at Parry Sound at that time. Arrangements were at that time in accordance with my letter to the Department of January 24, 1946.

Miss Blaker was admitted to hospital from the Mohawk Institute. As she is 14 years of age and has no home to return to I submit that she should return to the Institute if there is any way in which she can be taken care of. Her father Walter Blaker takes no responsibility towards the child. Her mother is dead and Walter Blaker has remarried.

No accounts have been received from the Daughters of the Empire Hospital for Convalescent Children in connection with Miss Blaker.

Memorandum:

DR. P.E. MOORE,
DIRECTOR, INDIAN HEALTH SERVICES

Miss Lillian Blaker
Your File 50-10-3

With reference to your memorandum of December 23rd regarding the above girl, I enclose for your information a copy of a letter received from Superintendent Eastwood, Peterborough, Ontario, and also letters received from The Hospital for Sick Children and Daughters of the Empire Hospital for Convalescent Children.

Mr. Phelan of this Division was at the Mohawk Residential School last week, and at the present time the school has its full quota of pupils for whom the per capita grant is allowed. If Lillian Blaker's condition has improved to the extent that she will be able to enter the school as a regular student, we might be able to arrange for her accommodation. However, if she requires special attention, I cannot see how the Mohawk Residential School can accept her in view of the full enrollment they have at the present time.

Re: Lillian Blaker

With further reference to your 466-10 (E.1) of the 29th December, we are enclosing a copy of a letter recently received from the Department of Public Health, Toronto, together with medical report.

You will note they wish to discharge her from the I.O.D.E. Hospital in Toronto for re-admittance to the Mohawk Institute.

As according to the medical report she is still a bed patient, except for 2 hours each day, it would not appear the Mohawk Institute is a suitable place for her at the present time for more than one reason.

Also, with our limited bed accommodation at Lady Willingdon Hospital, it would hardly be fair to the large local Indian population to be served, to take up a bed there, as Miss Blaker is not a member of this Superintendency.

This office regrets we can offer no solution to keep this unfortunate girl, but we feel it is really up to the Superintendent of her own Reserve.

Would the Shingwauk School, which has not the overcrowded condition of the Mohawk Institute, be a suitable place for this girl?

Dear Sir:

Thanks for your letter concerning Joan Splicer. Joan is fine and a real good girl at the school.

I have checked into the problem concerning her letters and her mother. Joan assures me that she has written each week. Joan tells me that her brother has intercepted her letters in days gone by. I have asked Joan to send her letters in care of your office until the matter is cleared up.

Joan has received her \$10.00, sweater valued 3.98 and her shoes valued 9.50.

I do hope that this letter will clear up the situation.

Yours truly,

W. J. Zimmerman
Rev. W. J. Zimmerman, M. A., B. D.
Principal.

I have received the \$10.00 cheque,
\$3.98 sweater and \$9.50 shoes.

Signed by

Joan Splicer

FILE.....22/25-1-460

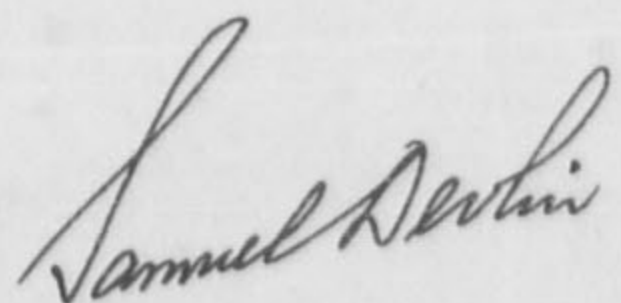

Parry Sound, Ont.,
January 31, 1950.

Indian Affairs Branch, Ottawa, Ontario.

Educational Division.

I am enclosing a letter received from Mrs. Eleanor George today with reference to conditions at the Mohawk Institute, Brantford. I might advise that Mrs. George's children to whom she refers had been originally in the St. John's Residential School at Chapleau but were taken from there by the parents a couple of years ago. They did not, however, have the children very long until they had another family breakup and it was found necessary to have the children again taken away from them and entered in a residential school.

Mrs. Eleanor George is the wife of Bernard George of the Rama Band but as they have been long-time residents on Parry Island, the matter of the children's care had been handled through this office.

Samuel Devlin,
Indian Superintendent.

Re: Your File 22/25-1-460

We are in receipt of your letter of the 31st ultimo enclosing a letter received from Mrs. Eleanor George, with reference to conditions at the Mohawk Residential School.

Mr. Phelan of this Division visited the school within the last three weeks, and he has expressed the opinion to me that the statements made by Mrs. George are greatly exaggerated. All the children in the school are inspected regularly by the medical officer, and if any of Mrs. George's children require dental care, it would be given immediately.

We would like to know the present circumstances of Mrs. George. It is noted that she writes from a Toronto address, and possibly she and her husband are in a position to look after their children, and if so, we would be pleased to discharge them from the Mohawk Residential School so that she can look after them in a manner she considers proper.

Re: Mohawk Indian Residential School

Enclosed is a letter which is self-explanatory. There is no question but that the statements made by Mrs. George are greatly exaggerated. However, you might make enquiries regarding the dental work to which she refers.

You will note the statement in the letter reading "I brought Carole down for an eye examination, as she needs it very bad, and I'm working hard now cleaning her up". We have reviewed the December Quarterly Return for the Mohawk School, and the only child by that name is Pupil 01323. Are we to understand that the Principal allowed the mother to take one of her children out of the school in the middle of the term simply because she needed attention to her eyes?

Please let me hear from you regarding this particular point. When replying, you should return the enclosed letter.

Bernard F. Neary,
Supt. of Indian Education

of money and could not finance the trip with the result that Dorothy is still on Sarnia Reserve and Helen and Ida have now gone to Kettle Point. This is the second time these same children have run away from Mohawk School. From reports it appears as though they intend to run away again if forced to return to Brantford.

After giving this matter careful consideration I believe the best policy would be to arrange their permanent discharge. I do not know whether the Principal of Mohawk School would agree with this action. Before taking any further action in the matter I would appreciate your advice and instructions.

Sarnia, February 8th, 1950.

Indian Affairs Branch,
Department of Citizenship and Immigration,
OTTAWA, Ontario.

On or about January 1st, 1950 four children of the Sarnia Agency ran away from Mohawk Residential School. Their names and ages are as follows:--Marilyn Rogers, aged fifteen, Dorothy Cottrelle, aged fifteen, Helen George, aged fourteen and Ida George, aged fourteen. Marilyn and Dorothy are from Sarnia Reserve. Helen and Ida belong to Kettle Point.

Marilyn Rogers stopped briefly at Sarnia and then continued on to Detroit, where she is living with an older sister. Dorothy Cottrelle is living in her father's home on Sarnia Reserve. Helen and Ida George are with relatives at Kettle Point.

The two George children stayed with Dorothy Cottrelle on Sarnia Reserve for about three weeks. I interviewed these children on January 16th. They claimed that the Principal had punished them unjustly and that they were unwilling to return to Brantford. A day or so after my interview Dorothy's father, Alfred Cottrelle, appeared at this office. He stated that he was making immediate arrangements to return them to Brantford. Apparently he was short

Re: Admission to Mohawk Residential School,
Brantford, Ontario.

The principal of the above school informed me by telephone that Harold Thompson, age 17, a Member of the Amalgamated Band of Walpole Island had returned to the school to stay until June.

This boy's father has no home on this reserve and is employed at Casual labour off and on the reserve. Harold left school last year and has stayed with various friends here but has not been able to obtain employment.

Since the Principal reports that he was a good worker at his school and is willing to take him back until such time as he can obtain work, it is recommended that his re-admission be approved, please.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,
Ottawa, Canada

Sir,—

Sarnia, Ont. Feb. 25 1945

I hereby make application for admission of the undermentioned child into the *Mohawk Institute* Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:

Indian name of child.....
English name..... *Ernest Walker*
Age..... *Born Aug. 10, 1937.*
Name of Band..... *Sarnia*
No. of ticket under which child's annuity is paid..... *No. 319*
Father's full name and No..... *Robert Walker No. 319*
Mother's full name and No..... *Heber Walker No. 319*
Parents living or dead..... *living*
State of child's health..... *good*
Religion..... *United Church*
Does applicant speak English?..... *yes*
Previously attended..... *St. Clair Indian Day* school for..... *6* years

Robert E. Walker
(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

* *Loris E. Roman*
Signature of Missionary or other Witness

M. W. McCracken
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

FILE 29/25-2-466

Sarnia, March 6th, 1950.

Indian Affairs Branch,
Department of Citizenship and Immigration,
OTTAWA, Ontario.

Enclosed please find Application for Admission and Physical Examination forms for three children of Mr. and Mrs. Robert Walker, #319, Sarnia Band.

These children have been badly neglected during the past few months. The father and mother have been in jail on various occasions and both are very irresponsible. These three children have attended school irregularly due to home conditions. The father has been unemployed and the home life of these children was deplorable.

In view of the above I contacted the Principal of Mohawk Institute to find out if he had vacancies for these three children. He informed me that he could accommodate them and as the parents were penniless I took the children to Brantford in my car on Saturday, March 4th.

The matter was quite urgent and I trust that the Department approves of the action I have taken in having these children admitted to Mohawk Institute at Brantford.

M. W. McCracken

Dear Doctor Davis: Re: Charles Dale, Age 10,
 Mohawk Institute.

X-ray #513: Film is satisfactory. Heart is central. Hilar regions and lung fields are within normal limits.

Conclusion: Film is not diagnostic of tuberculosis.

Remarks: Re-x-ray in one year if tuberculin test is positive.

Yours very truly,

D.

1. With reference to the above may the writer inform that in the A.M. of the 3rd. instant, a patrol was carried out on the Six Nations Reserve in an effort to locate one Vernon HILL who had been missing from the Mohawk Institute Brantford, Ontario for some time.

2. The writer accompanied by an Instructor from the Mohawk Institute patrolled to the home of HILL where it was learned that he was living with his foster-father on another part of the Reserve. It was also learned that he had been attending school at No. 10 School here on the Reserve. The school was visited and HILL was located. He was taken into custody by the Instructor and returned to the Mohawk Institute at Brantford, Ontario. HILL is fourteen years of age.

3. In view of the above this matter will be considered closed at this Detachment unless otherwise instructed.

Re: Isaac Peters No.22 18620
Caldwell Indian

The above noted Caldwell Indian liveing at North Buxton, Ontario, formerly at Dresden Ontario, who's wife (Common law) left him in 1948 with two small boys, at which time the case was reported to the Childrens Aid Society of Chatham Ontario, due to the condition under which the father was liveing, with the results, the children was placed, with an older brother and his wife and an older sister and her husband at North Buxton, this seemed a satisfactory arrangement until early this Spring when the writer found them liveing with the father in a shack at North Buxton and from my observations and information from neighbours in dire circumstances, at which time releif was supplied, the father is shiftless and a drinker, and I planned at the time to obtain authority to have the children enrolled in an Indian Residential School, at the time of my visite I was unable to locate Mr. Peters, but the two boys was in school, I wished to obtain Mr. Peters views and consent to send the boys to a Residential School, unable to find Mr. Peters, I interviewed the Childrens Aid Society, with the under standing that the children was under their, but this was not the case, but they did notify Mr. Peters to come to Chatham, of which he did, and signed a statement, consenting to have the boys placed in a Residential School, at Sault St. Marie Ontario, four days later the mother came from Detroit and took the boys back to Detroit with her.

To-day I am advised by the Childrens Aid Society, that the boys was let out of a car on No.2 Highway west of Chatham, and walked to their sisters home at North Buxton, these boys are Ernest Peters 11, Rolly Peters age 10. The sisters husband is a Negro, their brother has a wife and two children, and as I see it has all he can do to care for himself and family, the sister states she does not wish to, and is unable to care for the boys.

Therefore I recommend

Mr. D. Robertson,
Superintendent, Indian Agency,
Chippewa Hill, Ontario.

We have your letter of the 17th instant with reference to the Petonoquot children. It is noted that they require institutional care, and that you have arranged to have them accepted at the Mohawk Residential School.

Provided they are physically fit, the Department has no objection to the admission of these children to this school. I enclose the necessary forms which you should have completed and returned to us as soon as possible. In the meantime, you may send them to the school if the Doctor pronounces them physically fit.

Indian Affairs Branch, OTTAWA, Canada.

Please be advised that for the past two years we have had thirteen children belonging to six different families attending the Mohawk Residential School at Brantford. All of these children have been taken out for the summer months by the guardians or parents and I am advised and requested by the parents and guardians to ascertain whether these children could be admitted to Shingwauk Residential School at Sault Ste Marie for the coming term.

The parents and guardians and the children are not satisfied with conditions at Mohawk Residential School but realize that the return of the children to this Residential School is their responsibility and are aware of the fact that sending them to Shingwauk Residential School will cost more money but still desire to have them attend Shingwauk.

Please advise in the near future whether openings will be available.

Yours truly,

H. Gauthier,
Indian Superintendent.

Mr. H. Gauthier,
Supt. Indian Agency,
Christian Island, Ont.,

We are in receipt of your letter of the 25th instant in which you point out that children from Christian Island who have been attending the Mohawk Residential School wish to be transferred to the Shingwauk Residential School.

The Department is not prepared to favourably consider allowing these children to change. There are qualified teachers at the Mohawk school and during the current summer we have expended a considerable amount of money in repairs and improvements to the building.

The children of Christian Island who were enrolled at the Mohawk Residential School during the academic year 1949-50 and whose parents are unable to support them and send them to a day school on the reserve, should return to the Mohawk Institute on September 1st.

Re:- Mohawk Institute, Brantford, Ont.,

You will find herewith an "Application for Admission" to the above institution on behalf of Thomas Whitebean, son of Mr. and Mrs. Laurence Whitebean, Indians of the St. Regis Band, living at Caughnawaga since several years.

The parents have a family of seven children, and the mother being sickly cannot properly care for her family. Some children being looked after by some of her relatives. Thomas frequently missed School last year and was not a good influence while attending, this due to lack of parental supervision; the father being away working often. The Principal of the U.C. Indian Day School claims that one or two years in a Residential School would be beneficial to the boy.

Please take this application into consideration.

Ottawa, Ontario.

We are attaching, hereto, Application for Admission signed by Mrs. Martha Charles, on behalf of Edward Russell Charles, member of the Oneidas of the Thames Band.

I would recommend approval of this application due to the fact that the mother is working and the boy is being cared for in a very unsatisfactory manner in various foster homes. This arrangement does not help in advancing his education.

Yours truly,

Fred Hall

FILE 29/25-2-466

Sarnia, August 30th, 1950.

Indian Affairs Branch,
Department of Citizenship and Immigration,
OTTAWA, Ontario.

Mr. and Mrs. Grant James, #331, Sarnia Band,
wish to have their three children, namely Larry, 8,
Ronald, 10 and Ervin, 6, admitted to the Mohawk Institute
in September.

These children are being badly neglected on
Sarnia Reserve as the parents are irresponsible. School
attendance has been irregular and it would be in the
best interests of the children ~~for them~~ to be enrolled
in residential school.

Recently I wrote to Reverend Zimmerman regarding
vacancies for these three children in September. He
replied that he could provide accommodation for them.

I am enclosing application for admission forms
in connection with the above and recommend that the
Department approve of the admission of these three
children to Mohawk Institute.

Re: Admission to Mohawk Residential School,
Grenville Cnrl and Woodrow Garnet Snake
of Munceys of the Thames Band.

I hesitate to recommend approval of the attached applications since we have such good educational facilities at the Caradoc Agency Schools. However the father of these children spends a large portion of his time in jail, and at present their mother has deserted them and the family of six are left at various homes to be cared for. We are now attempting to take action against the parents.

Under these conditions I am submitting the applications for your consideration.

Re: Applications of Irene and Delbert Riley,
Chippewas of the Thames Band,
to Mohawk Residential School.

Irene lives with an aunt who although married to an Indian spends much of her time at the home of a white man. The conditions are bad and besides the child is often left alone at the white man's home. She is a big girl for her age and I am fearful of what the future has in store for her.

The boy, Delbert, does not seem to have any definite home.

I would ask that these applications be given serious consideration and approved if possible.

Re: Mohawk Residential School
Your File 7/25-2-466

We are in receipt of your letters of September 6th and 7th submitting applications for the admission of children to the Mohawk Residential School. We approve the admission of the following children:

Dolores Duxtator
Irene Riley
Delbert Riley
Woodrow Garnet Snake
Grenville Cyril Snake

In view of the information which you have supplied regarding the 3 Jamieson children, the Department is not prepared to approve their admission to a residential school at the present time. It is noted that both parents are living, the father is working and the children have a suitable home. Under these circumstances, they should attend the day school on the reserve.

INDIAN AFFAIRS BRANCH

Sarnia, September 12th, 1950.

Indian Affairs Branch,
Department of Citizenship and Immigration,
OTTAWA, Ontario.

I wish to refer to your letter 466-10 of March 22nd, 1950 approving of the admittance of Herbert, Carol and Ernest Walker, children of Mr. and Mrs. Robert Walker, #319, Sarnia Band, to Mohawk Institute at Brantford.

Two of these children did not remain at Brantford very long. They ran away twice and as the end of the term was approaching I could not persuade the parents to return them to Brantford. The parents brought the youngest child home for summer vacation and they are now refusing to return any of their children to residential school.

In view of the truancy of the Walker children and the attitude of their parents, and also the fact that they are attending day school on the Reserve, I recommend that they be permanently discharged from Mohawk Institute.

M. W. McCracken

Re: Application to Mohawk School,
Edward Russell Charles Oct 18 1950

Would you please refer to our letter of August 15, File 7/25-2-466, re the above-mentioned subject and reply at your very earliest convenience as the mother is unable to place the boy in a permanent foster home due to the high-cost-of-living and is forced to take him wherever she can find work; also she is anxious for him to obtain some schooling which he is not receiving at the present time.

Alex McFarlane
Sgt., Fred Hall,
SUPERINTENDENT.

2.....

These two Rogers boys are entirely out of control, both at home and at Mohawk Institute. I hesitate to recommend their permanent discharge as I know it will be impossible to persuade them to attend day school on the Reserve. I telephoned Mr. Zimmerman, Principal of Mohawk Institute, concerning this and he states that they are a bad influence on the rest of the pupils at the school. He suggests, and I strongly recommend, that Ivan and Emerson Rogers be transferred from Mohawk to Shingwauk Residential School. The boys have heard rumours that they be transferred to Shingwauk and apparently threatened to run away from there the same as they have done at Brantford. However, Mr. Zimmerman and I are of the opinion that they should be immediately transferred to Shingwauk Residential School.

The problem of transportation to Shingwauk will be difficult, but Mr. Zimmerman suggested that possibly I could take the two Rogers boys and the Green boy back as far as Brantford and he might then take them in his car to Shingwauk.

Kindly advise by wire if I am authorized to take these children from Sarnia Reserve to Brantford in my car. Mr. Zimmerman also wishes your permission to transfer them to Shingwauk as soon as they arrive back at Brantford.

M. W. McCracken

11579

Sarnia, November 8th, 1950.

Indian Affairs Branch,
Department of Citizenship and Immigration,
OTTAWA, Ontario.

Ivan and Emerson Rogers, aged fourteen and twelve, sons of Mr. and Mrs. William Rogers, #210, Sarnia Band, have run away from Mohawk Institute. They arrived at their parents' home on Sarnia Reserve last Thursday, accompanied by another boy from Tyendinaga Reserve whose surname is Green. This is the second time since September, 1950 that Ivan has been truant. About one month ago he ran away and was escorted back to Brantford by the Provincial Police. Mrs. Rogers reported their arrival to me this morning. She states that the boys told her that they will run away again if they are returned to Brantford and give as the reason the fact that older boys in the school are mistreating them. At the moment the boys do not know that I am aware of their presence on the Sarnia Reserve. I have no guarantee that they will remain at the Rogers home very long, particularly if they discover that I am aware of their presence.

Dear Sir:

I have requested Mr. H. Gauthier, the Indian Superintendent of Christian Island, to forward to your office admission forms concerning Tommy Rice and Allen Assance. I understood that Mr. Gauthier had already done so. Frequently, we have letters stating that the Department authorizes the admission of certain pupils and it is inferred that these forms have been submitted. I am doing this to save time. I am asking for carbon copies.

Yours truly,

W. J. Zimmerman

Lady Willingdon Hospital,
Chawaken, Ontario.

Dear Doctor Davis:

Re: Ruby Petonoquot, age 8.
Mohawk Institute.

This child had a chest film at the Freeport Sanatorium on August 26, 1950. At that time, heavy hilar shadows were noted especially on the right and it was felt that there was some possibility of primary tuberculosis. The patch test was repeated at the time of the present film.

10 x 12 film #2066, December 5/50:

Film is satisfactory.

Right lung: Is free of disease. The hilar shadow appears prominent.

Left lung: Is free of disease.

Conclusion: There is no evidence of active pulmonary tuberculosis.

Remarks: The patch test done December 5th was reported as negative. We suggest a repeat film in six months.

HAM/M

January 12th 1922

The Secretary
Dept. of Indian Affairs
Ottawa

Sir:-

Enclosed is Dr. Bragg's statement -
Hazel Elliott is 17 years of age - a pretty
bright girl - very musical - she has not been
well for some time, Dr. Palmer has been
treating her - the doctor's advice having not
been tonsils and adenoids. She is a Mississauga
of New Credit. Her father has been an
invalid for years, partly paralyzed - her
mother ran away with another man and
has a large family. A grandmother who
has a large family of her own is the
only person who takes any interest in
the girl - she had her for a holiday
summer before last.

Arch Statts - Dr. Scott may
remember, has the lining of her upper
lip hanging down - making a great
disfigurement to an otherwise pretty girl.

Indian Office, Brantford,

January 21st., 1922.

Sir,-

364984

I beg to enclose a statement received from Mrs. Boyce of the Mohawk Institute in regard to some of her pupils who require medical treatment.

Hazel Elliott 17 years of age a member of the Mississaugas of the Credit whose father is an invalid and her mother is living with a member of the Six Nations. She has no friends who are particularly interested in her. Dr. Bragg, specialist advises having her tonsils and adenoids removed.

Ariel Staats was shown to Mr. Scott when on a recent visit to the Reserve, she has an upper lip hanging down making a great disfigurement, her father was killed overseas and her mother neglect her family. Mrs. Boyce would like to have Hazel Elliott's operation take place soon and Ariel Staats some time during the summer. I beg to recommend that this be done. I also enclose a report from Mrs. Boyce in regard to supplies of various kinds which she has received. I enclose a report of Dr. Bragg on these two cases.

I am

Sir

Your obedient servant,

154845-1.

OTTAWA, January 24th, 1922.

Sir, -

I have to acknowledge the receipt of your letter of the 21st instant, enclosing a communication from the principal of the Mohawk Institute regarding the case of two pupils, viz: Hazel Elliott and Ariel Staats, who require medical treatment, and enclosing, as well, a statement from Dr. Bragg reporting on the treatment each requires, and the cost of same.

In reply I beg to say that the principal may arrange to have the medical treatment required undertaken in the case of both these girls. It is noted that the cost of the operation in the case of Hazel Elliott would be \$25.00, and that of Ariel Staats would be \$30.00, and the Department will approve of an expenditure to the above amounts in each case.

When the operations have been performed, properly certified vouchers should be forwarded covering the expenditures in both cases.

The principal can arrange for these operations when most convenient.

It is also noted in a report from Mrs. Boyce that she will be in need of about \$2000 to pay salaries for the current month and some accounts for supplies. I may say that, if it could be of any assistance to her, the Department would be prepared to make an advance of \$2000 on the current quarter's grant to the school. If this is satisfactory, I will be pleased to have a communication from Mrs. Boyce to that effect.

Your obedient servant,

J. D. McLEAN

J. D. McLean,

No. 154845-1.

OTTAWA, January 24th., 1922.

Sir,-

I have to acknowledge the receipt of your letter of the 21st. instant, enclosing a communication from the principal of the Mohawk Institute regarding the case of two pupils, viz: Hazel Elliott and Ariel Staats, who require medical treatment, and enclosing, as well, a statement from Dr. Bragg reporting on the treatment each requires, and the cost of same.

In reply I beg to say that the principal may arrange to have the medical treatment required undertaken in the case of both these girls. It is noted that the cost of the operation in the case of Hazel Elliott would be \$25.00, and that of Ariel Staats would be \$30.00, and the Department will approve of an expenditure to the above amounts in each case.

When the operations have been performed, properly certified vouchers should be forwarded covering the expenditure in both cases.

The principal can arrange for these operations when most convenient.

It is also noted in a report from Mrs. Boyce that she will be in need of about \$2000 to pay salaries for the current month and some accounts for supplies. I may say, that if it would be of any assistance to her, the Department would be prepared to make an advance of \$2000 on the current quarter's grant to the school. If this is satisfactory, I will be pleased to have a communication from Mrs. Boyce to that effect.

Your obedient servant,

J.D. McLean,
Asst. Deputy and Secretary.

Sir:

The above numbers refers to operation of Hazel Elliott. We have great difficulty in getting Dr. Bragg to render his bill - and he did not send that of Hazel Elliott separately as requested. Please refund \$25.00 to The school.

We will notice on enclosed bills a number of items against Irene Longboat. This girl is very cross eyed - and has been treated for some years, at first her parents paid the bills but lately have not done so - at present we are carrying in our books \$12.35 for glasses - and \$17.50 for treatments - total \$29.85 - and some bills not yet rendered.

We would be grateful if the Department could assist with these accounts.

Please return enclosed bills & "copy"

Yours obedient servant

Alma M. Royce

Madam: -

I have to acknowledge the receipt of your letter of the 4th instant, enclosing an account covering the cost of the operation performed on Hazel Elliott, a pupil of the Mohawk Institute, as well as accounts covering the treatment and providing of glasses for Irene Longboat.

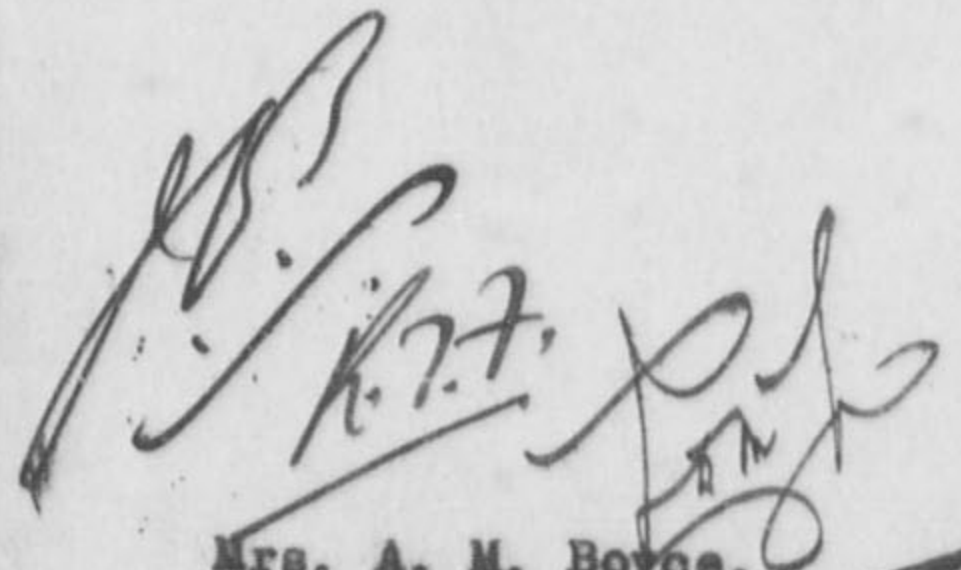

In reply I beg to say that these accounts are being returned to Mr. Superintendent Smith, who is being requested to attach them to proper voucher forms, certify the same and return to the Department when consideration will be given to their payment.

Mr. Superintendent Smith is also being requested to obtain all accounts covering treatments and glasses supplied Irene Longboat, and to forward them, attached to properly certified voucher forms, to the Department. He will, no doubt, consult you regarding these accounts.

Your obedient servant,

J. D. McLEAN

EXD.

OTTAWA, November 8, 1922.

Sir: -

Mrs. Boyce, Principal of the Mohawk Institute, has forwarded accounts covering the cost of an operation on Hazel Elliott, a pupil of the school, and for treatment and glasses for Irene Longboat.

Regarding the operation performed on Hazel Elliott, I beg to refer you to official letter of January 24, 1922, in which you were informed that the Department would approve of the expenditure incurred for this purpose to the amount of \$25.

The accounts forwarded by Mrs. Boyce are enclosed herewith, and I have to request that you will attach them to proper voucher forms, certify the same and return to the Department when consideration will be given to the payment.

Mrs. Boyce states that there are other accounts covering the treatment and glasses supplied Irene Longboat. You should obtain all accounts incurred for this girl, attach them to proper voucher forms, certify the same and forward to the Department.

Your obedient servant,

J. D. McLEAN

Your Ref. 15845-10.

6th. October 1923.

The Secretary,
Department of Indian Affairs.
Ottawa.

Sir,

I enclose a letter from the Dominion Artificial Limb Co. Toronto covering a statement of account with reference to Leo Winnie.

Acting upon your instructions I took this boy to Toronto and visited various stores with a view to selecting a suitable chair and ascertaining prices. When I called at the above firm they strongly advised me to give up the idea of a wheel chair and to bend my efforts to making the boy walk. They very properly argued that crutches would be a far less handicap than a wheel chair.

Finally they offered to keep the boy and to inform me as soon as he was able to move around and should they have been unsuccessful they would register no charges.

As this seemed a very reasonable offer and the boy was willing to remain in Toronto I left him. Ten days afterwards I received word to fetch the boy home and he has since been able to get around a considerable part of the day on his crutches. He has rapidly improved in his walking and can now go up and down stairs.

In connection with his education, I find that he is barely beyond the primary stage but we are unable to keep him at school all day as he soon tires of sitting still and begins to complain of headaches. On this account I have had a bench suitably placed in the workshop and he is learning to use tools. This week he has fitted new handles to beet-knives, etc. and judging from the work he has turned out I think I will be able to arrange for him to learn a trade.

This week we received a cheque from the local Indian Office as payment of his pension. As he is a very deceitful boy and provides tobacco for other boys whenever he has money I have returned this cheque with the request that it be allowed to accumulate for the boy ~~when~~ as he will probably need some funds when he leaves us. I

Ottawa, Oct. 10, 1923.

Sir:

I have to acknowledge receipt of your report on the activities and progress of the work at the Mohawk Institute during the quarter ended September 30th, last.

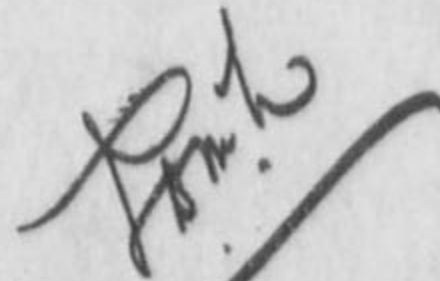

In reply I beg to say that this report has been read with interest and we are pleased to note that the general work at the school has progressed satisfactorily. We note that the children returned promptly from their summer holidays and have now settled down to the regular classroom activities and routine work of the school. We are pleased that the improvements which were carried out to the building during the past summer have greatly added to the comfort and convenience of the staff and pupils.

Regarding the account which you submitted, from the Dominion Artificial Limb Co., Toronto, for the equipment supplied by them for Leo Winnie, I have to inform you that this is being forwarded to Lt. Col. G. E. Morgan, Indian Agent at Brantford. He is being requested to have the account attached to proper voucher forms, certified and returned to the Department, when payment will be made. We are pleased to note that, as a result of the equipment supplied by the above firm, this boy's condition has been very greatly improved and that he is bending his efforts to walk. The securing of the equipment for this boy is approved, as well as your action in having his pension money retained for him until he leaves the school.

Your obedient servant,

J. D. McLEAN

Sir:

The enclosed account from the Dominion Artificial Limb Company Ltd., Toronto, is sent you in order that you may attach it to proper voucher forms, certify and forward the same to the Department, when payment will be made. This equipment was supplied to Leo Winnie, a crippled Indian boy, now a pupil at the Mohawk Institute. I may say that the principal of the school made the purchase, on instructions from the Department. Before we can pay the account, however, it is necessary to have it certified that the equipment mentioned has been received and the prices charged fair and just.

I shall be pleased if you will give this matter your early attention.

Your obedient servant,

Encl.

25th. October 1924.

The Secretary,
Department of Indian Affairs.
Ottawa.

Sir,

I have recently had two boys examined by the Medical Officer and beg to report their cases.

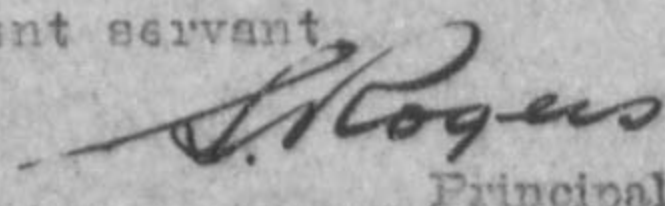

George Hill (807. Upper Mohawk 188.) This boy has for some time past been badly crippled by rheumatism and has not improved under treatment and proper care. A further examination to-day disclosed that his tonsils were in a very large and inflamed condition and the Doctor recommended their removal and considers the rheumatism to be probably due to this.

John Alexander Olley (781. Bay of Quinte) Last spring I purchased a truss for this boy but it does not adequately relieve him from pain nor is he able to carry on ordinarily without staying in bed from time to time. An operation will at his age, in all probability, result in a complete removal of the very serious handicap incurred by Hernia.

In the first case George Hill has no parents or interested relatives and Alex. Olley has never received word from home since he was placed in the school.

May I please have your instructions?

Your obedient servant

Sir,

I beg to report that to-day it was necessary to call the Doctor to Beulah Snake (0862, Moravian 157) who has been suffering ear pains since a slight attack of measles about three weeks ago.

A careful examination resulted in an ear specialist being called who pronounced a serious mastoid infection and the necessity of an immediate operation. Owing to the emergency of the case I immediately sent the child to the hospital.

I have just talked with Mr. R.H. Abrahams, who recommended this child's admission, and asked him to inform the parents.

Will you please let me have your instructions with regards to the settlement of expenses incurred.

Your obedient servant,

[Handwritten signature: S. Rogers.]

Ottawa, October 29th, 1924.

Sir:

Replying to your letter of the 26th instant, I beg to inform you that your action in having Pupil No. 0862, Beulah Snake, who has developed a serious mastoid infection, sent to the hospital for an immediate operation is approved.

I have also your letter of the 25th instant, regarding the case of two boys, viz., George Hill, #807; and John Alexander Olley, #781, who require operations, the former for the removal of enlarged tonsils and the latter for hernia. You may arrange to have these two boys placed in the hospital and the necessary operations performed.

I shall be pleased if you will state what terms you were able to arrange with the hospital and the fees charged, also the fees that will be charged by the doctor who performs the operations. Accounts covering the hospital charges, doctor's fees, etc., should be obtained in duplicate, and you should certify thereon that the services mentioned have been performed, and the prices charged fair and just. You should then forward the accounts for payment. In future, when requesting authority in cases of pupils requiring operations, please state the fees charged by both the hospital and the doctor who operates. It is considered that all operations of a minor nature should be performed by the regular doctor without extra cost.

With reference to some of these items, you ask for,

2000 - A.B.S. & C. Pills - We have quoted you chocolate coated Compressed Tablets. The same applies to Blands Co. pills.

LaGrippe Pills - We have quoted you on chocolate coated Coryza Tablets. There is no such thing as C.C. LaGrippe pills that we know of.

Wampoles Cod Liver Oil - We are quoting our own Morrish-Vin-Oil with Hypophosphites and Malt, which we believe to be equal to anything manufactured.

Aspirin Tablets - You ask for 2 lbs. These are sold by the thousand. There are 1000 tablets to the lb.

Sterile Gauze - You ask for 3 lbs. - We are quoting 5 yd. packages Gauze is not sold by the lb.

Bed Bug Poison - You ask for one gallon and we are quoting special preparation Bichloride of Mercury, Wood Alcohol and Turpentine.

Aluminum Hot Water Bottles - We cannot supply you with Aluminum, we can supply you with Composition Metal Water Bottle, almost as light as Aluminum and this is what we are quoting on.

We hope the above prices will secure us your business, which will have our prompt and careful attention.

Yours very truly,

INGRAM & BELL LIMITED.

MOHAWK INSTITUTE
BRANTFORD
ONTARIO

30th. January 1925.

The Secretary,
Department of Indian Affairs.
Ottawa.

Sir,

With further reference to 861 Reuben Fox who underwent an operation for Mastoid infection the latest reports from the Doctor is that although this operation was successful there is little hope for the boys recovery as it has been discovered that the lad is suffering from Tubercular Meningitis.

You will remember that some weeks ago I wired to the effect that Reuben was in very grave condition. Following your reply wire the father arrived and stayed for two days. So much did the boy improve that the Doctor thought a complete recovery would result but for about ten days Reuben has been puzzling everyone as although the mastoid healed well he made no improvement physically. A septic condition was indicated and I asked Dr. Morrison to join in consultation with Drs Bragg and Palmer. After a complete examination it was decided to draw some fluid from Reuben's spine and the tests show him to be subject to the above malady. In this case, there is nothing can be done to result in recovery. I am sending a copy of this letter to Agent McGookin in order that he may inform the father and should any emergency arise pending your instructions I will wire him to arrange for father's presence at bedside.

As this is the first case of its kind that has occurred during my

my time at the Mohawk would you be good enough to give me your instructions as to procedure in case of death.

Nothing that could have been done for Reuben has been left undone and I am very grateful to the nurses at the hospital who have been extremely kind.

Your obedient servant,

S. Rogers

Principal

Ottawa, January 31, 1925.

Sir,-

In reply to your letter of the 30th instant, I may say the Department regrets to learn of the serious illness of Reuben Fox, a pupil from the Caradoc Agency. I observe you state you are sending a copy of your letter to Mr. McGookin in order that he may inform the boy's father in the matter. In the event of Reuben Fox's death, his remains may be sent to his home, in which case you should communicate immediately with Mr. McGookin.

Your obedient servant,

J. D. McLEAN

Ottawa, January 31, 1925.

Sir,-

(Incl.)

Inclosed herewith you will find copy of a letter of to-day's date which the Department has written to Mr. Rogers, Principal of the Mohawk Institute, as the result of his report that Reuben Fox, an Indian boy from your Agency, who is ill, is not likely to recover. If the boy dies and action such as arranged for is taken, you may submit a voucher in due course to the Department for payment.

I may add that no unnecessary expense should be incurred in connection with the funeral, and if the father is in a position to bear such expense he should be required to do so.

Your obedient servant,

J. D. McLean
Asst. Deputy and Secretary.

February
First
1925.

Re Buelah Snake, Mohawk Institute.

The above named girl on admission to Hospital was undoubtedly suffering from acute mastoiditis of the right ear. Temperature 102, resp. 22, pulse 100. The right ear was displaced downwards and forward, marked swelling over whole of the mastoid region which fluctuated. tenderness on pressure over the mastoid antrum and tip. From the external auditory meatus there was a very profuse purulent discharge and the posterior canal wall was sagging.

After necessary preparation the patient was taken to the operating room, the usual mastoid incision being made which disclosed a large subperiosteal abscess leading from a fistula in the bone. On removing the body of the mastoid bone it was found to be very necrotic and communicated freely with the antrum. All the diseased bone was removed and free drainage established, the wound was then packed with gauze and a paracentesis of the drum was done to permit of drainage from the middle ear.

The wound healed per primum and was quite closed in about two weeks time.

14th. June 1926.

[Handwritten signature]
The Superintendent,
Indian Education.
Ottawa.

Sir,

I have to report that 0795 Gladys Staats a pupil of this school is, according to our Medical Officer, in a very serious stage of tuberculosis.

This girl has for some time given us considerable anxiety and we have had the M.O. thoroughly examine her on several occasions. Until today he has found no cause for anxiety but now he states that there are very definite symptoms of the malady and he advises her speedy removal from the institution.

We have made enquiries and find that this girls grand-parents are in very poor and needy circumstances, the mother is dead and the father worthless.

May I please have your instructions regarding the disposal of Gladys. We are continuing to give her every opportunity to be out of doors and finding her light occupation in the garden and flower beds.

Your obedient servant,

[Handwritten signature: Rogers.]

Ottawa, June 18, 1926.

Sir:

I have your letter of the 14th instant, reporting the serious condition of health of pupil No. 0795, Gladys Staats, of the Mohawk Institute. We note the medical officer states that she has very definite symptoms of tuberculosis and advises her removal from the institution.

We are making enquiry as to what arrangements can be made to have this girl placed in a sanitarium. You will be informed, either by the authorities of the sanitarium or the Department, as to when she can be accepted. Her discharge from your institution is granted and will take effect from the date she leaves the school.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy & Secretary.

Ottawa, June 19th 1926.

Sir:-

I beg to say it has been reported to the Department that an Indian girl named Gladys Staats, who is a pupil of the Mohawk Institute, recently developed symptoms of tuberculosis, and it has been suggested that she be afforded treatment in a sanitarium. The Department, therefore, is desirous of having her enter the Mountain Sanitarium at Hamilton to receive the attention which her case requires. Kindly state whether she can be received as a patient and if so upon what date she will be admitted, it being understood that the Department will be responsible for payment in the case.

It is of course desirable to have the child placed in the Sanitarium as soon as possible. Kindly, therefore, let me hear from you without delay.

Your obedient servant,

J. D. McLean.
Assistant Deputy & Secretary.

Ottawa, June 19th, 1926.

Sir:-

Referring to letter to you of the 18th instant I may say that the Department is endeavouring to make arrangements to have Gladys Staats receive treatment for tuberculosis in the Mountain Sanitarium, Hamilton. If arrangements to this end can be made you will be advised without delay. In the meantime the child should remain at the school, but if the doctor considers it necessary she should be isolated from the other pupils.

Your obedient servant,

J. D. McLean.
Assistant Deputy & Secretary.

CANADA

32-0-13

Ottawa, November 6th, 1926.

Sir:-

Referring to letter to you of the 29th October 1924 in which the Department granted authority to have John Alexander Olley, a pupil of the Mohawk Institute, placed in the hospital, and referring also to an account dated the 6th November, 1924, from the Brantford General Hospital where the boy received treatment, I beg to say the Department is in receipt of an account of \$100.00 from Dr. Morrison who apparently performed an operation for hernia. In a case of double hernia the Department allows a fee of \$90.00. In other cases of hernia where operation is necessary a fee of \$75.00 is allowed. Seemingly a double operation was not performed in this case and, therefore, it would seem that the charge should not exceed \$75.00. You should submit a certified voucher to the Department covering the amount payable. The Doctor's account should be attached thereto.

The Doctor has stated in a report attached to his account that Dr. Palmer, Sr., acted as Anesthetist in this case and that Dr. Palmer, Jr., assisted. If these doctors are entitled to payment for services rendered, the Department should be informed. I may remark that the fee payable for an assistant surgeon at a major operation is \$10.00, and the fee for the administration of an anesthetic at a major operation is \$10.00.

Dr. Morrison has forwarded also an account of

S. Rogers, Esq.,
Principal,
Mohawk Institute,
BRANTFORD,
Ontario.

Indian Affairs. (RG 10, Volume 6202, file 466-13, part 1)

S. Rogers - #2

\$100.00 for services to J. Montour who was operated upon for Appendicitis. The fee which the Department allowed for an operation of this nature is \$75.00. You may submit a certified voucher for that amount to which the Doctor's account should be attached. It is stated that Dr. Palmer assisted at the operation and that Dr. Calder administered the anesthetic.

J. D. McLean
The Department is prepared to consider making payment to these doctors when in receipt of certified vouchers on their behalf.

The accounts above referred to which were submitted by Dr. Morrison are transmitted herewith.

INCL.

Your obedient servant,

J. D. McLean

Dear Sirs:-

In answer to your communication Sept. 14,
we are pleased to quote you Drugs for Mohawk Institute,
Brantford, per enclosed list.

With reference to the 2 - gallons Skidoo,
we are informed by the wholesale houses that Skidoo
is not put up by the gallon but in bottles of 3 ozs.
at 2.40 per dozen bottles.

However, we can supply you with Tincture
Larkspur at \$2.50 per lb. By diluting Tc. Larkspur one
in four, you have a first class lotion.

We hope to be favored with your valued
order which will have our prompt and careful attention.

Yours very truly,

Gentlemen;-

In reply to yours of Sept. 14th. P-32/0/13.
We are not in a position at the moment to quote the
list complete as required by the Mohawk Institute,
Brantford, as we have been unable to get a price on
one or two of the items. We, however, hope by the
beginning of the week to have these prices when we
will submit our tender as quickly as possible. If,
however, we are unable to complete the list we will
send you a quotation on what we are able to supply.

We trust the delay will not cause you any
great inconvenience, we are

2nd. February 1928.

The Secretary,
Department of Indian Affairs.
Ottawa.

Sir,

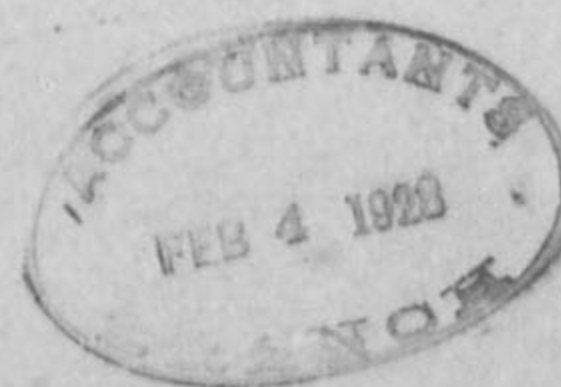

Enclosed please find certified account of the Hospital charges in the case of 0877 Eva Jane Lickers.

Eva has proved a very stubborn case for the Doctor and on two occasions when we were about to transfer her condition became such that it would have been unwise to move her. She will be placed in the Lady Willingdon Hospital at Ohsweken for further treatments this afternoon.

Your obedient servant,

Ray Jones.

Dear Sirs;

- Attention of F. H. Paget -

We are in receipt of your favor of February 18th and in accordance with your request we are enclosing you herewith copies of the following invoices:

Aug. 10/26 (Blackfoot-Gleichen)	\$2.98
Oct. 7/27 (Brantford)	50.23
Dec. 23/27 (Dr. Murray)	1.67

*fil 51-104
" 32-0-13*

With reference to the invoice of Dr. Jacob's of December 24th of \$123.74, and January 11th of \$17.25, might state that we received a cheque on February 1st for \$140.99 and which we believe will cover these two invoices.

We have not included a copy of the invoice of \$17.25 for Dr. Jacobs but if you require a duplicate we will be pleased to have it sent on.

The enclosed three copies are the only outstanding items and we would appreciate very much if we could have them put through at your convenience.

Yours very truly,

15th. March 1928.

The Superintendent,
Indian Education.
Ottawa.

Sir,

878, Jesse Cayuga, a pupil of this school, has for some time been in poor health. Yesterday, Dr. Alexander, of the Brant Sanitarium kindly examined him and discovered traces of tuberculosis.

The boy's condition is not by any means grave but the Doctor states that he should have three months Preventorium treatment as he is growing very rapidly and is in a weakened condition. At the present time his parents are separated. If this were not the case I would think that three or four months sick leave with instructions for his care would be sufficient to re-establish his health. I understand the parents are at loggerheads but the Local office says there has been no specific decision regarding the custody of the children.

As both parents are visiting the boy I will endeavour in the next few days to get them together and try to arrange for the boy's care. I will then, advise you of the result of this meeting.

Your obedient servant,

Roques

25th. January 1928.

The Secretary,
Department of Indian Affairs.
Ottawa.

Sir,

With further reference to my wire to-day relative to Eva Jane Lickers 0877, a pupil of this school, I have to report that this pupil was admitted to the Brantford General Hospital and I have just had a message that she has recovered from the state of coma in which she had been for several hours prior to her admission.

This girl has been under treatment and observation for diabetes for eighteen months and yesterday was brought to me apparently suffering from a slight attack of pleurisy. She was immediately given medicine and sent to bed. Last evening she was again treated but this morning she was found to be in a serious condition. The Doctor was summoned and was here immediately, insulin was administered and her removal to hospital arranged.

Owing to the fact that Mrs Rogers is in bed again it was impossible to provide the necessary care and attention that Eva needed, hence my wire for approval for her admission to the local hospital. Ice storms and bad roads and the girls condition made it impossible to take her to the Lady Willington Hospital.

Your obedient servant,

S. Rogers

Dear Sir,

I have your letter of the 25th instant, reporting on the case of Eva Jane Lickers, recently admitted to Brantford Hospital.

I enclose account forms to be used by the hospital in this connection. You should inform the authorities that the Department desires accounts at the end of each month, and in this instance you should certify them before they are forwarded to Ottawa for payment.

Yours very truly,

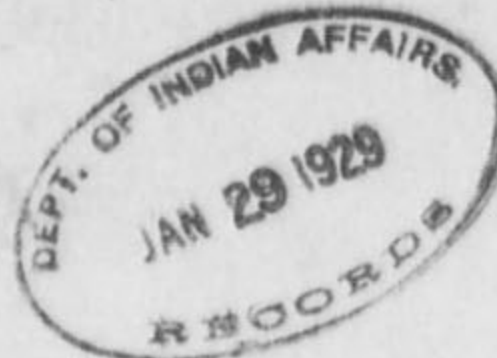

J.D. McLean
Assistant Deputy and Secretary

The Secretary,
Department of Indian Affairs.
Ottawa.

Sir,

Eva Jane Lickers (0877) passed away at the Brantford Hospital at 5 o'clock last evening. Through the assistance of Mr. Winger of Hagersville we were able to get in touch with her uncle John Herkimer who was able to reach the Hospital in time to see her. Owing to the storm all telephone communications in this district were out of commission and the uncle proceeded to make his own funeral arrangements.

I am taking a party of the girl's friends to the funeral on Sunday at 2 p.m.

Your obedient servant,

Shoyes

September 19th, 1929.

Dear Sir,

Sent LD // Your letter of September 16th asking for drugs in regard to medical and dental services has been referred to me. You will receive under separate cover a package of circulars and forms which will indicate the regular procedure in such cases. Under ordinary circumstances any pupils who go to hospitals should, of course, go to the Brantford Reserve Hospital and will there be attended by Dr. Davis. In emergency cases, or where the pupil's disease requires the attention of a Specialist in Brantford, he should be admitted to the Brantford Hospital and the account forwarded as indicated on the hospital account form.

You may expect to receive special further instructions within a short time as to the procedure to be followed in the case of children with defective eyes and teeth.

Yours truly,

E.L. Stone, M.B.

Oct. I-29.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

We have a pupil, Mary Batiste, who was brought in last Wednesday with a sore eye. She had just been examined by Dr. Davis who gave her a wash for the eye. The nurse has been attending to her regularly, but yesterday the eye had become worse so I took her to Dr. Palmer, who ordered her to be taken immediately to Dr. Bragg, a specialist. He found a very bad infection which will need a course of treatment to save the eye. I would like authority, therefore, to continue the treatment.

There are a number of pupils who have defective eyesight. Some of them are very bad so that the teachers have noticed it. Will you please authorise the securing of glasses for them? I am enclosing list of names.

I would suggest that we should have Dr. Bragg come down and test all the children's eyes as is done in the Public Schools.

I have to report, also that we have a few mild cases of Mumps. They have been reported and are being treated according to instructions from Dr. Palmer.

Yours faithfully,

Horace W. Snell
Principal.

October 8th. 1929

The Secretary,
Department of Indian Affairs,
Ottawa,

Dear Sir:- "Eyes and teeth of children at Mohawk Institute
and Reserve schools"

When in Ottawa recently I brought to the attention
of Dr. Stone and Mr. Ferrier the urgent necessity of some
action being taken to provide treatment for eyes and teeth
to Six Nation children.

I have received a call this morning from Rev.
Mr. Snell of the Mohawk Institute who states that he has
several urgent cases of both eyes and teeth which he considers
can be saved by immediate treatment.

One girl has an infected eye which is so
serious that he has assumed the responsibility himself of
having it treated by Dr. Bragg. There are about twelve
children in the Institute whose eyes are so defective that

2.

the teachers have discovered that they are unable to read the figures on the blackboard and there are also numbers of children who are in danger of losing permanent teeth almost as soon as they appear.

I would therefore ask for authority in such cases to send these children to Dr. Bragg and some qualified dentist or have appointments made for an establishment of permanent clinics.

Your obedient servant,

C. E. Morgan

Ottawa, October 10, 1929.

Rev. Sir:

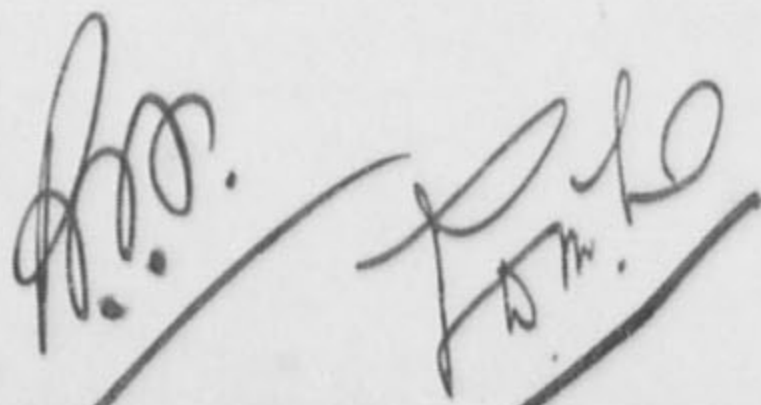

I have your letter of the 1st instant, with reference to Mary Batiste, a pupil of the Mohawk Institute, whom you found it necessary to take to an eye specialist in the city. Your action is approved, and this specialist may continue the treatment.

As indicated in letter of the 19th ultimo, the Department has taken steps to ascertain the name of a dentist and eye specialist who can be given the work required by the pupils of the Mohawk Institute. As soon as possible, you will receive instructions in this matter.

Your obedient servant,

J. D. McLEAN

Ottawa, October 10, 1929.

Sir:

I have your 10B/29/942 of the 8th instant, with reference to a dentist and an eye specialist for the pupils of the Mohawk Institute. This matter is being attended to by the Department and, as soon as possible, instructions will be directed to the Reverend Principal. I have already written him approving of his action in taking one girl, whose case was urgent, to Dr. Bragg, an eye specialist of Brantford.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

I am enclosing Medical Accounts from Dr. R. H. Palmer for vaccination of pupils at the Mohawk Institute. The account for those done in May was not rendered on the proper form though there is a note in the Institute diary that a report was sent to the Department by the former Principal.

I have verified the number and date of vaccination from the said diary under date May 2-29 for number vaccinated, and under date July 2nd. for number successful.

I take it, from 50-1 April 1-28 pencilled note, that in cases like this "Indian Agent" means The Principal.

Yours obedient servant,

Horace W. Smith,

Principal.

January 7, 1930.

Dr. Stone

The Minister of Interior,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir;+

In rendering my account for work done at the Mohawk Institute, Brantford, I find no scheduled price for examination of patients. I have examined each patient to ascertain what he may need. My charge in private practise is \$3.00 for similiar examination. Will you please let me know what you think a fair fee would be in this case.

In mailing the report, should we list each individual's name, or just the number of children examined?

Thanking you in anticipation of an early reply, we are,

Sincerely yours,

The Brantford Clinic,
per,

HRM/MT.

January 17th, 1930.

Dear Sir,

Your letter of January 7th addressed to the Minister of the Interior has been referred to me for reply.

I find it difficult to know just what you refer to by an examination. The Department's fee for an ordinary office call is \$2.00, for refraction without mydriatic \$4.00, and for refraction with mydriatic \$5.00. I do not know how many pupils you have examined, nor how complete your examination was in each case. A cursory look over a large number of children to see whether they had enlarged tonsils or some obvious trouble in the ear or nose would not, I should think, call for a very large fee for each child, but if the children were brought to you suffering from some defect and you made a thorough examination of each one, I should think it might be worth \$2.00 each. In a case where the examination led to an operation, it might well be included in the fee for the operation. If you will put down in your account the services you performed for each child, I will try to do justice to you in my recommendations.

Yours very truly,

E.L. Stone, M.B.,
Director of Medical Services.

Dear Doctor;-

In reference to correspondence #32-0-13 would say that these pupils were examined by me at the Mohawk Institute, where I held what might be termed a Clinic. Each pupil, of course, was not suffering from any particular ailment, but was examined to determine if he needed any attention in the Eye, Ear, Nose and Throat branch of medicine.

Rev. Mr. Snell;
Mohawk Institute,
Brantford, Ont.

Dear Sir:

We are enclosing duplicate copies of our statment for services rendered to the pupils of the Mohawk Institute. I regret very much that this account has been so long standing, but frankly, we submitted this thru Mr. Rogers, a number of times, but nothing further came of the matter. I feel certain that Mr. Rogers will recall the services and that either he or Dr. Palmer will be good enough to certify this account.

Trusting to hear from you regarding the above,

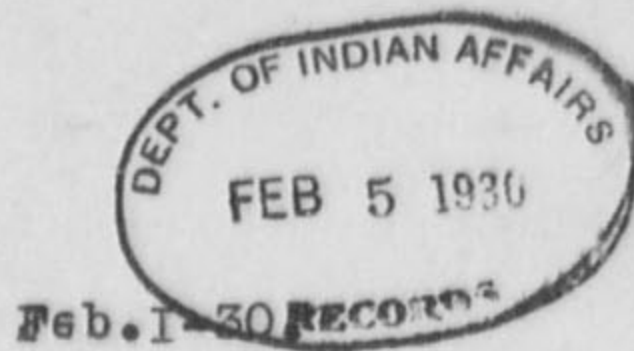

Very truly yours,

Norman W. Bragg. M.D.

Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

I am enclosing an account from Dr. Bragg
for services rendered for some time back. I have sub-
mitted the statement to Mr. and Mrs. Rogers and they
state that the services were rendered and that from time
to time accounts were forwarded to Ottawa.

Of course they do not know how they were disposed of
finally.

Your obedient servant,

Horace W. Smith
Principal.

32-0-13.

Ottawa, February 20, 1930.

Reverend Sir:

I have your letter of the first instant, enclosing an account from Dr. Bragg for services rendered to the pupils of the Mohawk Institute. I regret that the Department cannot consider payment of accounts for services prior to 1929. All of the items for the period, but one, are small. The mastoid operation for the pupil Beulah Snake was paid for by cheque No. 2833 for \$100, dated September 18, 1925. The cheque was sent direct to Dr. Bragg. If he believes he did not receive this cheque, please inform the Department and I will be glad to have it returned to him for examination, showing his endorsement.

With reference to the services for the year 1929, you may inform Dr. Bragg that he should bill Mrs. Rogers personally for her visits. The treatment for Mary Baptiste was authorized and it will be in order to submit an account, in duplicate, for this service and also for the two office calls for the two Cayuga boys, provided they were sent by the Mohawk Institute. Concerning the mastoid operation for Ralph Stewart, which I believe should read Ralph Smart, the fee allowed by the Department is \$100; but the circumstances concerning this operation must be explained for the Department's consideration. You should indicate who sent the boy to Dr. Bragg. After you have seen Dr. Bragg and when your reply is before the Department, consideration to the last items on the account will be given.

ENCL.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

32-0-13

February 26th, 1930.

Sir,

LL

The Department has received an account from Dr. Miller for examination of the eyes of several pupils at your school and from this account it appears that Dr. Miller is undertaking to examine all the pupils. I may say that it was not the intention that there should be an examination of this kind at the present time. The instruction which was sent you on October 17th had reference rather to send pupils who might be referred to Dr. Miller by recommendation of Dr. Palmer. Dr. Miller's present account will be dealt with, but I must request you to defer future work of this kind until authority is issued.

Your obedient servant,

Amund

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,
re 32-0-13, Feb. 20-30.

I have seen Dr. Bragg and Mr. Rogers concerning Dr. Bragg's account and am enclosing the account as amended according to your instructions. The two Cayuga boys were sent after I came to complete a course of treatment begun before the holiday. There is no charge appearing in the account for those former treatments.

The mastoid operation for Ralph Smart was an emergency operation. The boy was taken directly from the Doctor's office to the Hospital. Mrs. Rogers says the Department was notified by telegram and that an explanatory letter followed, but that no letter of authorization was received.

I may say that Mrs. Rogers asked me to mark off her account from the account before I sent it in but I neglected to do so.

Trusting that this is satisfactory, I am,

Your obedient servant,

Department of Indian Affairs,
Ottawa, Ont.

Feb. 28-30.

Dear Sir,

Replying to your letter No. 32-0-13, 26th. inst.

I regret that I misunderstood the authorization of Oct. 17th. I might explain that all the children were examined in the Autumn for eye, ~~and~~ nose affections and while many were found to have bad tonsils very few suffered from affections as to their sight. If I remember rightly, Dr. Miller's bill did not specify a fee for this general examination but left that to the discretion of the Department. Dr. Bragg examined several of the pupils but, as the appointment went to another Doctor, he made no charge for the services he had rendered in this regard. When I was in Ottawa I mentioned to Dr. Stone that I had had the children examined and that those who had bad throats, to the number of about 30, were being sent to Lady Willingdon Hospital for tonsilectomies and he approved heartily. There were only about ten who were found to be in need of glasses. These have been all attended to and I think all but two or three are included in the accounts already forwarded by Dr. Miller.

I may say that Dr. Moyle has similarly examined the teeth of all the children and several of them have already had their teeth attended to. There are some still who are badly in need of attention. I shall send no more until I have further authority though I hope it will be given as they suffer a good deal when the teeth are not looked after. Am I supposed to have authority from Dr. Palmer for attention to teeth too?

Your obedient servant,

Horace W. Sull

Ottawa, March 6, 1930.

Reverend Sir:

I have your letter of the 26th ultimo, with reference to treatment for eye trouble and dental attention in connection with pupils at the Mohawk Institute. Whenever Dr. Palmer believes that pupils should go to the eye specialist or to the dentist, you may send them to Dr. Miller and to Dr. Moyle, respectively. The accounts which you have forwarded are being paid. If, at any time in emergencies, there is no convenient opportunity for the medical officer to examine a pupil who is in need of immediate attention, you may use your own judgment, of course. The point I wished to make in my letter of the 26th ultimo is that it is not the intention to have specialists examine all pupils in a school.

Your obedient servant,

A. F. MacKenzie

Sir,

All authorized dental work required for Indians of the Six Nations Reserve should be referred to Dr. Frederick W. Landymore, of Brantford, and those requiring the services of a specialist for diseases of the eye, ear, nose and throat should be referred to Dr. Gordon Hanna, Brantford.

Yours very truly,

Lt. Col. C.E. Morgan,
Indian Superintendent,
Six Nations Reserve,
Brantford, Ont.

Ottawa, October 2, 1930.

Reverend Sir:

In future, when the Department authorizes the services of an Eye, Ear, Nose and Throat Specialist for pupils of the Mohawk Institute, you should engage Dr. Gordon Hanna, 58 Brant Avenue. In the event of emergency purchase of drugs, you may deal with either A. W. Smiley, 116 Market St., or N. M. Lee, 103 Dalhousie St. Of course, your regular supply of medicines, etc., should be the subject of requisitions to the Department.

I also wish to make a new arrangement for dental services for pupils of the Mohawk Institute. At your convenience, will you please interview Dr. F. W. Landymore, 70 Eagle Ave., and explain the nature of the services required. When there are a number of children who should visit the dentist, the Department expects special rates. In the case of other schools, we allow \$1.00 per amalgam filling and 25¢ for each extraction when considerable work is necessary. Of course, in emergencies, when you take but one pupil to the dentist, we are prepared to pay \$1.50 for fillings and 50¢ for extractions. Dental services other than extractions and fillings are not authorized, except in special cases, which should be brought to the Department's attention. In the case of temporary teeth, extractions only are allowed. After you have seen Dr. Landymore, you might report to the Department, indicating if he is willing to undertake the work.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

The Secretary,
Department of Indian Affairs,

Dear Sir,

Re No. 32-0-13, 2nd. inst.

I have interviewed Dr. Landymore in connection with dental work as suggested in your letter No. 32-0-13, Oct. 2. and he is willing to accept the work of the school.

In view of the fact that decayed teeth in children are not brought to our attention until they are so far decayed as to ache, and that then they are often too far gone to be preserved I would request that all the children should be examined so that both the teeth and the pain may be saved. There would also be a saving in money as the pupils could be sent in groups thus securing the lowest price for the work.

Your obedient servant,

Horace W. Smith
Principal.

100 AVENUE,

Brantford, Ont.

Oct. 20th

1930.

Dear Sir,

Regarding dental services for the pupils of Mohawk Institute.

I have received from the principal, Rev. H.W. Snell, a copy of the extract from your letter, setting forth the nature of the services required, and a schedule of fees that the Department ~~xxx~~ is willing to pay.

In connection with the service required, I note there is no mention made of a complete examination; the filling of anterior teeth with synthetic porcelain, or permanent teeth that require root treatment before filling is possible.

Might I suggest before any dental work is undertaken, that a thorough examination of all pupils be made. From the records taken, it will be possible to advise your department, the amount of dental work necessary, and an approximate cost. Rev. Mr. Snell stated that there were about 140 pupils at present attending the Institute. The examination would occupy about two half days, or around seven hours time. I think a nominal fee of ten dollars would cover.

I might say that I had the honour of installing the system of school dental inspection for the City of Brantford, and had charge of the clinic for three years. From this knowledge gained, I feel I am in a position to decide what service these children should receive, and in justice to them, it should follow closely the work accorded the pupils in our public schools, and other school clinics.

Respectfully yours,

J. W. Landymore

Ottawa, October 30, 1930.

Dear Sir:

I have your letter of the 20th instant, with reference to dental services for the pupils of the Mohawk Institute. For your first examination of all pupils, the Department is pleased to allow a nominal fee of \$10. If synthetic porcelain filling is required in the case of anterior teeth, \$1.50 per filling will be allowed. With reference to root treatment and the filling of roots of permanent teeth, I may say that the Department has never authorized this work to any extent - extraction is generally suggested. The Reverend Mr. Snell is receiving a copy of this letter, for his information and guidance.

H. W. Landymore, D. D. S.
DENTIST

96 ERIS AVENUE,
BRANTFORD, ONT.

Nov 15th 1930

A. F. MacKenzie, Esq.,
Secretary, Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Referring to your favour No. 32-C-13 dated October 30th.

Following instructions from your department, I have made a complete dental examination of the pupils of the Mohawk Institute. With the able assistance of Nurse Smith, and Miss Shell, also a graduate nurse, the work of examination was accomplished in two half-days.

Sum. 10.

A summary of the examination is as follows:

Number of pupils examined	138.	
" " requiring treatment	113.	
" " found c.k.	25.	
" " amalgam fillings needed, posterior permanent teeth	341.	341.
" " porcelain " " anterior " "	50.	75
" " " " with root treatment	2.	3 +
" " amalgam " " " "	24.	24 +
" " permanent teeth, necessitating extraction	19.	5
" " temporary teeth, " " " "	90.	23
" with gum lesions, ranging from incipient gingivitis to first stage of pyorrhea	9.	
" with advanced pyorrhea	4.	
General mouth conditions, Fair.		

There are five pupils, (age 7), not included in above, with a total of 21 fillings needed in their temporary teeth. These cases, due to tardy development, will delay the natural exfoliation process from two to three years. These teeth should not be extracted, nor the cavities in them allowed to develop to the eventual pain and discomfort of the pupil.

Regarding the thirteen pupils (age 14-16) with diseased gums. These lesions have not developed to the stage where extensive treatment is necessary. If promptly corrected, and the pupils are instructed, regarding future care, a recurrence of the trouble is unlikely.

H. M. Landymore, D. D. S.
DENTIST

PHONE
HOURS 9-12
2-5

78 ERIE AVENUE,

Brantford, Ont.

Regarding the 26 permanent teeth with cavities involving root treatment. These teeth should be treated and filled. They have not developed to that stage yet, in the best interests of the pupil, extraction is indicated. Rev. Mr. Snell has advised me that your department is willing to have a complete dental examination made twice a year. If this is done, a closer check-up of developing trouble can be maintained, and the question of root treatment can be practically eliminated, with the exception, of course, in the case of new pupils.

The estimated cost of this work, from the basis of fees allowed by your department would approximate \$500.00.

The work of treating and filling the roots of the permanent teeth referred to, the filling of the temporary teeth for the five pupils mentioned above, and the necessary gum treatments would add an additional cost of approximately \$100.00.

I am sending Rev. Mr. Snell a copy of this report for his information.

All of which is respectfully submitted.

H. M. Landymore

Ottawa, November 21st, 1930.

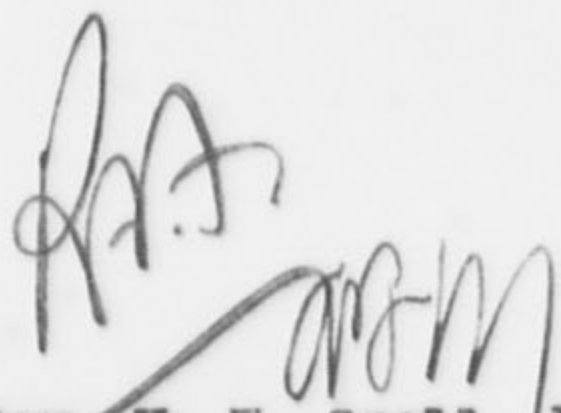

Reverend Sir,-

Dr. Landymore, dentist for the Mohawk Institute, has reported on his examination of the children. He informs me that a copy of his letter of the 15th instant has been forwarded to you. While it is not the general practice of the Department to allow root treatments or treatments for gum lesions or pyorrhea, the dentist's remarks in this instance have been noted and the Department is prepared to make an exception. You may authorize Dr. Landymore to proceed with the work as recommended. We note that the work previously authorized will cost, approximately, \$500., and that the special work which is being authorized at this time will cost, approximately, \$100. It is entirely probable that Dr. Landymore will not be able to complete this work in the immediate future and, as our funds are extremely limited this fiscal year and, in fact, are overassigned, I wish to suggest that he undertake the work at his convenience and forward his account, in duplicate, to you for your certificate on or about April 1st, next. Our new Vote will then be available and the account will be promptly paid. I am not corresponding with Dr. Landymore direct as, now that the arrangements are complete for this work, it can be handled entirely through your office.

Please instruct Dr. Landymore that his account, in duplicate, should show the amount of work done for each pupil - the pupils to be named.

Your obedient servant,

A. F. MacKenzie.
Secretary.

EXTRACT FROM LETTER OF MR. SUPERINTENDENT
MORGAN, DATED DECEMBER 16, 1930.

Original on No. 7825-4.

I visited the Mohawk Institute un-
expectedly at dinner time, taking Mr. Hilton
Hill with me, on account of a report in
circulation that the children were in-
sufficiently fed. We found their dinner
to consist of an abundance of good and
tastefully cooked liver with brown gravy
and I am of opinion that there is no
truth whatever in the rumour.

Ottawa, February 2nd, 1931.

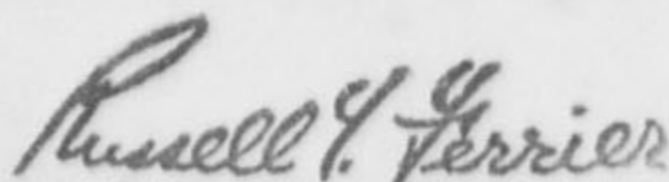

Reverend Sir,-

With reference to Ida Isaacs - No. 0861; and Theresa Vanevery - No. 0962, I beg to say that the Department approves of the authority already given to you to have these children placed in a sanitarium at the earliest possible date. Please advise me when you have been successful in this regard.

They should be considered discharged from the Mohawk Institute from the date on which they are placed in the sanitarium. If, after treatment in the sanitarium, their condition improves to such an extent that they can return to school, application can then be made for the Department's approval of their readmission.

The accounts received in favour of the Brantford General Hospital for the chest plates will be paid.

Your obedient servant,

Russell F. Ferrier.
Supt. of Indian Education.

February 2nd, 1931.

MEMORANDUM:-

Mr. Fenwick

RE:- Ida Isaacs - No. 0961; and Theresa Vanevery -
No. 0962.

When I was at the Mohawk Institute on the 29th ultimo, the Principal, Rev. Mr. Snell, stated that the above two girls had not been well and he was sending them to the clinic to have them examined. Later in the day, Dr. Alexander, Superintendent of the Brant Sanitarium, requested authority to have a chest plate taken of each girl. I authorized these at a cost of \$6.00 (regular charge \$10.00) and I enclose the accounts, which I have signed.

Following examination of the plates, Dr. Alexander reported that these girls were suffering from T. B. - their condition being rather serious and a menace to the health of the other pupils in the school. I, therefore, authorized the Principal to make immediate arrangements to have them placed in a sanitarium and he phoned the Superintendent of the Queen Alexandra Sanitarium, London, and it is hoped to have them placed in that institution early this week.

On File 32-0-10, a letter is being directed to Rev. Mr. Snell approving the placing of the children in the sanitarium mentioned and advising him that they are to be considered discharged from the Mohawk Institute from the date on which they are placed in the sanitarium.

EX-11

Dear sir:-

I have been able to arrange for the admission of
Ida Isaac - No. 0861, and Theresa Vanevery - No. 0962 at the
Queen Alexandra Sanitarium in London on the 19th inst.
This is the earliest date I could get any place. In the
meantime the children are being kept isolated and given
the best treatment possible.

Your obedient servant,

Horace W. Snell.

Beattie

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

I took Ida Issac No. 0861 and Teresa Vanevery No. 0962 to the Queen Alexandra Sanatorium London, Ont. yesterday Feb. 19th. I have therefore discharged them as from that date.

H We have also found one boy definitely affected with T.B. Dr. Alexander recommends that he be placed immediately in a preventorium.

Two other pupils have been taken to the T.B. clinic but as one of them had been recently vaccinated and the other was suffering from a mild attack of pleurisy a definite diagnosis could not be made at the time, though the physician is suspicious of the presence of the disease.

I shall send them again to the clinic and report immediately if the report should be unfavourable.

Your obedient servant,

Horace W. Snell
Principal.

Reverend Sir,

HL

This will acknowledge receipt of your letter of February 20th reporting the admission of Ida Isaac and Teresa Vanevery to sanatorium. If you can find accommodation for the boy referred to in the second paragraph of your letter, it will be advisable to have him admitted also. The Department will await further report on the cases of the other two pupils whom you have taken to the clinic.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir, eight

There are at least ~~five~~ pupils who need attention to their eyes, 852 Herman Henhawk, 898 Raymond Garlow, 902 Neil Garlow, 943 George Lewis, 930 Jonas Smith, 0960 Phoebe Claus, 0964 Lottie Gibson, and 0995 Eva Hill.

The teachers report that these children cannot see the blackboard. I would, therefore request authority to have their eyes examined and, if necessary, to have them fitted with glasses.

Your obedient servant,

Horace W. Snell
Principal.

Ottawa, March 28, 1931.

Rev. Sir:

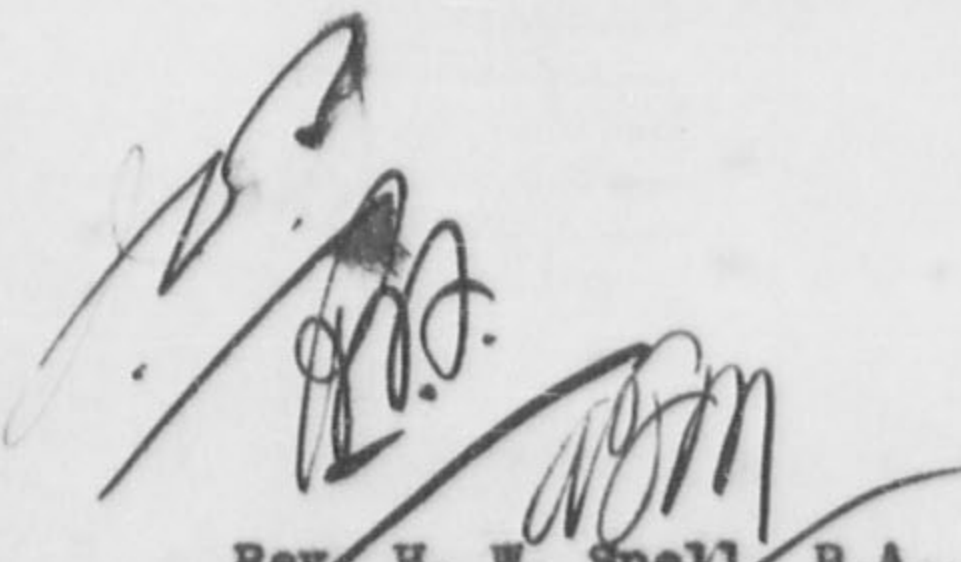

I have your letter of the 18th instant, informing the Department that at least eight pupils of the Mohawk Institute require to have their eyes examined and glasses supplied.

In this connection I have to say that, as advised in official letter dated October 2, 1930, you may have the pupils requiring attention examined by Dr. Gordon Hanna, 58 Brant Avenue, Brantford, and he should also arrange to supply the necessary glasses. It is not intended that an expensive type of glasses be supplied. It is considered that spectacles in strong mountings of cheap material, with flat lenses, would be satisfactory. The fee charged for the examination should also be as low as possible.

The Doctor should prepare an account, in duplicate, giving the names of the pupils examined, the fees charged in each case and also the cost of the glasses supplied each pupil. This account you should certify in the usual manner and forward to the Department for payment.

Your obedient servant,

A. F. MacKenzie,
Secretary.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

I am enclosing account from the Hos-
pital re Dorothy Herkimer.

In explanation I may say that she was not
fit to move to Lady Willingdon at first and at
the order of Dr. Palmer she was put in the city
hospital for the three days shown. She was then
taken to the Lady Willingdon on 16th. inst.

I am exceedingly sorry to have to report that
she died there on the 15th. inst. from Tuber-
cular Meningitis. She was one of our nicest and
most promising pupils.

Your obedient servant,

Howard W. Snel

Principal.

A. F. MacKenzie, Esq.,
Secretary, Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Re- Dental Examination of pupils of the Mohawk Institute.

On April 15th and 22nd, dental examination was made of all pupils of the Mohawk Institute.

Of the 134 pupils examined, 37 required dental treatment.

Dental restorations for these 37 pupils as follows:

Amalgam fillings	-	-	-	-	96
Amalgam fillings with root treatment	-	-	-	-	5.
Extractions	-	-	-	-	26.

42 percent of the work found necessary was among new pupils, 22 percent among pupils who were found o.k. on my first examination last October, the balance of the work was made up of simple pit or fissure cavities that had since developed.

The five defective teeth requiring special root treatment were among the new pupils.

There were no gum lesions, or pyorrheal conditions found. Those pupils, that received gum treatment last fall, showed gums in a normal and satisfactory condition.

Each pupil has received chair-side instructions in the care of the teeth and gums, and there is a marked improvement in their general mouth condition, especially among the older pupils.

Since my second examination in April, all necessary work has been completed.

All of which is respectfully submitted.

Dr. Gordon M. Hanna
EYE, EAR, NOSE AND THROAT
BRANTFORD, ONTARIO

June 6, 1931

Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Sir:-

By authorization of your department and at the request of Mr Snell, I have recently examined thirteen children of the Mohawk Institute.

Most of these cases were examined because of defective vision.

The average amount of time spent with each case would be an hour.

As I am about to render a statement, may I request the amount allowed by your Department for such examination.

Yours sincerely,

GMH:LC

G. M. Hanna

32-0-13.

Ottawa, June 11, 1931.

Rev. Sir:

to you /

The Department has received a communication from Dr. Gordon M. Hanna, Brantford, in which he states that he recently examined 13 children, pupils of the Mohawk Institute, and requested to be informed as to the fee allowed for such examination. Dr. Hanna is being informed that the fee usually allowed in the case of each child examined because of defective vision is not in excess of the sum of \$5, and that he is to forward his account, in duplicate, covering the cost of the examination and, if any glasses were supplied by him, the cost of the glasses in each case. You should then certify the account and forward it to the Department for payment.

In connection with the examination for defective vision of any pupils in future, I have to request that, before any work of this nature is performed, you will first refer the matter to the Department and receive the necessary authority. You will be informed at that time of the name of the optician whose services you should employ.

[Handwritten initials]

The account of Dr. Landymore covering the cost of dental services recently performed by him has been received, and will be paid in due course. It is noted from the Dentist's letter accompanying the account that all necessary dental work has been completed. I may say that our funds for the present fiscal year are limited and no further dental or optical work should be carried out until the authority of the Department is first received.

Your obedient servant,

[Handwritten signature]
A. F. MacKenzie,
Secretary.

Ottawa, June 11, 1931.

Sir:

I have your letter of the 6th instant, informing the Department that you recently examined 13 children, pupils of the Mohawk Institute, and requesting to be informed as to the fee allowed for such examinations.

In reply I have to say that the fee usually allowed in the case of each child examined because of defective vision is not in excess of the sum of \$5. You should forward your account, in duplicate, to the Principal of the School, covering the cost of the examination and, if you supplied any glasses, the cost of the glasses in each case. The Principal will certify the account and forward it to the Department for payment.

Your obedient servant,

A. F. MacKenzie *over*

Number requiring Dental treatment	77.

Work required:

Number of amalgam fillings necessary	211
Number of porcelain fillings necessary	26
Number of extractions	69
Number of teeth requiring amalgam filling with root treatment	11
Number of porcelain fillings with root treatment	4
Number of pupils showing first stage pyorrhea	1
Number of pupils showing simple gingivitis	2

Remarks:

Of the 77 pupils requiring treatment, 21 are new pupils.

44% of the total work needed is among these 21 new pupils. The 15 teeth requiring filling with root treatment, and the three pupils with diseased gums are among the new pupils.

Three new pupils, one girl and two boys, show particularly bad mouth condition.

The remaining 56 pupils show simple pit or fissure cavities, mostly in the posterior teeth, which have developed during the year.

General condition of mouth and teeth good.

Approximate cost of work needed, \$330.

All of which is respectfully submitted.

J. W. Landymore

October 31-31.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

In accordance with instructions in your letter No. 32-0-13, October 23rd. 1930, I have the teeth of the pupils examined and am enclosing herein Dr. Landymore's report. I shall await further instructions before having the work indicated proceeded with. I would call attention to the fact that the cost of work required this time is about \$200.00 less than was required at the last examination and that he reports the teeth of most of the pupils well cared for.

Your obedient servant,

Horace W. Smith

Principal.

EX'L.

Ottawa, November 7, 1931.

Rev. Sir:

I have your letter of the 31st ultimo, enclosing the report of Dr. Landymore on his examination of the pupils of the Mohawk Institute, and stating the dental work required by them.

In reply I have to say that you may arrange with Dr. Landymore to perform the dental work absolutely necessary at the present time. He will be allowed remuneration for this service at the same rate as previously paid. He should prepare a list giving the name of each pupil treated and the number of fillings and extractions performed in each case. He should also prepare his account, in duplicate, covering the cost of the dental work performed by him. This account you should certify in the usual manner and forward to the Department, along with the list showing the work carried out. This work may be undertaken at a time convenient to the Dentist and yourself. Please keep all costs for this work as low as possible.

I am returning herewith the duplicate copy of Dr. Landymore's report, together with a communication from the London Soap Company which you enclosed in your letter.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Dear Sir,

I am enclosing certified account for dental work by Dr. Indymore, as authorized by your letter No. 32-0-13, November 7, 1931. The cost of this work has been kept to the minimum and has been done at very reasonable rates. The cost this time has been much lower than before owing to the improved condition from previous work. Only the new pupils have much attention needed.

Your obedient servant,

Horace W. Snell

Principal.

70 Eagle Ave.,

Brantford, Ont. May 15th '32.

To The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

The semi-annual Dental examination of the pupils of the Mohawk Institute was completed in two half-days. Nurse, Mrs. Smith and Miss Margaret Snell assisting.

A summary of the examination follows:

Pupils examined	143.
" requiring treatment	47.-

Work required:
Amalgam fillings
Porcelain "
Extractions

71.-	71.00
13.-	19.50
38.-	9.50
	100.00

The general mouth condition of the pupils is very good, particularly among the girls. The children have each been given a tooth brush, through interest and co-operation of Mr. Snell, Nurse Mrs. Smith and those in charge. The chair-side instruction the pupils have received in the care of the teeth and gums, is largely responsible for the interest and marked improvement that has taken place.

The approximate fee for work outlined, including examination - \$100.

All of which is respectfully submitted.

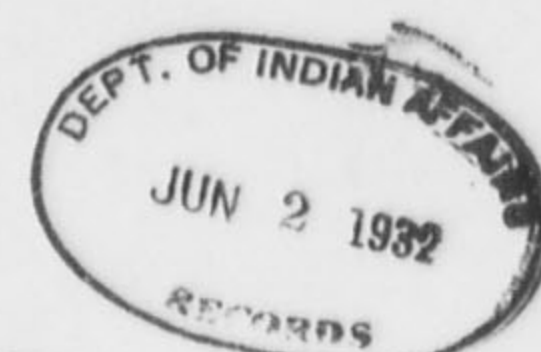

J. W. Landymore

Ottawa, Ont.

Dear Sir,

Dr. Landymore has completed the examination of the teeth of the pupils and I am enclosing his report and hope that I may receive authorization for the carrying out of the treatment necessary at an early date, so that the work may be ~~completed~~ completed before school closes. You will note that the amount of treatment required is decreasing with the regular attention being given and the children are also taking better care of their teeth.

Ottawa, June 7, 1932.

Rev. Sir:

I have your letter of the 1st instant, enclosing a report from Dr. Landymore regarding the pupils of the Mohawk Institute who require dental attention.

In reply I have to say that you may arrange with Dr. Landymore to carry out the work required as mentioned in his report, viz., 71 amalgam fillings, 13 porcelain fillings and 38 extractions. The fees allowed will be at the rate of \$1 per amalgam filling, \$1.50 per porcelain filling and 25 cents for each extraction. In the case of temporary teeth, extractions only are allowed.

The Dentist should prepare an account, in triplicate, giving the name of each pupil treated and the work done in each case. This account should be certified by you and forwarded to the Department for payment. The total expenditure for dental services at this time should not exceed approximately \$100.

You should arrange to have the dental work completed before the summer holidays begin.

Your obedient servant,

A. F. MacKenzie,
Secretary.

32-0-13.

Original on 32-0-10.

Ottawa, June 10, 1932.

Sir:

The report of Dr. J. J. Wall, trachoma specialist engaged by the Department, shows that Gladys Curley, No. 0940, of the Mohawk Institute, is the only one at the school that is suffering from active trachoma. It is highly desirable that this school be kept free from this disease, and the Department wishes to arrange for her discharge. The Director of Medical Services states that she may be placed, temporarily, in the Lady Willingdon Hospital. Will you explain to the Reverend Mr. Snell and take this action, not later than the end of the school year. Dr. Stone is corresponding direct with Dr. Davis in the matter.

This pupil was the subject of your 10B/27/1200, of October 29, 1927. It appears that her parents were Benjamin and Rachel Curley, who, at that time, had not been living together for several years. Della Curley, pupil No. 0939, a year or two older, is a sister. In 1927, the children were living with their grandmother, Mrs. Nancy Curley, who was then a housekeeper for a white man by the name of Robinson, who lived on the borders of the reserve. I find that in July, last, an 11 year old brother of these girls, Alvan, was admitted to the Mohawk Institute and is now pupil No. 960. He was taken from the Oneida Reserve. He had been living with David Williams for 4 years, having been left there and deserted by the mother. The application for Alvan was forwarded from your office some time in the latter part of July, last. I think you will find on your files a letter to David Williams, of Muncey, in the matter.

The Department wishes you to give some thought regarding where this girl could be placed upon discharge from hospital. You might report in due course in this connection.

Your obedient servant,

Russell T. Ferrier

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

On the order of Dr. Palmer, I have sent Thalma Powless, No. 0974 to the Brantford Hospital. She was playing at the Maypole and the girls piled up on her in some way and she had her leg broken.

The break is in the femur about three inches above the knee and is riding. An X-Ray was necessary and the physician reports that she will have to be kept at the Hospital for some time. As soon as she can be moved we shall bring her back here or transfer her to the Lady Willington Hospital as may be recommended by the doctor.

Your obedient servant,

To The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Re Dental Service for pupils of the Mohawk Institute.

The semi-annual Dental examination of all pupils was completed in three half-days, with the assistance of nurse, Mrs. Smith.

Summary:

Number of pupils examined . . . 150.
Number requiring Dental treatment . 66.

Following Dental Work necessary:

Amalgam fillings	236.
Porcelain "	18
Extractions	71.
Amalgam filling and root treatment	32.
Porcelain " " " "	3.

One pupil with pyorrhea will need two or three gum treatments.
Three pupils with gingivitis will need each one gum treatment.

Remarks:

Of the 66 pupils needing dental work, 25 are new pupils.
The remaining 41 pupils show one, two or three small pit or fissure cavities, which have developed during the year.

About 65% of the work outlined above is among the new pupils.

All teeth examined showing root involvement, also the four cases of gum trouble are among the new pupils.

-2-

The examination, just completed, shows a marked contrast in the mouth condition of the old and new pupils. The 125 pupils that have received Dental attention, and instruction in the care of the mouth and teeth, show, generally, a splendid result of this service. Much credit is due to the nurse, Mrs. Smith, and the teachers for their efforts in the follow-up work of instruction in the daily care of mouth hygiene.

The contrast between the old and new pupils is more noticeable this year, than on former examinations, and is due to the fact that the new pupils this fall are of a more advanced age, and show, clearly, the results of mouth neglect and the ravages of dental decay. Only one girl examined showed no dental defects. Ten of the 25 new pupils show an exceptionally bad mouth condition. These ten need immediate attention, and are a menace to the health of the other pupils. Their mouth conditions are in such a state, that it is impossible for them to prevent spreading infection in the classroom and dormitory. One boy in particular, Oswald Henry, age 15, shows 7 permanent teeth in a more or less putrescent root condition. Unless this boy receives immediate and careful dental treatment, he will be in line for artificial dentures.

The approximate fee for the work outlined, including examination, would cost \$400.00.

All of which is respectfully submitted.

F. W. Landymore

DEPT. OF INDIAN AFFAIRS
NOV 8 1932
RECORDED

Brantford, Ontario,
November 5, 1932

*Medical
Schools*

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ontario.

Dear Sir:

I am enclosing the report from Dr. Landymore, the school dentist, re semi dental clinic for pupils of the Institute.

You will observe that so far as the new pupils are concerned, these 25, some of whom have teeth in very bad condition, are responsible for two thirds of the work required to be done. As for the pupils who have been here, the examination shows very satisfactory conditions and a vast improvement.

I should like to mention that Dr. Landymore takes a special interest in our pupils and recently he arranged for the showing of a very interesting and helpful film to the children, along with an address from Dr. Wilson who is visiting most of the city schools in Ontario on this health campaign.

As some of the pupils have conditions which need immediate attention if the teeth are to be saved, I trust that I may receive authorization to proceed with the work at the earliest date possible.

Had we not had ^{abnormal} a number of new pupils this year the amount required would have been considerably below that of former years.

Your obedient servant,

Horace W. Sull

Principal

Ottawa, November 16, 1932.

Rev. Sir:

I have your letter of the 5th instant, enclosing the report of Dr. Landymore regarding the pupils of the Mohawk Institute who require dental attention. It is noted that the greater number of pupils in need of dental attention are the new pupils who entered the school since the beginning of the present school year.

Our funds this year for dental work are extremely limited, and the total amount that can be authorized for this purpose at the present time is \$200. You may arrange with Dr. Landymore to carry out the more urgent work, giving special attention to the new pupils. The fees allowed would be at the rate of \$1 per amalgam filling; \$1.50 per porcelain filling and 25 cents for each extraction. In the case of first teeth, no dental attention with the exception of extraction can be allowed. You may arrange with Dr. Landymore to have the dental work carried out when convenient to the Dentist and yourself.

The Dentist should prepare an account, in triplicate, giving the name of each pupil treated and the work done in each case. This account should be certified by you and forwarded to the Department for payment. As stated above, the dental work carried out at the present time must not exceed the above stated amount, as any expenditure in excess cannot be paid.

I might point out that the sum of \$60 was paid for dental work performed by Dr. Landymore for the pupils of your school during the period - April to August 1st, last.

Your obedient servant,

A. P. MacKenzie,
Secretary.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

I am enclosing account for dental work
as authorized in your letter No.32-0-13, Nov.
16,1932. There was considerable work that had
to be omitted but he attended to those to whom
the greatest benefit would accrue. There are two
boys who have very bad mouths but it would cost
about fifty dollars to do the necessary work. He
felt that it would be too much of the allotment
to spend on two pupils.

Your obedient servant,

Howard W. Snel,

Principal.

May 6th., 1933.

To The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Re Dental Service for pupils of the Mohawk Institute.

The semi-annual Dental examination of all pupils was made during April, and the results found summarized as follows:

Pupils examined	151
Number requiring dental attention	81

Extent of work needed:	
Amalgam fillings	193
Porcelain "	13
Extractions	36
Amalgam filling with root treatment	10
Porcelain " " " "	3

With a few exceptions, the general mouth conditions of the pupils are very good. During the six-month period just past, the children were given an object lesson, by means of a motion picture entertainment, in the care of the teeth, showing them the necessity of daily care, by brushing and cleaning, etc.,

Owing to the Department being able to authorize only 50% of the work mentioned in my report last November, the dental work during the October-March period was spread over, so as to reach as many pupils as possible, only the more advanced caries being treated.

The work outlined above, ~~hasidam~~ includes treatment for five new pupils, as well as the 50% carry-over from last six-month period.

Approximate estimate of cost of work, including fee for examination --- \$275.

Copy of this report to Rev. Mr. Snell.

Respectfully Submitted,

F. W. Landymore

Ottawa, May 12, 1933.

Rev. Sir:

The Department has received a report from Dr. F. W. Landymore on his semi-annual dental examination of the pupils of the Mohawk Institute. He states that eighty-one pupils require attention, consisting of one hundred and ninety-three fillings and thirty-six extractions.

Our funds this year for dental work have been considerably reduced, and the total amount that can be authorized for this purpose at this school at the present time is \$125.00. You may arrange with Dr. Landymore to carry out the more urgent work. Extractions and fillings only are to be performed. The fees allowed will be at the rate of \$1 per amalgam filling; \$1.50 per porcelain filling, and 25 cents for each extraction. In the case of first teeth, no dental attention with the exception of extraction can be allowed. Dr. Landymore is to carry out this work when convenient to him and yourself.

The Dentist should prepare an account, in triplicate, giving the name of each pupil treated and the work done in each case. This account should be certified by you and forwarded for payment. As stated above, the dental work carried out at the present time must not exceed the above stated amount, as any expenditure in excess cannot be paid.

In the carrying out of the dental services, new pupils are to receive the preference.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Ottawa, May 15, 1933.

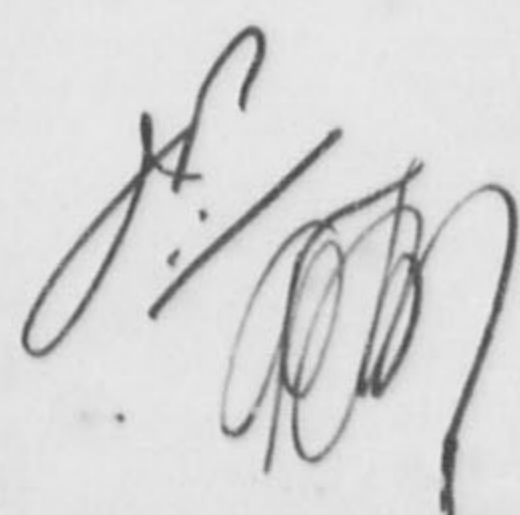

Sir:

Referring to the report which you submitted regarding your semi-annual dental examination of the pupils of the Mohawk Institute, I have to say in this connection that you were forwarded, in error, a communication dated the 12th instant which should have been addressed to Rev. H. W. Snell, Principal of the Mohawk Institute, stating the funds that are available for dental services at the present time. I would request that you hand this letter to Rev. Mr. Snell.

I may add that the Department will be pleased if you will carry out the more urgent dental work required at the present time.

Your obedient servant,

A. F. MacKenzie,
Secretary.

The Secretary,
Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Re Dental Services - Mohawk Inst.

The work authorized by your
department, following my report of examination
of May 6th., is now completed.

The 81 pupils reported requiring
dental treatment, have all been re-examined
at my office, and the more advanced cases
have been taken care of. This procedure is
the same as followed in the previous six-
month period. Besides giving preference
to the new pupils, this method reaches as
many pupils as possible, and prevents
extensive root treatments in permanent teeth.

The statement of work and fees is
herewith enclosed.

Copy of this letter to Rev. Mr. Snell.

Yours faithfully,

F. W. Landymore

Indian Affairs. (RG 10, Volume 6202, file 466-13, part 2)

Dear Sir,

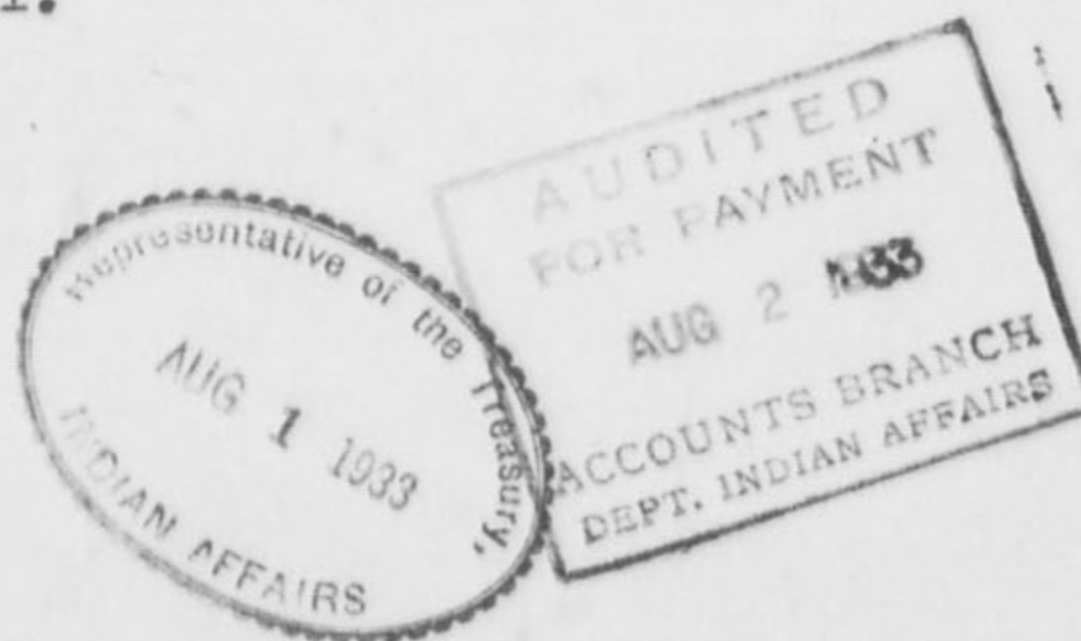

I am enclosing account of Dr. F. W. Landy-
more for dental services authorized in your let-
ter No.32-0-13, May 12-33.

The account is for \$124.50 and covers the urgent
work. There are several pupils who need attention
but this is all that could be done with the amount
of money available.

Your obedient servant,

Horace W. Sull.

Principal.

Reverend Sir,-

E.H.S.
The Department is in receipt of your drug requisition of September 25th and it is observed that you ask to be supplied with one "Auroscope." This item is not carried in stock by Medical Stores and I may suggest that, if you must have one, you consult Dr. Davis in the matter before making purchase locally from approved source. Reference should be made to the date and file number of this letter when submitting an account covering this purchase.

Yours truly,

A. F. MacKenzie

To The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Dental Service - Mohawk Institute.

The semi-annual Dental inspection of all pupils just completed, shows the following:

Pupils examined	143.
" requiring treatment	71.

Nature of work needed:

Amalgam fillings	241.
Porcelain "	26.
Amalgam " with root treatment	11.
Porcelain " " " "	6.
Extractions	76.

There are 41 new pupils on the list this fall, 36 of which are in need of dental attention.

The inspection made in October last year, showed 25 new pupils needing dental attention; and the amount of work required was greater than for the 36 new pupils this fall. This favourable comparison is due largely on account of the younger average age of these 36 new pupils.

Following the inspection made in April, this year, the work needed amounted to \$275. Of this amount \$125. was authorized and completed, leaving a balance of unfinished work of \$150. This was further reduced by \$27. by pupils who left school during the summer.

The total cost of the work outlined above, including fee for inspection is \$370. This amount is made up of \$123. carry-over from last April, \$158 for the 36 new pupils, and \$79 for work among the older pupils which has developed during the past six months.

Copy of this report to Rev. Mr. Snell, all of which is respectfully submitted.

F. W. Landymore

Ottawa, November 3, 1933.

Reverend Sir:

The Department has received a report from Dr. F. W. Landymore on his semi-annual dental examination of the pupils of the Mohawk Institute. He states that, after examining 143 pupils, he finds 71 require dental treatment.

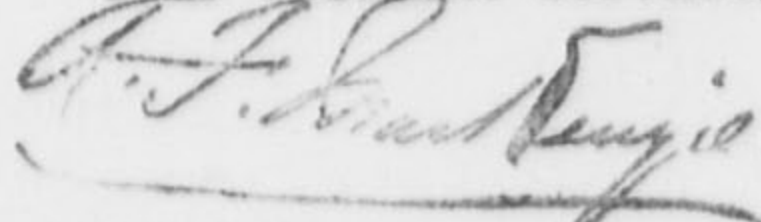

Our funds for dental services this year are extremely limited, and, as it was necessary to assign the amount available among the various residential schools, the total amount that can be allowed for this purpose for the pupils of the Mohawk Institute at the present time is \$200.

You may arrange with Dr. Landymore to carry out the more urgent work only. Extractions and fillings only are to be performed. The fees allowed will be at the same rate as previously paid him for this service, viz.: \$1.00 per amalgam filling; \$1.50 per porcelain filling; and 25¢ for each extraction. In the case of first teeth, no dental attention with the exception of extraction can be allowed.

Dr. Landymore should prepare an account, in triplicate, giving the name of each pupil treated and the work done in each case. This account should be certified by you and forwarded for payment.

The dental work should be carried out when convenient to Dr. Landymore and yourself. It is to be distinctly understood that the cost of the dental attention at this time must not exceed the above stated amount, as any expenditure in excess cannot be paid. In performing this service, new pupils are to receive the preference.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:

I have your letter of the 30th ultimo, reporting on your semi-annual inspection of the pupils of the Mohawk Institute and stating the dental work required.

In this connection I have to say that Rev. H. W. Snell, Principal of the School, is being written and informed of the amount that is available for dental services at this school at the present time. No doubt, he will communicate with you at an early date.

Your obedient servant,

A. F. MacKenzie

Mr. Helan
W. Helan
To The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir,

Re Dental Service - Mohawk Institute.

The semi-annual dental inspection of all pupils has been completed, and the following is a summary:

Pupils examined	140
" requiring treatment	74
Nature of work:	
Amalgam fillings	171
Porcelain "	16
Extractions	58
Amalgam filling with root treatment	6
Porcelain " " "	2

Since the previous inspection made in October, last year, there are six new pupils on the list.

The total cost of the work outlined above is approximately \$245.00, which includes fee for examination. This amount is made up of a carry-over of \$170.00 from the previous period, \$35.00 for work among the six new pupils, and \$30.00 for work developed among the other pupils during the six months.

Copy of this report to Rev. Mr. Snell.

Respectfully submitted.

J. Landymore

Ottawa, May 8, 1934.

Rev. Sir:

The Department is in receipt of a letter from Dr. F. W. Landymore with reference to the dental work required at the Mohawk Institute. Dr. Landymore estimates the cost of the work at \$245.

In reviewing our files it is found that \$574 was expended for dental work at the Mohawk Institute in the calendar year 1931; \$300 in the year 1932 and \$324.50 in 1933. These amounts are much larger than at any other Indian residential school in Canada. Under these circumstances, the Department finds it necessary to curtail expenditure in connection with dental services.

At practically all other Indian residential schools a dentist is engaged by the day. It is found that, for a school of the same size as the Mohawk Institute, two days' work a year is sufficient to keep the pupils' teeth in good condition.

The Department is prepared to allow Dr. Landymore \$30 a day for two days' work. A day's work is estimated at seven hours, during which the dentist is expected to apply himself diligently. He must furnish his own materials, but is not required to provide gold fillings or any artificial teeth at this rate. Presumably, composition fillings are sufficiently good and no artificial teeth will be required. He must use anaesthetics sufficiently to avoid unnecessary pain. You are expected to assist by organizing the clinic and seeing that the dentist is kept supplied with patients.

You may inform Dr. Landymore regarding the above instructions from the Department, and it is hoped that you can arrange with him to carry out the work along the lines suggested above. If Dr. Landymore is not prepared to do this, you should at once advise the Department.

Your obedient servant,

A. F. MacKenzie
Secretary.

To The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:

Re Dental Services Mohawk Institute.

Rev. Mr. Snell has advised me of the proposed suggestions for the curtailment of dental services.

While the installation of a dental clinic at the school has some advantage over our present arrangement, it will not, in view of the amount of work needed to "put the pupils teeth in good condition", accomplish that which the department desires viz. economy and less outlay.

The examination of the pupils during last month showed 77 requiring dental attention in varying amounts. The preparation of a cavity for amalgam and insertion of filling will average twenty minutes, or three per hour. This is averaging simple and compound cavities. The amalgam work alone among these 77 pupils would take approximately six days to complete it, working seven hours per day. Porcelain work averages a longer time, and there would still be extractions and the odd root treatment, therefore, if the department really want to put the teeth of these children in "good condition" it would be impossible to do so in two days work.

It has been the practice under our present arrangement to give the children proper attention with the minimum expense. There is no other board or department paying less for dental service. The Workmen's Compensation Board allow from \$1.00 to \$4.00 for an amalgam filling, and \$1.00 for extractions. The Board of The College of Dental Surgeons in submitting the schedule of fees for the Workmens Compensation Board advised the profession that these fees were considered to be only two-thirds of an average fee set by an average dentist in regular practice. The Ontario Government in administering dental relief allow \$1.00 for extraction of the first tooth, and 50 cents for each subsequent tooth. Your department is paying 25 cents per tooth. I have merely mentioned the foregoing schedules to show that the department ~~are~~ is receiving dental services at the lowest possible outlay.

To lessen the cost, your department has suggested the use of composition for fillings. The cost of a filling is due to the time taken in preparing the cavity. The same preparation holds for either amalgam or composition. The cost to the dentist of either of these materials is

-2-

the same, and because composition is not considered a permanent material, its use is confined in regular practice to some cases for the temporary teeth. The preparation of a cavity for an indian is exactly the same as for any one else, therefore, I cannot see how the expense in this regard can be lowered.

When I took on this work for the Mohawk Institute, my first examination revealed the mouth conditions of these children ~~was~~ in a most deplorable state, and since that time there has been a gradual improvement with a lessening in the volume of work required. My last examination made last month, showed only \$65 in cost of services needed, which included four new pupils. The balance of \$170. was work which had accumulated over the past two years, and \$10. for examination, making a total of \$245.00

If your department would, at this time, make a special concession to this school, and permit me to clean up this outstanding work, and further, authorize the regular examination next October, in order to include any new pupils entering the school during the coming summer, I believe it will be possible to continue the work, thoroughly and completely under our present system at approximately the same outlay that a two-day clinic at the school would incur.

However, if your department are still desirous of installing a clinic in the school at this time, I shall be glad to continue to give of my time and talents to the best of my ability. I presume the department would arrange for the purchase of the necessary equipment, chair, engine etc., and would suggest that the more modern the equipment, the more efficiently the work can be carried on.

Respectfully yours,

F. W. Landymore

Reverend Sir:

MA

The Department has received a letter from Doctor F. W. Landymore on the subject of the proposed dental work for the pupils of your school. Doctor Landymore goes to a good deal of length in describing the work he has done in the last three years and what is now required, but he does not convince the Department that an outlay of \$1200. in three years is reasonable expenditure for dental attention to 150 pupils. As an example I may quote an Agency where there are about an equal number of pupils all in day school. About ten days dental work has been done for these children during three years and their teeth are in such good order as to lead the dentist to invite comparison with white children under provincial care. If two days is not sufficient during the present year, the Department is prepared to allow three, but Doctor Landymore must find his own equipment and materials. Much of the letter which he writes has no reference to the matter under discussion as the Department is not concerned with any arrangement made by the Workmen's Compensation Board, or any other organization. It has arrangements similar to those proposed in this case with many dentists who appreciate the work and take pride in it.

I have the honour to be,
Sir,
Your obedient servant

Amund

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

I have taken up the matter of Dental ^{work} further with Dr. Landymore and he is willing to undertake the work on a time basis as you suggested. Owing to the expense involved he will be unable to instal equipment at the school for the work but will do it at his office giving three full days as convenient.

It is only fair to point out in connection with the comparison with dental in day schools on a Reserve that there would be very few new pupils as compared with the Institute and that the greater part of the work required each year is for new pupils admitted in the Autumn. It would be much less, once the teeth were put in good condition, if we had practically the same pupils year after year.

Your obedient servant,

Horace W. Sutt.

Schoff note

31-0-13

June 15th, 1934

Dear Sir:

K.M.
I have your letter of June 11th, and observe that Doctor Landymore is willing to undertake the dental work for the pupils of Mohawk Institute on the basis supplied by the Department. I think you will find this to be quite satisfactory, particularly if you are able to detail some member of your staff to act as assistant in the clinic room and another to attend to the children after they have received treatment. In referring to work done in certain day schools an Agency was mentioned which has a greater number of pupils attending the school given this service than there are pupils in the Mohawk Institute. Another point of similarity is that each year there are new cases coming up for attention, not only among the younger children, but among older children whose parents have just returned to the Reserve. It was not possible to obtain the maximum benefit the first year this arrangement was adopted, but as the clinic became better organized, better results were obtained and I feel sure that you will be well pleased after this method is given a good trial.

Yours truly,

A. F. MacKenzie

June 30 / 34.

To the Secretary
Dept of Indian Affairs
Dear Sir -

In 1931 I exam-
ined and fitted a boy by
the name of Ted Jamieson with
glasses a pupil of the Melank
Institute at that time.
The mother brought him to
me and after refecting him
found that he was very myopic
Her story to me was that she had
him to Dr Miller and he said
he didnt need glasses, which was
very untrue.

However I have just learned
that the mother refuses to pay the
account stating that the Institute

Sir:

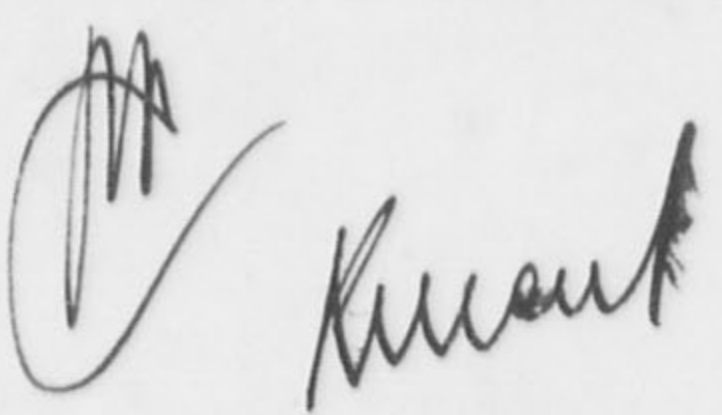

It is noted from your letter of the 30th ultimo that in the year 1931 you supplied a pair of glasses for an Indian pupil of the Mohawk Institute on the request of the child's mother.

It does not appear from your letter that you were authorized to supply these glasses either by the Indian Superintendent or the Principal of the Mohawk Institute, and I regret that it will not be possible for the Department to pay your account.

Your obedient servant,

T. R. L. MacInnes,

F. W. LANDYMORE, D.D.S.
70 EAGLE AVENUE
BRANTFORD

PHONE 899

Aug. 3rd 1934.

Rev. H. W. Snell,
Principal, Mohawk Institute,
City.

Dear Sir:

I am enclosing herewith statement for the Department covering operation of the Dental clinic for the three days authorized, also examination of the pupils at the Institute during the month of April. Attached also, is a list of the pupils that received dental treatment and the nature and amount of work done.

The following is a summary:

Pupils completed	37.
" partially completed	2.
Total amalgam fillings	82.
" porcelain "	6.
" extractions	29.
" amalgam filling, Dev.Tr., root fill, cement seal	3.
" time operating clinic	25-1/2 hours.

This report would not be complete without expressing my appreciation of the co-operation received from nurse, Mrs. Smith.

Respectfully yours,

F. W. Landymore

Reverend Sir,-

I beg to acknowledge the receipt of your letter of the 4th instant, enclosing Dr. Landymore's account for dental work at the Mohawk Institute.

A cheque for \$90.00 is being forwarded to him. The Department is not allowing the charge of \$10.00 for examination of pupils as no authority was given for this.

Your obedient servant,

A. F. MacKenzie.
Secretary.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

I have received your letter No.32-0-13, 10th inst. In reply I may say that I am sorry I neglected to quote the authority for the general examination. This was authorized in your letter No.32-0-13, Oct. 23, 1930, which provided for a semi-annual examination. We have been proceeding under this authorization for the past four years.

It should also be mentioned that this service, at \$10.00 is very reasonable. Dr. Landymore spent, at each semi-annual examination, three afternoons of three hours each. It is evident that the actual work of repairing the teeth is much expedited by this previous examination as none but those needing attention need be sent to him.

I trust, therefore, that the Department will not only pay him the small fee involved, but also authorize the continuance of the examination. I do not see how we can get satisfactory results from the time authorized for work on the children's teeth without the previous examination.

Your obedient servant,

[Handwritten 'R' stamp]

Dear Sir,

With reference to Wilma Hill No. 01059, I have been holding the application until I received the report from Dr. Alexander of the Brant Sanatorium. I may say that I have just had a telephone conversation with him and he says that she is definitely tubercular. He recommends that she be placed in a Preventorium immediately. He is sending his written report to-morrow and I shall forward it to you.

I might say that Dr. Davis and Dr. Stone examined her the day Dr. Stone was here and thought she was clear, but as I had already made an appointment with Dr. Alexander, I took her to him. With the better facilities at his disposal he has detected definite symptoms of the disease. Of course I cannot keep her here permanently but during her stay we shall isolate her and keep her in bed.

Your obedient servant,

Horace W. Sull

Principal.

The Brant Sanatorium

BRANTFORD, ONT.

October 31st, 1934.

Rev. H. Snell,
The Mohawk Institute,
Brantford, Ontario.

Dear Sir:- Re: Wilhelmina Hill, Age 5 ?, Mohawk Institute.

History of family or other exposure to tuberculosis: no information. History of previous illness: negative. Present illness: It was noted that this child was somewhat quieter and more easily tired out than the average.

Physical examination: The eyes were bright with dark circles underneath. The child has an appearance of sub-normal health. Having waited a short time before the examination, the left side of the face became flushed. Glands are palpable along both sides of the neck. The excursion of the right side of the chest is slightly more easily controlled by bi-manual pressure than is the left. In the lower half of the right side the percussion note was noticeably impaired at the time of the first examination on October 22nd. On October 29th there was a suggestion of increased dullness in this region. An important finding was the prolonged expiratory phase to respiration in the right lung and in the left axillary region. The fact that this change in respiratory sound was in the lower half of the chest caused me to hesitate in the diagnosis even with a temperature of 100.2 at 10 A.M.

I considered the child too ill to employ an I.C. test and suggested that she return for re-examination on October 29th. When she returned on October 29th, Mr. Snell reported that the child had had complete rest for the past week. Her temperature was 99.4. The face was flushed and she had a listless tired out expression. The previously noted physical findings continued and in addition a very few, fine moist sounds were heard at the level of the nipple line in both axillary regions. Accompanying these were wheezing sounds throughout both lungs. These wheezing sounds were only occasionally present. The prolonged expiratory phase of the respiration undoubtedly indicates a congested inflamed condition of lung tissues. The fact that this has not subsided with a week's rest and the various other findings in this case amply justify a suspicion of tuberculosis as the causative factor in the child's subnormal condition of health.

An I.C. test was given and reported to be positive+++.

The expense of taking x-ray plates was not consider-

ed justifiable as sufficient evidence had been obtained to substantiate a diagnosis of tuberculosis.

This little girl's best prospects for recovery would be in a Preventorium. Certainly she is not a fit subject to continue in residence at the Mohawk Institute.

NOTE: The tonsil and adenoid condition warrants a continuance of observation.

CCA/W.

Yours truly,

Chas. C. Alexander

BR

November 6-34

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

With further reference to Wilma Hill, 01059, I am enclosing report from Dr. Alexander, of the Brant Sanatorium. You will note that he states that she is not a fit subject to continue in residence in the Institute, and that she should be placed in a Preventorium. Pursuant to suggestion from Mr. Phelan, I have interviewed the authorities of the Brant Sanatorium and they will admit her to their preventorium provided, of course, her admission is authorized by the Department with the assurance that the usual fee of \$1.00 per diem charged to municipalities will be paid. I am, therefore asking for authority to place her in the Brant Sanatorium as this seems to be the only chance of her recovering her health. Dr. Davis assured me that she would have no chance of recovery in her own home as her mother is dead and conditions are bad.

Your obedient servant,

Horace W. Sutt,

Principal.

W. S. S. S.
The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

We have not had our dental work this Autumn and there are several pupils whose teeth are in very bad condition.

I am, therefore, asking authority to have Dr. Landymore three days work for them as was arranged last Spring. An examination of his report shows that we secured more service for the money expended under this plan than under the former fee system.

Your obedient servant,

Horace W. S. S.

Principal.

EX'D.

Ottawa, December 27, 1934.

Reverend Sir:

I have your letter of the 17th instant, relative to the dental services required by the pupils of the Mohawk Institute.

In this connection I have to say that the Department is prepared to allow Dr. F. W. Landymore \$30.00 a day for not more than three days' work. A day's work is estimated at 7 hours - during which the dentist is expected to apply himself diligently. He must supply his own materials but is not required to provide gold fillings or any artificial teeth at this rate. Presumably, composition fillings would be satisfactory and no artificial teeth should be supplied. The dentist must use anaesthetics sufficiently to avoid unnecessary pain. You should assist by organizing the clinic and seeing that the dentist is kept supplied with patients.

The dentist should prepare his account, in triplicate, at the rate allowed, covering the period he is engaged, which should not exceed the time mentioned above. He should also prepare a list, giving the names of the pupils receiving attention and the work performed for each. Please certify the account and forward it to the Department for payment, with list attached of the work performed.

You should arrange with Dr. Landymore to carry out the dental services for the pupils at an early date.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Secretary.

Ottawa, January 28th, 1935.

Reverend Sir,-

I am having sent to you a sample of a remedy called "Sphincterine" which is highly recommended by its makers and by one or two of our residential school principals for bed-wetting. I should appreciate your giving this remedy a careful and thorough trial and letting me know as soon as possible whether you find it effective. I am well aware of the importance of this problem in most Indian residential schools and would be pleased to find some remedy which would help to solve it.

You have probably had some of the incontinence tablets which have been used for this purpose, and I would appreciate your opinion on the relative merits of the two preparations.

Yours truly,

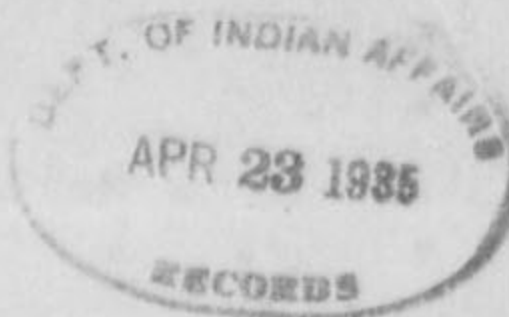

E. L. Stone, M.B.,
Director of Medical Services.

The Principal,
Mohawk Institute,

March 16-35

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

Enclosed please find bill for dental services
for the first half of the school year.

I should like authority for the Spring clinic
of three days as usual. There are several pupils
suffering from the effects of bad teeth still and
this clinic should take care of most of them.

IR

October 19-35.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

A large number of our pupils need dental attention.
As we did not have our three days last Spring I wonder
if we might have six days' service from Dr. Landymore
this term which would pretty well clear them up.

Your obedient servant,

Horace W. Snell

Principal.

Indian Affairs. (RG 10, Volume 6202, file 466-13, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

October 26th, 1935

Dear Sir:

This will be your authority to engage Doctor Landymore for four days dental attention to your pupils on the basis set out in the Department's letter to you of December 27th, 1934.

Kindly try to make such preliminary arrangements as will enable Doctor Landymore to put the greatest possible proportion of his time on the work. Even a casual examination by yourself or better still, by Doctor Davis who I am sure would be pleased to help, should prevent the need of a full examination of each pupil by the dentist himself.

If, after four days the necessary work is not completed, please communicate with the Department. Strictly speaking there are no funds for this work, but the Department will endeavour to do as well as it can.

Yours truly,

T. R. L. MacInnes
Acting Secretary

Mr. T. McGookin,
Dept, Indian Affairs,
Ottawa Ont.
Dear Sir,

I have located the boys name and the amount of the account which I spoke to you about when you were in my my office this morning and which you so kindly advised me to forward to you.

His name is Ted. Jamieson Mohawk Institute, and the amount is \$ 6.50 Date Jan. 1932.

I will appreciate it very much if you can do something about it, as it is a perfectly legitimate account, and I feel it should be paid.

Thanking you in advance I remain,

Yours very Truly.

February 4th, 1936

Dear Sir:

EL

Inspector McGookin has referred to me your letter to him of January 23rd, with reference to the case of Ted Jamieson, to whom you supplied spectacles in January 1932. The Department's record shows that you wrote about this case in June 1934, and that the reply was that it was not possible for the Department to recognize your claim as you had not been authorized to supply spectacles. I am sure you are aware that the Department is not responsible even for necessary articles sold to Indians without its knowledge and consent. There are so many authorities to whom a vendor at Brantford can apply that the Department does not feel able to make an exception in this case.

W.D. Brough

Yours very truly,

A. F. MacKenzie

H. J. Shaw

April 11-37.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

The nurse reports that the condition of the teeth of many of the pupils is in a bad state. This is largely due to the fact that we were not able to have the usual dental work done last Autumn. I do hope that at least the usual three days may be possible this Spring. Would it be possible, in view of the necessary neglect last Fall, to have five days this Spring? This would, probably, be enough to take care of all the urgent cases and contribute much to the continued good health of all the pupils.

Your obedient servant,

Horace W. Sull.

May 26, 1937

Dear Sir:

RL
Authority has been secured for a dental clinic at the Mohawk Indian Residential School. In Mr. Snell's application it is stated that three days' work is required. The usual plan may be followed of offering the dentist a fee of \$30.00 per day for his professional services and the supply of materials for extractions and simple fillings. Doctor Bradley Linscott of Brantford is to be employed for this work.

EX.D.

July 18th, 1937.

Memorandum,

THE DEPUTY MINISTER:

Dental Attention - Mohawk Indian
Residential School, Brantford.
Mr. Pratt's enquiry June 30th.

There is now available a report on
Doctor Linseott's dental clinic and also his
account. I am asked to make the following
observations on this matter.

A three day dental clinic was
authorized, on the estimate of the Principal
of the school. Doctor Linseott did four days.

It is hard to see the necessity of a
dentist taking time for such complete examina-
tions and records, when there are many children
obviously in need of his services. However, he
does not appear to have charged for this extra
time.

The point at issue is whether the
Department should allow pay for four days, after
authorizing three, and without being further
consulted.

In this particular case, Doctor Linseott
appears to have done a fair amount of work in the
four days, and to have earned his four days' fee.

Indian Affairs. (RC 10, Volume 6202, file 466-13, part 2)

D. L. Linseott
letter
re: 19/7/37

19/7/37

The funds available for this work are very limited, and we are making an effort to see to the more urgent cases in the largest possible number of schools.

It is recommended that Doctor Linscott be paid for his four days, but we should really appreciate an instruction not to allow this sort of procedure in future.

As to further work at this school this year, this will depend on how funds appear to be holding out when the fall term opens.

Copy for the information of
Dr. McGill.

Ottawa, 22nd July, 1937.

Dear Dr. Linscott,-

Mr. Crerar has asked me to reply to your letter of the 28th ultimo in which you report that you found it necessary to spend an extra two days beyond the period authorized by the Department in examining and treating pupils of the Mohawk Indian Residential School.

You will appreciate the necessity of the Department so planning the expenditure of money provided for Indian affairs that the most urgent cases will receive first attention. The principal of the Mohawk School estimated that a dentist would be able to take care of the immediate needs of the pupils of his school in three days, and in planning the details of the appropriation sufficient funds were allotted to take care of that expenditure. He did not of course have in mind complete examination of every child or the completion of individual index cards. Whenever a greater expenditure is incurred in one locality than was planned there is the danger that some other work will have to be held over and the possibility that the postponed work is more urgent than that covered by the unforeseen expenditure.

In view of your report we are authorizing the payment of fees in your case for four days instead of three. This will cover your eight half day's work. I am explaining the situation to you so that in the event of your taking on any Indian work in the future you will not exceed the period authorized by the Department.

Yours very truly,

Bradley W. Linscott, Esq., D.D.S.,
Brantford,
Ontario.

July 26/37

C. W. Jackson Esq
Secy to The
Minister of Mines & Resources
Ottawa

Dear Sir

I have your letter in reply to my
letter to Mr. Curran Re my Report of Dental
Examinations at the Mohawk Indian School.

Re the report: The Department engaged me
for three days to do the most urgent work
for 150 children, but never made any
allowance for inspection.

It is reasonable to ask how was I
to find out the most urgent cases with
out inspection? ~~and~~ It was along tough
days work looking over 150 children for
Dental defects. I wanted a thorough and
complete report for my own satisfaction
which would be valuable for the adminis-
trators of the school so I secured at my
own ^{cost} index cards.

Notwithstanding the Principal's estimation
there was many most urgent cases and
the nurse and I agreed that it would
be too bad to pass up some cases (which
I had to do) even during four days.

D^r Bradley W. Linscott,

service. I was ^{Brandon} prompted to put in the extra day as a humanitarian service and send a report to the department. I wish to thank you for the allowance for the fourth day service.

I think the Department will agree the inspection was absolutely necessary to discover the urgent cases they wanted me to attend to. I still believe ^{the Department} will be just in allowing me for inspection.

I rendered five days of real service attended between 40 or 50 children in four days put in 146 fillings - 23 extractions and 10 P~~er~~aphylactic treatments. In private practice \$300.00 worth of work: real value.

I respectfully ask a reconsideration for the allowance for this day's inspection.

I am Respectfully Yours
Bradley W. Linscott

P. S. It might be proper to advise the Department that there were urgent cases left undone.

MEMORANDUM

July 27, 1937

DR. MCGILL

Re: Dental Service -
Mohawk Indian Residential
School, Brantford, Ont.

I sent you copy of a letter I addressed to Dr. Bradley W. Linscott of Brantford on July 22nd, and which was based on your memorandum to the Deputy dated July 15th, your file 32-0-13.

Dr. Linscott has now registered a further pretest, which I am sending herewith for the attention of the department.

C.W. Jackson
C.W. Jackson
Secretary.

EXD.

Sir:

G.H.
Your letter of July 27 addressed to C. W. Jackson, Secretary to the Minister of Mines and Resources has been referred to me for reply. It seems difficult to add anything to the information contained in Mr. Jackson's letter of July 22. You were engaged for three days work. You rendered accounts for four days during which you did about the average amount of work accomplished by dentists engaged on a daily basis, as you were. The Department has rather exceeded its usual custom in paying for more work than was authorized and I think that you can scarcely ask that the matter be reconsidered.

Yours truly,

Arthur D. McArthur

Director of Indian Affairs

< Dr. Bradley W. Linseott
Brantford,
Ontario

August 3/37

Harold W. McGill
Director of Indian Affairs
Ottawa

Sir

I am writing of July 30th in
answer to my letter to E.W. Jackson
to hand.

Re my dental services at the Mohawk
Indian school. I was approached last
May to look after a dental clinic of
few day duration which was changed
to a three day clinic & look after the
most urgent cases needing dental treat-
ment. I asked Rev Mr. Hull how was I
to find the most urgent or even urgent
cases with out examination. I asked
Mr. Jackson the same question in my last
letter and received no answer in your
letter. I was employed to look after the
extractions and plain fillings for the
most urgent cases.

I made a complete examination of 150
children and have a complete index

Indian Affairs. (RG 10, Volume 6202, file 466-13, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

D^r Bradley W. Linscott,
Brantford.

record, which is in my office now and is available to Rev. Mr. Hull the Principal of the Mohawk school.

I sent an accounting of my five day service (and I might say that it was twice the service of ordinary practice) not withstanding your comments in your letter) I wished to cover as much work for the most urgent cases in the four days. (I may say I could not cover all the cases requiring attention)

One full day examining 150 children keeping an index report, as the service will rendered, your department ^{and} is what I wished your department to consider.

Your department I am sure will realize the necessity of the examination and will recompense a just debt.

Respectfully yours
Bradley W. Linscott

P.S. Enclosed a card of my index system

EX'D.

Dear Sirs
In June I completed a
Social Clinic at the Mohawk Institute
Brantford.

On June 30th I sent statement of
my services to your Department (certified)
by the Principal of the school. (Rev H. Hull)
On July 31st I received notice from the
local Department that I should send
the statement in triplicate on Department
forms, I did so and sent them direct
to your Department at Ottawa. I was
wondering if I should have sent them
to the local superintendent or did your
Department receive them? as I never
received acknowledgment. I also enclosed
the original certified statement. Did your
Department receive the same?
Respectfully yours Bradley W. Linscott

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

Phoebe Claus, No. 0960, has very bad eyes. I have had her eyes tested and am enclosing prescription from Dr. Bragg in the hope that glasses may be provided for her. I should have ^{had} glasses for her sooner but she was under treatment for a long time and has only recently arrived at the stage where glasses would be beneficial.

Your obedient servant,

Horace W. Sault

Principal.

EX'D.

November 18, 1937.

Dear Sir:

CHL

I am re-enclosing the prescription for glasses for Phoebe Claus received with your letter of November 15. These glasses may be purchased from any approved optical firm in Brantford. If the Consolidated or Imperial Optical Companies, or any wholesale manufacturing firm, has a branch there you will find it the most economical source of supply. Otherwise, if you need any information on this point, you could get it from Major Randle. Good lenses are required but the frame should be cheap and strong white metal.

Yours truly,

TRLM

June 14, 1938.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir, ATTENTION DR. STONE.

Following your visit here and pursuant of your authorization, I decided that since there had been no dental work done for the pupils this year it should be done this term and so am sending them to Dr. Linscott for four days' work as authorized.

I have a report on the special case of Laura Montour who needs a plate which you authorized at a cost not to exceed \$40.00. Dr Linscott estimates that the plate can be supplied and her teeth put in good condition at a cost not exceeding \$25.00. I have, therefore, instructed him to proceed with her work as a separate item not included in the regular four days.

Trusting that the above arrangements will meet with your approval, I am,

Yours sincerely,

Horace W. Snell

Principal.

November 16th, 1938

Dr. E. L. Stone,
Director of Medical Supplies,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Dr. Stone:

The following articles were omitted from our June requisition:

- 2.
- 1 pr. College Plier (with thumb rest),
extra long points, 6½", finely
finished, for foil or cotton,
chrome plated
 - 1 pr. Small forceps
 - 1 qt. Alcohol - 70%
 - 2 lbs. Utor Ointment (Wm. Pugsley,
Toronto, Can.)

Each of these items is badly needed and it is some-
times difficult to get along without them so would
you kindly send them as soon as possible.

Yours very truly,

Horace Dr. Snell.
(per A. E. Smith)
nurse.

EX'D.

Reverend Sir:-

W.B.

Your order of November 16 has reached the Department and in this connection would you be good enough to submit a requisition on the proper form certified by the doctor and the agent. As the doctor will understand, he must have a requisition number for alcohol which is registered with the Excise Branch.

Your description of the "College Plier" is not sufficiently clear for us to understand your requirements.

Utor Ointment is not stocked by the Department and in this connection kindly refer to the instructions for ordering drugs on the departmental drug list, which states patent medicines will not be supplied.

Yours truly,

T.R.L.
T.R.L. MacInnes,
Secretary.

May 6, 1939,

~~CONFIDENTIAL~~
The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,

The nurse reports that there are a large number of pupils needing dental attention. May I have authority to arrange for the usual four days' dental work? As the term is nearing its end it will be necessary to begin the work soon. An early reply, therefore, would enable us to have the work done without too much haste.

Yours sincerely,

Horace W. Smith

Principal.

Dear Sir:

The Department is in receipt of a letter from the Principal of Mohawk Institute, dated May 6, in which he requests a four day dental clinic for the pupils of that school. Would you be good enough to find out, if possible, how many pupils require dental work and if four days would be necessary to complete the work required.

Yours truly,

T. R. L. MacInnes

The Secretary, Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, Ontario.

Sir:

In reply to your 32-0-13 of the 10th instant in regard to the dental clinic at the Mohawk Institute, you are advised that as far as can be ascertained four days would not be sufficient to complete all the children who require dental work, as there are approximately 50 pupils requiring such and it would probably take five to six days.

Your obedient servant,

E. P. Randle

Major E. P. Randle.

EX'D.

Dear Sir:

The Department is in receipt of your letter, 10B-967/39, of May 22 in regard to the dental clinic at the Mohawk Institute.

This will authorize a four-day clinic at that school. If it found by all concerned to be absolutely necessary to extend it an additional day, it will be in order to do so.

B.M.

Yours truly,

T.R.L.
T. R. L. MacInnes,

EXD.

Reverend Sir,-

I regret the necessity of returning herewith a drug requisition which was received at the Department from you. All drug requisitions are now required to come through the office of the Indian Agent who, in this case, is Major E. P. Randle of Brantford, Ontario. They must also bear the signature of the Agency medical attendant, whose duty it is to scrutinize them carefully before being passed on to Ottawa. The European situation has enhanced conservation of available drug supplies and has, at the same time, placed a restriction on some as you may see from the enclosed Circular of September 2nd, 1939. It, also, is no longer possible to supply rubbing alcohol in any quantity unless the medical attendant, signing the requisition, has an alcohol registration number which must appear on the order.

Encl.

Yours truly,

T. R. L. Macdonnes,
Secretary.

Rev. H. W. Snell,
Mohawk Indian Residential School,

32-0-13

BRANTFORD, May 18th, 1940.

M. S. L.
The Secretary, Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, Ontario.

Sir:

In accordance with your instructions to the Principal of the Mohawk Institute under cover of file 32-0-13 of the 1st instant, this office is now submitting in duplicate, the drug requisition of the Mohawk Institute duly signed by the Medical Superintendent and myself.

The Department will note that the Medical Superintendent has reduced in some cases, the original requisition, where he felt the supplies requested were unnecessarily large and in one or two instances has eliminated certain drugs which he felt should not be supplied as requested but will supply sufficient quantities himself from the stock at Lady Willingdon Hospital.

Yours truly,

E. P. Randle

Major E. P. Randle.
EPR/CB.

Indian Superintendent.

W. H. Smith
The Secretary,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Sir, Attention Health Services.

A considerable number of our pupils will be in need of dental care this term. I should, therefore, like authority to have them attended to early in the term. As no dental care was authorized last year would it be possible to have five days' if the dentist's time this year. I doubt whether this would be sufficient for all of them to be attended to but it would take care of the more urgent cases.

Kenneth
Yours sincerely,

H. W. Smith

Principal.

Copy sent to the Rev. H. W. Snell, Principal of
the Mohawk Institution.

32-0-13

September 2, 1941.

Dear Sir:

Rev. H. W. Snell, Principal of the
Mohawk Institution, has written the Depart-
ment requesting a five day dental clinic
for the school. It will be in order for you
to arrange this clinic as formerly, the
dentist to receive \$30.00 per day for his
material and services. Mr. Snell is re-
ceiving a copy of this letter.

Yours truly,

P. E. Moore, M.D., D.P.H.,
Acting Superintendent of Medical Services.

Major E. P. Randle,
Indian Superintendent,
Brantford, Ontario.

OITAWA June 1st, 1942.

D. R.- May 27th, 1942, *EXD*
returned (duplicate only) *A*

Dear Sir or Madam,-

Please note that future drug requisitions must give the amount of all drugs on hand each time you submit a requisition, otherwise, no action will be taken except to return it to you for further particulars. This, also, will apply to requisitions on which are not clearly marked the number of Indians to be served. Space has been provided for this information on the drug order form.

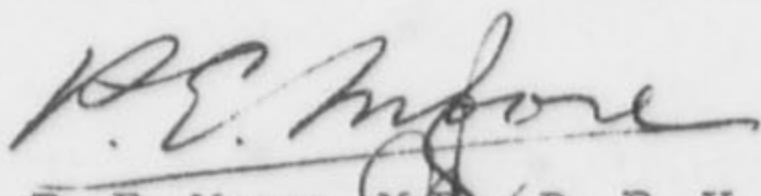

It should also be noted that freezable items should not be ordered during cold weather, nor is it economical to submit an order that cannot be sent by mail or freight. One hundred pounds is the minimum on which freight has to be paid and fifteen pounds the maximum of non-liquids that can be sent by mail. I must ask you, therefore, to bear these facts in mind when ordering drugs.

Efforts should be made to gain the co-operation of Indians in the matter of returning empty bottles, after thoroughly washing them, when more medicine is required.

I would suggest that this Circular be attached to your Departmental drug list for future reference.

Yours truly,

Rev. H. W. Snell,
Principal,
Mohawk Institute,
Brantford, Ontario.

P. E. Moore, M.D., D. P. H.
Acting Superintendent of Medical Services.

BRANTFORD Sept. 23, 1942.

Dr. P. E. Moore,
Acting Superintendent of Medical Services,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Canada.

Sir:

This will acknowledge your 32-0-13A of the
21st instant regarding dental work at the Mohawk
Institute.

Upon enquiring from the Principal we learn
that owing to the fact that there are so many new
pupils this year, and last year only the most urgent
work could be done in the five days granted for the
dental service, - there is considerable work which
is most necessary this year and which would take at
least seven days.

Last year Dr. Linscott did the five days'
work for which he was paid, and in addition did two
half days' work gratis, for the sake of the pupils
who needed attention.

Yours truly,

E. P. Randle

Indian Superintendent.

Memorandum:

THE DEPUTY MINISTER

EX'D.
A

Doctor Moore has had correspondence with
Indian Superintendent Randle and has been advised
that a dental clinic of approximately five days will
be needed there this year.

It would seem advisable to hold the clinic
the latter part of October or early in November.

April 17-44.

The Secretary,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Sir,

Enclosed please find requisition for drugs
for 1944-45.

The reason so much Phenobarbital is required
is that large daily doses are ordered by the Super-
intendent of Ontario Epileptic Hospital, Wood-
stock, Ontario, where she had been treated, for
Karlleen Stock.

Yours sincerely,

H. W. Snell

Principal.

Ottawa, Ontario
August 9, 1944

Could you please forward me information by return mail as to whether or not a dental clinic was held at the Mohawk Institute before the close of the school year. I was under the impression that I told you over the telephone that such a clinic could be arranged. If the clinic has not been carried out, could you tell me the approximate dates that it could be arranged after the opening of the school year.

Ottawa, Ontario.
November 17, 1945.

With reference to your letter of November 14th, file 2336/45, we have the prescriptions for glasses for the two children mentioned. I think it advisable to have frame measurements and once the glasses are ordered, there will be no mistake in size. Would you ask Dr. Bragg to provide this information and forward it here and we will purchase the glasses and return them to you.

Order
Number 32-0-13

Form Letter No. 77

OTTAWA December 4th, 1945.

Please supply, at the expense of this Department, spectacles in accordance with the enclosed prescription and the following specifications:-

LENSES - equal to Consolidated Optical Company "CENTEX."

FRAME - strong metal, full frame, cable ear fittings, rocking pearl nose pads, equal to Consolidated Optical Company "ROBIN HOOD" Catalogue No. 3678.

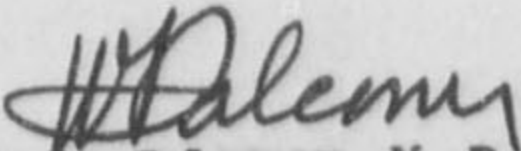

Send these spectacles by the most economical method to the following address:-
Indian Health Service, Booth Bldg. Ottawa.

For:- David Soney and
Sylvia Soney - both of Six Nations Agency.

The account must show the prices charged for lenses and frame separately, eye examination if any, and be sent in DUPLICATE at the same time to the above address. Patient's name should also appear on the face of the account as well as on the envelope containing the spectacles as a precaution against issuing them to the wrong person particularly when more than one order is placed at the same time from the same Agency.

No vendor is authorized to supply more costly frames for an Indian, either at the Department's or the Indian's expense, or on the Indian's promise to pay the balance, or to accept any payment or deposit on these spectacles from any person other than an Indian Agent or recognized representative of the Department.

Consolidated Optical Company,

It may be of interest to you that since the last allotment of work I have given 15 immergency treatments for the children (extractions, fillings and relief of tooth-ache) I have asked no fee for this service, so expect none. I offered this service to Mr. Snell for the childrens' sake.

I wish to co-operate to the full, for the best service for the most children.

Respectfully yours,

(signed) Bradley W. Linscott.

Dr. Bradley W. Linscott.
Brantford, Ont.
Feb. 23/46

Major Randle,
Dept. of Indian Affairs,
Post Office Bldg.,
City.

Dear Major Randle:

Re our telephone conversation the "Dental treatment for the children of the Mohawk Institute."

The few years I have been doing this work it has been my endeavour and practise to give the children the best dental service possible and for the greatest number. To complete dental service for 40 or 50 children in 7 days means some very diligent attention to give this service properly. Most suitable and convenient surroundings must be at hand and that place is my Dental Office.

If it is your intention to ask for the Brantford Schools Dental Clinic outfit, and it is granted you, I may say that it takes one day to pack, move, and set up the equipment when my assistant and I move. That means two days lost for working on the children. I may say that Dental Services are at a premium during the war and since its end, and I know for a fact that some dentists could not arrange an appointment for three months. So it is too much to ask any dentist to complete 7-day service before March 15th. That could have been arranged much earlier.

The Government have also asked the local dentists to give immediate attention to the Dental service for ex-service men. We are trying to co-operate, and personally I have 15 Dental charts for 15 ex-service men and more new ones each day. These must be attended to at once.

To ask the Institution to send five children each week for a half-day for appointments is co-operating, in view of the above circumstances.

I told Mrs. Zimmerman that during Easter Holidays I would give an all-day service until the seven days have been completed.

----It may be

Ottawa, March 18, 1946.

Dear Colonel Randle:

With reference to Dr. Linscott's letter to you of February 23, I discussed it with Dr. Moore, who stated that he was going to London and would stop off at Brantford. He is away this week and I hope you have an opportunity of meeting him.

I also spoke to him in regard to the situation at the Mohawk Institute in connection with the medical services. I pointed out to him that the school has been paying \$2.00 a day to the doctor for several years. There is no reason why Mohawk Institute should not be treated on the same basis as other residential schools throughout Canada, the services of the doctor being made a charge against the Medical Vote. Dr. Moore promised me that he would also discuss this matter with you.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Dr. P. E. Moore,
Acting Supt. Indian Health Services,
Dept. of National Health and Welfare,
Ottawa, Ont.

Dear Dr. Moore:

Enclosed please find three prescriptions and particulars regarding glasses for three pupils, under recommendation from Dr. Bragg and Dr. Palmer.

There is one more to come almost immediately, so you will know what it is when it arrives.

We would appreciate it if the glasses could be sent as soon as convenient, as the children concerned should be wearing them as soon as possible.

Yours very truly,

Mauph R. Zimmerman

Order
Number 32-0-13

Form Letter No. 77

OTTAWA April 30th, 1946.

Please supply, at the expense of this Department, spectacles in accordance with the enclosed prescription and the following specifications:-

LENSES - equal to Consolidated Optical Company "CENTEX."

FRAME - strong metal, full frame, cable ear fittings, rocking pearl nose pads, equal to Consolidated Optical Company "ROBIN HOOD" Catalogue No. 3678.

Send these spectacles by the most economical method to the following address:-
Indian Health Services, Booth Bldg. Ottawa.

For:- Blanche Martin, Sylvia Soney and
Eileen Williams - (pupils) Six Nations Agency.

The account must show the prices charged for lenses and frame separately, eye examination if any, and be sent in DUPLICATE at the same time to the above address. Patient's name should also appear on the face of the account as well as on the envelope containing the spectacles as a precaution against issuing them to the wrong person particularly when more than one order is placed at the same time from the same Agency.

No vendor is authorized to supply more costly frames for an Indian, either at the Department's or the Indian's expense, or on the Indian's promise to pay the balance, or to accept any payment or deposit on these spectacles from any person other than an Indian Agent or recognized representative of the Department.

Consolidated Optical Company,

June 21, 1946.

Dr. P.E. Moore,
Acting Sup. Indian Health Services,
Dept. of National Health & Welfare,
Ottawa, Canada.

Dear Sir:

During this past week I sent one of the boys to the Lady Willingdon Hospital, Ohsweken. He was 10 years of age. He had a V.D. condition from birth. The test of his sister was neither positive or negative. A further test has to be made. Four more children are to be tested.

I am reporting these facts to you so that if you have any suggestions to make I shall be very happy to carry them out if possible. For example the boys have been using the common towel. This lad who is in the hospital had matter discharging from the eye at one stage. Needless to say that is not a happy condition. We have no locker space for the boys so that I cannot see how we can handle individual towels if they were acceptable. There are quite a number of points that come to my mind as preventive measures.

Yours truly,

W.J. Zimmerman

Rev. W. J. Zimmerman, M.A.B.D.
Principal,
Mohawk Institute,
Brantford, Ontario.

Reverend Sir,-

I wish to acknowledge your letter of June 21st addressed to Dr. Moore concerning your report on the family and one boy ten years of age in the school. Dr. Moore is away at present so I am replying in his place.

With the information contained in your letter, it is difficult to state just what action should be taken. As the boy has been sent to Lady Willington Hospital, I think you should take the whole matter up with Dr. Davis and Indian Superintendent. I would presume that this may be possibly congenital syphilis and there is a possibility that the other members of the family might be negative.

I am sending a copy of this letter to Dr. Davis for his action.

Yours very truly,

W. L. Falconer, M.D.,

Order
Number 32-0-13

Form Letter No. 77

OTTAWA September 17th, 1946.

Please supply, at the expense of this Department, spectacles in accordance with the enclosed prescription and the following specifications:-

LENSES - equal to Consolidated Optical Company "CENTEX."

FRAME - strong metal, full frame, cable ear fittings,
rocking pearl nose pads, equal to Consolidated
Optical Company "ROBIN HOOD" Catalogue No. 3678.

Send these spectacles by the most economical method to the following
address:-
Indian Health Services, Booth Bldg. Ottawa.

For:- Constance Powless - Six Nations Agency.

The account must show the prices charged for lenses and frame separately, eye examination if any, and be sent in DUPLICATE at the same time to the above address. Patient's name should also appear on the face of the account as well as on the envelope containing the spectacles as a precaution against issuing them to the wrong person particularly when more than one order is placed at the same time from the same Agency.

No vendor is authorized to supply more costly frames for an Indian, either at the Department's or the Indian's expense, or on the Indian's promise to pay the balance, or to accept any payment or deposit on these spectacles from any person other than an Indian Agent or recognized representative of the Department.

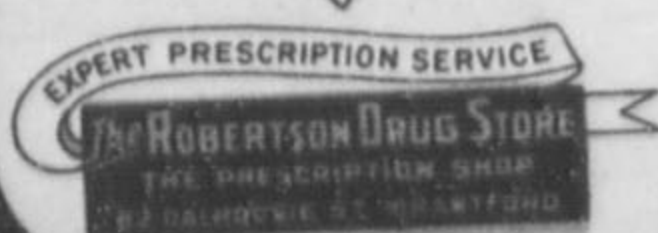

Consolidated Optical Company,
104 Sparks Street,
Ottawa, Canada.

May 12th, 1936.

[Signature]
The Secretary,
Department of Indian Affairs,
OTTAWA, Ont.

Sir:

It is my duty to inform you that Effie Smith, aged about 13, an Indian girl of the Muncey Reserve and a resident pupil of the Mohawk Institute was accidentally injured by the fall of the wheel of a "Giant Stride" upon her last evening at about 6.30 p.m. and subsequently died of her injuries in the Brantford General Hospital.

Acting upon the instructions in circular letter Cl-1-23 of April 17th, 1935, I am holding an inquiry into the circumstances of the accident this afternoon.

Your obedient servant,

E. P. Rangle.

Major E. P. Rangle.

Ottawa, May 14, 1936.

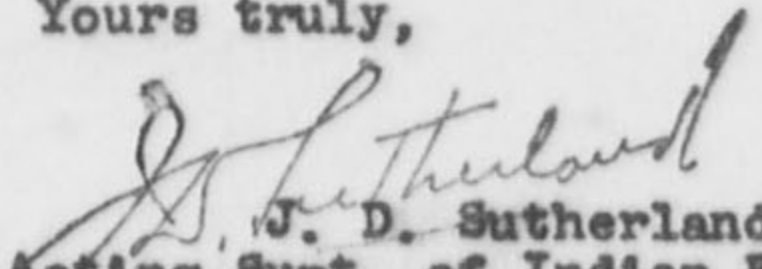

Dear Sir:

I have your 10B-682/36 of the 12th instant, with reference to the accidental death of Effie Smith, a pupil of the Mohawk Institute.

I note that you are holding an enquiry into the circumstances of the accident that resulted in her death, and I enclose a supply of forms for this purpose. One copy, properly completed, should be returned to the Department.

You should make careful enquiry from the Principal regarding the swings in use at the school, and ascertain how often they are examined by a member of the staff and what steps are taken, or will be taken, to avoid any possibility of an accident in the future.

Yours truly,

J. D. Sutherland,
Acting Supt. of Indian Education.

DEPARTMENT OF INDIAN AFFAIRS

Memorandum of an inquiry into the cause and circumstances of the death of
 Effie Smith, Pupil No. 0991.....
 of the Mohawk Institute Indian Residential School at Brantford, Ontario
 who died at Brantford, Ont. (place) on May 11 19 36

INSTRUCTIONS

When a pupil of an Indian Residential School dies, the Principal is required to inform the Indian Agent at once.

On receipt of the Principal's notice the Indian Agent shall convene a Board of Inquiry, consisting of himself as Chairman, the Principal of the Residential School, and the Medical Officer who attended the deceased pupil. These members of the Board shall, in each other's presence, complete this memorandum, which shall then be forwarded to the Department of Indian Affairs, Ottawa, in one copy.

The Board of Inquiry shall, if at all practicable assemble within 48 hours of the pupil's death.

The parents or guardians of the deceased pupil shall be given notice of this inquiry and be permitted to attend it or to send a representative. They or their representative shall be asked if they wish to make a statement. In the event of their so wishing, their statement shall be attached to the report. The inquiry, however, shall not be delayed more than 72 hours after the time at which it would otherwise be held, to enable them to attend it.

If the Indian Agent is located at such a distance from the school as to make it impracticable for him to attend the Board, he shall request a responsible local resident to act for him. A suitable person for this duty would be a Justice of the Peace or a member of the Royal Canadian Mounted or Provincial Police. A more or less permanent arrangement of this kind might be necessary in some cases. The Department is prepared to pay a reasonable fee for this duty, on the Agent's recommendation. The report of the Board, in any case, must reach the Department through the Indian Agent's office.

This inquiry is not designed to take the place of, or prevent, any other inquiry, including an inquest, which may be required by law.

If the pupil died as the result of an accident, the Indian Agent is required to take the statements of the witnesses of the accident, and attach them to this memorandum.

FORM No. 414.

Indian Affairs. (RC 10, Volume 6202, file 466-23, part 1)

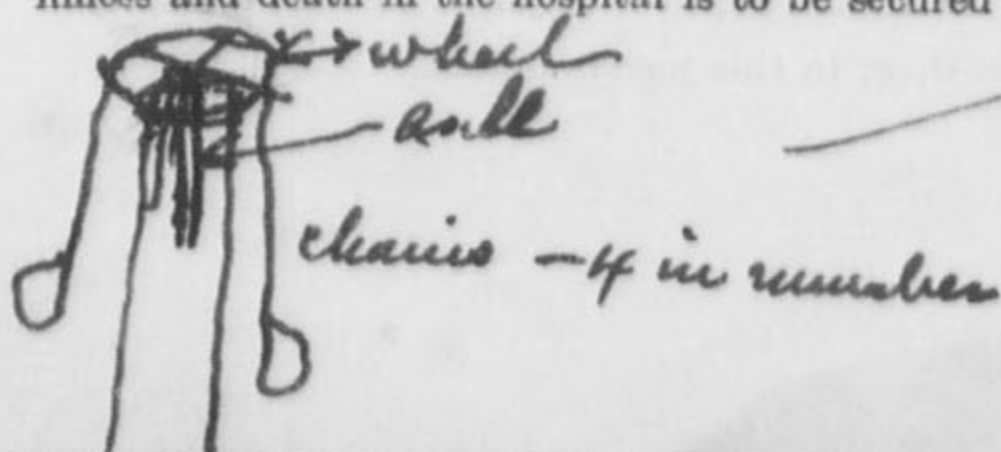

PUBLIC ARCHIVES
 ARCHIVES PUBLIQUES
 CANADA

**A. STATEMENT OF THE PRINCIPAL OF THE RESIDENTIAL
SCHOOL**

1. On what date did this pupil fall sick or suffer injury? *May 11-1936*
2. At what time of day? *6:15 P.M.*
3. When and to whom did he or she report this illness or accident? *6:15 P.M. May 11-36*
to Miss S. Hardie
4. What means were taken to afford relief? *doctor called immediately*
5. What medicines were used for this purpose and in what dose or quantity? *None*
6. When was the doctor called? *6:20 P.M. May 11-1936*
7. If the pupil was removed to hospital, at what time was this done and by what means of transport? *7:15 P.M. May 11. by ambulance*
8. If the pupil was not removed to hospital, what measures were taken for his or her care at the school?
9. Add any other useful information here.

Five girls including Effie Smith were playing on the "Giant Stride" or "Maypole". They had put a board through loops in the suspended chains and were being pushed around the pole thus throwing all the weight toward one side of the pole. This caused the axle of the ^{wheel} ~~pole~~ to split a piece out of the side of the pole at the top ^{allowing} ~~the~~ wheel to fall to the ground where it struck Effie Smith in abdomen causing the injuries from which she died.

NOTE: If the deceased pupil dies in hospital at a distance from the school, under the care of the physician or surgeon who attends him at the hospital, a clinical report of the patient's illness and death in the hospital is to be secured and attached to this memorandum.

Horace W. Smith
Principal.

B. STATEMENT OF THE PHYSICIAN WHO ATTENDED
THE DECEASED PUPIL

I attended Effie Smith from May 11th 8:30 PM
to 9:45 PM. The immediate cause of death was
Salivary injury with hemorrhage. Rupture of pancreas.
The contributory cause of death was accident.
as described

Do you consider that the Principal of the School, and the members of the School staff exer-
cised reasonable care and judgment in regard to the illness and death of this pupil? yes

Did they follow out your professional instructions? yes

If in either respect, you consider them to have been at fault, it is required that you express
your carefully considered views as follows:

C. STATEMENT OF INDIAN AGENT

1. Having heard and read over the statements of the Principal and the Physician, do you consider that all essential circumstances relating to the death of Effie

Smith
have been recorded? Yes If not, you are required to add here any further particulars which strike you as essential.

2. In this space record any recommendations which the Board consider should be made to the Department in relation to the health or safety of the pupils of this School.

E. P. Randall
Chairman—Indian Agent.

Statement by Dr. Palmer.

She suffered dreadful shock. I looked her over and told them to undress her so I could examine her. I found at once that there were internal injuries. The ruling in such cases, of course, is to take them to the Lady Willingdon Hospital but knowing the gravity of the case I wanted to take her up here. I called Dr. Morrison and he came down. I gave her stimulants, and sent her immediately to the Hospital. She died shortly afterwards. She died between 8 and 9 o'clock. A Post Mortem was held subsequently.

Examination of the Four girls continued.

Q.----Do you remember anything more?

Hazel-No, sir.

Q.----It is just the way the other girls have told it that you remember.

Hazel-Yes, sir.

Q.----When did you first start using the swing since it has been repaired?

Molly-As soon as it was fixed we started using it.

Q.----How long ago was it? More than two weeks?

Molly-I don't think so.

Q.----Did any other girls want the board on except Effie?

Laura-Some of the other girls mentioned it.

Molly-The girls who had been playing on the board before supper wanted it.

Examination of the four girls on swing with Effie Smith.

Molly Johnson	age 15 years.
Laura Davis	" 14 "
Thelma Powless	" 14 "
Hazel Vanevery	" 11 "

Molly.--We put the board on and the five of us got up on it. We put it through three of the chains. There are four chains. We had just started off. The girls started pushing. We had just started to go high. We had gone clear around. Ju t got us up high when it all fell.

Q.-----Did you hear anything crack?

Molly--We didn't hear anything. The girls out in the yard said they heard it. Effie was on the left hand end. I was on the other end.

Q.-----Is there anything you can add to what Molly has told us?

Laura--We just put the board on. The other girls told us that it cracked twice. The first time it cracked we had just started. We were half way round when it cracked.

Q.-----Did you hear it crack?

Laura--No, sir. The girls over near the tree heard it.

Q.-----They didn't say anything?

Laura--No, sir.

Q.-----Can you tell us anything that the other girls haven't told Us?

Thelma--Effie wanted the board on so we let her have her own way. We got the board and put it on. The board was under the tree. It was on before we went to supper. We took it off and carried it under the tree.

Q.-----Had some of the other girls been using it?

Thelma--Yes, sir.

Q.-----You din't know who was around?

Thelma--No, sir. The girls were using it before supper.

Q.-----Had you been in the habit of using the board before yesterday?

Molly--Sometimes.

Q.-----Would there be girls on the swings as well as the boards?

Molly--Yes, sir.

Statement C.H.Lager Continued.

C.H.L.--Yes I would. There was one swing vacant. There were four chains and three pulled to one side. The chains were spaced evenly. There was a steady pull all round.

Q.--After the accident happened were you the first called to the scene?

C.H.L.--Miss Hardy was informed first. I was having my supper when Miss Hardy came to me and asked me to help her with Effie as she had had an accident. She told me that the Maypole wheel had broken. I gathered from what the girls first told me that she had fallen on her thighs. Her feet up in the air, no bones seemed to be broken. Didn't want to move her without first investigating thighs and legs. Seemed as though no bones were broken. Carried her up here stretched out on the veranda. Summoned the nurse immediately and she summoned the Doctor. The Doctor was not many minutes getting down.

Mr. Snell--Miss Smith said she didn't think more than 15 minutes elapsed from the time the Doctor was notified until he arrived. It was a little after six. Miss Hardie said 6.10.

Q.--Was the child unconscious?

C.H.L.--No. I asked her if she were feeling any better and she said "No, sir". Asked her again later and she still answered. She was very dazed. I don't think she felt any pain. She was too far gone.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Statement by C. H. Lager, Boys' Master, Mohawk Institute.

Question--Did the pole appear to be in good order.

C.H.L. --Yes.

Q.--Is there any cap on the pole.

A.--Two caps below the axle. It has been said that there was a cap on there but I cannot say whether there was one unless it was next to the top and knocked off.

Q.--Would you notice a mark where a band had been?

C.H.L.--The top would be worn.

Q.--As far as you are concerned when you were placing the wheel could you see anything about the ~~pole~~ ^{pole} that lead you to believe it was not in first-class condition?

C.H.L.-- We have been using it for years and it looked to be in first-class condition, no rot, there is no indication even now you can get inside.

Q.--Is there any sign of a split?

C.H.L.--There was an old split down one side but the bands below held it securely. It did not seem weak. The split must have been there when it was first put up.

Q.--Are the bands actually below the bottom of the axle?----

C.H.L.--Yes. May have been put in that position with the intention of being around the axle.

Rev. H.W. Snell--All the girls getting on it at once was not just an ordinary strain.

C.H.L.--The cause of the break apparently was that they put a board through the loops and five girls, four of which were over 100 pounds and the other one, perhaps 80 pounds, the five being on that one side, was a tremendous strain on that one side and where it is split on the bottom there is a knot. Under normal circumstances it would have lasted for years.

Q.--Have they been accustomed to doing that.

Mr. Snell--I have seen one or two girls doing it but never more on the board.

Q.--Were they going around long?

C.H.L.--There were two girls pushing and five on it. Went around three times before it cracked.

Q.--If you saw them doing it would you have stopped them?

Indian Affairs. (RG 10, Volume 6202, file 466-23, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Miss Hardie Continued.

Miss H.-Yes.

Q.----- Do you think that any officer on duty would feel it necessary to stop the children from using the board? Would they have realised their danger or would it not have been appreciated? Were there any instructions issued to stop it?

Mr. Snell-There were no instructions. I have seen them with a board through two loops with one or two girls riding the board. If I had seen them doing this I don't think I would have worried about it. I have told them before to keep it balanced and it would run better and never thought of there being any danger.

Miss H.-The seats before were real low. The seats were higher this time that is probably the reason they put the board on.

Mr. Snell-They couldn't touch their feet to the ground when they were sitting in the loops.

Mr. Snell-I never saw a lot of them but I have seen as many as there would be on the two or three chains, but I did not forbid them doing it. It never occurred to me that it was dangerous.

Miss H.-It never occurred to me that it was dangerous.

Mr. Snell-The swing has been there nine years.

Miss H.-It never occurred to me to be dangerous. I might have told them not to do it if I had been down there.

Indian Affairs. (RG 10, Volume 6202, file 466-23, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Statement by Miss Hardie, Senior Mistress, Mohawk Institute.

Q.--What time did the accident occur?

Miss H.--A few minutes after six. About 6.10 or 6.15.

Q.--At that time I suppose all officers were at supper?

Miss H.--I had left the supper table, when one of the girls knocked on the door and I answered it. It was about 6.10.

Q.-----In the ordinary way were these children playing out there without personal supervision?

Miss. H.--We have never had an officer to stay out there with them. Never since I was 9 years old. We have had very few accidents. The girls are very kind to one another. They never hurt one another. It was purely an accident.

Mr. Snell--An Officer looks out every so often to see if everything is all right.

Miss H.--We have the children 24 hours and it is a relief to them to get out by themselves.

Q.-----In the ordinary way is there an officer detailed for duty?

Miss H.--Always. I was on duty. We teach the children that if anything happens always to report at once. It is so seldom anything does happen. They immediately came for me.

Q.-----Were you aware that they were using the board in the swings?

Miss. H.--No, it was only finished yesterday afternoon.

Q.-----Would you have permitted that if you had been there?

Miss H.--No, I wouldn't have permitted it.

Q.-----Do you suppose that they were in the habit of doing it?

Miss H.--It is the first time they have had it since the summer holidays. It had gone around three or four times when the accident happened.

Q.-----Do you know what happened? Did they all fall on the ground and the wheel drop on the one child or did they scramble out of the way?

Miss H.--They all fell in a line and the wheel fell on Effie and grazed another girl's shoulders. When she fell and it fell on top of her she pushed it off of her herself and then she crawled along. The girls picked her up and put her on her back and then came and reported it. It might have fallen on anyone. She was on the end. There seem to have been two girls pushing them around.

Q.-----Did these two girls get clear?

May 14th, 1936.

The Secretary,
Department of Indian Affairs,
OTTAWA, Ontario.

Sir:

I beg to submit to the Department the memorandum of Inquiry into the death of Effie Smith from injuries sustained in the accident at the Mohawk Institute on Monday evening the 11th instant. This inquiry was held at the Mohawk Institute at 2 p.m. on the 12th.

Also attached are statements by the four pupils who were involved and witnessed the accident and one from Miss Hardie, senior Mistress of the School and one from the boys' master, Mr. Lager.

Mr. Snell was absent at the time the accident occurred attending a Synod meeting in London. It was the Crown Attorney who notified me shortly after the accident occurred. I accompanied him to the school and heard first-hand, the circumstances surrounding the whole affair.

The final Inquest will be held in Brantford on Friday next at 8.30 p.m.

Your obedient servant,

E. P. Randle.

Major E. P. Randle.
EPR/CB.

Supt. Six Nations.

N.B. The Mother of Effie Smith was at the Institute during the inquiry but did not wish to attend.

RECOMMENDED INSPECTION OF ALL EQUIPMENT

**Intra-Abdominal Hemorrhage Cause of Death
- of Effie Smith**

MAYPOLE VICTIM

A recommendation that the playground equipment at the Mohawk Institute be inspected every three months by a competent inspector was made last night in the verdict of the jury at the inquest at the Police Station into the death of Ada Effie Smith, 13, pupil of the Institute, who was fatally injured Monday evening, May 11, when a wheel from a maypole around which she was swinging with four other girls fell off and struck her in the abdomen.

Dr. Harold Palmer, who conducted an examination of the victim of the accident, stated death had been caused by an intra-abdominal hemorrhage.

It was stated in evidence that the wheel weighed about 100 pounds and the top of the pole was between 15 and 18 feet from the ground. Molly Johnson, Velma Powless and Laura Davis, who were riding around the maypole on a beam with the Smith child and one other youngster, appeared to give evidence, the Powless girl stating that as the wheel came off they all fell to the ground and she felt something strike her on the shoulder and when she recovered her balance she saw the girl, who had been sitting next to her on the beam, lying on the ground.

Dr. R. H. Palmer, Rev. H. W. Snell, Principal at the Institute, and C. H. Lager, an Institute official, also gave evidence. Coroner Dr. D. A. Morrison presided and the examination was conducted by Crown Attorney F. E. D. Wallace.

MAYPOLE IMPROVISED.

Rev. Mr. Snell described the playground at the Institute where the accident occurred, stating it was equipped with swings, teeter-totters and the "giant stride," or maypole. The maypole was an improvised piece of equipment, he stated, having been constructed at the Institute. The wheel was an automobile wheel on a shaft adapted to fit into a hole at the top of the pole. It was the breaking away of the wood on one side of the pole that caused the wheel to fall.

The playground was not under continual supervision, Rev. Mr. Snell said, but there was always someone who looked after the recreational periods of the pupils at intervals. There were a number of girls on the playground when the accident occurred.

"How long had the pole been there?" Crown Attorney Wallace asked.

"It was there when I came, seven years ago, and had been there some two years before," Rev. Mr. Snell replied.

"Was it in operation before you came?" the Crown questioned.

"Yes," the witness answered.

Pointing to what had been a deep crack several feet along the pole at the spot where it broke, Crown Attorney Wallace asked Rev. Mr. Snell:

"Did you know anything about the crack originally?"

"I never knew it was there," Rev. Mr. Snell said.

"I show you that one side of the pole where the piece is broken off is fresh and the other side appears to be old, does it not?" the Crown questioned.

"Yes, from the appearance of it."

"You do not employ a regular carpenter on your staff, do you?"

"No."

"This maypole was makeshift?"

"Yes, it was makeshift."

"Was this wheel, or any part of it, considered dangerous by you or your staff?"

"I don't think any of us ever thought of danger in connection with it."

Rev. Mr. Snell stated there were no regulations regarding the method of using the maypole and there was no special grant made by the Government for recreational equipment. The Institute was conducted by the Dominion Government and

came under the jurisdiction of the Department of Indian Affairs.

JUST ERECTED.

C. H. Lager, Boys' Master at the Institute, said the wheel had been erected by him the Friday before the accident. He estimated its weight at about 100 pounds. He saw the crack in the pole, he said.

"Did the crack cause you any worry at all?" he was asked.

"No. I thought the two iron bands (two bands around the pole below the place where the piece broke off) were put there to strengthen the pole. I never thought of any danger."

The top of the pole, and the wheel, with steel chains attached to the wheel and threaded through pieces of hose at the place where the children hung on to swing, were exhibited.

Crown Attorney Wallace asked Mr. Lager if he had seen the children riding around the maypole with a beam placed through the loops made by the rubber hose and witness replied he had not.

WERE RIDING BEAM.

Moll Johnson, an Institute pupil, testified that a beam, a two-by-six, had been put through three of the loops and she, with the Smith girl, Laura Davis, Velma Powless and Hazel Vanevery were riding on it. They had hardly started when the wheel fell. She did not notice the crack in the pole before the accident. Elma Powless also stated she did not notice the crack.

Witnesses admitted the fact that the five girls riding the beam all on one side of the pole would cause the pressure on the top of the pole to become heavier on that side.

The verdict in full was as follows:

"We the undersigned jury impaneled to inquire into the death of Effie Smith, a pupil of the Mohawk Institute, find she came to her death at the Brantford General Hospital, May 11, 1936, from an intra-abdominal hemorrhage caused by being struck by a wheel from a maypole which we consider was not safe at the Mohawk Institute in the Township of Brantford May 11, 1936.

"We also recommend that the playground equipment be inspected every three months by a competent inspector."

The jurors were: R. W. Henry, Foreman; Elijah Smith, T. J. Black, W. J. Springie, Charles Craddock, E. Cooper and A. Young. Provincial Officer Carl W. Farrow had charge of witnesses and the jury.

Sir:

With reference to your letter 32-0-23 of
the 19th instant I beg to enclose the press reports
of the Coroner's inquest giving the official verdict.

I personally attended and am inclined to
disagree with the Jury over the safety of the swing,
as it must be emphasized that five girls loaded on a
plank being pushed by five others placed undue strain
on one side whereas under normal using conditions the
strain was evenly distributed and the accident could
never have occurred.

In the light of this accident and all it
involved locally, it would be appreciated if the jur-
isdiction if any, of the Supt. Six Nations in regard to
the Mohawk Institute could be more clearly understood.

Your obedient servant,

E. P. Randle.

Re: Effie SMITH (Indian) - Mohawk Institute,
Brantford, Ont. - Accidental Death.

4. In the evening of May 15th I patrolled to Brantford, Ont. and attended the Inquest which was held at the Police Station at 8.30 p.m. Coroner Dr. D.A. Morrison presided and the examination was conducted by Crown Attorney F.E.D. Wallace. Provincial Constable G. Farrow had charge of the witnesses and the jury. The verdict of the Jury was as follows:

"We the undersigned jury empanelled to inquire into the death of Effie Smith, a pupil of the Mohawk Institute, find she came to her death at the Brantford General Hospital, May 11th., 1936, from an intra-abdominal hemorrhage caused by being struck by a wheel from a maypole which we consider was not safe at the Mohawk Institute in the Township of Brantford, May 11th., 1936"

"We also recommend that the playground equipment be inspected every three months by a competent inspector."

5. Major E.P. Randle, Supt. Six Nations Reserve also attended the Inquest, and is aware of all the facts in connection with this case which was purely accidental.

Re: Effie SMITH (Indian) - Mohawk Institute, Brantford, Ont.
Accidental Death.

Headquarters

Sub-Division

Detachment

P. C. R.

1. In the evening of May 11th I received a telephone call from F. R. D. Wallace, Crown Attorney at Brantford advising that the above named Indian girl had been seriously injured as a result of an accident in the playgrounds of the Mohawk Institute about 6.00 p.m. that evening, and had died some two hours later at the General Hospital, Brantford, Ont. He stated the Coroner had been advised, also Major Randle, Supt. Six Nations Reserve. Mr. Wallace requested that I come to Brantford immediately and meet him and Major Randle at the Mohawk Institute.

2. Accordingly I proceeded to the Mohawk Institute and together with the Crown Attorney and Major Randle obtained the details in connection with the accident. Owing to the lateness of the night the children who were eye-witnesses to the accident were not interviewed. Next morning I proceeded to Brantford and accompanied by Provincial Const. C. Farrow interviewed all witnesses in regard to the accident.

3. The circumstances in connection with this death are as follows.

About 6.00 p.m. on the night in question the above named together with four other girl pupils of the school were playing on a swinging affair which is known as the "Maypole". The pole itself is about 18 feet high and approximately 6 inches in diameter at the top. A automobile wheel is attached to the top of the pole by means of an axle about 18 inches long which is inserted in a hole in the centre of the pole. Four chains were attached to the wheel on top of the pole and reach to within 2½ feet approximately to the ground. Instead of swinging individually on each chain which distributes the weight evenly on the pole the five girls placed a 7 foot plank between the loops of three of the chains and the five of them sat on this plank and were swinging around the pole with the aid of two other girls who were pushing them. As a result of all the weight being on the one side the pole split at the top where the axle of the wheel fitted into the pole, which allowed the axle to come out of position with the result that the wheel fell to the ground striking the above named girl on the abdomen. The weight of the wheel itself was estimated at 100 pounds and the whole apparatus was a home-made affair. It was ascertained the pole had been split at the top previous to the accident and appeared to have been cracked for some time. The top of the pole together with the axle and wheel was taken by Cst. Farrow and myself to be used as evidence at the Coroner's Inquest.

The Secretary,
Department of Indian Affairs,
OTTAWA, Ontario.

Sir:

I very much regret to have to report to you a serious accident to Number 0991, Effie Smith which occurred last night at 6.15 p.m. and resulted in her death at the Brantford General Hospital the same evening.

The Board of Inquiry had already sat, and Major E. P. Randle will be forwarding to you a full report.

I may only say that it was purely accidental and so far as I can see no blame is to be attached to anyone.

Your obedient servant,

Horace W. Snell.

Principal.

MOHAWK INSTITUTE

BRANTFORD, ONTARIO, May 25 - 36.

Replying to
No. 32-0-1
May 22-36.

The Secretary,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir,-

The newspaper report of the inquest re the death of Effie Smith, while perfectly fair, hardly gives the right impression of the part of my testimony which you quote. The Crown Attorney asked me "Does the Department make a grant for playground equipment?" and, of course, I answered "NO" but added that the Department did furnish us with equipment such as balls, bats, etc. He then asked if our equipment was sometimes homemade as in the case of the Giant Slide and I answered that it was. No one who heard the evidence could possibly have inferred that the Department was niggardly in its provision for the pupils.

The court did not think Mr. Lager was remiss, inasmuch as he explained that he took it that the ring around the pole had been placed there to strengthen the pole where it was checked. The check, as was shown to the coroner and jury, did not reach completely to the top of the pole. Had the ring been nearer to the top of the pole it would have effectually prevented the split that caused the accident.

I may say that the mother attached no blame to the management. In fact, she made the request that her little boy might be admitted next term if there is room for him. I have received a very kind letter written on her behalf, thanking us for our kindness in connection with the sad occurrence.

I shall be glad to furnish any further information desired.

Your obedient servant,
(Sgd.) Horace W. Snell.
Principal.

INDIAN AFFAIRS BRANCH

DEPARTMENT OF MINES AND RESOURCES

MOOSE FORT RESIDENTIAL SCHOOL

GENERAL

R. 5619

Ottawa, February 7, 1907.

Right Reverend Sir,-

I have the honour to advise you that the Department is in receipt of returns from the schools at Moose Factory as follows,- returns from the day school for the March, June, September and December quarters, 1906; also a return giving the names of the pupils and their ages only from the Boarding school.

A cheque will be sent to the Royal Trust Co., Montreal, for \$600, being the amount of the day school grant in full for the four day schools in your diocese, namely, Moose Factory, Albany, Ruperts House and Fort George. This is the total amount of grant provided for the fiscal year ending March 31, next. The Department would like you to be good enough to instruct the teachers at Albany, Ruperts House and Fort George to send in quarterly returns for this fiscal year at the first opportunity presented and regularly thereafter.

The return received from the Boarding School at Moose Factory is very incomplete, and a new return should be forwarded by the Principal made out on the proper form, a supply of which is sent you under separate cover, with all the columns of the return as called for carefully

filled

The Right Reverend George Holmes,
Bishop of Moosonee,
Chapleau, Ont.

Indian Affairs. (RG 10, Volume 6203, file 467-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

filled in. This information is required by the Department and the Auditor General.

In the meantime, however, the grant for the Boarding School for the quarter ended September 30, last, is paid on the return received from the Rev. Claude Ovens, which return shows that there were twenty-three pupils in attendance. At \$15.00 per capita (the amount payable quarterly) the earnings of the school were \$345.00. An advance of \$300 was sent you on October 20, last, on this account, leaving a balance due for the quarter of \$45.00, a cheque for which is being sent you.

I have the honour to be,

Right Reverend Sir,
Your obedient Servant,

J. D. MCLEAN

Secretary.

Indian Affairs. (RG 10, Volume 6203, file 467-1, part 1)

308278

J. D. McLean. Esq.
Secretary Dep^t of Indian Affairs.
Ottawa.

Dear Sir:— I beg to acknowledge receipt of yours of 27th inst. enclosing Cheque for \$45⁰⁰/₁₀₀, being the balance of September Quarter 1906 for which please accept thanks.

I am very sorry that the Returns forwarded to you from Moose Fort were so incomplete. Mr. Oxley, who was teacher last year had instructions to send in regularly quarterly returns made out in accordance with the Department's Regulations.

NO Did you not receive Returns for the Boarding School at Moose Fort for December, March & June last (1906)?

I forwarded to the Department such Returns as were made out by Mr. Oxley. The Boarding School opened in September 1906 with an average attendance all the Winter through of between twenty and twenty six scholars; but the Grant made by the Dept only begins with 1st July 1906. Why the Dep^t did not arrange for the Grant to be made from the opening of the school is a little puzzling to me; owing to the inexperience of the workers & management of such schools, & they exceeding my orders in regard to number of scholars and allowance for school support the accounts from the Hudson Bay Co. for support alone apart from equipment was the amount stated in the accounts forwarded in December last to the Department which was more than twice the amount I stipulated in my instructions to those in charge at Moose Fort.

I hope, therefore, that the Department will see its way to pay us for the number of scholars in the School, as boarders, from September^{1st} to July 1st 1906.

The Rev. R. J. Reinson, ^{M.A.} who is now in charge of Moose Fort Mission, & who is one of the cleverest & ablest of Missionaries - informs me that they have an average attendance of 55 scholars including the boarders which means an average attendance of 25 half breed children. For this number of children in the North West, while I was in charge of Lesser Slave Lake School in Athabasca the grant for this number was \$400⁰⁰/_{xx}, and ought not to be less in Ontario since it is self-evident that no one teacher can do justice to 55 children. During the summer months when the Indians are present there will probably not be less than 150 scholars.

So far the half-breeds have received no consideration such as they have in the North West Territories. It does not therefore seem unreasonable that the Govt. should provide the necessary means for the secular education of their children.

Will you kindly let us know the proper quarters ought to apply for an increase in this Grant & oblige

Yours very Sincerely

George Moosonee

Bishop of Moosonee

Ottawa, 26th February, 1907.

Right Reverend Sir,-

In reply to your favor of the 11th instant I have to say that it would be impossible for the Department to assist you with the maintenance grant of the Moose Factory Boarding School prior to the 1st of July 1906. You will remember that the School was opened in advance of any recognition by the Department and it did not appear as an institution for which the Government was responsible to a certain extent until the appropriation voted by Parliament became available on the 1st. of July last. It was understood that you proposed to bear the full cost of the School until the Department was in a position to assist.

An application for a grant for educational advantages provided for half-breed children, and elsewhere in the Province of Ontario, should be made to the Education Department, Toronto. As Mr. D. G. MacMartin who was the Ontario Commissioner for Treaty No 9 is acquainted with the situation at that post with reference to half-breeds as well as Indians, and as the Ontario Government has already recognized the half-breed claims by granting 160 acres each, it might be well to refer to Mr. MacMartin in your communication to the Ontario Government.

I have the honour to be,

Right Reverend Sir,

Your obedient servant,

The Right Rev. George Holmes,
Bishop of Moosonee,
Chapleau, Ont.

Secretary.

6th December 1907

J.D. Lean Esq.
Sec. Dept. Indian Affairs
Ottawa Ont.

Dear Sir:-

The Ven. Archdeacon Renison B.D. has instructed me to draw your attention to the fact that "The Bishop's Boarding school", here, only receives a Grant from the Indian Dept., per capita for 25 children, whereas we have 34 children actually in the boarding-school, all this term, since school opened in September, last: and we hope to accommodate 50 children, if your Dept. gives a Grant for that number.

Kindly advise me of your intention in this important matter.

Yours truly

Rev. A. McLean Banting
J.P.

Principal & Diocesan Sec. of Moosonee.

Jan'y 14th, 1910.

Dear Mr. Scott,-

In the discussion we had last October you mentioned that \$200 each were allowed for day schools at Albany, Ft George, Rupert's House and Moose Factory, and that the same might be allowed for Ft. Hope if arrangements could be made for a school there. I wrote the missionary in charge of Ft. Hope but have not yet received an answer. I understood however that the grants were payable for the first 4 mentioned, as day schools are carried on at those places. I have just received the half yearly statement from our bankers, the Royal Trust Co., I find no amounts credited for day schools. What is the explanation? Is it for lack of reports? I think I handed to you or forwarded to the Dept. the report for Albany day School; and Moose day School is conducted in conjunction with the boarding school. I do not know whether the Principal has given a report of the day school at Moose or whether the reports of Ft. George & Ruperts House reached you. I would be glad to receive an explanation.

Yours sincerely,

John G. Moosonee

March 1st 1911

Dear Sir. Re 306950 - I (?)

I now have the pleasure of returning the enclosed Agreement, in duplicate, duly signed, witnessed & sealed, in reference to the maintenance and management of the Moose Fort Boarding School.

There is one point in connection with the field covered by the above school, which, I am very sorry, I forgot to mention at the conference with the Minister last November. I refer to the fact that there are some 300 Eskimo at Great Whale & Little Whale Rivers, belonging to our Mission of Fort George. Should the opportunity offer, would the Dept. be willing to admit children of these people on the same

arrangement of the Dept. to pay the rent under the new scale of rent with April next, pending the report of your Inspector on any improvements that may be necessary in the school.

Frank Pedley Esq.
Ottawa

Dear Mr. Pedley

Knowing that the Indians are wards of the Government and that I as Master of the Boarding School am answerable to you for the treatment the children receive while under my care I feel therefore it is my duty to report the foll.

In the evening of the 2nd Feb. the Rev. W. Haythornthwaite, missionary in charge, came into the school, went to the girls' bedroom after I had sent them to bed, brought them down, took them over to his study and had two of them cruelly whipped so much so that their hands were swollen and discolored for two days afterwards, for the simple reason that they were playing outside on our own door not his and with my permission; one was Clara Sutherland a Moore girl and an orphan, the other Mary Snipe of Marten's Falls. Motherless. He had also at different times previously chased the girls around their bedrooms. In consequence Clara and Jane (as my eldest girl have been withdrawn from the school. The others are unable to get to their homes during the winter else I fear they too would be withdrawn x

I would also like to state that I cannot vouch as to the correctness of the reports of the Boarding School sent to you as they have never been submitted to me for signature before they were sent; and if signed by any one else as Master it is false (over)

Ottawa, March 21, 1912.

Right Reverend Sir,-

I have the honour to call Your Lordship's attention to the following extract from a letter addressed to the Department by Miss Mary A. Johnson, Matron of the Moose Fort Indian Boarding School:- "On the evening of the 2nd of February the Rev. W. Haythornwaite, Missionary in charge, came into the school, went to the girls' bedroom after I had sent them to bed, brought them down, took them over to his study and had two of them cruelly whipped, so much so that their hands were swollen and discolored for two days afterwards, for the simple reason that they were playing out-side on our own door not his and with my permission.. One was Clara Sutherland, a Moose girl and an orphan, the other May Snipe of Marten's Falls, motherless. He had also at different times previously chased the girls around their bed-rooms. In consequence Clara and Jane Tapas my eldest girl have been withdrawn from the school. The others are unable to get to their homes during the winter, else I fear they too would be withdrawn."

The Department considers that a thorough investigation of the alleged ill-treatment of the pupils should be made at the earliest possible date and a full report sent in, as, if there is any truth in the charges, the Principal should be removed at once.

I have the honour to be, Right Reverend Sir,
Right Rev. John G. Anderson, D.D.,
Bishop of Moosonee,

RIGHT REV. JOHN G. ANDERSON
BISHOP

CHAPLEAU, ONT. 191

went home. Inside a week another boy and girl had been sent home, and I was summoned in to see a third child die - Malcolm Cowboy. I was kept in ignorance of this boy's state until five minutes before his death. You must know, Bishop, that it is hard enough to keep this school full without this kind of thing - sending home or allowing children to go without my knowledge. "While Miss Johnson is old enough to form her own opinion, she is generally led by Miss Bennett, who is the instigator of nearly all these pranks."

The above extracts from Mr. Haythornthwaite's letter, and Miss Johnson's charges, are sufficient to show that matters between the Principal & the matron here have been very unpleasant. In fact the Principal is now forced to keep out of the school for the sake of peace, as Miss Johnson claims that she was given entire control of the school when Archdeacon Hemison the former Principal, did not return last autumn. I might explain that I sent Mr. Haythornthwaite to take charge while Archdeacon Hemison was taking the Albany diocesan census and came in to attend the General Synod. While up here, as perhaps you know, he accepted a church in Hamilton, & resigned his position at Moose. This happened in December last when, of course, no change could be made, & I instructed Mr. Hay to continue in charge.

My own opinion is that the Miss Bennett referred to, who is a live suffragette, whose services in the day school at Moose we had to discontinue with last autumn, is at the bottom of most of the trouble. She seems to be acting in revenge, & from her residence at the H. B. Co. Post frequents the Boarding School & carries on her warfare.

This appears from a letter of Miss Barker, also mentioned in above extracts. She says: "I only hope Miss Bennett will go out at first open water.... being a friend of Miss Johnson she spends the greater part of her time at the Boarding School; no doubt this is the cause of the peculiar behaviour. I wish you were coming down by first open water as it is far from pleasant here."

I may say that I have planned to visit James Bay this summer, leaving as early as I can (likely about May 20th) and going via Grand Lake, Wawa, and Rupert's House. I should reach Moose by the end of June. I will then hold a full investigation, and send you a report on my return.

The Secretary, Dept. of Indian Affairs, Ottawa.

Yours Sincerely,
John G. Moosesee

Re 306950/1

CHAPLEAU, ONT.

4005/5
March 15 1912

Dear Sir.

In reply to your letter of March 21st, I may say that I have received a letter from Miss Johnson, containing the same charges against the Rev. W. Haythornthwaite. But I have also received a letter from Mr. Haythornthwaite containing counter charges of misbehaviour against the woman & denying the cruel treatment of the girls. According to his story, the punishment of these girls was the climax of a long process of provocation. He says: "One evening as I was working at my desk, I saw the girls come out in the moonlight & hammer one of the big sags in a way enough to buck it. I went out & they ran into the house, where I followed them, but could not find them. I went home disgusted. I had not been set down half a minute before the girls were out again. I followed them into the house, and asked Miss Johnson to punish them which she refused to do. I therefore sent them over to the house and asked Miss Barker (teacher of the day-school) to punish them which she did. The next day saw Miss Johnson in Mr. McLeod's office (H. B. Co. Inspector). She began with the following words 'That brute, has been making trouble again.' She told them that I had beaten into the girl's bedroom & run them out with a stick - that with the same stick I had cruelly beaten one girl so that she had to have a bandage put on. As Mr. McLeod would not do anything, she went to Mr. McLeod, & demanded of him as he was the Missionary to put me off the Mission premises. He replied that he had nothing to do with the mission. The day following I heard from one of the boys that the girl who had been punished, had gone home. Thinking the girl had run away, I went on to bring her back. It was only when I got there that I found that Miss Johnson had asked her people to take her away because I had punished her. I got her relations to let her come back with me. She came crying to me later on saying that Miss Johnson had sent her home again. I boarded her out for a week, but her brother naturally did not care for that, so she

CHAPLEAU, ONT. 191

When Miss Bennett and Miss Taylor were temporarily left in charge. These ladies continued to get Mrs. Flaherty to reside in the Hospital against the better judgment of Mr. Haythornthwaite. Miss Bennett and Miss Taylor were incensed against the Principal because he asked Mr. Flaherty to discontinue his practice of visiting the ladies in the school so much as he was taking nearly all his meals there & staying till very late at night. I may say that the reports of the things done at the school at this time reached all parts of James Bay. Miss Johnson, who is an old & great friend of Miss Bennett's, evidently soon after her arrival caught her spirit of revenge against the Principal, & began finding fault with him & setting the pupils of the school against him in every way possible. The "playing outside our own door" which led to the girls being punished, was only one form of provocation employed by Miss Johnson. The girls were deliberately hammering a large wood saw & thrusting its edge under the guise of "playing new year". Mr. Haythornthwaite went over from his house & warned them to desist, Miss Johnson being present. When they repeated the provocation, Mr. Haythornthwaite took the girls over to his study, & asked their teacher, Miss Barker, to punish them, which she did with the ordinary school leather strap. All these facts will give you an idea of how things have been carried on in the school. Miss Johnson & Miss Taylor have resigned, and I have placed Mrs. Haythornthwaite in charge as matron, Miss Barker as teacher & Hospital superintendent.

Yours sincerely in the service
John G. Moosonee

that he practically relinquished his duties at the school left Miss Johnson & Miss Taylor to themselves.

I found also from other sources that far from Mr. Haythornthwaite being the cause of the withdrawal of Clara Sutherland & other pupils, that Mr. Haythornthwaite had actually got the girls back after they were dismissed by Miss Johnson, but that they were not allowed to remain. I was also told by a family of Indians at Albany-Sutherland that one of their boys had his heel frozen at the school purely through the neglect of Miss Johnson, who with Miss Taylor, often visited among the people leaving the pupils to themselves. I myself found when at Moose, that Miss Johnson had placed a girl that I brought from St. George two years ago in the Hudson's Bay Residence (Mr. Mowat's) to work as a maid without consulting me or the Department except that she declares that Mr. McLean, your Agent, told her that non-treaty Indian children could not receive the per capita grant. My opinion is that this is only an excuse, because she had under various pretexts dismissed the pupils. In fact she seems to have done her best to kill the school well because she hated Mr. Haythornthwaite & tried to ~~kill~~ kill him, that is, have him disqualified & discharged. The whole trouble began in the summer of 1891 when Mr. Haythornthwaite protested against a certain Mr. Flaherty visiting the school all midnight or nearly so very frequently. This was during the interval between Miss Quaternaine's departure as mother & the arrival of Miss Johnson,

Re 306950/1

The Secretary
Department of Indian Affairs
Ottawa

Dear Sir,

Regarding your communication of March 21st last, I beg to report that during my summer visitation of the missions + schools on James Bay, I made as thorough an investigation ^{as possible} into the charges made by Miss Mary Johnson against the Principal, Rev. W. Haythornthwaite. The opinion I expressed in answer to your letter above referred to was confirmed by the inquiries made at Moose. I ascertained from two leading men of the Hudson's Bay Co. amongst others, whose names I can mention, if need be, that Rev. W. Haythornthwaite called a public meeting at Moose last winter, when these charges with others were fully discussed. Nothing was found against the Principal except that he had not been able to supply the school with all the dry wood required. Even this charge was not proved, as on the other hand Miss Johnson was said to have burned dry wood in all the stoves instead of confining it chiefly to the kitchen, thus causing the shortage. The decision of that meeting was that all the charges + reports against Mr. Haythornthwaite should be dropped, and all begin work afresh. Miss Johnson & her assistant, Miss Taylor along with Miss Bennett, a former teacher, were present at that meeting. Instead of carrying out the decision of the meeting, Miss Johnson and the other two ladies continued their attacks on the Principal, so much so

BISHOP:
RIGHT REV. JOHN G. ANDERSON

418961

CHAPLEAU, ONT.

John G. Anderson
Aug. 24th 1913

Dear Sir.

I have been informed by our missionary in charge at Moose Factory that the Indian Department have forwarded papers on Agriculture to the teacher, Miss Barker. She has taken up the subject in the school. Miss Barker, as perhaps you are aware, took a course last year at the Agricultural College at Guelph, & is qualified for this work.

I understand that a grant of \$50 per annum is allowed by the Government for this special band and also assistance toward the purchase of wire fencing &c. We are making a great effort in the direction of improving our farms and gardens, and increase of live stock at Moose. More land is being cleared of bush & prepared for use. Notwithstanding the severe frost in August, which practically destroyed all potatoes near the bush, a good harvest has been gathered in, sufficient for the needs of the school and some \$50 worth to sell. 25 large bags of turnips have also been harvested with some oats. I mention these things to show the need of extra expenditure for enlargement & improvement, and because we would like to have thereby do apply for the grant & assistance referred to above.

With best wishes - Sincerely yours - John G. Moosonee

Ottawa, February 7th, 1913.

Right Rev. Sir:-

I have the honour to acknowledge the receipt of your Lordship's communication of the 4th instant, in which you ask for a grant to enable the Moose Factory Boarding School to extend their farming operations, and in reply, I beg to say that the Department does not make any grant to Boarding Schools for this purpose, and any expenditure incurred must be met from the per capita grant paid by the Department. As a recognition of Miss Barker's services in connection with the Day School, the Department has decided to increase her salary by \$50.00, making it \$850.00 from the 1st of current quarter, and Miss Barker is being informed accordingly.

ST. THOMAS MISSION

VIA COT. LINE. ONT.

441085
TO THE DEPARTMENT OF
INDIAN AFFAIRS

MOOSE FORT, JAN. 5. 1914.

We wish to respectfully bring before the Department the need of land at Moose in connection with the Boarding-School.

At present we occupy only a few acres of the Hudsons Bay Co's land, and it is very desirable that we should have enough land to farm. We should very much like to have a quarter section on "Hazy Island" This Island is the only land near enough to our present buildings to be useful for that purpose.

We have now three boys able to plow and it is highly desirable that they should have some land to practice on. It is all bush land and would be too expensive to clear unless the school had some claim on it afterwards.

At present the Indians know practically nothing about farming, and as they may be required to go onto their Reserve at anytime it is very important that the Department should prepare them for the change.

During the last two years we have been in touch with the Officials at Guelph and have made a number of satisfactory experiments on a small scale and we are anxious now to prove them on a larger.

We also think that it would be very beneficial to the Indians generally if the Department gave us some special^{ly} for this purpose. We are held back at Moose by prohibitive freight rates, and altho we have spent every cent we could get, we seem to get so little for it. Many of the tools we have got out during the past two years have cost us fifty per cent more than the first cost by the time we got them here. Then just as we are getting a few machines together the horse fails and any sort of a horse will cost us \$500 by the time we get it.

We think it would be good policy on the part of the Department to secure some land for the School, lend us a team and a Stumping machine, and let us show the Indians now what can be done on their reserve. If we wait for the Indians to move, it will be a long time to wait, and of course it is not the policy of the trading Company to move in this direction. If the School does not teach them now it will cost the Department a great deal more in the future.

Trusting that this may have just consideration

I remain

YOURS SINCERELY:-

D.C. Scott, Esq.,
Deputy Superintendent General
of Indian Affairs, Ottawa.

Dear Sir,-

I beg to submit the following report on the work performed by me during the past summer in making the payment of Treaty 9 annuities to Indians residing in James Bay District.

X X X X

I visited the Hospitals and Schools and have no adverse criticisms to offer. I am very sorry, however, to have to report the said accident which happened at Moose. On the evening of the 29th June, twelve of the boys from the Moose Factory Boarding School were crossing the Moose River to Hazey Island, when the canoe was accidentally upturned, and in spite of prompt assistance, seven of the boys were drowned, viz., Alfred Loutitt, Thomas Loutitt, Arthur Sutherland, James Sutherland, Harry Wesley, John Sailors and Sinclair Nepaneshkum. John Carpenter, a boy of fourteen years son of Jimmy Carpenter of Fort Hope Band, supported a small boy of eight years of age until assistance arrived. I feel that this boy should receive some recognition for his gallant services and I trust the Department will take up the question with the proper authorities and have the matter brought before the Humane Society for recognition.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Ottawa, September 6, 1919.

Sir,-

I beg to inform you that it has been brought to the attention of this Department by Mr. H. N. Awrey, Paying Officer for Treaty No. 9, that a very sad drowning accident happened at Moose Factory on the evening of the 29th of June, last. Twelve boys, pupils of the Moose Factory Boarding School, were crossing the Moose River to Hazey Island, when the canoe they were in was accidentally upset and seven of the boys were drowned.

A gallant rescue of one of the party, a small boy eight years of age, was made by John Carpenter, who was also in the party. John Carpenter is an Indian boy, fourteen years of age, the son of an Indian named Jimmy Carpenter of the Fort Hope Band. He was in the canoe with the other boys at the time of the accident and through his efforts he supported one of the smaller boys and held him up in the water until assistance arrived.

It is felt that some recognition should be granted John Carpenter for his bravery, and it has been suggested to the Department that his case be laid before your society for recognition. Among the persons who witnessed the accident and saw the brave effort made by John Carpenter was the Rev. W. Haythornethwaite, Principal of the school, and his wife. It is considered that recognition by your society of the bravery of John Carpenter would be an incentive to the Indians of that northern country and a reminder that such acts do not go unnoticed or unrewarded.

The Department will be glad if your society can see its way to a favourable consideration of the case and will be pleased to assist in obtaining all particulars or any affidavits which you may require.

The Department will be pleased to hear from you regarding this matter.

Your obedient servant,

Sgd. A. J. MacKenzie
For Asst. Deputy and Secretary.

2 letters

Ottawa, September 6, 1919.

Rev. Sir,-

Mr. H. N. Awrey, Paying Officer for Treaty No. 9, who has recently returned to the Department, reports a very sad drowning accident which occurred on the evening of the 29th of June, last, whereby seven boys, pupils of the Moose Factory Boarding School, lost their lives by the upsetting of the canoe in which they were crossing Moose River.

Their death is regretted and the Department sympathizes with the parents and the school in their loss.

Mr. Awrey reports that no blame can be attached to yourself or the other members of the staff, but it is considered that to allow such a large number of boys in a canoe should not have been permitted. It is hoped that this accident will not result detrimentally to the future recruiting of pupils for the school.

The bravery of John Carpenter, one of the boys who supported a small boy of eight years of age until assistance arrived, is being brought to the attention of the Royal Canadian Humane Association, as it is considered that it is worthy of some recognition.

Your obedient servant,

Sgd A J MacKenzie

Ottawa, September 16, 1919

Reverend Sir,-

With reference to the act of heroism referred to in official letter to you of the 6th instant, I beg to say that the Royal Canadian Humane Association have forwarded the enclosed declaration forms to be completed and attested before a Justice of the Peace or a Notary Public.

They require a detailed narratives, if possible from the rescued, rescuer and an eye-witness. As the rescued boy is stated to be only eight years of age it may not be possible to have him give a detailed narrative of the occurrence and you may use the form enclosed for him for one of the eye-witnesses to the accident. The narrative in each case should be brief and contain a concise account of the accident from the stand point of the party making the affidavit.

If there is no Justice of the Peace at Moose Factory, the affidavit in each case should be taken before the Factor in charge of the Hudson Bay Company or Revellion Bros. Post.

Kindly give this your prompt attention and return the affidavits when completed, to the Department to be placed before the investigating governors of the Royal Canadian Humane Association.

POOR
COPY

A translation of the attached Cree letter, which was intended for

Duncan Campbell Scott Esq
Deputy Superintendent General
Department of Indian Affairs
Ottawa.

A report from Moose Factory, Ontario.

I, Chief Woomastogish, and George Hardisty, Andrew Butterfly, and John Dick.

We want to give the Government a true report of the drowning of the children.

There were twelve children in the canoe and the children were alone, and the canoe which they were using was very bad. A canoe which was not fit for anyone to use. The canvas of the canoe was half ripped.

Now these children were allowed to go crossing the river every day in it and very often twice one evening. The canoe was that far gone that the thwarts were just nailed on top of the gunwale.

There was not one boy big enough to have any sense.

I don't know if this report was sent in yet or not, but this which I say is exactly what happened, and this is the weight which I am carrying.

Now you know just the same as I do, about that which I am speaking of.

I, Thomas C. Moore, of Moose Factory do hereby swear that I have a thorough knowledge of the Cree and English languages, and that I have at various times acted as interpreter, for officials of The Department of Indian Affairs, and that the above letter is a true translation of the Cree letter attached, which was written by the Chief of the Moose Band of Indians

Subject Drowning accident at Moose Factory

Duncan Campbell Scott Esq
Deputy Superintendent General
Department of Indian Affairs
Ottawa

Dear Sir : -

I recently received a visit from the Chief of the Moose Band of Indians in connection with a very sad drowning accident, which occurred during the summer at Moose Factory.

He asked my advice as to what steps he should take to bring the matter to the notice of the Department and I replied that perhaps it would be well to write to you in his own language and have a translation of the letter forwarded.

He decided to do this and the attached letter is the result. It is somewhat incoherent so I beg to supplement it with a copy of the report I sent to The Fur Trade Commissioner of The Hudson's Bay Company on the subject.

It reads as follows :-

Sep 19th 1919

" I regret to have to report a very serious drowning accident in this District. It occurred on July 29th at Moose Factory. It appears that twelve of the school children from the Church of England Mission of which The Rev Haythornthwaite is in charge, were allowed to crowd into an old canoe, for the purpose of crossing to an Island to pick berries. It was high tide with quite a big sea running. When about in mid channel the canoe capsized and seven out of the twelve children were drowned. The remaining five were saved by an Indian named Archie Sailor who in a small canoe managed to pick them up. Mr Gaudet sent out his entire staff of Servants with all canoes available, to search for the bodies, and by 1 a. m. on the 30th the seven bodies were recovered. Two of the boys drowned were sons of one of our Servants, Samuel Louttit who is employed at Fort George. "

Yours faithfully

Dear Sir:-

I enclose here-with the
affidavits forwarded with your letter No 306950-1, under
date Sept. 16. 1919.

Though there are a number of mistakes in
John Carpenter's composition where the Indian idiom peeps thro',
I thought that as the sense was fairly obvious it would be
preferable to leave it as it is.

I have taken it upon myself
to fill one and have requested the Manager of Revillon Frere's
Moose River Post to complete the other. Most of the other wit-
nesses could not give a clear account of the accident and
rescue in English.

Trusting that these affidavits will be
found correctly filled and sufficient, I have the honour to
remain,

Yours very truly,

W. Henry Thornthwaite

Ottawa, January 23, 1920.

Sir,-

Referring to your letter of the 11th of September, last, enclosing Declaration forms to be completed and attested before a Justice of the Peace or Notary Public regarding an act of heroism, which was brought to your attention by official letter of September 6th, last, I now beg to enclose these affidavits, which were received under cover of a communication from the Rev. W. Haythornthwaite, Principal of the Moose Fort Indian Boarding School.

It is noted that these affidavits are not signed by the parties making them. As there is no Justice of the Peace or Notary Public at Moose Fort, these affidavits are taken before the District Inspector for Revillon Freres Trading Co., Limited. Owing to the mail facilities from Moose Fort being so uncertain it would cause great delay in having these affidavits returned, and it is hoped that the Investigating Governors of the Royal Canadian Humane Association will be satisfied with the statements contained in these affidavits and that they will be able to grant some recognition to John Carpenter for his bravery in rescuing Roderic Wascowin from drowning, under the circumstances as set forth in letter above mentioned of the 6th of September.

I shall be pleased to hear the decision of your association at your early convenience.

Your obedient servant,

J. D. McLEAN

THE MORNING CITIZEN

August 31, 1921

**PATHETIC END OF
ANGLICAN RECTOR**

COCHRANE, Ont., Aug. 30.—The Anglican rector at Moose Factory on James Bay, Rev. W. Haythornwaite, who was injured recently, ended his suffering with a bullet, according to word just received here from Rev. J. G. Anderson, bishop of the Anglican diocese of Moosonee, who is on a trip to Port Albany. Writing to his wife, Bishop Anderson says the late rector suffered a compound fracture of his shoulder while helping to move a piano and lay for weeks without medical attendance, the nearest doctor being at Cochrane 180 miles distant. While crazed with the pain in his shoulder and delirious the rector two weeks ago escaped from his Indian attendants and shot himself.

Mr. Haythornwaite was principal of the Indian school at Moose Factory. He was well known here where he was stationed as rector for 12 months, ten years ago. He took an active part in helping the lost American balloonists when they descended in the vicinity of Moose Factory last winter.

Schools

I regret to have to report the deplorable death of Prin. Haythornwaithe of the Moose Boarding School. For sometime he apparently had been suffering from Dementia Precox which possibly was intensified by an accident received on 3rd June for on June 19th he committed suicide. Fortunately Rev. Walton was there at the time. Bishop Anderson who was at Albany was summoned and was making satisfactory arrangement to have the work of the schools continued. He has placed in charge Rev. Griffin from Albany until more satisfactory arrangement can be made.

It was discovered that several of the children in the boarding school were very badly affected with T.B. and Gland Trouble, so a weeding out was necessary in order to prevent the spread amongst the other pupils. Dr. Day examined every pupil and as a result some action had to be taken.

In the school there were five Neepineskum orphan children Lizzie died last Winter with T.B. and three of the other children Mary, Peter and Henry have developed the disease. These children are orphans and Bishop Anderson has agreed to place these Children with the grandmother and to be looked after and properly rationed until such time as they are able to return to school, on condition that the Department continues to allow the usual grant to be paid the school for them.

I have authorized Bishop Anderson to send George Neepineskum to the Cochrane Hospital to have his tonsils and adonoids removed.

Donald Hester aged 8 years is paralyzed as result of Tubercular Spine. He is unable to walk at present is being cared for by Mrs. D. Wesley. This boy was taken from the school on 21st July. I have authorized Mrs. Wesley to take care of the child and to send in proper vouchers for same.

Indian Affairs. (RG 10, Volume 6203, file 467-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

I authorized Bishop Anderson to purchase a tent in which to place Chas. Carpenter another orphan boy who has been several years in the school as this boy has funds to his credit in savings. I told Bishop Anderson to submit vouchers for any expenditures made. Dr. Day states this boy cannot possibly live very long.

Bishop Anderson was taking necessary steps to have the Boarding School conducted according to rules. As already stated, every pupil was examined by Dr. Day and also all new applicants, a list of whom he has forwarded to the Department. The Bishop has made contracts with parents for three years as the parents would not consent to send their children if the contract was for a longer period. Bishop Anderson considers this time limit better and I acquiesce in his idea, and would suggest that he be authorized accordingly.

H. N. Awrey.

Indian Affairs. (RG 10, Volume 6203, file 467-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

OTTAWA, Sept. 21st, 1921.

Right Reverend Sir, -

I beg to inform you that Mr. Awrey, Paying Officer for Treaty 9, in a report regarding the Moose Boarding School recommends that the 3 Neepineskum orphan children, who have developed tuberculosis, be placed with their grandmother to be looked after and properly rationed until such time as they are able to return to the school, and that the Department continue to provide the usual per capita grant for them.

In this connection, I beg to say that the Department will approve of allowing the same grant for their maintenance as was paid for them while pupils of the school. The names of these children are Mary, Peter and Henry. Their names should be included by the Principal on his regular quarterly returns with a note that they are being taken care of by their grandmother, and that the Department agreed to provide the regular grant for them, which is to be applied towards the cost of their maintenance and care.

The action taken by Mr. Awrey in authorizing you to send George Neepineskum to the Cochrane Hospital to have his adenoids and tonsils removed is approved.

Donald Hester who is paralyzed as a result of a tubercular spine was placed by Mr. Awrey in the care of Mrs. D. Wesley. The Department will pay for his care upon receipt of proper vouchers. Mr. Awrey stated that he informed Mrs. Wesley accordingly. This boy was removed from the school on the 21st of July, last.

Approval is also granted for the purchase by you of a tent in which to place Charles Carpenter, another orphan boy, who has been several years in the school. You should submit a properly receipted voucher, in duplicate, covering the expenditure incurred for the purpose.

It is further noticed by Mr. Awrey's report that you have made contracts with the parents for the admission of their children to the Moose Boarding School for a period of 3 years only, as the parents would not consent to send their children if the contract was for a longer period. Your action, under the circumstances, is approved.

The Department deeply regrets the death of the late Principal, Rev. Mr. Haythornthwaite. It is understood that you have made arrangements for the carrying on of the work at this school until such time as a successor to the late Principal can be appointed.

I have the honour to be, Right Reverend Sir,

Your obedient servant,

Right Rev. J. G. Anderson, D.D.,
Bishop of Moosonee,

Ottawa, 22nd September, 1921.

C. A. Powis, Esq.,
Secretary,
Royal Humane Association,
HAMILTON, Ontario.

Dear Sir,-

It gives me much pleasure to inform you of the presentation to John Carpenter of the medal so kindly donated by your Society, to him for bravery in saving from drowning an Indian, a fellow pupil of the Moose Factory Boarding School.

The presentation was made to him in the presence of Chief Wamistagoosh, his Councillors and about three hundred members of the Moose Factory Band. The Indians seemed to be greatly pleased to see the gallantry of one of their race acknowledged by your Society, and I am sure your generosity will not be forgotten, but will produce among these Indians a higher incentive to do good to others.

The Right Reverend Bishop Anderson, Reverend Mr. Walton, Dr. Day, Dr. Hughes, Mr. Neil, ^{and} ~~men~~ of the Hudson's Bay Company and others were present at this unique ceremony among the Northern Indians of Canada.

I am,

Sincerely yours,

H. M. Avery

Dear Sir:-

In the absence of our General Secretary I beg to inform you that the Rev. Canon J. T. Griffin Principal of our Society's School at Moose Fort is proceeding on furlough this year and the Rev. J. A. Maggrah has been appointed to take his place.

Mr. Maggrah is a Clergyman in good standing in the Church of England, and has resigned the Parish of St. Mary's, Brandon, Man., of which he was Rector, in order to accept this appointment. He speaks the Ojibwa language and has had considerable experience in Indian Residential School work, having been on the staff at the Shingwauk Home and subsequently on that at the Elkhorn School, before these institutions came under the administration of our Society. Mr. and Mrs. Maggrah will leave Mattice on the 17th instant en route to the Moose Fort School via the Missinaibi River.

Trusting that this provision for the oversight of the Moose Fort School may meet with your approval.

The Secretary,
 The Department of Indian Affairs,
 Ottawa, Ont.

Dear Sir:-

In a letter recently received from the Rev. J. A. Maggrah, Principal of our Society's School at Moose Fort, he informs me that there were 29 pupils in residence at the time he wrote, namely, on September 17th. The pupilage allowed at this School by your Department is only 25, but you have been good enough in the past to pay the grant for a larger attendance than this, and I am writing to ascertain if you will allow the capacity of this School to be raised from 25 as it stands at present, to 30. There is ample accommodation in the class-room, which is a separate building apart from the main school building, for 50 pupils, and as the Principal states in his letter that he can accommodate the 29 pupils in the main school building I should like to have your permission to have this number and one more if necessary, to remain in residence.

When I visited this School last May I was requested by the Chief and Councillors to have a new school built as soon as possible which could accommodate 100 pupils. As it may not be possible to have such a building erected in the immediate future, it would afford some relief to the situation if the capacity of the existing School were increased in the way I have suggested.

Believe me, Sir,
 Yours very truly,

Ottawa, July 28th, 1927.

Rev. Sir:

Mr. Awrey, of this Department, who has recently returned from his annual payments of annuities to the Indians in the James Bay district, in a report on his visit to the Moose Factory Indian Residential School, states that while in the school he found that an insane woman was being kept at the school and slept in the same apartment as the girls. The Department considers that insane Indians should not be allowed to reside in Indian residential schools owing to the danger to the young children. Mr. Awrey states that he understood that steps were being taken to have this woman removed from the school, and I would point out that if this action has not already been taken it will be necessary to have the school relieved of her presence at once. In future, no cases of this kind should be taken into the school.

Dear Mr. Ferrier,-

In this morning's issue of the Mail and Empire I find an article stating that Indian education costs have been re-arranged. May I know if this means any change with respect to the amount of cost which your Department will bear in connection with Indian education in Ontario. Or does the article refer to just the one situation which has been adjusted in keeping with general recent practice ?

For a number of years a grant of \$500.00 has been paid to the Bishop of Moosonee to assist in maintaining the Moose Fort and other schools in the James Bay district educating Indian children. Last year, Mr. Westgate, Field Secretary of the Missionary Society of the Church of England, claimed that the Society was educating non-treaty Indian children at Moose Fort and in several other points in that district and pointed out that for similar work the Province of Alberta paid the Society \$1,000.00. The Minister authorized a grant of that amount, \$600.00 of which was to be paid to the Missionary Society and \$400.00 to the Bishop of Moosonee to be expended on behalf of the Indian schools under his jurisdiction. Is it possible that the Department of Indian Affairs under a recent decision may assume the cost of education of these Indian children ?

Rest of letter placed

INDIAN EDUCATION COSTS REARRANGED

Dominion Government
Places All Bands on Com-
mon Basis.

FROM T. H. BLACKLOCK.
Mail and Empire Staff Writer.

Ottawa, Aug. 21.—In future the Federal Government will bear the whole cost of Indian education. In a recent letter to the Indian superintendent at the Six Nations Reserve, near Brantford, which was read to the council, the Indian Department announced: "Hon. Charles Stewart has warmly supported Dr. Scott's recommendation that all Canadian Indian education be paid by the Government, and there be no discrimination in the treatment of Indians throughout the Dominion." This means that \$20,000 formerly taken annually from the band fund of the Six Nations for educational purposes will be paid by the Government.

All the Northern Ontario and Prairie Indians have treaties with the Dominion Government, and under these treaties the Government must bear the whole cost of Indian education. The same condition did not apply to British Columbia and Eastern Canada Indians. The Indian bands in these provinces all have funds and part of the interest from these funds has been used for Indian education. In the case of the Six Nations this amounted to about \$20,000 annually, and the whole of band funds taken for this purpose from all the Indians was \$63,000. The total amount spent annually on Indian education is approximately \$1,500,000, so that the band fund contribution was a very small percentage.

Dr. D. C. Scott, Superintendent of Indian Affairs, felt this forced contribution from the band funds of some tribes, and the payment of the whole cost of education of others by the Government was discriminatory, and he recommended Hon. Charles Stewart, Minister of the Interior, that the Government assume the whole cost of education of all the tribes and leave the band funds for other purposes. This Mr. Stewart agreed to do, and at the last session in the estimates the amount voted for Indian education was increased by \$63,000, the amount formerly taken from the band funds for educational purposes.

The Love Seat

Perhaps you are one of the many searching for a really comfortable piece of furniture to fit into a certain corner which is not sufficiently large for an ordinary chesterfield. May we have the pleasure of showing you one of our newest designs in upholstered furniture, the "Love Seat"? This petite settee, with its splendid lines and luxurious upholstery, offers a perfect solution where space is limited, and is particularly suitable for the morning room or boudoir.

44-6-1.

Ottawa, August 25, 1928.

Dear Mr. Greer:

I have your letter of the 23rd instant, enclosing a clipping concerning the re-arrangement of Indian education costs and enquiring if this affects the Department's financial assistance to the Moose Port Indian Residential School, which is conducted by the Missionary Society of the Church of England in Canada.

In reply I have to state that Parliamentary Appropriation has met the costs of all Indian residential schools in Canada and of practically all the Indian day schools. This appropriation now amounts to over two million dollars per annum. In the case of the Moose Port Indian Residential School, we allow a per capita grant of \$185 per Indian pupil per year.

In the past, however, a few Indian bands, largely in the settled portions of Ontario, have assisted from their band funds in connection with the expenses at Indian day schools and have provided tuition grants for the brighter Indians who wished to attend high schools and business colleges. This practice of allowing band funds to be used for educational purposes has now been discontinued.

Our payments to the Moose Port and other Indian residential schools remain exactly as in the past, and any assistance you are giving any Indian schools on account of the education of white or half-breed children - for whom the Department of Indian Affairs is not responsible - is a matter which, of course, rests entirely with you.

With reference to the second portion of your letter, I shall write to you in due course.

Yours very truly,

Russell L. Grier

R²
Dear Sir,
I am at a loss to know what should be done with regard to the education of Maori children in this district. The Anglican Mission (the only school) takes nothing but Indian children. We have in this agency quite a number of children who should be attending school but there is no school for them to attend. I understand there are a number of Maori at the other ports in a similar position. I am writing in the hope that the Department might suggest something in order to give them some education at least.

Sir:

I have your letter of the 16th ultimo, with reference to the education of half-breed children at Moose Factory. This is a matter that concerns the Provincial Department of Education. I believe that the Church of England officials have been in receipt of a grant from the Province towards the cost of educating children that were not wards of the Department of Indian Affairs. The usual practice is for the parents interested to form a school district and to ask the Provincial Department of Education for assistance, and, in the case of outlying districts like Moose Factory, to enlist the cooperation of a church or other interested organization.

Your obedient servant,

J. D. McLEAN

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

In reply to your letter of the 10th instant, 44-6-1, requesting information with regard to the Rev. Joseph Blackburn who is filling the position of Acting Principal of the Moose Factory School, I beg to state as follows:-

Mr. Blackburn is a graduate in Arts of Saskatchewan University, and received his theological training at Emmanuel College, Saskatoon. He was for some time Rector of St. Stephen's Parish, Winnipeg, and has held other similar positions of trust since his Ordination to the ministry of the Anglican Church. Mr. Blackburn is married but his wife will not proceed to Moose Factory before the Spring. He himself arrived at Moose Factory on the 24th of December last, having an exceedingly trying trip down the Abitibi and Moose rivers. Our Society in offering this appointment to Mr. Blackburn felt assured that they were offering it to a man of strong spiritual convictions which would enable him to encourage a high spiritual standard of living with those he came in contact with from day to day. His academic standing combined with practical common sense should fit him in a very marked degree for the Principalship of this School.

I regret that through an oversight you were not notified of this appointment at an earlier date, but trust that in the light of the information set forth above, it may have your approval.

I have the honour to be

Sir,

Your obedient servant,

L. A. R. Westgate

Ottawa, June 24, 1930.

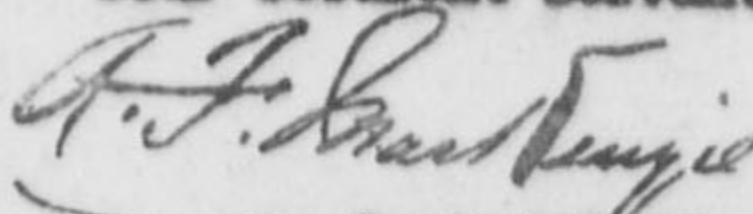

Reverend Sir:

Upon receipt of your letter of the 27th ultimo, concerning a supply of fresh meat for the Moose Factory Indian Residential School, I made representations to the Commissioner of National Parks, who replies in part as follows:-

"The permission requested in this instance cannot be granted as it is contrary to the Migratory Birds Convention Act. However, this Department does not desire that the law should be enforced in remote parts of Canada in such a way that grave hardship or starvation might result and the question of strict enforcement in the vicinity of James Bay is left to the good judgment of the Royal Canadian Mounted Police, who are on the ground and therefore in a position to appreciate conditions."

I may say that the Department is also writing to the R. C. M. P. in the matter. You will note that this matter will be left to the good judgment of the local Police.

Your obedient servant,

A. F. MacKENZIE,
Acting Asst. Deputy & Secretary.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

During my recent visit to our Moose Factory Indian Residential School, the Principal directed my attention to various requirements which should be supplied to enable him and his staff to carry on the work without unnecessary hardship, and with a fair prospect of success. I discussed these matters fully with the late Dr. Hamilton, your representative at that centre, and while we both realized the urgent necessity of keeping all expenditure at present down to the minimum, we felt that certain items were indispensable and agreed to make a strong request that they be supplied. The items required may be classified as follows:-

1. In connection with the Farm and Garden.

To enable the school to grow all the hay, oats, vegetables, etc. required, more land must be broken up and brought under cultivation. The school management will look after this, and I ordered timothy and alsike seed at Cochrane, and sent it forward, along with turnip seed and mangel-wurzel.

2. In connection with the buildings.

The buildings should be replaced by new ones at the earliest date possible. Until they are replaced, they must be made to serve the purpose for which they exist. The hospital building which is about to be used as a Principal's residence required painting inside, and I had a good deal of this done at the time of my visit. New doors are required and I am asking our Commission to supply them. In addition to these requirements a special

Indian Affairs. (RG 10, Volume 6203, file 467-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

grant of \$150.00 has already been made available to provide some of the essential furnishings.

A certain amount of lumber is required also (a) to put a new roof on the work-shop (the present roof is more like the proverbial sieve than any other I have seen) (b) to make part of the store-room rat and mouse proof, and (c) to cover the log walls of the new barn. I understood that approximately 75,000 feet of rough lumber was for sale at the Moose River Crossing, about 45 miles away, and Dr. Hamilton undertook to secure the price of this and to advise the Principal accordingly. If the price is reasonable the school management would endeavour to raft it to the school free of cost. Our Commission will undertake to meet the expenditures referred to under these two classifications, but they are obliged to ask your Department to meet the expenditure for the following:-

Paints

For class-room roof → 25 gals. black roof paint,
For main school building → 85 gals. black roof paint
For barn → 30 gals. red barn paint
1/2 doz. 2" paint brushes.
also to meet the expenditure for

3. Manual Training Equipment.

1 doz. #1 medium sandpaper
1 pkt. Assortment sandpaper
1 Edgerite iron plane
1 Hammer
10 Coping saws
3 doz. " " blades.

4. Office Equipment.

1/2 doz. Triumph files
~~2 only~~ Reliance mucilage
2 bxs Paper clips
~~1 only~~ Dater stamp
~~1 doz.~~ Bill clips 3"
2 bxs. Rubber bands, assorted
~~1 doz.~~ Filing folders, business letter size
2 only Typewriter ribbons for Underwood Machine, black.
~~Liquid glue, 2 bottles.~~

Ottawa, June 8, 1931.

Reverend Sir:

I have your letter of the 2nd instant, relative to the various requirements, which you request be supplied the Principal of the Moose Factory Indian Residential School.

In connection with the farm and garden, it is noted that the school management will arrange to have more land broken up and brought under cultivation, also that you have ordered a quantity of seed and sent it forward. With reference to the building, it is noted that arrangements have been made to acquire a certain amount of lumber for repairs.

I regret that our funds for the present fiscal year are so limited, that it will not be possible to supply the quantity of paint or the mattresses asked for. Our Estimates were considerably reduced, and only the most urgent repairs, etc., can be authorized at any of the Indian schools this year.

Relative to the office equipment asked for, I have to say that a requisition is being forwarded to the Government Stationery office here to send to the Principal, via Coral Rapids, Ont., the supplies considered necessary. The Principal of the school will be advised accordingly.

Regarding the manual training equipment asked for, I shall be pleased if you will arrange for

RECORDS

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

Our Commission have received a strong and urgent request from the Principal of their School at Moose Factory, to have the official pupilage increased from 30 to 40. When school reopened after the summer holidays the Principal was obliged to refuse admission to over 25 pupils in order that the enrolment might not exceed the official number sanctioned. As he and his family have now taken up residence in the building once used as a hospital, space is available in the main school building for the additional pupilage requested, and our Commission will be obliged if your Department will kindly authorize the same. The Principal states that he has taken up the question of the increased pupilage, with Dr. Tryer, the Indian Agent, and also with Mr. Awrey the Treaty Pay Master, and as both of these representatives of your Department have recognized the urgency of the need, our Commission see no valid reason why it should not be granted.

While writing on this subject I desire to express the strong hope which is entertained by our Society that the Residential School building which was built by our Church at this centre over twenty-five years ago, will be superseded by a fully modern structure, with a capacity of not less than one hundred pupils, during the ensuing fiscal year. As you are no doubt aware, our Church's evangelistic and educational work at Moose Factory began in the year 1851, and has been carried on at an immense cost of life and money ever since, and not without highly encouraging and creditable results. As Indian parents at Rupert House and Albany, in addition to those in the Moose River district are keenly desirous of having their children educated at our Moose Factory School, and the present building cannot accommodate them, you will understand the necessity of having a new and larger building provided at the earliest date possible. With the completion of the T. & N. O. Railway to Moose Factory, the cost of forwarding building material will be greatly reduced, and I most

Ottawa, November 13, 1931.

Reverend Sir:

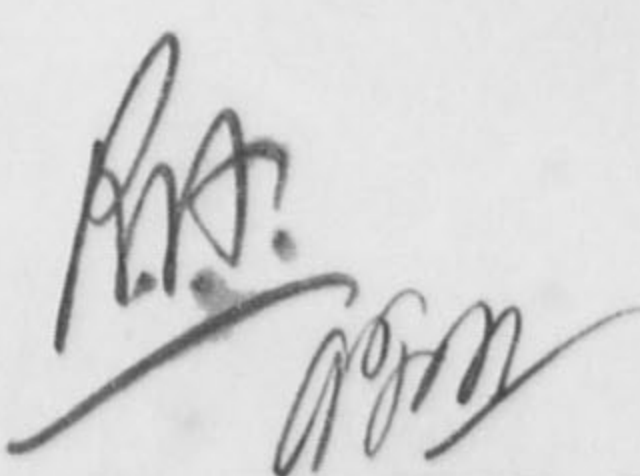

I have your letter of the 2nd instant, with reference to increasing the pupilage at the Moose Factory Indian Residential School. Before arranging for additional pupilage for the coming fiscal year, it will be necessary for the Department to have a rough sketch of the total dormitory accommodation, with three dimensions in the case of each room. The Principal's sketch should show what dormitory accommodation has been used in the past and what it is proposed to add if the extra pupilage is allowed.

Your representations concerning the need for a new building at this institution have been noted.

Ottawa, Ont.

Dear Sir:-

In reply to your letter of the 13th ultimo, number 44-6-1, in which you request a rough sketch of the total dormitory accommodation at our Moose Factory School, with three dimensions in the case of each room, I beg to state that I applied to the Rev. J. Blackburn, Principal of this school on Nov. 17th, for this information, and have just received his reply.

Enclosed herewith you will find the sketch requested with the three dimensions of the room given thereon. You will please note that the sketch is certified correct by the Principal and endorsed by the local Indian Agent. As there appears to be ample accommodation for the additional pupilage requested, I trust that your Department may sanction the same and notify me accordingly.

Wishing you, Sir, the compliments of the Season,
Believe me,

Yours very truly,

T. B. R. Westgate

Field Secretary, M.S.C.C.

Ottawa, December 23, 1931.

Rev. Sir:

I have your letter of the 17th instant, enclosing a rough sketch showing the size of the dormitory accommodation at the Moose Factory Indian Residential School.

In this connection I have to say it is noted from the measurements of the sketch submitted that there is accommodation for 37 pupils. The Department will allow a per capita grant for this number as from April 1, 1932, provided the extra room is equipped and proper ventilation provided. I have to request that you will inform the Principal accordingly, and he may recruit up to the number for which the per capita grant will be allowed as from the date mentioned.

Your obedient servant,

T. R. L. MacInnes
T. R. L. MacInnes,

The Secretary,
The Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:-

With reference to your letter of December 23rd., last, No. 44-6-1, authorizing a pupilage of 37 from April 1st., at our Moose Factory School, I beg to state that in a letter just received from the Principal, he informs me that 7 beds with mattresses, pillows and bedding, will be required for the accommodation of the 7 additional pupils allowed. I shall be obliged if you will let me know if your Department will supply this equipment direct from Ottawa, or authorize me to do so, and send the bills to you for payment. Suitable beds with mattresses and pillows can be secured in Winnipeg for approximately \$59.50. To this would have to be added the cost of freight from Winnipeg to Moose Factory. As I understand there is only a monthly train service to Moose Factory at present, I shall be glad to have your decision at your earliest convenience.

Your obedient servant,

Ottawa, February 12, 1932.

Rev. Sir:

I have your letter of the 5th instant, relative to the request of the Principal of the Moose Factory Indian Day School to be supplied with 7 beds, with mattresses, pillows and bedding, to provide dormitory equipment for the extra number of pupils for which per capita grant will be allowed as from April 1st, next.

In reply I have to say that the Department will approve of you arranging for the purchase of seven (7) institution beds of the sizes required, complete with springs, mattresses and pillows. You should obtain prices from Simmons Limited and the Parkhill Bedding Company, in Winnipeg, and place the order with the firm quoting the lowest price. The beds should be shipped to the school via the T. & N.O. Railway to Moose Factory. After the purchase has been made, you should forward an itemized account, in duplicate, properly certified, covering the expenditure incurred. If you prepay the freight charges, you should obtain a receipt covering the amount, and you should forward same to the Department, when reimbursement will be made.

The Department is not prepared at the present time to supply any bedding material, such as blankets, sheets, etc.

Your obedient servant,

A. F. MacKenzie

Reverend Sir:

The Department has recently received a communication from the Moose Fort Indian Residential School, signed by Rev. Gilbert Thompson as principal. There was no information on our file regarding a change in principal, and Rev. Mr. Thompson was written. He replied, stating that he had been on the permanent staff since October 20th, last.

I should be grateful if you would advise the Department when Mr. Thompson was appointed principal and also supply full particulars regarding his qualifications.

It is considered that the Department should have been previously notified concerning the change in principal at this school.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ontario.

Dear Sir:-

It would appear that through an oversight on our part, you were not informed of the appointment of the Rev. Gilbert Thompson to the Acting Principalship of the Moose Factory School from the 20th of October last. At the moment, I find it quite impossible to explain how this matter was overlooked, and I am now taking the first opportunity I have had since my attention was directed to the oversight, to remedy the same.

Mr. Thompson is a graduate in Arts of the Western University, London, Ont., and a graduate of Huron College in the same city, in Theology. Before proceeding to Moose Factory, he was filling the position of Chaplain on our hospital ship the "Columbia", which operates along the southern part of the B.C. Coast, and around Vancouver Island. Mr. Thompson is 30 years of age, and appears to our Commission to possess in a very high degree, the qualifications necessary to fill successfully the Principalship of an Indian Residential School. Our Commission trust that his appointment may be approved by your Department.

Your obedient servant,

T. B. R. Westgate

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I regret to have to inform you that the Rev. Gilbert Thompson, B.A., Principal of our Moose Factory School, was admitted to the hospital in Cochrane, Ont. on May 6th. to undergo a surgical operation on the following day. During his absence from the School Mr. Wilson, the Farm Instructor, has been placed in charge. We sincerely hope and pray that Mr. Thompson's operation may be completely successful, and that he may be able to resume his duties towards the end of the current month of May.

Just before leaving the school for the hospital, he advised our Commission that four girls will be graduating this summer, and asked that they be provided with Prayer Books and Bibles. When making this request, he appears to have overlooked the instruction issued to our Principals to make application to your Department direct for the Books in question. On account of his present condition, the matter is not being referred back to him and it will be appreciated by our Commission if you will forward four Prayer Books and four Bibles, addressed to him at the Moose Factory School.

Thanking you in advance for your kindly help in this matter.

Your obedient servant,

T. B. R. Westgate

Field Secretary, M.S.C.C.

1938.

Dr. Harold W. McGill,
Director of Indian Affairs,
Booth Building,
Ottawa, Ont.

Dear Dr. McGill:

Pursuant to your kind conditional consent to be present at the formal opening of the new school at Moose Factory, I have before me the train schedule of the Temiskaming and Northern Ontario Railway, which operates an extension from Cochrane to Moosonee. The railway is apparently abandoning its past practice of operating a summer schedule - two trains per week - and is carrying through its past winter schedule of one train every second Wednesday.

A train is listed to leave Cochrane on Wednesday the 20th of July, returning from Moosonee on Friday July 22nd. Subsequent trains leave Moosonee August 5th and 19th. One or other of these latter dates will probably suit your proposed visit with Dr. Tyrer to the Eastern Coast of the Bay.

I am having the Aladdin Construction Company working out the plans and cost of the proposed Preventorium and should the cost be within our present means, will write to you and Dr. Stone further in the near future.

Please accept this expression of my appreciation of your sympathetic interest in, and support of, our plans for placing a worthy and complete equipment at the historic post of Moose Fort, or Factory, whichever the correct title may be. I find that authorities differ on the matter. Believe me,

Yours faithfully,

General Secretary.

OFFICE OF
INDIAN AGENT

Moose Factory May 24th 1938

Doctor McGill,

Dear Sir,

Mr Thompson had a letter from Canon Gould in which he stated that he expected you or some other representative of the Department to come to Moose for the opening of the new school, and asking when I was going to pay Treaty at Moose as they wanted if possible to have the opening about that time.

I was going to pay Treaty at Moose on July 14th & 15th of ~~July~~. This could not work in with the trains as they come in on July 6th & 20th.

If you wish I could return to Moose Factory about the 2nd of July, after paying Treaty in Albany-Pay Treaty July 6th and the morning of the 7th and they could have the opening in the afternoon. Those who wished could get the train out again on the 8th.

I would do the rest of my work at Albany after paying Treaty at Attawapiscat.

The person that came up from the Department could, if they could spare the time take the trip to Attawapiscat and Albany with me and get the train out on July 22nd.

I will have my mail sent on to Albany so if you let me know your ~~decision~~ decision I will make arrangements to pay Treaty to fit in with your plans.

Yours truly,

W.L. Tyrer

EX'D.

June 1st. 1938.

Dear Canon Gould,

It now seems possible that I shall be able to visit James Bay Indian Agency during the month of August. At present my plan is to reach Moosonee on August 3rd and accompany Dr. Tyrer up the east coast as far as Great Whale River. I think this trip will take between three and four weeks.

You will note that it might be possible for me to accept your kind invitation to attend the official opening of the school should that ceremony take place either the beginning of August, before I leave Moosonee for the north, or towards the end of the month immediately following my return.

Yours faithfully,

Director.

Dear Dr. McGill:

Thank you for your letter dated the 1st inst.

I have just communicated by Long Distance Telephone with the General Manager of the T & N.O. Railway at North Bay. He informs me that they are about to change the printed schedule of trains from Cochrane to Moosonee and that in future there will be a weekly train instead of one, as at present, every two weeks. He has promised to send me a copy of the new schedule at the earliest possible date - probably at the end of this week. On receipt of the new schedule I will send you a copy.

Yours very faithfully,

S. Field
General Secretary.

Ottawa, July 18, 1938.

Dear Sir:

Dr. McGill left on the 15th of July for two weeks annual leave. Before going he asked me to advise you that he will arrive at Moosonee on August 3, as indicated in his letter of June 1, and that he will be unaccompanied.

Yours very truly,

W. Churchill,
Secretary to the Director.

Attn. Mr. R. A. Hoey.

Dear Mr. Hoey:

I was very glad to have the opportunity of making your acquaintance and discussing the matters which are of our mutual concern.

My visit to the school at Moose Factory was necessarily short, but I was much impressed by the efficient manner in which this institution appears to be operated. We have started the school year with a complete staff with the one exception of the Head Matron, and we are hoping to hear from a former worker that she is willing to take up this position.

I found the Principal much concerned by reason of the failure of a number of the pupils to return to the school after the summer holidays. From letters he has received from parents and from our missionaries at various places on Hudson Bay, it appears clear that some adverse influence has been at work. While letters of parents were often vague and spoke of "not sending back the children this year", the missionaries had written that various criticisms of the school had been circulated and several serious charges which on investigation were found to have no foundation whatever. As the last boat has now come from points to the north, there would seem to be nothing to be done now, but the Principal is concerned about the number of children of school age at Moose Factory who are out of school. In view of his very small enrollment this year he wondered if the Department could not write the Agent to exert some pressure in regard to some of these cases. Dr. Orford has apparently advised the parents that the children should be in school, but does not appear to have been able to exert any pressure. If you can do anything to influence this situation we shall indeed be grateful. I may say that I had a long conference with the Chief and some of the

Councillors who expressed themselves as very pleased with the management of the school, and I urged the Chief to use his influence towards the desired result of having all the children in school who should be there.

With kind regards,

Yours very truly,

H. A. Alderwood.

Secretary.

Ottawa, October 5, 1943.

Dear Doctor Alderwood:

I have for acknowledgment your letter of the 30th ultimo, in which you refer to the difficulty experienced by the Principal of the Moose Fort Residential School in securing his full quota of pupils for the present academic year.

You will be interested to learn that I am today communicating with the Indian Agent in respect to this matter. It is my earnest hope that the agent, by working in close co-operation with the Principal of the School, will be able to substantially increase the enrolment in the course of a few weeks. I have noted, with interest, your reference to certain criticisms of the school, that appear to have been circulated in the district. These criticisms, as you may readily suppose, arise from time to time and usually retard recruiting. In the case of the Moose Fort School, however, I am disposed to think that better economic conditions and the measure of prosperity that Indian families are now enjoying may be mainly responsible for the poor attendance at the school. In any event, I feel confident that the agent will do all he possibly can to persuade the parents to send their children to the school.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa, October 5, 1943.

Dear Doctor Orford:

I am sending forward herewith, for your information, copy of a letter received by this Branch from Dr. H. A. Alderwood. The subject matter of this letter, you will note, is self-explanatory.

In view of the acute shortage of teachers existing throughout the Dominion and the difficulty experienced by the church authorities in securing the staff necessary to operate our schools in this crisis, it is of the utmost importance that everything humanly possible should be done to persuade Indian parents to send their children to school.

It would be very much appreciated if you would discuss this matter with the Principal of the Moose Fort School and, with him, reach a decision with respect to the best ways and means of increasing the present enrolment. In my reply to Dr. Alderwood I have stated that while adverse criticisms of the school itself in the district may retard recruiting, it is my opinion that the measure of prosperity the Indians are now enjoying may be in the main responsible for their tendency to keep children at home. You might, at your convenience, let us have any comments you may care to send forward with respect to the local situation.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

Re: Pupils for Moose Fort Residential
School. Your file 44-6-1.

Dear Mr. Hoey:

I have to thank you for your kind letter of October 5th, and for your action in enlisting the effort of the Indian Agent in this connection. I think it is fair to assume that improved economic conditions among the Indians is tending to lower pupilage in many cases, but we shall all do our best to see that as many children as possible continue their education.

With kind regards, I remain,

Yours sincerely,

H. A. Alderwood

Re: File 44-6-1 - Letter of October 5th., 1943.

I have read the copy of the letter you received from H.A. Alderwood, Secretary of Indian and Eskimo Residential School Commission, Church of England.

I feel certain that there is no adverse influence at work anywhere in James Bay towards keeping children out of school. If anything, the reverse holds true.

The school at Moose Factory draws its children from Albany on the west coast and from the east coast as far north as Factory River. Due to the unfortunate loss of the school at Fort George during the past year a number of children at Fort George, East Main and Factory River were unable to return this year and during my visit to these posts I attempted to convince the parents to send their children to Moose Factory at least until such times as the Fort George school is rebuilt. The answer in practically all cases was that they did not wish to send their children so far away and that - "the children at Moose Factory learned bad language."

Undoubtedly the fact that the Indians along this coast are comparatively well off at the present time does have some influence on their keeping their children at home, because many of them send their children to school not because they expect them to learn anything but because they are better fed and better clothed than they themselves can ordinarily look after them.

However, I think the best answer to Mr. Alderwood's remarks lies in the record of school attendance this year for the Moose band children. More of them are attending residential school than at any other time.

(over)

Indian Affairs. (RG 10, Volume 6203, file 467-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Page -2-

Mr. Alderwood appears to consider that I have not been able to exert any pressure on parents to make them send their children to school. I think the Moose band attendance is sufficient answer to that and it stands to reason that when I see other bands only for a few days each year it is impossible to do other than to attempt to influence them by conversation. However perhaps you will recall on two or three occasions during the past term when children were either taken from school by their parents or did not return after holidays, I asked for advice from the Department as to the manner in which these children could be made to return for their education according to the Indian Act and the laws of the Province. The reply was to approve of their discharge.

The Secretary,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Attention: Mr. R. A. Hoey.

Dear Sir:-

It has seemed best that the Rev. Gilbert Thompson, who for the past ten years has been Principal of the Indian Residential School at Moose Factory, be transferred to one of the other schools. Just which one has not been decided as yet.

I am writing, therefore, to ask that the Rev. H. G. Cook, B.A., now at South Porcupine, Ontario, be appointed as his successor. Mr. Cook is a graduate of the University of Western Ontario. He has served for eight years among the Indians at Fort Simpson on the Mackenzie River. He is temporarily stationed at South Porcupine pending his appointment to Indian work for which he has expressed preference. We have confidence in his ability and have reason to think that he will prove acceptable as Principal at Moose Factory. I write therefore to recommend that he be appointed Principal as from June 1st, 1945.

Yours faithfully,

L.A. Dixon

MEMORANDUM:

DIRECTOR

Re: Family Allowances

Herewith report on recent visit to
some of our Northern Agencies in Quebec and Ontario.

XX

XX

XX

James Bay Agency

Dr. Orford, Indian Agent, is handling
all the registration personally, coincident with his Treaty
Payment Trips.

This Agency has a population of roughly
600 families. Registration has been completed for the
Moose and Albany Bands, which represent about 25%. The
originals of these forms have been despatched to the Regional
Director in Toronto. The balance of registration is expected
to be completed by the 15th of October.

All families in this Agency will receive
their allowances in kind (Category D). Sub-registrars have
been appointed and vouchers will be distributed as follows:

H.B. Co., Albany - monthly
H.B. Co., Attawapiskat - mostly monthly
H.B. Co., Nemaska - twice yearly
H.B. Co., East Main and Factory River - monthly
H.B. Co., Great Whale River - 2 or 3 times yearly.
H.B. Co., Fort George - annually for inlanders (approx. 50%)
6 times yearly (Coastal Indians)
Moose Factory, Moosonee, and Rupert's House - by Agent
Orford monthly.

It is intended also to appoint sub-
registrars of independent traders - Attawapiskat - Albany -
Fort George - and Factory River. It will be seen by the
above that Dr. Orford intends to issue personally from his
office as many vouchers as possible, and at the same time
appoint quite a few sub-registrars. He intends to experiment
during the Winter with other methods of distribution.

Dr. Orford is satisfied that traders are
pretty well stocked with our list of preferred foods. The
writer had the opportunity of meeting Mr. Cowan of Winnipeg,
James Bay District Manager of the Hudson Bay Company. He
assured me that every effort was being made to stock all
Hudson Bay Trading Posts with the food and clothing that
we specified. He further stated that with the exception
of woollen underwear he did not anticipate any trouble
in having sufficient stocks of everything at all of their
posts.

Mr. Cowan stated that instructions had
gone out to all of his traders, that no substitutions were
to be allowed unless first approved by the Indian Agent.
In our conversation I could not help but to be impressed.

(over)

Indian Affairs. (RG 10, Volume 6203, file 467-1, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

with Mr. Cowan's desire to cooperate with the Indian Affairs Branch to the fullest extent in the administration of the Family Allowances Act. The local Hudson Bay posts at Moose Factory in charge of Factor Duncan appear to have generous stock of various articles.

I took the opportunity of spending some time going through the Moose Fort Residential School, Mr. Cook, principal. This school appeared neat and tidy with a summer carry-over of 11 pupils. Some of these pupils would be returning home when contact could be made with their parents. The principal and Dr. Orford were asked to send to the Regional Director in Toronto, a list of all pupils that would not be returning to their parents for the summer holidays.

The writer took the occasion to inspect practically every Indian tent on the Island. I was agreeably surprised at their cleanliness which speaks well for Dr. Orford and the Public Health Nurse.

In general, this agency appears to be fairly well in hand in so far as Family Allowances are concerned. Dr. Orford's registration forms have been carefully completed and checked, and I feel that it would be a matter of gratification to the Regional Director in Toronto, (W.J. Jackson).

A considerable number of children from East Main, Factory River and Rupert's House did not return to Moose Residential School this fall. Much of this was due to lack of transportation. The Church of England boat had a great deal of engine trouble which delayed visits to these posts to gather up the children. For the parents to have waited in many cases would have upset their travelling time to their hunting grounds. This particular school was, in my opinion, operated remarkably well under new management last year, with co-operation between staff and Indians leaving nothing to be desired. It is a disappointment that their enrollment is not better than a year ago, but I believe the situation was unavoidable.

OF JAMES BAY
MOOSONEE

MOOSE FACTORY, ONTARIO

March 29th., 1947.

Dr. T.J. Orford,
Indian Agent,
James Bay Agency,
Moose Factory, Ontario.

Dear Dr. Orford:-

With your permission I would like
to dispense with the Easter holidays, save for Good
Friday and Easter Monday, and take a corresponding
number off days from the term end in June.

In years past it has been found that
the Easter holidays usually bring a number of colds
to the children due to the fact that they play outside
in the melting snows and become wet and cold. Then
too we find it hard to supervise their play at this time
of the year and hope you can see your way clear to
grant the above mentioned concession.

Yours faithfully,

Henry G Cook

Beaver

Trapping

During the first quarter of the year 1947 the below mentioned pupils, under the guidance of Daniel Sailors (Indian of Moose Factory), received instruction in Indian methods of taking beaver and winter wood life generally. This took place over a trap-line granted to the pupils of the School by the General Supervisor, Fur Developments, I.D. The boys left the school (three each week) Friday morning and returned Sunday noon. While absent from the school they were under the direct supervision of their instructor. Food and bedding was supplied by the School and the other equipment by the local Indian Office. Each boy experienced ten days in the bush during the quarter.

0201	Emily Moses	June 10	13	1	9		None	Grade 2	" "	Hospitalized
0221	Frances Trapper	June 10	10		9		None	Grade 1	" "	"
0222	Christine Trapper	June 10	12		9		None	Grade 1	" "	"
223	Peter Penn	June 14	3		7		None	None		Adopted

Note: One or more of these forms should be forwarded with each quarterly return and full particulars should be given regarding all pupils either admitted or discharged during the quarter.

NOTE READ CAREFULLY AND COMPLY WITH "INSTRUCTIONS" TEACHERS ON FRONT OF THIS FORM

QUARTERLY SCHOOL RETURN

REPORT of the *Indian Day* Agency School *East Main* on *James Bay* Reserve for Quarter ended *31 March* 19*49*

Grade	1	2	3	4	5	6	7	8	9	Very Good	Good	Fair	Bad	Conduct	Days Present	Days Absent	REMARKS AS TO PROGRESS, ETC. HOLIDAYS DURING QUARTER AND REASONS THEREFOR
1																	out hunting.
2																	helping with fuel & hunting
3																	supposed to be helping at fuel.
4																	wanted to assist, etc was necessary.
5																	helping mother
6																	not strong.
7																	was late for school.
8																	stormy.
9																	could not come when stormy, camp not here
10																	not reliable, rather young.
11																	
12																	
13																	
14																	I did not keep school in the
15																	month of January, as I had mail
16																	to attend to, & also was collecting
17																	fire wood, as we were short.
18																	the last week in March we
19																	all had the flu & were laid up.
20																	
21																	
22																	No. of pupils on Register 10
23																	Aggregate attendance during Quarter
24																	No. of school days in Quarter
25																	No. of days in Quarter school was open
26																	No. of holidays in Quarter
27																	Average attendance during Quarter
TOTALS										3	4	3			318	42	

NOTE—Marks for conduct: A, good; B, fair; C, bad. Insert name of School, Reserve and Agency.
All the columns of the Return must be added and the totals placed at the foot thereof.

Ottawa, January 26, 1909.

The Deputy Supt. General,--

A requisition has come in from the Moose Fort Boarding School for twenty-five single iron beds, which are said to be urgently required. The Department is under no obligation to supply these beds, but as the per capita grant for the school, which is in such an out-of-the-way place, is small it is for you to say whether you will allow them anything to assist them in providing these beds, nad, if so, how much.

The number of pupils provided for is 25 at a per capita grant of \$72.00.

Sir,-

The Department is in receipt of an application from the Principal of the Moose Factory Boarding School for a grant to purchase twenty-five single iron beds, and it would like to have a report from you on this application, in which you should state what accommodation in the way of beds they have at present and the need, if any, for the number now asked for.

I may add that the number of pupils provided for at this school is twenty-five.

Your obedient Servant,

J. G. RAMSDEN

Secretary.

No. 306950/5

J. S. McLean Esq
Secretary Dept. Ind. Affairs
Sir

The Moose Factory Boarding School is at present rather inadequately supplied with beds. There was considerably more than twenty five attending when I last visited the school.

There was some mention made of substituting iron beds for some wooden ones. Before recommending the purchase of 25 more beds I prefer to look more carefully into the matter on my next visit - and then report fully.

Your obedient servant
J. E. Ramsden

Ottawa Sept 8th 1909

J. D. Heath Esq
Secretary
Dept. Indian Affairs

With reference to my inspection of Moose Factory Boarding School and the request for 25 beds, I have to report as follows there are 13 single home made beds (camp bed style) for girls good condition 6 double beds for boys good condition, 1 single Iron bed good condition. The management has been rearranging the accommodation which makes room for (8) Eight more children. I would therefore recommend 8 single Iron beds for these additional pupils. I see no necessity of replacing old ones while in present condition. I do see some objection to the double bed system, but as the institution is not likely to be fixed, all the time the new beds can be utilized in place of the double ones.

able save by ladder. Our
proposal is to convert the Attic
into a properly equipped Store
Room with a stairway leading
from the second floor. By so
doing the convenience of
carrying on the work would
be in many ways increased.
and the problem of keeping
the children's clothing separate
would then be solved. The Room
which now answers the purpose
of a Clothes Store-Room could
then be converted into a
Children's Bed Room; thus
our capacity would be increased
from twenty-five to thirty
an increase of five by the

Ex'd

Ottawa, November 16, 1909.

Right Reverend Sir,-

I have the honour to acknowledge the receipt of Your Lordship's letter of the 10th inst., inclosing a communication from the Principal of the Moose Factory Boarding School, in which he asks for a grant to enable him to fit up the attic in the building as a store-room and convert the present store-room into a dormitory, the estimated cost of which is \$122.50 for material and \$50.00 for labour.

In reply I beg to say that the Department will be prepared to pay for the material needed to the extent above mentioned, \$122.50, upon receipt of duly certified accounts, ~~showing~~ showing the amount of lumber purchased with Prices. In giving assistance of this kind it is the policy of the Department to require the schools to perform the necessary labour, and no grant can be made for this in the present instance.

I have the honour to be,
Right Reverend Sir,
Your obedient Servant,

W. H. MOLEAN

Secretary.

Right Rev. J.G. Anderson,

Re 306950

J. D. McLean Esq.

Selkirk, Man.
Dec. 1st 1909

355547

Dear Sir. I have the honor to acknowledge
your letter of Nov. 16th ult., and must thank you
for the offer of \$125.00 covering the cost of material
required for the attic alterations at the Moose
Ft. Boarding School. But I must also say
that I cannot understand the policy of the
Dept. in refusing to pay for the cost of labour.
I do not think that this is the policy of the
Govt regarding other public buildings in the
Dominion. We are obliged to do for the Indians
out in the wilds with much hardship & isolation
what is clearly the duty of the Dom. Government.
We are only getting a per capita grant of 60 per
annum, while, I have been told, other schools
in Saskatchewan & the West are getting as much as
\$125. I venture to say that the cost of living at
Moose Ft. is much higher than any place in
Saskatchewan or Alberta or Qu'Appelle. From
accs. which I have examined recently, I find
that the Moose Ft. School cost \$3200 last year,
exclusive of much help from the Canadian Women's
Auxiliary in clothing, house linen & food also from
the Missionary League Assoc. in England. Is that

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

35547

practically the Diocese has to provide
 \$200,000 + above the Govt grant. I ask
 in all fairness, is this right? I consider
 that we have at least every room for
 sitting as large a grant as the Western
 Schools. The same arguments are
 applicable to the Chapleau School. Though
 the cost of living is not quite so high at
 Chapleau, still \$60 per capita grant
 falls a long way below our expenses.

I trust that your Department will
 give these matters their best consideration,
 and I am sure they will see the
 justice of our claim. We do not want
 to be troublesome in our demands,
 but the struggle to maintain our work
 in these places is difficult, and I do
 not think that we are going beyond
 what we are justly entitled to in
 making a request for more assistance.

J. D. McLean Esq.

Secy Dept. of Indian Affairs
 Ottawa

Yours very sincerely
 John F. Morrison

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 1)

PUBLIC ARCHIVES
 ARCHIVES PUBLIQUES
 CANADA

306950/5

Ottawa, December 7th, 1909.

Right Reverend Sir,

I have the honour to acknowledge the receipt of Your Lordship's letter of the 1st instant, and in reply I beg to say that the Department in making a grant only for the material required for alterations at the Moose Factory Boarding School is carrying out the policy invariably followed in giving such assistance to schools which are not the property of the Department. The Moose Factory school, which is the property of the Church of England, cannot be regarded as a public building in the sense referred to by Your Lordship.

In reference to the per capita grant I have to inform you that \$72.00 has been paid since the April 1st, 1907. This is \$12.00 more than is paid the Chapleau School, and, with one single exception, as high a grant as is paid to any boarding school in the Western Provinces. In view of the foregoing the Department considers that in offering to assume the cost for all the material necessary to make the changes asked for by the Principal it acted liberally towards this school.

Bishop's School
Moose Factory.
Jung Bay Ont.
July 6, 1910

The Dept. of Indian Affairs
Ottawa.

Gentlemen:

308307

Referring to a communication received from your Dept. last winter relative to school desks in which you agreed to pay for all lumber required to construct the new desks for the Day School. I beg to inform you that the old desks then in use were taken apart and the lumber used in construction of the new ones. But in addition we had to purchase as you will see by the bills enclosed from the Hudson Bay Co. Feb. 13th 122 sq. ft. 1 3/4 inch. lumber. \$ 7.32

and on Apr. 2nd 10 1/2 sq. ft. 37.

Making in all a total bill for cost of additional lumber \$7.69

which amount please pay to Royal Inst. in favor of the Division.

I am also pleased to inform you that we have now 24 nicely constructed three-grade desks each desk affording accommodation for two children.

Yours Most Respectfully,
E. Q. Duke

Ex'd

Sir:-

3 / Referring to your letter of the 16th ultimo, I re-enclose herewith the accounts which you forwarded from the Hudson's Bay Company, and which are rendered respectively at \$10.92 and \$6.87. If these accounts were paid by the school authorities, they should be receipted by the Hudson's Bay Company, they should also be certified by you to the effect that the goods charged for were received, and that the prices are fair and just. Before the question of payment can be considered, it will be necessary for the account also to be rendered in duplicate, and they should be attached to the voucher form herewith enclosed.

Your obedient servant,

Asst. Secretary.

E.O. Duke Esq.,

Bishop's School,

Moose Factory,

EXD.

Ottawa, October 25, 1910.

Gentlemen,-

The Department is in receipt of a communication from the Ven. Archdeacon Renison, of Moose Fort, in which he states that your firm has asked him to pay the ~~freight~~ freight on the bedsteads transported from Montreal this past summer, amounting to about \$80.00.

I may say that the Department cannot understand why any account should have been presented to Mr. Renison for this freight, as on April 22, last, a cheque for \$106.80, being the cost and freight charges on these beds was forwarded you.

You ~~have~~ are also being asked in another communication to present the freight charges for the carriage of the medical and school supplies.

The above action was no doubt taken in error by your Agent at Moose Fort, and I have to ask you to be good enough to advise him that the freight charges on the supplies referred to have ^{been} or will be paid by the Department.

Your obedient Servant,

(Sgd) D. C. Scott

Acting Deputy Supt. General
of Indian Affairs.

Secretary,
Dep't of Indian Affairs,
OTTAWA,
Ont.

Dear Sir,

RE 30690/5

Replying to your favor of the 25th inst., on the 22nd of April last we have received a cheque from you in payment of freight on bedsteads from Montreal to Strutton Islands per S/S Adventure.

We presume that the freight claimed to you by our agent at Moose is for charges from Strutton to Moose; between these two points, our freight is carried by a small steamer. You will understand that the running expenses of a small steamer are comparatively higher than a large steamer and we believe that the amount of \$80.- charged you is your proportion of the cost in the trip. We will add that all these charges are regulated by our agent in the Hudson Bay, as we cannot charge a fixed rate on shipments.

So as to avoid any misunderstanding, we will correspond with our agent in the Hudson's Bay by first opportunity asking

Dear Sir. After very careful consideration of the position & needs of the boarding & day schools at Moose Fort, I have concluded that the supply of the following things would most materially benefit the work, viz:—

1. A combined seeder & hoe, which we can obtain from Steel Briggs & Co. for \$15.25. I suppose Massey Harris Co. could also supply the machine. This would be of great help in the potato field & garden.

2. A gasoline engine & saw, which J. Eaton & Co. Toronto, advertise at \$150 complete. The supply of wood is very expensive. We have to cut it a mile or so above Moose (there being no wood on the island, having been exhausted), raft it down to the school, then have it hauled up & cut as required. The boys of the school can do little beyond the splitting, so that extra labour has to be hired. This machine will be of enormous advantage not only in saving expense in wood cutting, but in cutting fencing & doing other jobs, for which we are dependent on the H. B. Co. at present, & can only get done at great inconvenience.

3. A one-horse hay mower, which Massey Harris Co. Toronto, have offered to supply us with for \$40, the regular price being \$52. The hay supply is another which has been very costly to us, as we have been dependent on the H. B. Co. who obtain it some 7 or 8 miles away & it up to the island in boats. During last year we had some oats & grass seed on our property. We intend to keep the pupils of the school apart from the question of hay expenses. I will be glad to hear from you at your earliest convenience.

With best wishes
Yours sincerely
The Secretary, Dept. of Indian Affairs
Ottawa

Yours sincerely
John F. Mooson

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

to clear more land for this purpose, and believe that we can raise almost sufficient for our own needs. In fact last summer we were able to get nearly half of the quantity needed at home, but we had to get the H. S. Co. to cut it for us with their mowers, which meant the hire of team & man as well. But having our own mowers, we could cut it by ourselves at the proper time, as we have one horse of our own.

4. We must increase our live stock, that is cows, for obvious reasons. A special reason at Moose is this - that some winters we cannot get a supply of fresh meat. One season we may be able to get all we need, the next none at all, as happened last winter. Relying entirely on canned meat is not good for anybody, & particularly bad for Indian children. If we had, say 4 or 5 cows, we would soon be able to kill an animal or two every winter. As it is, we only have one cow & calf and one horse. We would like to add two cows this year.

Can the Department help us to get these important needs supplied? Revillon Bros. will transport them to Moose. The reeder I can send down with seed by the first canoe ~~down~~ from Cochrane. You can understand what an education the use of these machines will be for the pupils of the school apart from the question of saving expenses. I will be glad to hear from you at your earliest convenience.

With best wishes
The Secretary, Dept. Indian Affairs
Ottawa

BISHOP:
RIGHT REV. JOHN G. ANDERSON

Cochrane
CHAPLEAU, ONT.
May 30th 1914

Dear Mr. Scott

I have just heard the very sad news of the total destruction by fire on March 26th last of the Boarding School, Store House & Machine building at Moose Fort together with practically all our farm equipment, ~~household~~ supplies and all household furniture, beds, clothing etc. It is a most dreadful loss to us, and there was no insurance as the Companies would not take the risks.

The work has been continued with the boys using the Hospital and the girls the old mission residence. The Principal has bravely gone ahead and with the help of the H. S. Co. and Hewitt Bros. has secured logs and lumber and a new building is now well on its way. The Companies mentioned have kindly advanced lumber and supplies & will give us some time to make payment. That, however, will not help us much in replacing all our losses, though relieving us for the present.

What can you do for us? I should be most grateful if the Department would replace the building, that is, meet the cost. I am leaving for James Bay via Albany this next Friday. I would be most happy to receive a wire from you before I leave.

Yours sincerely
John I. Moosonee

The fire was started by two boys who ignited some clothing that was drying in the kitchen. They were alarmed and ran out without giving notice, till the fire had attained great height.

JOHN G. ANDERSON
BISHOP

Bishopthorpe
COCHRANE, ONT.,

March 4th 1915

Dear Mr. Scott Esq:
Deputy Asst. General of Indian Affairs
Ottawa, Canada.

My dear Mr. Scott

464294

I have been going over some of our expenditure in replacing the Moose School fire losses. I find that the freight charges are very heavy, amounting nearly \$800 for Revillon Freres alone. These charges are for the usual human's auxiliary bales and other emergency need of all kind besides our annual supplies in part. The Government give a refund on the bales. I was wondering whether the Department could not sketch a point in view of the special case, and refund the freight charges on the W. A. emergency supplies as well as the bales. The emergency supplies were for beds, kitchen range and utensils, sewing machine, and other articles.

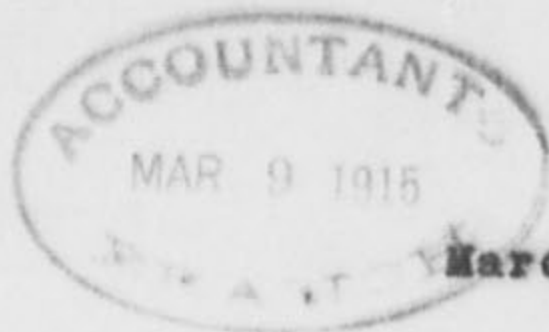

The Principal has not yet been able to furnish a statement of the full cost of the new building, as parts of the interior were still unfinished when he last wrote, and some of the accs. were not in. I am hoping to receive the full statement by the March packet which is due here on the 20th inst.

With best wishes - Yours sincerely - John G. Moosonee

JOHN G. ANDERSON
BISHOP

Bishopthorpe
COCHRANE, ONT.,

August 30th 1915

472812

My dear Mr. Scott
Referring to your kind letter of March 6th last, I wish to inform you that I forwarded receipts in duplicate for freight charges by Nevillan Fires, Montreal, on M.A. bales and special supplies for the uprushing and re-equipment of the Moose School after the fire, to Miss Halson, Dorcas Secretary of the Woman's Auxiliary, on July 19th. I also sent in receipt for M.A. freight on bales for 1913, as for some reason, Nevillan Fires did not send in a statement of account for that year, but included it in their statement for 1914. Miss Halson promised to forward these receipts to the Dept. after perusing and recording the accts. As I have had no advice from the Royal Trust Company, Montreal, of the payment of these amounts, and as our pressing needs are calling for money, I am wondering what is the cause of delay & shall be glad to hear from you when the receipts have reached the Department.

With best wishes

Yours sincerely
John G. Moosonee

My dear Bishop Andersen -

I have Your Lordship's communication of the 30th ultimo, in reference to freight charges on articles sent into Moose Factory by the Woman's Auxiliary.

I find that on the 27th ultimo we received from Miss Halsen freight receipts for bales sent to Indian schools to the extent of \$833.54, for which a cheque was sent her on the 31st ultimo. Among these I find, in addition to some small items, charges on bales to Moose Fort in 1913, \$125.00; charges on bales to Moose Fort in 1914, \$281.64; and charges on special furnishings for this school in 1914, \$125.71. I have no doubt that these are the items to which Your Lordship makes reference.

Yours very truly,

March 20th 1916

Dear Mr. Scott Esq:

Deputy Supt. General of Indian Affairs
Ottawa, Canada

My dear Mr. Scott

With further reference to your letter of June 4th 1914 and No. 306950/5 regarding the cost of replacing buildings destroyed by fire at Moose Fort I beg to enclose the following statement which I have just received from Rev. W. Haythornthwaite, an missionary at that place.

The work of rebuilding has been slow as some of the material for roofing and interior finishing etc had to be ordered from Toronto. We have now come to a standstill and cannot proceed with the outbuildings etc owing to shortage of funds. I would be grateful therefore if the Department will decide the amount they are willing to grant us toward the cost and issue the necessary cheque. You will understand, I am sure, that the cost so far is entirely outside of maintenance and a total loss of funds to that extent. I trust that you will do your best for us under the circumstances. Sincerely yours - John G. Moosonee

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 1)

March 23rd, 1916.

Dear Bishop Anderson -

I have your Lordship's letter of the 20th instant, with enclosure showing expenditure to date in connection with the rebuilding of the Moose Fort Boarding School.

Although our funds for the coming year will be extremely limited I hope to be able to do something to help you. It will be necessary, however, to have proper vouchers to present to the Auditor; these should be in detail, and in the case of labour should show the number of men employed and the rates of wages paid, and for material, quantities and prices.

I would ask your Lordship to be kind enough to obtain these at your earliest convenience.

Yours very truly,

Deputy Superintendent General.

Right Rev. J. A. Anderson, D.D.,

ST. THOMAS' MOOSE.
MAY 8th. 1916.

MY DEAR BISHOP:-

I herewith forward the details you asked for in connection with the rebuilding of the Boarding School.

Altho' I started on two occasions a separate account with the Hudsons Bay Company for ~~the~~ the new school they would keep confusing matters by charging up things to the wrong account. I have now ~~gone~~ gone over these accounts and made a special school account for the materials used and labour employed and I have given them exactly as they appear in the several accounts of Revillon Freres and Hudsons Bay Companies. I have also had these checked by the Post Managers and signed.

You will notice that the total is more than the last account I rendered as I have brought them up to the date of this letter.

It will hardly be necessary for me to remind your Lordship that we shall yet need about \$1.500 (Fifteen hundred dollars) to complete the work when the money is available.

YOUR OBEDIENT SERVANT

My dear Mr. Scott

Re 306,950-5

With further reference to yours of March 20th last,
I have received the enclosed statement with
detailed accounts showing the expenditure to
date on the rebuilding of the Moose Fort Boarding
School. The accounts are certified by the Post-
Managers of M. B. Co. and Devillon Fries
respectively.

As you will notice from the accompanying letter
of Mr. Haythornthwaite, it is estimated that about
\$1500 will be required before the school is completed
as it should be.

I trust that you will be able to give us a generous
grant for we are hard pressed for funds at
the present time.

Sincerely,
John G. Moosonee

OTTAWA, March 23rd, 1922.

Reverend Sir, -

I have to acknowledge the receipt of your letter of the 13th ultimo, enclosing a list of school desks which you ask be supplied for the use of the Moose Fort Indian day school.

In reply I beg to say that, in the summer of 1914, a supply of school desks was forwarded for the use of the school at Moose Fort which was considered ample to meet the requirements of all the pupils who would be likely to attend.

Owing to lack of funds, we are not prepared this coming summer to forward a further supply of desks to Moose Fort, and your request for 13 more cannot be considered.

Your obedient servant,

Russell T. Ferrier

Re your Letter No 446-5 March 3

Dear Sir

I think you have read my requisition wrong. I do not think that I asked for 13 New Desks. What I want is

11 Single Seats 17ⁱⁿ x 10ⁱⁿ Wood portion
for NO 5 Snider School Desks

2 Single Seats 17ⁱⁿ x 10ⁱⁿ Wood Portion
for NO 6 Snider School Desks

On my taking charge here last year, I found these Seats short, it seems that they never came here with the Metal Parts. I have had all Metal parts repaired which were broken & have them ready for the Seats. I hope therefore that the Dept will have these sent next Spring. PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

44-6-5.

Ottawa, Nov. 7, 1922.

Reverend Sir:-

I have your letter of the 4th ultimo, regarding your requisition to be supplied with the wooden portion for the seats of 13 new desks furnished to the Moose Fort Indian Day School.

In reply I beg to say that the desks supplied were those known as the "Snider" school desk and were purchased from Goodwin's Limited, Montreal, in the summer of 1914. The firm which manufactured them have retired from business and it is impossible to get parts for the Snider desk.

It is considered that a carpenter could make the wooden seats and have them screwed to the metal part of the desk. If necessary, the Department would pay the expenses in having this work done, providing properly certified accounts covering the cost of the material and labour is received. The account for labour should show the number of hours or days the carpenter is employed, and should be receipted by him. The account for any material bought for the purpose should also be receipted by the person from whom the purchase is made.

It is hoped that you will be able to arrange to have the seats for the desks made, as it will be impossible for us to obtain them and have them forwarded to the school.

When these desks were shipped by Revillon Freres' boat in 1914, all parts securely packed were delivered at their ware house in Montreal, and your letter is the first intimation we have received that all the parts did not reach Moose Fort.

Your obedient servant:

J. D. McLean,
Asst. Deputy & Secretary.

Dear Sir:-

Rev. F. T. Griffin, Principal of our Anglican Indian Residential School at Moose Fort, informs me that he stands greatly in need of a turnip slicer, similar to the one in the enclosed illustration. As a labour saving device of this sort will be of very great assistance to the staff at the school in question, I should be obliged if you will forward same, or authorise me to do so, and send the bill to you for payment. No price is quoted here, but Eaton's have one at \$22.00.

The machine should be addressed as follows:-

Rev. J. T. Griffin,
Principal Moose Fort Indian School,
C/o Messrs Revillon Freres Trading Co.,
Pagwa River, Ont.

Goods to be crated strongly, and gross weight marked on outside, and to reach Pagwa River Station not later than March 31st.

VERED-IN YARDS

VALUABLE MANURE

of less is necessary to maintain bodily heat. They turn what they have to the best account, and both from the food given to the animals and from the litter trodden under their feet the manurial residues are preserved and utilised to the fullest extent. T. B. G.

HALF-HOLIDAY ORDER

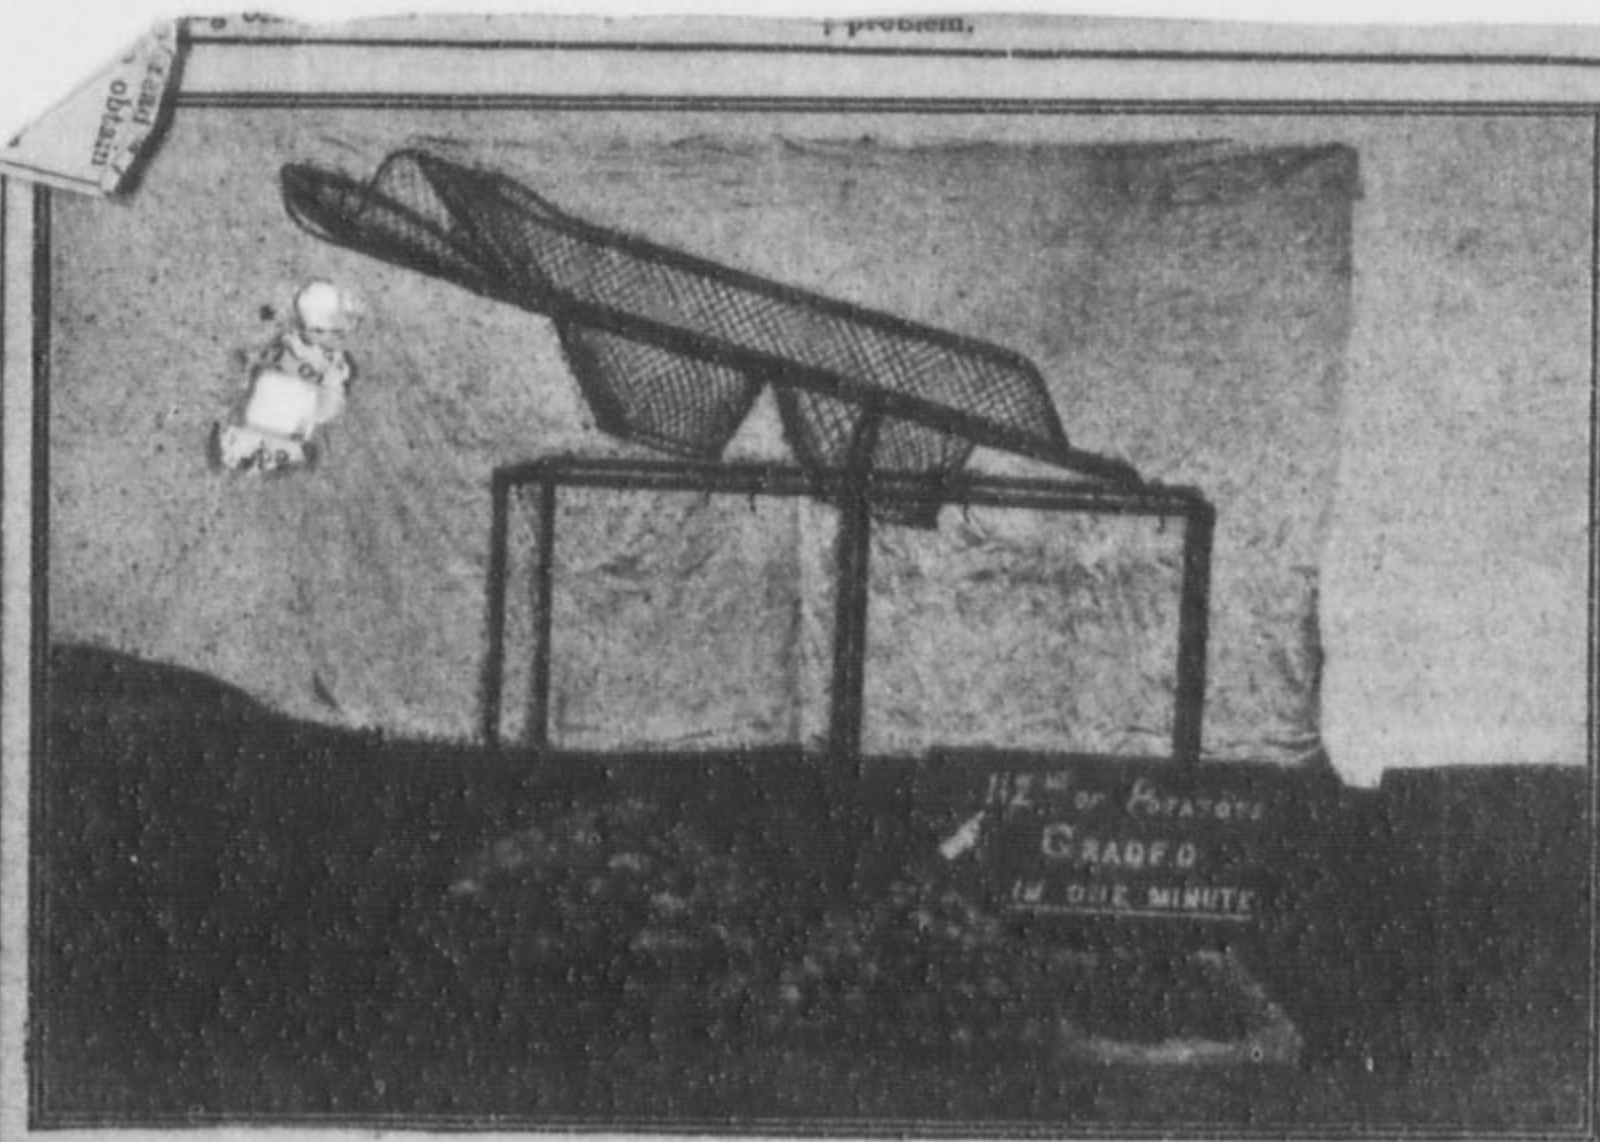

A meeting of the Agricultural Wages Board was held on Thursday in London, Sir Ailwyn Fellowes presiding. It was decided, as the period for lodging objections to the Board's proposal to define as overtime employment all employment in excess of 6½ hours on a Saturday or on such other day (not being Sunday) in every week as may be agreed between the employer and the worker has expired, to make an Order on the basis of their proposal, subject to certain modifications in regard to time spent by horsemen, cowmen, shepherds, team men, and other classes of stockmen in connection with the feeding and cleaning of stock. The full terms of the Order, which will come into operation on March 3, will be published in due course.

References were made by representatives of both workers and employers to the death of Mr. Joseph Arch, and the Board decided to forward to Mr. Arch's family an expression of their respectful sympathy and to place on record their high appreciation of the work of Mr. Arch on behalf of the agricultural labourer.

'At a meeting of the Grimsby Branch of the Lincolnshire Farmers' Union the following resolution was carried unanimously:—

"That this meeting of the Grimsby Branch of the Lincolnshire Farmers' Union considers that the proposal of the Agricultural Wage Board to introduce a compulsory half-holiday is one which requires very careful consideration. This branch is in favour of the granting of a half-holiday to agricultural labourers in the summer months, when the days are long and the men could usefully and profitably employ their time in their gardens or in recreation, and when the stock are out at grass and do not require much attention. It is strongly recommended

it is been far elay ove-arm. ntry plor-all hose oper de-The and the n of a a

covered-in yard or shed is of double the manurial value of the rain-washed stuff out of open yards, and, consequently, ten loads per acre from a covered court will give quite as good results as twenty loads per acre of the unprotected manure, and therefore a much larger acreage of land can be manured every year with more satisfactory results.

We want both covered-in yards and covered-in rickyards, too, so that every particle of straw is kept dry, and then there is no waste on account of wet fodder. In a season such as this all the roofs of the ricks are uneatable and only fit to go into the yards to be trodden into manure.

HARD ON THE IN-GOER

For many years it has been very hard on incoming tenants that they should pay a heavy valuation for unexhausted improvements in the way of manurial value from the consumption of cake and corn, knowing full well when looking at the condition of the yards that all they have to pay for has gone down the nearest ditch or drain. If we are to grow the crops which must be grown, if we are to pay expenses, it will be absolutely necessary to increase both the quantity and quality of our farmyard dung. The former can only be done by maintaining a larger head of stock, and to maintain a larger head of stock it is necessary to grow more straw and roots or other fodder crops, and to improve the quality there must come an end to the waste which now takes place, and that can really only be prevented by having all our courts covered in.

It must be borne in mind that under covered-in courts less food is required by the animals, as

minimum per week, if it is made so very long ago to 16s.

PROPOSED N.F.U. AND CHAMBER OF AGRICULTURE AMALGAMATION IN STAFFORDSHIRE

At a meeting of the Staffordshire Chamber of Agriculture on Saturday week the question of the amalgamation with the National Farmers' Union was considered.

Mr. T. Baxter proposed that a committee be appointed to enter into negotiations with the National Farmers' Union with a view to the amalgamation of the two societies. He believed that by such an amalgamation the Farmers' Union would be able to do much more effective work in the interests of agriculture. The Chambers of Agriculture alone were not able to meet the needs of to-day.

Mr. J. Q. Lamb, in seconding, said the resolution was not introduced in any antagonistic spirit, but in consequence of the growing feeling amongst agriculturists in the county in favour of such an amalgamation. The negotiations, which were necessary as the preliminary step, could best be undertaken by a committee.

In supporting the resolution Mr. R. G. Patterson said they had now in connection with agriculture come to the parting of the ways. They were not dissatisfied with the work of the Chamber of Agriculture, but farmers felt strongly that their future methods of work must be different from those of the past. The two organisations were out to do the same kind of work, and it was, he thought, high time they devised something to unite them under the one banner. Tenant farmers were now realising the mistake it was to have two separate organisations, and it was gratifying to find that they in Staffordshire were the first to commence an agitation for amalgamation. The resolution was carried with but one dissentient.

Parading Shires at Eaton Sale.

A NEW VIBRATORY POTATO SORTER

A new machine of a simple and easily worked type, with a large capacity, has recently been designed by Mr. R. C. Pessell. This is an automatic potato-sizing machine, having the necessary vibratory motion imparted by a couple of spiral springs. The weight of the potatoes coming on to the screen causes the screen to vibrate on these spiral springs, and thus sifts the tubers into three grades. If necessary the automatic vibratory action can be assisted by hand or foot power.

The capacity of the apparatus is 1cwt. per minute. Mr. Clarke, Trumps Green Farm, Virginia Water, says that one of his men can easily grade potatoes at this rate with the appliance, which works so easily that he thinks a girl should obtain as good results. He adds that the grading done could not be better.

The grader is made in various forms and sizes to suit the requirements of different fruits and roots. The largest can be fixed in a shed or barn, and is capable of taking the load from a cart and rapidly sorting it. A medium size is well adapted for use in the field for grading potatoes as they are collected. A small pattern is made in wood or wicker for grading fruit. The work is in full view of the attendant, who is therefore able to pick out faulty tubers. Messrs. Miller, Gibb and Co., 83, Finsbury-pavement, London, E.C. 2, have these graders in hand.

Sir:-

I have the honour to forward herewith list of requirements submitted by the Rev. J. T. Griffin, Principal of our Moose Fort School, for supplies required in connection with the school. The list comprises the following:-

OK.
Cont?

1	potato grader (cut enclosed herewith)	
3	pyrene hand pump fire extinguishers - 1 qt. pump type, and 3 extra re-fills.	
200	lbs brown paint ground in oil	38.00
25	" green " " "	8.00
100	" white lead " "	16.00
100	" zinc " "	15.00
5	gal. turpentine	10.00
10	" boiled linseed oil	20.00
25	lbs putty.	2.00

If favourable consideration can be given to this request goods should be consigned to the Hudson's Bay Co. Pagwa River, Ont., freight prepaid. Copy of the bill of lading in each case to be sent to Captain E.B. Haight, Hudson's Bay Co. Pagwa River, Ont., on the date of shipment; also copy of the invoice, showing grossweight of each package, should be sent to the Principal. All packages to be distinctly marked Rev. J.T. Griffin, C. of E. Indian School, Moose Fort, Pagwa River, and numbered consecutively from 550 up, with gross weight clearly shown on each package.

I have the honour to be,

Sir,

Your obedient servant,

44-6-7.

Ottawa, February 5, 1924.

Rev. Sir:

I have to acknowledge receipt of your letter of the 30th ultimo, containing a list of the requirements submitted by Rev. J. T. Griffin, Principal of the Moose Fort Indian Residential School, in connection with the School.

In reply I beg to say that you may arrange for the purchase and delivery of the following, c/o Hudson's Bay Co., Pagwa River, Ont. -

3 - 1 Qt. hand pump fire extinguishers, with 3
extra refills,
200 Lbs. brown paint ground in oil,
25 " green " " "
100 " white lead,
100 " " zinc,
5 Gal. turpentine,
10 " boiled linseed oil,
25 Lbs. putty.

It will be necessary to obtain competitive prices, if possible, and the purchase should be made from the firm quoting the lowest price. You should ask these firms to quote a price F.O.B. Pagwa, Ont., and you may arrange to have the same delivered at that point in time to go forward by the Hudson Bay Co.'s boats in the spring. You can give the necessary instructions for packing, etc., to the merchant from whom you make the purchase. Kindly forward properly certified vouchers, in duplicate, covering the expenditure incurred, to which you should attach an abstract showing the firms asked to quote and the prices quoted. In the payment of any freight charges, you should obtain receipts and attach them to the vouchers.

The Department is not prepared to authorize the supplying of a potato grader for the use of this school, it being considered that the pupils and staff should be able to grade and sort the potatoes grown at the school.

Rev. T. B. R. Westgate, D.D.,

The Secretary,
The Department of Indian Affairs,
OTTAWA.

Dear Sir :-

--Re URGENT REQUIREMENTS FOR THE MOOSE
FACTORY SCHOOL C.of E.

The Rev. J. T. Griffin, Principal of our Society's School at Moose Factory, has presented to our Commission, in his annual report, the following information with regard to urgent requirements at his school, and I have been instructed to direct your attention to the same and to solicit your assistance in having them as fully supplied as possible.

The part of his report referred to reads as follows :-

P-R-E-S-S-I-N-G N-E-E-D-S.

1. MAIN CELLAR. In excavating the cellar under the large dining-room of the main building in the year 1921, we found that the rafters (sills?) under the floor were rotten. This necessitated temporary rafters being placed under the flooring, which was done by the Principaland boys, and propped up by round poles. This is in a very bad way and should be attended to at once. The cost would only consist of a couple of carpenters from the Hudson Bay Co. for a short time. We would use some of the lumber which we had prepared for the new byre. The cellar has never been properly finished, and it needs lumber squared on two sides to be fitted all around the walls to keep back the clay from falling out from under the foundation. If this were done, and steps fitted on the outside of the entrance to the cellar, it would secure the building from falling in and make the place more useful for storing the large quantities of potatoes,

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

turnips and other vegetables during the winter.

2. BALCONY. The outer Balcony, leading off from the Girls' room, and also under-balcony of same is very much decayed and needs a complete new one. The cost of this would not be much, as the carpenters would be instructed to fill up the pillars and battens, and the remainder of the work could be done by some of the bigger boys and painted.
3. A NEW DOOR, is required for the main entrance into the Dining room.
4. A NEW LAUNDRY HOUSE. We have a large sized house (20'6" X 14'6") which at present is used for holding Indian books and odds and ends. I would like this to be lined on the inside (it is only weather-boarded) and fitted up for use as a washing room, a place where the laundry of the school could be seen to. At present we use a partitioned portion of the study for this purpose in the winter, and outside on the grass in the summer. The books &c. can be put away in the top of the food store. This is certainly a pressing need and it would not cost much to turn it into a suitable laundry place, and it could be used for the Boys' washing room in summer.
5. EXTENSION OF FARM. Outside of the enclosed compound, there is a very large piece of ground off which the timber has been taken, and quantities of the stumps have been pulled out and are awaiting removal. Besides this, there is an inner portion of the ground almost cleaned- I should say perhaps about 2 acres, -which needs further work. I would suggest that this inner portion be further cleaned and enclosed by wire and posts and that potatoes be planted in same. The yearly standard price for one bag of potatoes is \$ 3.
6. BYRE. Last year we were able to secure a very large number of logs which came down the Moose River from a burst boom belonging to some Pulp Company. These we had sawn up into lumber and logs squared for the purpose of building a new byre for a Hay shed. The cost of sawing this 17,000 ' of lumber came to \$ 55.

In connexion with the above matters I may say that I had hoped to visit Moose Factory this summer, when I should have had an opportunity of estimating the cost of these repairs &c. after a close personal examination. As I have been obliged to postpone my visit, the estimate of the cost must be made out from the above data, and this, in the opinion of our Commission, will amount to about \$ 1,200. I shall be obliged therefore if you

Indian Affairs. (RC 10, Volume 6203, file 467-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

will authorize an expenditure of this amount, it being understood that the sum of \$ 1,200 must not be exceeded, and only that portion of it expended which is actually required for the purposes specified above.

I remain, Sir,

Your obedient servant,

L. A. R. Neustadt

Field Secretary M.S.C.C.

Approved for year
get R
Memorandum

Dr. Scott.

Rev. Dr. Westgate requests authority to expend an amount not exceeding \$1200 in the carrying out of repairs which he states are urgent at the Moose Factory C. of E. Residential School buildings. He has enumerated the various repairs required.

We have no funds provided for repairs to this school in our appropriations for the present fiscal year. I would point out that these buildings are the property of the Church Authorities and we have never expended any amount for their erection or upkeep. I would recommend that Dr. Westgate be informed that there are no funds available but that the matter will receive consideration when the Estimates for the next fiscal year are being prepared. We have authorized a number of expenditures for Church of England schools, which were not provided in the Estimates - recently \$2,000 was granted for urgent repairs at the Hay River Residential School - and after our full building programme is carried out this year, there will be very little left for unforeseen expenditures.

Sir:

I have the honour to enclose herewith three requisitions for metallic roofing received from Rev. J.T. Griffin, Principal of our Moose Factory Indian Residential School.

Referring to No. 1, the Day School, Mr. Griffin states "this has never been renewed since the building was put up some seventeen years ago."

No. 2, has a wooden roof which was there in 1906 when Mr. Griffin arrived and has not been renewed since.

No. 3, is the building which your Department has already been requested to have turned into a laundry.

Mr. Griffin also requests that he may be supplied with paint and putty as per enclosed requisition.

If the Department can grant these supplies they may be addressed to

The Principal
Moose Factory School,
James Bay, Ontario
c/o Hudson's Bay Company,
Pagwa River, Ont.

and should be shipped so as to arrive at Pagwa as soon after the 10th of March as possible.

I have the honour to be

Ottawa, March 30th, 1925.

Rev. Sir:

I have your letter of the 24th instant, enclosing a requisition from the Principal of the Moose Factory Indian Residential School for a galvanized range boiler.

In reply I have to say that, as the funds at our disposal are limited, I regret that favourable consideration cannot be given to this request. The requisition of the Principal which was enclosed in your letter is returned herewith.

Your obedient servant,

J. D. McLEAN

Dear Sirs:-

We are returning you herewith your cheque #1011, amount \$5.59, covering an invoice of ours of June 5th. 1924 and wish to advise that this account was paid on the 24th. of June 1924 by a remittance from Mr. T.B.R. Westgate, Field Secretary M.S.C.C. at Winnipeg and in all probability the cheque which you gave us should be sent to Winnipeg as re-imbusement.

Hoping this action will be satisfactory, we are,

Yours truly,

WITH CHEQUE

Ottawa, June 10, 1925.

Dear Sirs,-

In reply to your letter of the 9th instant, I desire to thank you for having returned official cheque No.1011 for \$5.59, which cheque covered an account which was paid by Dr.T.B.R.Westgate, Field Secretary of the Missionary Society of the Church of England in Canada. The reason for sending you the cheque is that your account, which was forwarded to the Department by Dr.Westgate's secretary, was not receipted and consequently a cheque in his favour could not be drawn.

I am returning the cheque to you. Kindly endorse it and send it to Dr.Westgate at 41-43 The Bible House, Alexander Ave., Winnipeg.

Yours truly,

F.H. Paget
Chief Accountant.

Revd Sir,-

Referring to letter of the 23rd May and the account of \$5.59 therewith forwarded, I beg to say that a cheque for the said amount was sent to the R. McDougall Co., Limited at Galt. They returned the cheque stating that they had received payment of the account from you on the 24th June, 1924. As the account was not receipted the cheque is being sent back to the above mentioned firm with a request that they will endorse it and forward it to you in order that you may receive refund of the amount which you paid.

Yours truly.

F.H. Paget

~~XXXXXXXXXX~~ July 13th, 1925.

41-43 The Bible House,
Alexander Ave.,
Winnipeg, Man.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I should be obliged if you will kindly let me know if any appropriation has been made in the estimates for the current fiscal year for repairs etc., at the Moose Factory School. In my letter page 5 to the Deputy Superintendent General dated October 30th I suggested that the sum of \$1200.00 would be required and specified the following items:- (1) Main cellar, (2) Balcony, (3) new Door, (4) Laundry House, (5) Extension of Farm, and (6) Byre.

In a letter recently received from the Principal he presents a very strong request for new metallic roofing for the main buildings ^{and} the Day School. He stated that while it might be possible for the main buildings to last another year without a new roof, he felt quite certain that the Day School would suffer serious damage if the new roof were not supplied this summer.

As the grant for the Day School is by arrangement paid to Bishop Anderson, I was directed to refer the matter of a new roof to him for any action necessary. His Lordship however, is now on a visit to James Bay but it would appear that his Commissary has referred this urgent need to your Department as I have just received the following telegram from him in this connection:-

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 1)

The Secretary.

-2-

"Indian Department refuse metallic roofing for Moose
Factory Day School".

Although I have not been able to visit this School in person
I feel well assured that every effort should be made to have
this metallic roofing supplied, and if you will kindly let me
know what money is available for repairs etc., for this School
this year I will make whatever arrangements it may be possible
and will do my best to have the roofing sent in and other
improvements made so as to ameliorate the difficult and trying
conditions under which I am quite satisfied our Principal and
his staff at this School are carrying on their work.

I remain, Sir,
Your obedient servant,

L. R. Westgate

Ottawa, July 18, 1925.

Reverend Sir:

I have your letter of the 13th instant, with reference to the funds that are available for the Moose Factory Indian Residential School. I regret to inform you that there was no provision made in the Estimates for this fiscal year for this work. There are so many pressing needs that certain items are crowded out of the Appropriation for Indian Education. Unless exceptional circumstances are drawn to our attention, no funds are available for the residential school.

Inasmuch as the Department allows the church authorities certain considerations in lieu of rental at the Moose Factory Day School, it is our opinion that the church should make the necessary repairs. His Lordship the Bishop of Moosonee has been so informed.

Your obedient servant,

A. F. MacKenzie

R

Dear Sir:-

Canon Griffin, Principal of our Society's School at Moose Fort, Ontario, has presented to me a very urgent request for a gasoline engine and pole saw, with saw mandrel for cutting wood at his school, and I am obliged to solicit the assistance of your Department in securing these very essential items of equipment at a school so remotely situated, and where so much fire wood is consumed.

The engine which is now in use there has been in service for fully 12 years, but the Principal states that it has given a very great deal of trouble, and he has been repeatedly advised "to make junk of it". He suggests that the kind which would be most suitable would be an engine "with a make and break ignition not under 3 Horse Power", along with this he specified a saw large enough to cut through logs 18" thick, and with it "a saw mandrel". The frame for the saw he states could be made at the school, but if sent in it should be knocked down to save expense on freight.

As it would now be too late to have the above forwarded by scow from Pagwa, they should be shipped by Hudson's Bay steamer, due to leave Montreal sometime in July.

I very much hope that your Department will undertake to furnish the above, and forward the same to Canon Griffin at Moose Fort this Summer. As our Auditors report shows that the cash disbursements made by our Society for this school for the year 1925 amounted to \$7,153.96, while the per capita earnings amounted to only \$4,620.00, leaving a balance of \$2,533.96 to be met from our Society's funds, I trust that you will be able to recognise the necessity which is laid upon us to apply to your Department for assistance in the provision of the above equipment.

I have the honor to be Sir,

Your obedient servant,

T. B. R. Westgate
Field Secretary M.S.C.C.

Dept. of Indian Affairs,
Ottawa, Ont.

Dear Mr. Ferrier:-

As I have just returned from a visit to our Society's Indian Residential School at Moose Fort James Bay, I am very anxious to know what appropriation is available from your Department for repairs at this School this year and will be much obliged if you will kindly let me have this information at your earliest convenience. In the list of requirements which our Society requested your Department to furnish during the current year the following items were mentioned for this school:-

1. Byre.
2. Laundry house and equipment.
3. Boys and girls closets.
4. Repairs to balcony of school.
5. New roof on day School.
6. Carpenters shop.
7. $\frac{1}{2}$ mile of fencing.
8. Repairs to cellar.

Total estimated cost
\$ 2,500.00

Dear Sir:-

In reply to your letter of June 28th, (44-6-5)
requesting information with regard to the improvements which
can be made this year at our Society's School at Moose Fort, I
beg to state as follows:-

1. Repairs to cellar	\$ 250.00
2. Repairs to balcony	100.00
3. New roof on Day School	150.00
4. Boys and Girls Closets	50.00
5. Laundry house and equipment	150.00
6. Byre	600.00
7. Carpenter's shop	100.00
8. 1/2 mile of fencing	100.00

\$1500.00

As it is important that the school management should
know at the earliest date possible if the above expenditure is
authorized, I should be obliged if you will furnish me with a
statement in this connection at your earliest convenience.

Reverend Sir:

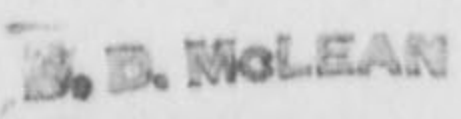

I enclose herewith an account which has been received from the Canadian Fairbanks-Morse Co., Ltd., Montreal, covering the cost of an engine, pole saw frame and crosscut saw blade, purchased by you for the use of the Moose Fort Indian Residential School.

In this connection I would refer you to our letter of June 8th, last. Before payment of this account can be made, it will be necessary for you to certify on the same that the goods are received and the prices charged fair and just. I shall therefore be pleased if you will certify these accounts and return them to the Department in order that payment can be made.

Your obedient servant,

Encl.

Rev. F. B. R. Westgate, D. D.,

Gentlemen:

I have your letter of the 9th instant, enclosing an account covering the cost of a 6 H. P. Engine, Pole Saw Frame and Crosscut Saw Blade for the use of the Moose Fort Indian Residential School.

In this connection I beg to say that, as this order was placed with you by Rev. Dr. Westgate, it is necessary that we send the account to him to be certified before payment can be made. When we have his reply, a cheque in payment will be sent in due course.

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy & Secretary.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

With further reference to your letter of June 28th, (44-6-5) my reply July 2nd, and your further letter of July 7th, (44-6-5) authorizing an expenditure of \$1500.00 at the Moose Fort School this year, I desire to know if your Department will agree to meet the enclosed bills amounting to \$81.74 for installing a new water tank at this School, provided the School management can save this amount out of the total expenditure you have sanctioned for this year.

If your Department can agree to do this, and will send me a cheque for the enclosed amount, I will inform the Principal that the total amount of \$1500 which he has already been notified he may spend this year, has been reduced to \$1400.00.

I saw the water tank during my recent visit to this School, and consider it extremely good value.

Trusting that you may be able to give favourable consideration to this request, Believe me, Sir,

Yours very truly,

T. B. R. Westgate

Dear Sirs,-

In reply to your letter of the 30th September, I beg to say that seemingly this Department has paid all accounts received from your firm. I may say, however, that an order it appears was placed with you by the Rev.T.B.R. Westgate for an engine, etc., for use at the Moose Fort Indian Residential School. The account for the said articles was forwarded to the Department and was transmitted from here to the Rev.Dr.Westgate in order that he might certify to it. The Department has not since heard from him in the matter but is writing him to-day.

Yours Truly,

F.H. Paget
Chief Accountant.

Dear Sir,-

On the 17th July the Department forwarded to you for your certificate an account from the Canadian Fairbanks-Morse Company, Ltd., Montreal, covering the cost of an engine etc., which you ordered for the Moose Fort Indian Residential School. The account has not been returned, but the Company is requesting payment, I shall be glad therefore if you will kindly give the matter your attention, in order that if the articles charged for were received in good condition payment may be made.

Yours truly,

F. H. Paget,
Chief Accountant.

F. H. Paget, Esq.,
Chief Accountant,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

In reply to your letter of the 5th inst, re certification of accounts for engine, etc., supplied by Fairbanks-Morse Co. Ltd. to our Society's School at Moose Fort, I beg to state that the delay in this connection is entirely due to the delay in the arrival of these items of equipment at their destination. In letters received two days ago from Moose Fort and written at the end of September it was stated that the local Hudson's Bay Co's boat which had gone out to Charlton Island in James Bay to receive the supplies brought in by the steamer from Montreal had not returned. It was expected to return soon and as the engine and pole saw would arrive with it, we may expect to receive the certified account before the end of this month. As soon as it comes to hand I will forward the same to you.

Believe me, Sir,
Yours very truly,

[Handwritten signature: T. B. R. Westgate]

Field Secretary, M.S.C.C.

[Handwritten notes:]
Mr. J. A. Worrell
We could pay on the
supply bill if we
had the - The Co. is not

Ottawa, October 13th, 1926.

Gentlemen:

With further reference to your auditor's statement of the 30th ultimo, relative to the payment of your account covering the cost of an engine, pole saw frame, etc., purchased by Rev. T. B. R. Westgate, for the use of the Moose Fort Indian Residential School, I now have to say that we are informed by Dr. Westgate that he sent the account to Moose Fort to be certified by the Principal of the School. Dr. Westgate states that he expects to have this account returned to him before the end of the present month, and that, as soon as it comes to hand, it will be transmitted to the Department. When we receive the account, payment will be made. As the order was placed by Dr. Westgate, he should have certified the account, as it was not necessary for him to send it to the Principal of the school to do so.

Yours very truly,

F. H. Paget
F. H. Paget,
Accountant & Purchasing Agent.

1927-28 - CHURCH OF ENGLAND INDIAN RESIDENTIAL
SCHOOLS - FORWARDED UNDER COVER HIS LETTER OCTOBER
15TH, 1926, ON FILE #160-2.

14. MOOSE FORT

As no lumber was available during the year 1926 and the Hudson's Bay Co's steamer had sailed from Montreal before authority was given by the Department to effect repairs, extensions, etc., requested this year, none of the work authorized could be carried out. For this reason the same repairs, extensions, etc., requested for this year are repeated for 1927. They are as follows:-

- (a) Byre or barn.
 - (b) Laundry house and equipment.
 - (c) Repairs to balcony of school (word has been received that part of this has fallen)
 - (d) Carpenter's shop.
 - (e) $\frac{1}{4}$ mile of fencing.
 - (f) Repairs to cellar.
 - (g) Painting and freight Estimated cost \$ 500.00
- Total estimated cost for Moose \$ 3,000.00

Rev. Sir:

I beg to refer you to official letter of October 5th, last, and your reply thereto of the 8th of the same month, relative to the account of the Fairbanks-Morse Co. Ltd., Montreal, covering the cost of an engine, etc., which was ordered for the Moose Fort Indian Residential School. This firm is pressing for payment of this account, and I have to request that if the same has been returned to you from the Principal of the School, that you will forward it to the Department as soon as possible.

Your obedient servant,

J. D. McLEAN

The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:- Re: Fairbanks-Morse account for engine, etc.,
supplied to Moose Fort School.

Your letter of the 18th instant has just been received and I regret to have to inform you in reply that the certified account of the receipt of the engine, etc., supplied by the Fairbanks-Morse Co. Ltd., to our Society's School at Moose Fort, has not yet come to hand.

One of our lady agents who left Moose Fort in September, stated that the heavier articles of the cargo transported by the Hudson's Bay Company's steamer from Montreal were still at Charlton Island at that time. The next mail from Moose Fort is expected, according to information just received from the Hudson's Bay Co., about the beginning of the year, and the certified account will be sent forward as soon as it has arrived here.

Regretting this delay, I remain, Sir,

Yours very truly,

TBRW/JF.

Field Secretary, M.S.C.C.

Dear Sir:- Pole saw & engine for Moose Fort School.

With further reference to your letter of June 8th (44-6-5) relative to the pole saw and engine supplied to our Society's School at Moose Fort I am now able to forward the accounts which have just come to hand duly certified by the Principal. The delay in having this account settled is due entirely to the lack of proper postal facilities between Moose Fort and the outside world.

Believe me, Sir,
Yours very truly,

Field Secretary, M.S.C.C.

Sir:-

I have the honour to refer to your letter (44-6-5) of the 28th. of June last, re allowance of \$1,500.00 for repairs at the Moose Fort Indian Residential School, and to enclose herewith accounts in duplicate duly certified by the Rev. J. A. Maggrah, Principal of the School, covering repairs, etc., to be deducted from the sanctioned allowance of \$1,500.00.

Trusting that this may receive favourable consideration and that cheque may issue in due course.

I have the honour to be, Sir,
Your obedient servant,

Alexander Ave.,

Winnipeg, Man.

DATE	SERVICE.	AMOUNT.
1927		
April 4	To reimburse church authorities for expenditure incurred repairing the Moose Fort Indian Residential School	\$497.25
NOTE: Funds were provided in the 1926-27 Appropriation for repairs at this not school. Statements, certified by the Rev. Principal, are now to hand, giving the details of the work that was undertaken. If these statements were treated as accounts, it would be several months before receipts and time sheets could be secured. It is desirable that payment be made from the 1926-27 Appropriation.

Ottawa, April 5, 1927.

Reverend Sir:

I wish to refer to your letter of the 25th ultimo, enclosing certified accounts in connection with repairs at the Moose Fort Indian Residential School. I wish to point out that these accounts were not accompanied by receipts or time sheets and, in future, you should arrange to support vouchers in favour of the school principal or the church authorities with such papers.

In this instance, as the Appropriation for this school is about to lapse, the Department made out a special voucher with full explanation for the Auditor General and the payment of \$497.25 is being made to you. I regret, however, that only in most exceptional cases can such action be taken.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Rev. T.B.R. Westgate, D. D.,
Field Secretary, M.S.C.C.,

Ottawa, July 4, 1927.

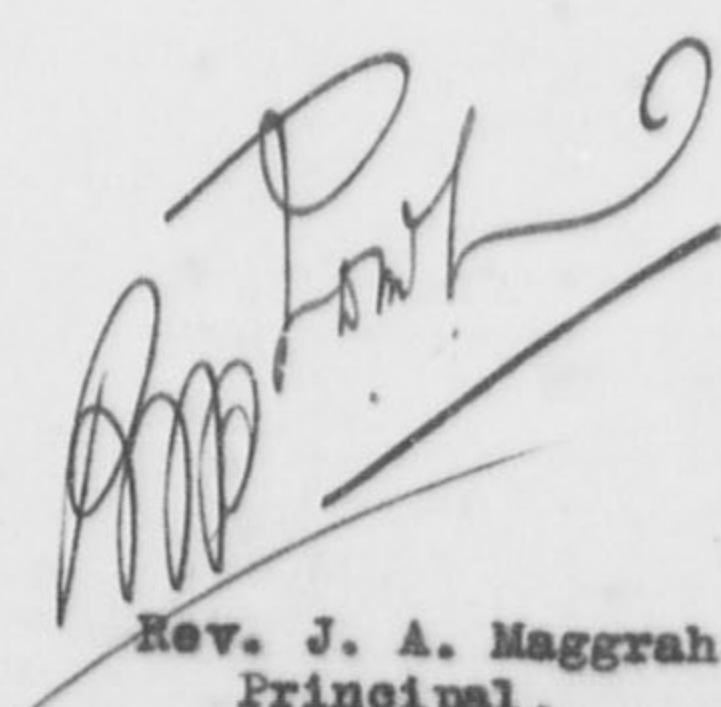

Reverend Sir:

I have to inform you that Dr. Westgate visited the Department on Friday. The Department is pleased to authorize you to proceed with the erection of a small barn at the Moose Fort Indian Residential School. The barn should be made of logs and the cost should not exceed \$500. Time sheets, in duplicate, should be kept showing the receipts of any men engaged for the labour, and receipts, also in duplicate, showing the cost of the materials purchased should be forwarded when you are seeking refund.

Your obedient servant,

J. D. McLEAN

IMMEDIATE

Gentlemen:

This is to authorize you to supply one lineal mile of barb wire fence wire for the Moose Fort Indian Residential School, on the south coast of James Bay. This wire is for a four strand fence, one quarter mile long, at the institution. Your account, in duplicate, including freight, may be forwarded to the Department for payment.

I should be grateful if you would arrange to have this wire go in on your boat which leaves in a few days for the Hudson Bay.

Your obedient servant,

J. D. McLean

Sir:-

Referring to your letter, 44-65 of the 7th of July 1926, and subsequent correspondence re Moose Fort Indian Residential School, I have the honour to enclose herewith receipted invoices in duplicate for the sum of \$110.09 with a request that if it be possible special consideration may be given this account.

Owing to the remoteness of this School, the irregularity of mail service and the fact that the Principal was comparatively new to his duties, considerable delay has occurred in the submitting of this account, but as above mentioned, I am instructed by the Commission to request that if possible it may be met from the funds of your Department and the Commission reimbursed in due course.

The Secretary,
The Department of Indian Affairs,
Ottawa Ont.

Dear Sir:

In the list of requirements just submitted by the Principal of the Moose Factory School for the current year, he has included three items which I have been instructed to solicit the assistance of your Department in providing. They are as follows:

1. McClary's Kitchen Range, hotel size, double oven, wood burner. The cost of this F.O.B. Montreal would be approximately \$ 186.40
2. Four iron beds, single size, ^{6 ft x 2 1/2 ft} with mattresses, Approximate cost F.O.B. Montreal \$ 44.00
3. One Model Laundry Washer. Approximate cost F.O.B. Montreal \$ 18.25

The freight on the above from Montreal to Moose Factory would be at the rate of \$ 125.00 per ton. The weight of the range is 1300 lbs. and the total weight of all three items would not exceed one ton.

As these items should all go forward by Hudson's Bay Steamer early in July I shall be glad to know if your Department will be good enough to undertake to provide the same.

Thanking you in advance for your much needed help in this matter.

Believe me, Sir,
Your obedient servant,

Field Secretary M.S.C.C.

Ottawa, February 27th, 1928.

Rev. Sir:

I have your letter of the 21st instant, requesting that a McClary's kitchen range, 4 iron beds, single size, with mattresses, and 1 Model laundry washer be supplied for the use of the Moose Factory Indian Residential School, and forwarded from Montreal by Hudson's Bay steamer in July, next.

In reply I beg to say that you may arrange for the purchase of the following:

1 McClary's kitchen range, hotel size, double oven, wood burner.

4 Iron beds, 6' x 2½', with mattresses.

Please forward itemized accounts, in duplicate, covering the expenditure incurred in the purchase of the above authorized equipment.

The Department considers the Church authorities should be responsible for the Model laundry washer and the freight costs.

Your obedient servant,

A. F. MacKenzie

Duncan C. Scott, Esq. C.M.G.,
Deputy Superintendent General of Indian Affairs,
Ottawa, Ont.

Dear Mr. Scott:-

As the summer of 1930 will mark the 25th.
Anniversary of the signing of the James Bay Treaty, No. 9
and also the 25th. Anniversary of the opening of our
Society's Residential School at Moose Factory, our Com-
mission have instructed me to inform you that they consider
these Anniversaries will be an opportune time to have the
existing school building replaced by one that is fully
modern.

As your Department has made known to our Society
that it is not your policy to establish any new institu-
tions until those already in existence, and operating, have
been fully modernized and placed on a satisfactory working
basis, our Commission consider that it would be in keeping
with this policy, and with your building programme, to have
a new school erected at this centre during the calendar year
1930. They are expecting that a new school will be built
this year in northern Alberta as per the request contained in my
letter addressed to the Secretary of your Department on the
24th. ulto., and after the completion of this building a new
school for Moose Factory will have priority of place in our
Society's list of new schools required. It is hoped that the
double Anniversary referred to above may be commemorated by
the erection of a fully modern school at this centre.

Commending this important matter to your sympathet-
ic consideration, I remain, with very kind regards,

Yours very truly,

T. B. R. Westgate

February 25, 1929.

Dear Dr. Westgate:

I have your letter of the 11th instant, urging the Department to consider the rebuilding of the Moose Fort Indian Residential School next year. The Department is finishing the Alert Bay Indian Residential School this year and is commencing the erection of the Old Sun institution. The earliest possible date for the proposed new school in the Lesser Slave district is 1930. In view of these pressing claims on the Appropriation for Indian Education, it is uncertain when funds could be provided for capital expenditure on James Bay.

Yours very truly,

Duncan C. Scott

Re Moose Factory School

Sir:

I have the honour to enclose herewith receipted vouchers covering payment of freight charges in connection with the above named School for your consideration.

It will be noted that Statements are numbered I and II the total of the former being carried forward to the latter, making a grand total of \$ 837.49 of which sum \$ 276.08 is the responsibility of your Department, as shown on Details of Shipment attached, and authorized in your letter No. 44-6-5 of the 27th of February 1928.

May I request that cheque in favour of the Commission may issue in due course.

I have the honour to be

Ottawa, March 19, 1929.

Reverend Sir:

I have your letter of the 14th instant, enclosing receipted vouchers covering freight charges paid by the M. S. C. C. to the Hudson's Bay Company for freighting supplies from Montreal to Moose Fort during the summer of 1928, and requesting that this Department make reimbursement to the amount of \$276.08.

In this connection, I would refer you to official letter of February 27, 1928, authorizing the purchase of the equipment for which you now request payment of the freight charges, and in which it was stated that the Department considered the church authorities should be responsible for the freight costs.

I would point out that the Moose Fort Residential School is in receipt of a higher per capita grant than schools nearer lines of communication, to assist in covering costs of transportation of supplies, etc. The accounts which you submitted are returned herewith.

Encl.

Your obedient servant,

A. F. MacKenzie

WINNIPEG, MAN. March 25rd, 1929.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

With further reference to your letter of the 19th. instant, number 44-6-5, relative to the payment of freight charges on equipment sent last year to our Moose Factory School, I beg to state that your decision has placed our Commission in a decidedly awkward position, as they had reckoned from the wording of your letter of Feb. 27th, 1928, 44-6-5, that you would purchase and pay the freight charges on the kitchen range, iron beds and mattresses, if they purchased and paid the freight charges on the laundry washer. They closed their books for 1928 on this understanding, and now they are faced with an expenditure which they never anticipated, and which it seems to them from the wording of your letter already referred to, they should not now be asked to meet.

In the light of this explanation I shall be glad to know if you will reconsider your decision. The matter will have to be referred to our Executive Committee in Toronto, as our Commission's credit lapses at the end of each calendar year. I shall, however, withhold any further immediate action until I hear from you again.

I have the honour to be, Sir,
Your obedient servant,

T. B. R. Westgate

WINNIPEG, MAN. March 20th, 1929.

The Secretary,
 The Department of Indian Affairs,
 Ottawa, Ont.

Dear Sir:-

The Acting Principal of our Society's School at Moose Factory has submitted the following items in his list of requirements for this year, which our Commission have instructed me to ask your Department to kindly purchase and forward by the Hudson's Bay Co's steamer due to leave Montreal about July next.

Linseed paint oil	10 gal.
Turpentine	10 "
White lead	250 lbs.
Putty	50 "
Paint for dormitory.. girls. Green	50 "
" " " boys. Yellow	50 "
" " childrens dining room. Green	75 "
" " Study	25 "
" " Bedroom	25 "

The total cost of the above f.o.b. Montreal should not exceed \$130. In addition to these he also makes an urgent request for a 2½ h.p. Johnson Outboard motor for an 18 foot freighter canoe which our Society purchased last year. The cost of this, as given in the Eaton catalogue is \$175., but I can secure the same engine from another source for \$151.50. In the list of requirements presented by our Society to be provided by your Department for this School this year, the sum of \$1,000. was included for a canoe and engine. As it is expected that a new school will be built at this centre within the next two years, our Commission are of the opinion that the freighter canoe already purchased, if provided with the small engine requested, will meet the School's needs until the larger and fully modern School has been completed.

I shall be obliged, therefore, if your Department will

Rev. Sir:

I have your letter of the 23rd instant, with further reference to freight charges on equipment for the Moose Factory Indian Residential School. In view of the difficulty in which your Commission is placed, the Department has reconsidered the matter, and if you will forward vouchers, in duplicate, supported by receipts, the sum of \$276.08 will be reimbursed.

I have also your letter of the 20th instant, with reference to this year's requirements at Moose Factory. I regret to inform you that there are no funds provided for special needs other than urgent repairs. However, I am pleased to authorize an expenditure of \$130 for paint and to meet the freight costs relative thereto. When the purchase has been made, you may forward a properly certified account, in duplicate, and you might have the transportation company bill the Department for the freight on this shipment only. You will be expected to certify the accounts, of course.

Your obedient servant,

A. F. MacKenzie

Dear Sir:-

Re - Paint for Moose Factory School.

With further reference to my letter of the 20th. inst. embodying a list of requirements for our Society's School at Moose Factory, I deeply regret that I overlooked three items of paint which the Acting Principal requested as follows:-

Paint for Boarding School roof, Red		50 lbs.
" " Barn		50 "
" " Other buildings		50 "

The total estimated cost, not including freight, is \$24.15. If you will kindly add the above items to those listed in my letter of the 20th. instant and forward them in the one shipment, I shall be deeply obliged. This shipment should be consigned to Mr. S. Waller, Acting Principal Moose Factory Boarding School, Moose Fort, James Bay, and forwarded by the Hudson's Bay Co's steamer due to leave Montreal July next.

Believe me, Sir,
Yours very truly,

TBRW/JF

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

With further reference to the Johnson Outboard motor mentioned in my letter of March 20th, I beg to state that in a letter just received from Mr. Waller, the Acting Principal of our Society's School at Moose Factory, he requests that this motor be forwarded to Island Falls, Ont., as he has received a promise from Constable Chisholm, R.C.M.P., that he will bring the same from Island Falls to Moose Factory free of charge. As Mr. Waller would receive the motor much earlier by this route than if sent by the Hudson's Bay Company's steamer from Montreal, I shall be obliged if you will kindly have it sent via the Island Falls route. It should be consigned to the following address:-

Mr. S. Waller,
Moose Factory,
c/o Hudson's Bay Company,
Island Falls, Ont.

When ordering the motor I shall be obliged if you will kindly note that it will be fastened to a canoe with a pointed end and not a square end. I mention this in order that the motor may be supplied with the right sort of clamp for attaching it to the canoe.

Trusting you may be able to accede to this request,
I remain, Sir,
Yours very truly,

Rev. Sir:

I have your letter of the 4th instant, referring to the supplying of a Johnson outboard motor for the use of the Moose Factory Indian Residential School, and requesting that same be sent in care of the Hudson's Bay Company, Island Falls, Ont.

In reply I beg to say that while the Department, in official letter to you of the 27th ultimo, authorized the supplying of \$130 for paint and payment of the freight costs thereon, no mention was made of supplying an outboard motor. As you were informed in letter referred to, there are no funds provided for special needs at this school other than urgent repairs. The Department, therefore, regrets that it will be unable to supply this school with a motor.

Your obedient servant,

A. D. McLEAN

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

For some time the Acting Principal of our Society's School at Moose Factory has been pressing our Commission to provide increased accommodation for the pupils. In support of his request, he points out that during the winter months, the children's dining-room has been used as a play-room as well as a laundry and drying-room. As a temporary solution of the difficulty he first suggested that our Commission should provide the School with a number of army huts, but the Commission declined to provide these on account of the expense and asked him to submit a further recommendation.

In a letter just received, he mentions the possibility of having logs converted into lumber locally by the Hudson's Bay Company's mill for the cost of operating the mill only. He states that if the logs are on hand when the Company's mill is in operation, the cost would not amount to very much. In his letter to me he failed to submit any estimate of the cost and as it takes so long to receive a reply to a letter addressed to this School, I shall be glad to know if your Department will sanction an expenditure, say, \$500.00 to have lumber cut in the way the Acting Principal suggests. The Acting Principal writes in this connection, in part, as follows:-

"If we had a supply of ready lumber, and are allowed to use our own initiative, we could solve many of our problems with very little cost. We should have on hand our own supply of lumber at all times to avoid being at the mercy of the Company for every little piece required for repair work throughout the year."

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

In the list of requirements which our Society asked your Department to furnish this School this year, the sum of \$1,000.00 was included for a canoe and engine. As our Commission have already purchased a canoe which will meet the School's needs until a new and larger school has been provided, and as the engine which I requested your Department to provide in my letters of March 20th. and April 4th. will not likely cost more than \$200.00 delivered at the School, I trust that favourable consideration may be given to the request that \$500.00 be sanctioned to provide this School with a supply of lumber which will enable the School Management to erect any smaller buildings and to effect any minor improvements which may be necessary until the new and larger school has been provided.

Should the total sum of \$500.00 not be required to meet the cost of cutting the lumber, the balance could very well be utilized in paying a carpenter to help the School Management with a building or repair work undertaken.

I have the honour to be, Sir,

Your obedient servant,

L. A. Nestgate

The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

With further reference to my letter of March 23 last, and your reply on March 27, #44-6-5, re the payment of freight charges on equipment forwarded to our Moose Factory Indian Residential School, I enclose herewith the vouchers in duplicate requested, and will be glad to receive your cheque for the sum of \$276.08 as promised in your letter.

On the sheet marked "D", you will observe that the total amount paid in this connection was \$837.49. Of this amount the sum of \$350.09 is chargeable to our Woman's Auxiliary and the sum of \$211.32 is being met by our Commission. The remainder of the amount, namely \$276.08 is the sum for which application is now being made to your Department in keeping with your letter of March 27 last.

Thanking you on behalf of our Commission for your kind consideration in this matter,

I remain, Sir,

Yours very truly,

T. B. R. Westgate

DATE 1929.	SERVICE	AMOUNT
April 13	To amount of freight charges paid Hudson's Bay Company on shipment of supplies by boat from Montreal to Moose Factory for the use of the Moose Factory Indian Residential School	\$ 276 08
The Department authorized the M.S.C.C. of the Church of England to purchase beds, mattresses, kitchen range, etc., (accounts for which have been paid) for the use of the above named school. This equipment was forwarded by Hudson's Bay Company's boat from Montreal along with other supplies being sent by the Church authorities who have paid the freight and other shipping charges. The Department's share of the freight charges amounts to \$276.08 and a refund of this amount is due the Church authorities as per attached account.		
Certified correct, supplies furnished, charges fair and just. <i>J. D. Sutherland</i> 13/4/29. <i>Per</i> 16/4/29. 216		
TOTAL,		\$ 276 08

I HEREBY CERTIFY that this Voucher is correct, that the material has been supplied, the work performed and that the charges are fair and just; also that the expenditure has been incurred legitimately and that each item of the same is a fair and just charge against the Government of Canada.

Food in Work and Lounge Areas

There have been many instances where persons have been observed eating food or drinking beverages in unauthorized areas. It is a known fact that mice are attracted to areas within buildings where food is prevalent.

This memo is to advise everyone within the National Library and Archives Building that food and beverages ARE NOT to be consumed in general office, stack, lounge or lobby areas. Allowances are made for boards and conferences where consumption of food and beverages is controlled.

Your co-operation in assisting in the control of the above would be greatly appreciated.

Aliments dans les zones de
travail et les salles de repos

On a constaté à plusieurs reprises que certaines personnes se permettent de boire et de manger là où bon leur semble. Tout le monde sait aussi que les souris sont attirées dans les locaux où l'on garde des denrées alimentaires.

Veillez donc prendre bonne note qu'il est INTERDIT de consommer des aliments dans les bureaux, les magasins, les salles de repos et le hall de la Bibliothèque nationale et des Archives publiques. On tolérera la consommation d'aliments dans les salles de réunions et de conférences, où le service est bien contrôlé.

Nous vous saurions gré de bien vouloir nous apporter votre collaboration à cet égard.

Reverend Sir:

I have your letter of the 17th instant, with reference to a foundation for the new Hay River infirmary. The Department approves of the suggestion that logs be used in this connection.

As there will be no expense in connection with the above improvement, funds can be made available for the purchase of a 2½ horse power Johnson outboard motor for the Moose Factory Indian Residential School. You may make the purchase and forward a properly certified account, in duplicate. It is understood that your Society will be responsible for the freight charges to Moose Factory.

2. New school for Moose Factory. The present school was established on Sept. 5th, 1905, with funds provided by the Church of England, and was the first "Boarding School" established in that part of the Dominion. After 25 years of service the building is no longer fitted to meet the increased need and increased demand for educational facilities among the Indians in the surrounding areas, and consequently should be replaced at the earliest opportunity. The Indian peoples themselves have been pressing our Society for a larger and fully modern school building, and as the year 1930 will mark the 25th anniversary, not only of the establishment of the "boarding" school at this centre, but also the 25th anniversary of the signing of the Treaty with the Indians at that centre, it is earnestly hoped that provision may be made in the Departmental estimates to supply this building next year.

The extension of the T. & N.O. railway from Island Falls to a point beyond the most difficult of the rapids on the Abitibi River, and within a distance of 100 miles of James Bay, will greatly help to reduce the cost of transportation of building material. This consideration, along with the discovery of lignite in that part, and the possibility of rapid developments

in other directions, increase the urgency of having the Indian educational work placed on a satisfactory basis at the earliest date possible. The cost of operating a small school such as that at Moose Factory where the freighting costs are so heavy, and the per capita earnings so small, falls heavily on the funds of the Society, and they are extremely anxious that the situation should be so altered as to make the income and expenditure more nearly meet than at present.

The new school desired should have a capacity of not less than 100 pupils and the estimated cost is approximately \$100,000.00.

Ottawa, March 5, 1930.

Rev. Sir:

I have your letter of the 24th ultimo, requesting that a typewriter be supplied for the use of the Moose Factory Indian Residential School.

In this connection I have to say that, while typewriters are supplied in the case of a number of our larger Indian residential schools where there is considerable official correspondence, it is considered there is not a like need for this equipment at your school. The Department is, therefore, not prepared to incur the expenditure required in furnishing your school with a typewriter at the present time.

Your obedient servant,

A. F. MacKenzie

DEPT. OF INDIAN AFFAIRS
APR 11 2 41/3

Dear Sir

With reference to my request for a
typewriter & your reply of March 5th inst. & file
no 44-6-5, I submit the following

Whilst there are only 30 children
in this type of school & therefore a little
less writing from a numerical stand-
point we still have just the same
number of monthly, quarterly & yearly
report forms to make out & the usual
correspondence in between times & for
purposes of filing & keeping duplicate
copies of all letters sent out a typewriter
is more or less of a necessity if the same
is expected to be done in a business like
manner & with this in mind I again
apply & ask if you would kindly
reconsider the matter & oblige

Respectfully
Yours
J. B. Blackman

Yours Respectfully

APR 19 1930
THE BIBLE HOUSE,
100 ALEXANDER AVE. EAST.

WINNIPEG, MAN. April 15th, 1930.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

The Principal of our Moose Factory School has directed the attention of our Commission to the urgent need of a typewriter, and the similar need of a horse, and I write to ascertain if your Department will kindly undertake to provide both of these requirements.

In the list of requirements at this School included in the general list submitted to your Department last Autumn, the following items were mentioned:-

Hen house	\$ 150.00
Implement shed	200.00
New closets	100.00
Sundry repairs	500.00
Bread making machine ...	100.00
One horse	300.00

As the typewriter was not included in the above list, one of the other items could be dropped in order that this very necessary article of equipment may be sent forward. As the per capita cost of operating this School is approximately \$274.00 per year, and the grant received from your Department is only \$185.00, you will understand the difficulty with which our Society is faced in providing such items of equipment as those I have mentioned. As the horse and typewriter should both go forward by the Hudson's Bay Co's steamer from Montreal early this summer, I shall be glad to know if your Department will kindly arrange for the purchase and shipment of the same.

I have the honour to be, Sir,
Your obedient servant,

L. R. Westgate

April 23, 1930.

Memorandum:

OK
DR. SCOTT

One Thousand Dollars (\$1,000.00) is available for improvements at the Moose Fort Indian Residential School. Dr. Westgate now writes regarding the urgent need for a horse and for a typewriter. The Reverend Principal had written regarding a typewriter and, as the school was only a small one, the request was refused. In view of Dr. Westgate's urgent letter, I propose, with your concurrence, to supply a typewriter and to arrange for the purchase of a horse. The Department has been asked to place these on the Hudson's Bay steamer for Montreal, early this summer. The Live Stock Branch of the Department of Agriculture would, no doubt, secure a horse for us.

Ottawa, April 24, 1930.

ATTENTION: Mr. MacRAE

Dear Sir:

Pursuant to telephone conversation, I have to request that you arrange for the purchase of a horse for the use of the Moose Fort Indian Residential School. The animal might be purchased in or near Montreal and it should be placed on the Hudson Bay Company's steamer which visits James Bay this summer. If your Montreal representative communicates with the Hudson Bay Company, he can learn on what day the boat will sail and could arrange his purchase and shipment accordingly.

The horse should be consigned to

Rev. J. Blackburn,
Indian Residential School,
Moose Factory,
via Hudson Bay Company's steamer
from Montreal.

The account, in duplicate, covering the purchase price of the horse and any incidental expenses, should be certified by yourself and forwarded to me for payment. You might have your representative ask the Hudson Bay Company to bill this Department direct for the freight charges. Your representative will learn whether he or the Hudson Bay Company will provide hay for the boat trip.

What is required is an animal for light agricultural work, and your suggestion that it be from 4 to 6 years of age, approximately 1400 lbs., gentle and well broken, is satisfactory to this Department, and your estimate of approximately \$200 for the price of the animal is also satisfactory.

Your obedient servant,

A. F. MacKenzie
A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Dear Sir:-

Re: Paint & Sewing Machine for
MOOSE FACTORY SCHOOL

Our Commission have been requested by the Principal of the Moose Factory School to furnish him with a treadle sewing machine (estimated cost of the Eatonia machine f.o.b. the School, \$75.00) - also 200 lbs. white lead, 10 gallons turpentine, 10 gallons linseed oil and 10 lbs. putty, (estimated cost f.o.b. the School, \$50.00). At a meeting of our Commission held on the 29th. ulto. I was instructed to ask if your Department would kindly undertake to meet these requirements.

In the general list of requirements submitted to your Department by our Society last autumn for inclusion in your estimates for the current fiscal year, a bread-making machine was included. As our Commission have decided not to press for this item of equipment this year, they considered that it would be reasonable, on their part, to ask you to supply the sewing machine and paint instead. If you agree to grant their request in this respect, I shall be obliged if you will arrange for the items mentioned to be shipped by the Hudson's Bay Company's steamer from Montreal.

I have the honour to be,

Sir,

Your obedient servant,

V. T. B. R. Westgate

Gentlemen:

I have to request that you will arrange to supply, from your branch office in Montreal, one (1) Singer sewing machine, described in your catalogue as follows: -

No. 2 - 5 Drawer Machine, 127 - 3 G.O.

This machine should be delivered to the

Hudson's Bay Company,
Shed 47, Montreal Wharf,

before the 20th of June, next, to go forward by their boat from Montreal, and should be addressed as follows:

Rev. J. Blackburn,
Indian Residential School,
Moose Factory, James Bay.

The machine should be strongly crated in order to prevent any damage in transportation to Moose Factory.

Your account, in duplicate, covering the cost of the machine should be forwarded direct to this Department. It should show the retail price and discount of 50% off the 90 day list price, "on which terms purchase is made".

I should be pleased if you would arrange to have this machine delivered to the Hudson's Bay Company before the date mentioned above.

Yours very truly,

F. H. Paget

F. H. Paget,
Accountant & Purchasing Agent.

Ottawa, May 7, 1930.

Rev. Sir:

I have your letter of the 2nd instant, requesting that a sewing machine and a quantity of white lead, turpentine, linseed oil and putty be supplied for the use of the Moose Factory Indian Residential School.

In reply I have to say that an order is today being placed with the Singer Sewing Machine Company to deliver from their branch office in Montreal one Singer sewing machine. This is the type of machine we supply to all our residential schools. The above Company have been requested to make delivery to the Hudson's Bay Company, Shed 47, Montreal Wharf, before the 20th of June, next, so that the machine can be forwarded by their boat to the Principal of the School.

You may arrange for the purchase and forwarding of 200 pounds of white lead, 10 gallons turpentine, 10 gallons linseed oil and 10 pounds putty. If the order is placed with the Hudson's Bay Company, Winnipeg, they could, no doubt, have their office in Montreal make the purchase and arrange for the shipping of these materials. You should obtain an itemized account, in duplicate, covering the cost. This should be certified in the usual manner and sent to the Department, when payment will be made.

Your obedient servant,

A. F. MacKenzie

GMM/EON

LIVE STOCK BRANCH
OTTAWA

July 12th, 1930.

Dear Sir,-

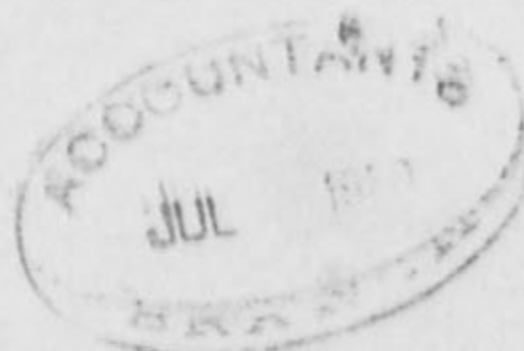

With further reference to your letter No. 44-6-5-
I should say that our officer, H.E. Martinette, secured a five
year old mare, which was shipped by Hudson Bay Boat to Moose Factory
on July 11th. In sending in bills Mr. Martinette writes as
follows:-

"Enclosed bill for horse bought from Paul Henri Deland, L'Acadie,
P.Q., said bill also include hay bought from Mr. Deland, and his
expenses to take the mare from L'Acadie to shed. 47 Montreal.
I also enclose a bill for the few things I had to buy for that
shipment and for which I paid myself. I have no bill of lading
to send you; the only thing I could get was the enclosed document
showing that I had delivered the horse to the Hudson Bay Co.
The mare was in good condition and sound; they loaded her in a crate
made for the purpose and she was very quiet; I hope she will get
there in good shape. I told Mr. Deland that a cheque would be
forwarded to him without delay, therefore I hope you will see that
there is no delay."

The Mare cost \$195. and Mr. Martinette had to allow \$5.00 for
delivery and \$5.62 for the supply of hay making a total of \$205.62
due and payable to Mr. Paul Henri Deland.

A. F. MacKenzie, Esq.,
Acting Asst. Deputy & Secretary,
Dept. of Indian Affairs,
Ottawa.

A.F.M.2.

I also instructed him to buy two hundred pounds of bran, for which is herewith enclosed, also a pail and a blanket, and to pay for them himself. You will find the bills for these articles attached.

Will you kindly at your earliest convenience send a cheque to Mr. Deland and also one to Mr. Martinette. In closing I should say that Mr. Martinette assures me that the mare is a good animal, sound and quiet. I sincerely hope that she will reach destination in good condition and prove satisfactory to all concerned.

Yours faithfully,

C. M. MacPhee,
Chief, Horse Division.

Gentlemen:

Your account to the amount of \$115.97, covering various items of supplies, furnished by your Moose Factory post to the Indian Residential School at Moose Factory, is returned herewith, as it is considered that payment of same should be made by the church authorities under whose auspices the school is conducted. I would suggest that you either return the account to Rev. Jos. Blackford, Principal of the School, or take the matter of payment up with Rev. T. B. R. Westgate, D. D., Field Secretary, M. S. C. C., 39-43 The Bible House, Alexander Ave., Winnipeg, Man. Dr. Westgate has the financial oversight of this school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Dear Sir:-

May I again appeal for the \$ 20.00 (twenty dollars) grant which has usually been given to this Residential School each year towards purchasing prizes to be given to our children on their Annual Exhibition and Sports Day, held in September? I may state I received the grant last year and made good use of it for the childrens prizes.

If the Dept. would make the grant this year we would all appreciate it very much.

Thanking you for your favours of the past,

Yours sincerely,

Joseph Blackburn

Principal.

Rev. Sir:

I have your letter of the 16th instant, requesting that a grant of \$20 be allowed towards the purchase of prizes to be awarded the pupils of the Moose Fort Indian Residential School at their annual exhibition and sports' day to be held in September, next.

In reply I have to say that the Department will approve of you incurring an expenditure not exceeding the above amount in the purchase of suitable prizes. Please obtain an itemized account, in duplicate, covering the cost of the various articles purchased. This account you should certify as follows: "Goods received. Prices charged fair and just", and forward to the Department. If you make payment at the time of the purchase, you should obtain receipted accounts, when a cheque to reimburse you will be sent.

Your obedient servant,

A. F. MacKenzie

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

In a letter just received from the Rev. J. Blackburn, B.A. Principal of our Society's School at Moose Factory, Ontario, he directs my attention to the urgent need of one large Pyrene Fire-extinguisher and three small Pyrene Fire-extinguishers, and I shall be obliged if you will have the same forwarded to him at your earliest convenience. As there is now a weekly train service on the T. & N.O. Railway from Cochrane, Ont. to Moosonee which is the station nearest Moose Factory, there will be no difficulty with regard to the transportation of the same.

Mr. Blackburn states that he applied for six Fire-extinguishers when the late Dr. Hamilton was filling the position of Indian Agent at Moose Factory, and although his application was endorsed by Dr. Hamilton, this equipment was not supplied. He further states that Dr. Tyrer, your representative, at Moose Factory at present, considers that the equipment I have requested above should be provided, and I trust that, in view of the ever present danger from fire, your Department may be able to provide the same.

Your obedient servant,

T. B. R. Westgate

Field Secretary, M.S.C.C.

Ottawa, February 23, 1932.

Gentlemen:

I have to request that you will ship by freight, charges prepaid, addressed to Rev. J. Blackburn, Moose Factory Indian Residential School, Moosonee, Ont., via T. & N.O. Railway, the following fire extinguishers:

- 1 - 5 Gal. pump tank extinguisher, complete with freeze-proof charge;
- 3 - 1½ Qt. Pyrene extinguisher, complete with chemical charge and wall brackets.

This equipment should be supplied at the lowest possible price.

Please forward your account, in duplicate, covering the cost of the extinguishers F.O.B. Moosonee, to Rev. J. Blackburn, who is being informed of the order placed with you and requested, upon receipt of the extinguishers, if in good condition, to certify the account and send it to the Department, when payment will be made.

I would request that these extinguishers be strongly crated in order to prevent damage in transit.

Yours truly,

F. H. Paget
F. H. Paget,
Accountant & Purchasing Agent.

Rev. Sir:

I have to inform you that, at the request of Rev. Dr. Westgate, Field Secretary, M.S.C.C., the Department is today placing an order with the Pyrene Mfg. Co. of Canada Ltd., Toronto, to ship by freight, charges prepaid, addressed to you, Moosonee, Ont., the following fire extinguishers for the use of the Moose Factory Indian Residential School:

- 1 - 5 Gal. pump tank extinguisher, complete with freeze-proof charge;
- 3 - 1½ Qt. Pyrene extinguisher, complete with chemical charge and wall brackets.

The chemicals in these extinguishers will not freeze at a temperature of minus 40 degrees.

The above firm have been requested to forward to you their account, in duplicate, covering the cost of the extinguishers F.O.B. Moosonee. When you receive this equipment, if in good condition, you should certify on both copies of the account as follows: "Goods received - prices charged fair and just" and immediately send same to the Department, in order that payment can be made.

You should see that these extinguishers are distributed at strategic points throughout the school.

Your obedient servant,

A. F. MacKenzie,
Secretary.

OFFICE OF
INDIAN AGENT

44-6-5
Moose Factory April 20th 1933

The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir,

Mr Blackburn, Prinipal of the Ang. Res. School here took the matter of paint for the Res. School and also the day school up with his head office and they asked him to take the matter up with me.

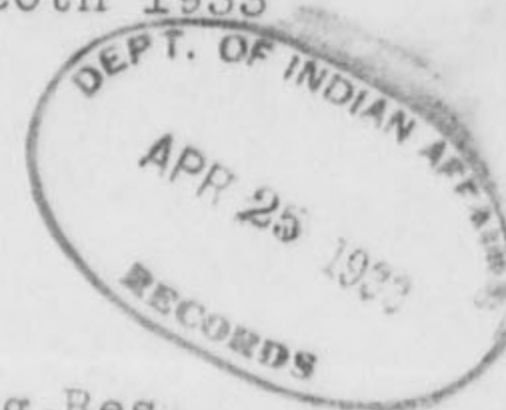

I do not know whether we are responsible for the repair of these buildings or not, but I hardly think we are, but I told Mr. Blackburn I would take the matter up with you. The cost of the paint would be \$80.00 the mission would do the painting.

I might add that this school is in very bad condition and I am afraid it will go to pieces in a very few years.

I would like to have an answare soon,

Yours truly,

W.L. Tyrer
Agent.

Ottawa, April 26, 1933.

Sir:

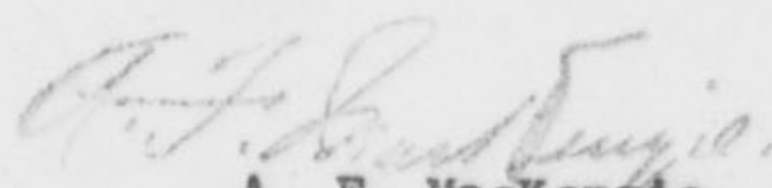

I have your letter of the 20th instant, relative to the request of the Principal of the Moose Fort Indian Residential School to be supplied with paint to the approximate cost of \$80.

In reply I have to say that the Department will have no funds for this purpose. Our Appropriation for the present fiscal year has been cut to the lowest possible point, and no funds are provided for the materials required in carrying out any painting to buildings at Indian residential schools.

Your obedient servant,

W. L. Tyrer, Esq., M.D.,
Indian Agent,
Moose Factory,

R

Dear Sir,

Mr Blackburn has asked me to apply to you for the grant of \$20.00 to buy prizes for a school sports day at the Ang.Res.School at Moose Factory. This seems to have been a regular grant and I included it in my Encumbrance Requisition-"Allot.2" Education--Grants.

In my opinion it would be much better for the school Department of The Department to send sporting goods to the school to this value instead of giving prizes of little or no value and are destroyed in a few days.

Or the Department might send 40 bathing suits ages 8 to 16. these children go in the water almost every day and have no bathing suits, using old cloths and underwear instead of bathing suits.

Yours truly,

W.L. Tyrer

Sir:

I have your letter of the 5th instant, relative to the request of the Principal of the Moose Fort Indian Residential School for a grant of \$20 to purchase prizes for a school sports' day.

In reply I have to say that, as our Appropriation this year has been considerably reduced, no funds are available to provide a grant of the nature requested by the Principal. I regret, therefore, that the Department will be unable to authorize the grant for prizes this year.

We will have available certain funds for the purchase of playground equipment, and will forward to the Principal two footballs and two playground balls. These will be ordered here and forwarded to the Principal. They should be able to make playground bats.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Sir:

I have the honor to inform you that recently, under instructions from the Indian Residential School Commission, I visited their School at Moose Factory.

As you are aware, His Excellency, The Governor General will be at Moosonee between the 8th and 11th Inst., and, will, in due course, inspect the Hudson's Bay Post and Anglican School on Factory Island. Having this point in view, I timed my visit so as to enable certain improvements to be made in the appearance of the School, and buildings in good time.

Dr. Tyrer, the local Indian Agent, was most cordial in his efforts to help me, but informed me he was in receipt of communication from your Department that no money could be spared for painting and redecorating the School. In fact, he showed me your latest communication dated the 26th of April, #44-6-5, in this connection.

For many years now the Commission have hoped that your Department would be able to erect a larger and more modern school for the benefit of the Anglican Indians on Factory Island, and for this cause much-needed repairs have been neglected. The time has now come when repairs can no longer be withheld, and on my recommendation and report, after a thorough inspection, the Commission have authorized an expenditure of \$800.00, to put the School on a satisfactory footing.

MOOSE FACTORY:-

During the current year, 1933, our
Commission have expended approximately \$800.00
on the following improvements:

Paint,
New ice house,
Lumber for a new verandah,
Lumber for barn, etc.

As the expense of these improvements should have been
met by the Department, our Commission beg to request
that an appropriation for this amount be made in
next year's estimates, so that our Commission may
be reimbursed.

His Excellency,

The Governor General in Council,-

The undersigned has the honour to report that, during the year 1933, certain improvements were carried out to the Moose Fort Indian Residential School at Moosonee, James Bay district, in the province of Ontario, by the Missionary Society of the Church of England in Canada, under whose auspices this school is conducted, at a cost of approximately \$800.00. These improvements consisted of painting the school building, repairing the verandah, erecting an ice-house, and repairs to the barn.

The authorities of the above named Missionary Society have requested a grant towards the expenditure incurred by them.

An amount of \$800.00 has been included in the Main Estimates for Indian Education for the current fiscal year, 1934-35, to reimburse the Church authorities towards the cost of the above mentioned improvements.

The undersigned has the honour to recommend that authority be granted for the expenditure of the said sum of \$800.00 for the purpose above mentioned.

WINNIPEG, MAN.

As from. Moose Factory, Ont.
July 18th., 1935.

The Secretary,
The Dept. of Indian Affairs,
Ottawa, Ont.

Dear Sir;

During my visit to this school I have found that it has many needs. I wired to our Commission in Winnipeg to authorize an expenditure of \$100.00 to meet some of these, and this authority has been granted. We cannot, however, provide new desks for the classroom, and as these are very greatly needed I sincerely hope your Department may provide them. I spoke to Dr. Tyrer, your representative here, about this need, and he is forwarding the Principal's requisition for classroom equipment which includes the desks to which I refer. The school management and our Commission will be sincerely grateful if you can come to our assistance in this important matter.

With very good wishes.

Yours very truly,

T. B. R. Westgate

Ottawa, July 25, 1935.

Rev. Sir:

I have your letter of the 18th instant, requesting that new desks be supplied for use at the Moose Factory Indian Residential School.

In this connection I have to say that the Department provided the amount of \$600 in the Estimates for the fiscal year towards the cost of supplying desks for this school. We were awaiting Agent Tyrer's return from treaty paying trips to take this matter up with him and to inform us definitely of the sizes and number of each size of desks required, when the order will be placed here. Agent Tyrer is now being requested to furnish this information at an early date.

I note that you have authorized an expenditure of \$100 to meet some of the needs at this school. It is presumed that this is in the way of repairs and equipment. There was also the sum of \$200 provided in our Estimates for miscellaneous repairs at this school. If you will obtain itemized accounts, in triplicate, certify same in the usual manner and forward to the Department, your Commission will be reimbursed to an amount not exceeding the sum of \$200. It would be more satisfactory for your Commission to make payment, obtaining receipted accounts, in triplicate, when the Department would make reimbursement direct to your Commission.

Your obedient servant,

T. R. L. MacInnes
T. R. L. MacInnes,
Acting Secretary.

Ottawa, July 25, 1935.

Sir:

I have to inform you that an amount was provided in our Estimates for the current fiscal year to cover the cost of desks for use in the classrooms at the Moose Factory Indian Residential School. I have, therefore, to request that you will take the matter up with the Principal and inform the Department as to the size and number of each size of desks required.

For your guidance in deciding as to the sizes of desks required, I enclose a page from a catalogue of a school supply house, from which you will see the sizes and ages of the pupils which they will accommodate. In arranging the seating in the classroom, it would be advisable to have a row of the same size desks, with a front and rear seat. I would request that you furnish the information asked for above, together with full shipping directions, when an order will be placed here.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Ottawa, August 10, 1935.

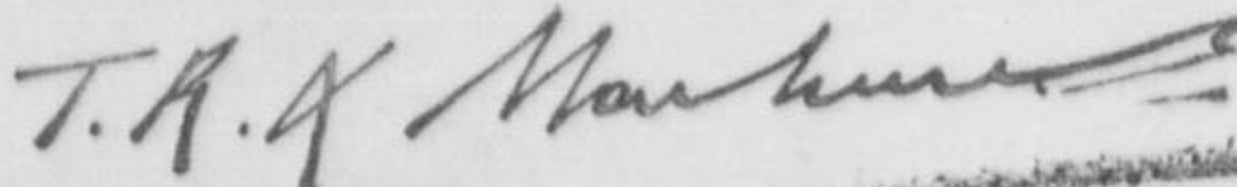

Sir:

I have your letter of the 3rd instant, stating the sizes and the number of each size of desk required for use at the Moose Factory Indian Residential School. It is noted, from the list which you enclose, that the Principal requests 60 single desks, 4 fronts and 4 rear seats.

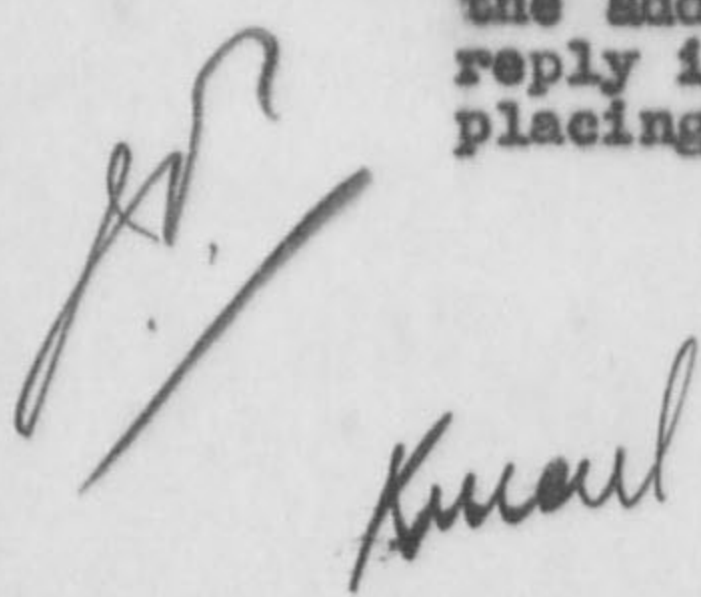

In this connection I would point out that per capita grant is provided for only 40 pupils at the Moose Factory Residential School, and it is therefore not understood why 60 desks should be required, unless a number of the desks are for use in the day school. I would request that you will advise regarding the number of desks required, stating where they will be used. We will not be prepared to provide seating accommodation for more than 40 pupils at the residential school.

Would it be satisfactory to ship the desks addressed to you, Moosonee, Ont. If not, please state the address to which they should be sent. When your reply is received, consideration will be given to placing the order here.

Your obedient servant,

T. R. L. MacInnes,
Acting Secretary.

Ottawa, September 16, 1935.

Sir:

With reference to previous correspondence, regarding the supplying of classroom desks for use at the Moose Factory Indian Residential School, I have to inform you that an order has been placed with the Globe Furniture Company, Limited, Waterloo, Ont., to ship, addressed to you, 60 single school desks, 4 fronts and 4 rear seats, of the various sizes, as mentioned in your letter of August third, last. These desks will be shipped in a knocked down condition.

E.R. 3729

The account, in triplicate, covering the cost, will be sent you. Upon receipt of the desks, I would request that you attach the account to proper voucher forms, certify in the usual manner and forward for payment.

The Principal should arrange to have these desks assembled and set up in the classroom. It is hoped that the desks will be satisfactory and meet the requirements at this school.

Ottawa, October 25, 1935.

Sir:

I beg to acknowledge receipt of your letter of the first instant, with reference to the expenditure of \$197.62 for repairs to the Moose Fort School and barn.

In order to comply with present regulations, it will be necessary for you to prepare a pay list, in triplicate, for the labour which it is noted amounts to \$131.39. The necessary forms for this purpose are enclosed. These pay lists should be receipted by those who were paid for the work, and you should then prepare a voucher, in triplicate, in favour of the Principal of the School if he paid the wages, and attach the pay list to the voucher.

Regarding the accounts from Revillon Freres Trading Company and Hill-Clark-Francis, Limited, it will be necessary to have these accounts in triplicate. If these accounts have already been paid by the Principal they should be receipted. Proper voucher forms, in triplicate, should also be prepared, to which the accounts should be attached. If the accounts are receipted, a cheque will be issued to the Principal, but, if not, cheques will have to be issued to the firms mentioned.

In connection with the account of Hill-Clark-Francis, Limited, it is noted that there is an item reading, "Freight Prepaid - \$9.44". It will be necessary to have a receipt from the Railway Company showing payment of this freight.

OFFICE OF
INDIAN AGENT

JAN 25 1936

RECORDS

Moose Factory Jan 15th 1936

[Handwritten signature]
The Secretary,
Department of Indian Affairs,
Ottawa.

Dear Sir,

Will you give me authority to pay Mr. Thompson the \$0.00 at the end of each month until the 30th of April, so that he could pay the Night watchman. I would get a receipt from Mr. Thompson and the Department would then make the cheque out to me.

I am asking this because the Watchman would like to have his pay at the end of the month instead of waiting until the cheque comes from the Department.

Authority for paying a night watchman is your letter of March 19th 1935-No-44-6-5.

Yours truly,

[Handwritten signature: W.L. Tyrer]

Dear Sir,-

With reference to your letter of the 15th instant, you may forward a voucher at the end of each month for the allowance made by the Department towards the salary of a night watchman at the Moose Fort Indian Residential School.

These vouchers should be issued in the future as in the past, in favour of the Principal.

Yours truly,

A. F. MacKenzie.
Secretary.

RETURN OF LABOUR on the Moore Factory, Schenck & Bond

for week ending July - Sept / 33-

[illegible]

I hereby certify that the services have been performed and prices are fair and just.

Recommended for payment

Cheque No.

W. L. L. L.

AGENT

Ottawa, February 5, 1936.

Dear Sir:

I have to acknowledge receipt of the voucher, with accounts attached, which you forwarded, in favour of the Principal of the Moose Factory Indian Residential School, for material and labour in carrying out repairs.

It is necessary to return the account of Revillon Freres Trading Company, Limited, as sufficient information is not given thereon, regarding the quantity of lumber supplied. You should obtain another account, in triplicate, from this company, giving in detail the quantities of the various kinds of lumber and the price charged. You should have the account receipted as "Paid" by the Company, attach same to proper voucher forms, certify in the usual manner and forward to the Department, when payment will be made to the Principal for this expenditure.

A cheque to the amount of \$177.57 is being forwarded to the Principal, covering payment for wages and for material supplied by Hill-Clark-Francis, Limited.

Yours truly,

A. F. MacKenzie,
Secretary.

Dr. W. L. Tyrer,

Ottawa, February 6, 1936.

Dear Sir:

With reference to your recent letter sending back an account which had been returned to you in official letter of October 25th, it is found that the account of Hill-Clark-Francis Limited has not been receipted, although the voucher which you submitted is in favour of the Principal of the Moose Factory School.

You will note from the third paragraph of official letter of October 25th that, in order to permit the Department to make payment to the Reverend Principal, the accounts must be receipted. You should, therefore, carry out our instructions in connection with this account. If the Principal has not paid the account, you should prepare a voucher in favour of Hill-Clark-Francis Limited and attach to it the enclosed accounts and forward to this office, when cheque in payment of the account will be forwarded direct to the Company.

I would point out that the first item of the account reads: -

60 Pcs. 1x4x8 Merch. J. P. T&G 240'.

In checking this item, it is found that the Company should only have charged for 160'. The necessary change should be made on the account before it is returned.

Yours truly,

A. F. MacKenzie,
Secretary.

Dear Sir,

In reply to your letter of Jan.
29th No-44-6-5.

I am afraid I took it for granted
that you would authorize me to pay this salary at
the end of each month so I did so at the end of
January and sent you a voucher in favour of
myself with the receipt of the Principal attached.

Will you please cancel that voucher
and return the Principals receipt which he will
redeem.

Yours truly,

Attention: Rev. Gilbert Thompson

Dear Sirs:

We are in receipt of your letter of February 27th, in connection with our invoice of August 28th, pointing out that our first item should have been 160 feet. On checking back to our original invoice this should have been 90 pieces, but apparently when our girls were making the copy this was put down as 60.

We are very sorry that this mistake was made, but would also like to draw to your attention that this invoice was dated August, and if your people who received these goods had checked them off they would have found that there were 90 pieces, and this should have been marked on our copy, provided that our original showed 60. No doubt they will still have a record, but this invoice is now over five months old, and should have been paid at least four months ago.

We are changing the item to 90 pieces, and trust that you will be able to trace this, and also that your cheque will be sent as soon as possible.

Yours very truly,
HILL-CLARK-FRANCIS, LIMITED,

J. E. Allan
Secretary-Treasurer.

Ottawa, April 24th, 1936.

Dear Sir,-

The Department has just received from your office the account of Hill-Clark-Francis, Limited, in connection with lumber supplied to the Moose Fort Indian Residential School. The total amount of this account is \$46.23, which included an item of \$9.44 for freight. You were informed in official letter of October 25th, last, that it would be necessary to have a receipt from the railway company showing payment of the freight. You did not enclose this receipt and, consequently, the Department can only allow payment of \$36.79.

If you can obtain a receipt for the freight from Hill-Clark-Francis, Limited, you may attach same to a voucher and forward for payment.

Yours truly,

A. F. MacKenzie.

Ottawa, December 4th, 1936.

Dear Canon Gould,-

Recently, I had an opportunity of discussing with the Honourable, the Minister, the proposal of the Church of England to erect, at their own expense, a new building to replace the present Moose Fort Indian Residential School.

In the event of your doing so, the Minister is disposed to favourably consider providing per capita allowance for one hundred (100) pupils, if accommodation for that number is available in the new building.

Yours very truly,

Director of Indian Affairs.

Dear Dr. McGill:

Your letter, dated the 4th inst, file 44-6-1, stating that my proposal to erect at the expense of the Church of England in Canada "a new building to replace the present Moose Fort Indian Residential School" was submitted by you to the Minister and that he "is disposed to favourably consider providing per capita allowances for one hundred (100) pupils, if accommodation for that number is available in the new building;" was considered by the Executive Committee of this Society at its meeting on the 15th inst.

The Executive Committee decided unanimously to proceed this summer with the erection of the building in question on the assumption that the Minister being satisfied of the accommodation provided in the new building, a further letter would be received from him definitely accepting the proposal as submitted by me to you; viz, that the provision will be made for per capita grants, at the existing rate of \$200.00, for 60 additional pupils bringing the total provision up from the present number of 40 to 100; this rate to continue unchanged for a period of 10 years after we have secured an attendance of 100 pupils in the new school.

Concerning our ability to obtain 100 pupils, the Bishop of Moosonee, who knows the Anglican Indian population of the District very thoroughly and whom I consulted on the point, states in part in his reply as follows:

"Wherever I have gone during the past three years particularly, I have been besieged with requests from parents to have their children admitted to the Moose Boarding School and have been obliged to say there was no room.... So that I have not the slightest doubt that we can secure 100 pupils for the school at Moose."

MEMORANDUM:

Deputy Minister.

When discussing our Estimates with the Minister and yourself on the second instant, you will remember I mentioned that the Church of England had proposed that, if the pupilage at the Moose Fort Indian Residential School were increased from forty (40) to one hundred (100), the Church authorities would be prepared to erect a new building suitable for the accommodation of the increased number of pupils.

Honourable Mr. Orerar expressed his willingness to favourably consider the offer of the Church of England and I so advised Canon Gould on the 4th instant.

Canon Gould replied by stating that the Church of England is prepared to proceed with the erection of a new building during the coming summer and requests that, in addition to the increased pupilage, the Department provide the children's desks, blackboards and other minor equipment for the classrooms.

At the present time the Department is allowing grant for a pupilage of 40. The rate per capita at this school is \$200. Consequently, the increased per capita allowance would be \$12,000. The cost of the desks, blackboards, etc., would be approximately \$900.

I would recommend that Rev. Canon Gould be informed that, on the completion of the new building, grant for 100 pupils will be allowed and also that the Department will provide the desks and blackboards.

Harold W. Gill
Director of Indian Affairs.

Dr. Harold McGill.....2

The Principal of the School places the number that would desire admittance to the new school from 120 to as high as 150. There is, therefore, I am convinced, no question concerning an enrollment to the capacity of the school at an early date after it is erected and open.

As you are aware, I think, Mr Orr is now drafting a plan for us which will ensure that the dormitory space provided has the necessary cubic air content conforming to the regulation of the Department.

Under these circumstances, I am assuming that the final and full agreement of the Hon'ble, the Minister, is assured and that I may proceed as soon as the plans are completed to take the steps necessary for the erection of the school during the coming summer since the large amount of materials necessary must be delivered at Moosonee for transportation over the ice before the Spring break-up.

It was further understood and agreed between us that the Department would provide the cost - seats, blackboards, etc - of the equipment of the new classrooms; in this case to be provided for in a separate building.

Believe me,

Yours very faithfully,

S. Field
General Secretary.

Dr. McGill,
Director of Indian Affairs,
Booth Building,
OTTAWA, Ont.

Dear Dr. McGill:

Following the receipt from Mr Orr of outline plans for the accommodation of 100 pupils in the proposed new Indian Residential School building at Moose Factory, I am having the working plans prepared by our local architects. On the completion of their work I propose to award the contracts for the large amounts of material etc.

On reading copy of my letter to you, dated the 18th inst, I note that the word "existing" in the second paragraph was inserted through a mistake and should, in consequence, be omitted.

The main building will measure 38 by 115 feet, and be three storeys in height. The wing will measure 30 by 64 feet providing space for boys recreation room, laundry, boys and girls wash rooms, on the ground floor: the whole of the second floor being devoted to classrooms.

All the lumber will be cut to size and form in a mill at South Porcupine, shipped to Moosonee and transported over the ice to Moose Factory Island. As soon in the Spring as the thawing of the ground permits the placing of the foundations, the work of erection will proceed with great speed.

As stated in my letter, dated the 18th inst, I am interpreting your letter dated the 4th inst to mean that on completion of a building with accommodation for "one hundred (100) pupils" departmental provision at a per capita of \$200. will be made for ten years for that number. It is because

of my anxiety to exclude any possible occasion in the future of misunderstanding on this essential point that, at the risk of repetition, I am writing this further letter.

Failing any advice from you to the contrary, I shall proceed as indicated above.

With every good wish for the New Year,

Believe me,

Yours very faithfully,

S. J. Jones
General Secretary.

EX'D.

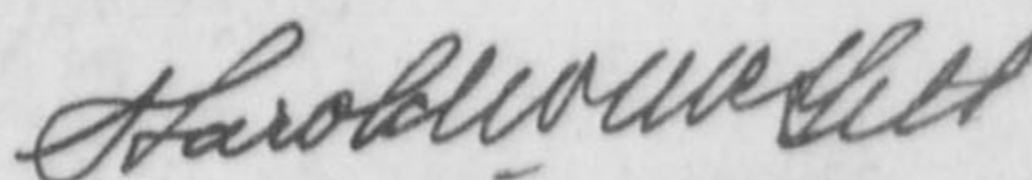

Ottawa, January 11, 1937.

Dear Canon Gould:

I received your letter of December 31st, with reference to the new Indian residential school which the Church of England proposes to erect at Moose Factory, Ont.

On receipt of your letter of December 18th, I formally placed your request for increased pupilage and seats, blackboards, etc., before the Honourable the Minister. As yet, I have not received his reply, but expect to do so in the near future and will immediately write to you. I would suggest that you hold your plans in abeyance until you hear further from me.

Yours very truly,

Director of Indian Affairs.

Dr. McGill,
Director, Department of Indian Affairs,
Booth Building,
OTTAWA, Ont.

Dear Dr. McGill:

Pursuant to our conversation of yesterday morning (preceded by your letter dated Dec. 4th, 1936, my letters dated Dec. 18th and 31st, 1936; your letter, dated Jan. 11th, 1937, and our conversation by long-distance telephone on the morning of January 12th, 1937) it appears to me desirable that the existing situation should be set out in writing.

The interpretation by the Executive of this Society of your letter, dated Dec. 4th, 1936, is set out so clearly in my letters dated Dec. 18th and 31st, that I do not need to do more than to quote the explicit sentence at the close of the first paragraph of the latter letter, viz; "On the completion of their work (i.e. the architects) I propose to award the contracts for the large amounts of materials, etc."

The architects work was completed and on January 7th (four days prior to the date, Jan. 11th, of your letter) the contracts in question were awarded. Our total commitments under the plan are now in the neighborhood of \$30,000.00.

These actions of ours, I submit, are in direct accord with the correspondence, and I trust that we may be favoured, at an early date, with the complementary action of the Honourable the Minister.

Yours very faithfully,

S. Gould
General Secretary.

Mr Hoey,
Department of Indian Affairs,
Booth Building,
OTTAWA, Ont.

Dear Mr Hoey:

On looking into the matter, I find that the current rate of per capita grants for the Moose Factory School is \$200.00, not \$170.00 as stated in my conversation with you yesterday afternoon. My mistake arose from the fact that in a letter from the Assistant Secretary-Treasurer of our Indian Residential School Commission he had mistakenly quoted the lower figure; on the other hand the amounts given in the body of the letter showed that the same were made up on the basis of a per capita grant at the rate of \$200.00 per annum. My letters in this connection to the Department, therefore, stand as written.

Please accept this expression of my every good wish for the success of your very important work on behalf of the Indian Wards of the Dominion.

Yours very faithfully,

S. Gould
General Secretary.

Dear Dr. McGill:

Enclosed please find copy of self-explanatory
letter of today's date to Mr Hoey.

I cannot understand how the Assistant Secretary-
Treasurer of our Indian Residential School Commission, usually
a very careful man, fell into the error noted. As I have stated
in my letter to Mr Hoey, the sums given in the body of his letter
show that he was computing the same on the basis of a per capita
grant of \$200.00.

Yours very faithfully,

General Secretary

1937.

Dr. Harold W. McGill,
Director of Indian Affairs,
OTTAWA,
Ont.

Dear Dr. McGill:

It gives me much pleasure to enclose enlargement of my snap-shot of our new buildings at Moose Factory.

From right to left the buildings are:

1. The new Cottage Hospital.
2. The Annex, with outside scaffolding still in position, to the main building. The Annex provides on the ground floor for the laundry, the boys and girls wash rooms and the boys recreation room. The second storey consists of two very large and well-lighted classrooms. A closed and covered passageway of twenty feet connects the Annex with the main building.
3. The main building of the school. This building provides, on the ground floor - Chapel, kitchen and dining rooms for the pupils and staff; on the second floor, dormitories for junior boys and girls, office, and staff bedrooms and sitting room; on the third floor, main dormitories for senior boys and girls, with rooms for supervisors; the fourth floor, or attic, provides sewing room, large recreation room for girls and general storage rooms.

The cubic air-space provided for the dormitories is somewhat in excess of that required by the Departmental regulations.

Believe me,

Yours very faithfully,

S. Gould
General Secretary.

C O P Y

REPORT OF THE SECRETARY OF THE COMMISSION ON HIS
VISIT TO MOOSE FACTORY -

NEW BUILDINGS: The two years which elapsed since your Secretary visited this historic centre during the summer of 1935 were busy and eventful ones, and the progress made in that comparatively short time greatly exceeded his expectations. In the establishment of the fully modern Newnham Cottage Hospital, with ten beds, two cots, and one bassinette, and in the creation of a new, three and a half storey Residential School building, with ample accommodation for 100 pupils, the Church of England in Canada has furnished unquestionable proof of her deep and practical interest in all that pertains to the highest welfare of her numerous and devoted Indian people in the Moose Factory and James Bay areas. Never once, so far as your Secretary has been able to ascertain, since the arrival of John Horden (afterwards Bishop) in 1851, has the Church of England failed to provide labourers for this part of the world-wide mission field, and it is surely fitting that the good and glorious work which they began, and carried on so faithfully and so long, should now be maintained and extended by their successors with the increased resources and facilities they have at their command. The double process of maintenance and extension will be vastly stabilized and accelerated through the provision of those two very necessary and very efficient buildings, and one cannot but devoutly thank God for the abundance of wisdom and help bestowed upon the General Secretary of our Society, whereby he was enabled to find a way of making this provision possible.

THE HOSPITAL: As members have already received the printed pamphlet which furnishes considerable information about the Hospital, your Secretary does not consider it necessary to make any detailed reference to it in this report.

At the time of his visit five patients were in residence, two of them having been brought from Fort George, a distance of approximately 500 miles. As two more were expected to be transferred from the Hospital at Cochrane, there is ground for believing that the operating costs may be fully met by the usual grants for patients as made by the Indian Department.

For the time being, at any rate, Nurse Hockin, who is in charge, and Mrs Saucier, the House Matron, are quite sufficient to cope with the work, and additional help is not required.

The General Secretary recommends that responsibility for the Hospital be vested in the Commission, in the same way that the one at Hay River now stands, and your Secretary commends this recommendation to the members for sympathetic consideration and acceptance. It is the opinion of the General Secretary that the unification of control of

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

VERY
POOR
COPY

all the Society's work at this important centre, possesses advantages which should not be disregarded, and he expressed the hope that the members of the Commission would take the same view of the matter.

THE SCHOOL: The new buildings with the annex, the purpose of which will be described later, is pleasing in design, spacious in capacity and substantial in structure. The foundations rest on cement piles with wide footings, and the roofing material is asphalt shingles of the best quality. There is a neat little belfry on the apex of the roof at the east end, surmounted by a cross, and the bell itself, purchased by contributions from the local Indian community, has an unusually mellow tone. As the exterior of the building is painted a cream colour, with door and window frames in brown, the general effect, when viewed from a distance and against a background of green foliage, is decidedly pleasing.

THE ANNEX: At the east end of the main building (School) (which is 115 feet long by 38 feet wide) and connected therewith by a closed-in passage, there is another building, 64 feet long by 30 feet wide, which provides comfortable space on the ground floor for wash rooms for the boys and girls (each 24 feet wide by 15 feet) the laundry, the light and power plant, and a recreation room for the boys (29 feet by 15 feet.) On the upper floor it provides two well-lighted class rooms, each 30 feet by 30 feet, separated by a partition which can easily be removed when the combined space is required for an entertainment or general assembly.

Your Secretary feels confident that the detachment of the class-room work from the main school building will strongly commend itself to the members of the Commission, as it is in keeping with the policy they have been hoping for some years to have adopted at a number of the other schools under their control.

THE CHAPEL: Of all the rooms on the ground floor of the main building itself, undoubtedly the most interesting and beautiful is the one set apart, and furnished in oak, as a Chapel.

The Chapel is 50' 8" in length, 13' 4½" in width, has a Communion Table, Prayer Desk, and two chairs at the Sanctuary end, and a sufficient number of seats and kneeling boards in the nave to accommodate the staff and a capacity enrollment of pupils. The beauty and dignity of this room are greatly enriched by a window (2' 4" x 4' 2") of stained glass, located on the outside wall directly opposite to the main entrance. In the four

- 3 -

corners of this delightfully and artistically coloured window are excellent portraits of Bishop Horden, Archbishop Machray, Bishop Anderson, and the Rev. John West, while a panel in the lower half carries a remarkably fine reproduction of the painting of Bishop Mountain's momentous journey to the Red River. In a corresponding panel near the top of the window may be seen the lady Foundress of the W.A. as she unfolds to the Board of Management, D & F.M.S. the plans which, under Divine guidance and protection culminated in the honoured and Dominion-wide organization so well known today. In the centre of the window appears the Saviour of the World, blessing disciples gathered out of various nations, an Indian and Eskimo included, and, in the border on either side of this central group may be seen the official monogram of the M.S.C.C. and the Winchester Cross of the W.A. Few who see this window are ever likely to forget it, and one can only hope and pray that all who worship in this quiet and peaceful room may receive such fresh inspiration from the record which the memorial window carries of the heroic men and women of the past, as will enable them to dedicate their own lives to similar great undertakings for Christ in the future. Fastened to the walls on either side of the memorial window, and becomingly framed are reproductions of the two paintings by Margaret W. Tarrant, one of which is entitled "LOVING SHEPHERD OF THE SHEEP", and the other "BEHOLD I SEND YOU FORTH".

Other rooms on the ground floor of the main school building are as follows:

1. Childrens' refectory (50' x 30')
2. Staff dining room (13'4" x 13')
3. Hall (45' x 10') with three furnaces
4. Kitchen and pantry.
5. Store room, and
6. Dairy.

At either end of the first floor are spacious childrens dormitories, one of which is 48' x 16' and the other 55'6" x 14'. Connecting these are two passage-ways, each 34' long by approximately 4'4" wide. On this floor is located the Principal's office (15'10" x 12'); the staff sitting room (32'3" x 16' 6"): three bed rooms, each 15'10" x 10'; a guest room of the same size; a women's wash room 15'10" x 7'5"; and a Supervisor's room 16'4" x 10'.

The Second Floor has two dormitories each 56' x 38' and two supervisor's rooms, each 13'4" x 9'.

The Attic provides a room for storing clothing; another room for general storage; a recreation room for girls (49'4" x 14'); and a sewing room 16' x 13'4".

All rooms throughout the building are well lighted and storm and screen windows are available for winter and summer use respectively.

FURNISHINGS AND EQUIPMENT. The annex will be heated by two Banner Furnaces, No. 333, made by the Galt Stove and Furnace Co., and the main school building by three Banner Furnaces, No. 328, year 1921, made by the same Company. The furnaces in the annex will burn wood, and those in the main school building wood and coal.

A Delco plant, Model No. 25-C-1, Serial No. 378902, 2500 watts, and 52 batteries will provide the light, also power to pump the water and operate the two Thor washers to be installed in the laundry.

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

VERY

COPY

The Water Supply is drawn from the river, with a Delco motor (Model 3747, Serial No. G26,115 volts D.C.) installed in a cement shaft on the river bank to operate the pump, and force the water through a 2" pipe to the school, a distance of some 430 feet. Due care has been given to the question of protecting the pipe against the severe frosts of winter.

There is a pressure, also a hot water tank in the laundry, a jacket heater. A table will be provided, also a stove for heating smoothing irons.

Tables and benches were available for the children's refectory, also a table for the staff dining room. Beds for the dormitories had been ordered, and there appeared to be every indication that the building would be ready for occupation by the end of the current year.

AFFILIATED BUILDINGS - such as a modern stock barn, implement shed, poultry house, piggery, etc. will have to be provided as funds from the Department or some other source become available. The "mission house," or staff part of the old school plant will be left standing and used for storing supplies. A root-house can be secured by putting a cement basement under this building. The Principal estimates that about 50 bags of cement will be required, and your Secretary recommends that the Department be asked to provide this, and the affiliated buildings mentioned.

STOCK. The School has four good horses at present, and these are sufficient for current needs. It has four cows milking, one dry, one heifer and one bull. More cows will be required in the Spring.

THE STAFF. The numerical strength of the existing staff, if augmented by one Teacher and one Supervisor, will probably be found sufficient to handle the work of the new and larger school.

THE PRINCIPAL (Rev. Gilbert Thompson, B.A.) is a diligent and capable worker. He conducts three services each Sunday - one at 11 o'clock in the Church at Moosonee, and the other two in the Church near the School, on the Island.

THE PUPILS. The enrolment of pupils at the time of your Secretary's visit was 39, but the daily attendance at the class room was not less than 80. The non-Treaty pupils receiving classroom instruction number 25, and there are about as many Treaty Indian children from the Settlement who benefit in the same way. Rev. Louis Sampson, the Teacher, has carried on the classroom quite steadily and faithfully, but it appeared to your Secretary that his qualifications better fitted him for work amongst senior grades, and none of which are to be found at this school. He himself has a keen desire to return to ministerial work and your Secretary advised him to communicate with some Bishops with a view to securing a suitable opening.

Dr. Harold W. McGill,
Director of Indian Affairs,
Booth Building,
OTTAWA, Ont.

Dear Dr. McGill:

It gives me much pleasure to enclose photographs of the completed Bishop Horden Memorial Indian Residential School at Moose Factory. The photographs are numbered on the back as follows:

- No. 1. Front view of building with annex, showing covered way connecting them.
- No. 2. Rear view of building, and annex, showing fire escape.
- No. 3. Completed group of new buildings as a whole showing, from right to left, the Bishop Newnham Memorial Cottage Hospital, with the annex and main school building.
- No. 4. Side and front of annex, the front of main school building.
- No. 5. Interior of Chapel in the main building, showing in the middle of the right wall opposite the entrance, an historical stained glass window. Of this window I enclose separate photograph -
- No. 5A. This window represents in the bottom right hand corner, the Rev. John West, our first missionary to Rupert's Land who arrived in the Bay in 1820; next to him, bottom panel,

Dr. Harold W. McGill.....2

Bishop Mountain en route by canoe from Montreal to the Red River Settlement, in 1844; bottom right hand corner, Bishop Anderson, first Bishop of Rupert's Land 1848; top left hand corner, Bishop Horden who, as a missionary, arrived at Moose Factory in 1851; top panel, formation of our Woman's Auxiliary in 1885; top right hand corner, the late Archbishop Machray of Rupert's Land, who arrived at Red River Settlement in 1865, and whose diocese at that time included the area now known as the Diocese of Moosonee; the centre panel represents "Christ the desire of all Nations," with an Indian and an Eskimo in the circle of the kneeling figures.

No. 6. One of the two classrooms forming the whole of the second storey of the annex to the main building.

All the buildings are heated with hot air furnaces; those in the main building being coal burning. The cubic air space provided exceeds the amount in the sketch plans supplied to us by Mr Orr.

I am leaving, I may add, on the 24th inst, for health reasons, on six months leave of absence and expect to return to the office on the 1st of next June.

Yours very faithfully,

S. Gould
General Secretary.

Ottawa, November 18, 1937.

Dear Canon Goulds

I have to acknowledge receipt of your letter of November 15 with enclosed photographs of the Bishop Horden Memorial Indian Residential School. I found the photographs very interesting and have passed them on to Mr. Hoey and Mr. Phelan. I may say, however, that one mentioned in your letter was missing; namely, the interior of the Chapel.

I am very sorry to hear that you have been afflicted with failing health, but I am glad to know that you have been able to secure a holiday in consequence and hope this will bring about a complete and permanent recovery.

With my very best wishes for a happy and enjoyable holiday season, I am,

Yours faithfully,

Director of Indian Affairs.

FBS Dept. 8-S
February 11th, 1938.

Attention: Mr. R. A. Williams.

Dear Sirs:-

In line with your request to the Delco Motor Products at Oshawa, and their Mr. Mounts' letter to your attention under date of January 28th. we would quote on equipment for Fire Alarm System and Watchman's Detector Stations for the school at Moose Factory, as follows:-

FIRE ALARM SYSTEM.

System Type SS

Closed Circuit--- operation of any station sounds a predetermined code ring four times on all bells in the circuit. This circuit is supervised and is so arranged that if there is any trouble on the circuit such as grounds or short circuits the trouble bell will ring in the Engineer's or Superintendent's office indicating that there is trouble on the line and should be examined and adjusted so that the system will be maintained 100% for alarm purposes.

This system is for operation on 110 volts, D.C.

11 - Bells #23 - 8" Single Stroke	\$ 22.95 each -	252.45
7 - F.A. Stations - #1275-2 Surface Type	39.10 each -	273.70
1 - Type SS - Control Panel 1 circuit	187.00 each.	187.00
		<u>713.15</u>
		295.80
		<u>\$ 1008.95</u>

Station Used

General Open Circuit System.

Operation of any Break Glass Station causes all vibrator bells in the circuit to ring continuously until a new glass is placed in the station. This circuit is not supervised, and should be tested at intervals to make sure that there is no fault on the circuit in case an actual alarm is put through.

11 - #561 - 8" Bells Vibrating 110 volts D.C.	\$ 19.55 each
7 - #228 - Break Glass Stations, Surface.	10.20 each.

UNLESS OTHERWISE SPECIFIED HEREIN, QUOTATIONS ARE FOR IMMEDIATE ACCEPTANCE AND ARE SUBJECT TO CHANGE WITHOUT NOTICE. TERMS AND CONDITIONS ON THE BACK OF THIS PAGE FORM A PART OF THIS QUOTATION.

PAGE NO. 2

The Church House

February 11th, 1938.

We would strongly recommend the use of the closed circuit type, which we believe to be the ideal system for fire alarm protection, although as you will note the cost of this equipment would be somewhat higher than the equipment as used in the general open circuit system. We are returning with this quotation two (2) sets of blueprints which were brought into us by the Aladdin People, and on these we have marked on the various floors the locations which we believe would be best suited to give a general coverage of the equipment. The fire alarm bells are marked in white pencil with a circle with a line through it. The fire alarm stations are marked with the letter "F" also in white pencil. These are our impressions of where this equipment should be located from the blueprints themselves, but however, either yourselves or the architect might wish to locate at other points in accordance with the building construction. You might also wish to either decrease or increase the number of stations and bells on anyone floor.

We would quote in connection with Watchman's Time Detector System as follows:

WATCHMAN'S TIME DETECTOR SYSTEM.

This System consists of a Time Detector located in the Superintendent's office with outlying magneto stations where the watchman calls and puts through his visit on permanent record in the Time Detector.

1 - #76 - 6 Station Time Detector (Without Clock)	\$ 141.95 each
1 - #75 - 6 Station Time Detector (With Clock)	295.80 each ←
6 - #162- Magneto Stations (Surface)	25.50 each.

You will also find these items marked on the blueprint in white pencil, the "X" denoting the Magneto Station, at which point the Watchman would insert his key and put the magneto station into operation. This would register the time at which that particular station was operated in the Watchman's Time Detector shown as a rectangular shape in white pencil with the letter "D" in the Supervisor's Room on the first floor. In connection with this Watchman's Time Detector System we would point out to you that as it is magneto operated it would have absolutely no connection with your 110 volt D.C. System. The same remarks would apply to the Watchman's Time Detector System, that is, as to quantities and locations as on the fire alarm system.

We are enclosing literature giving general information regarding both the fire alarm and Watchman's Time Detector equipment. All prices quoted would be F.O.B. Toronto, sales tax included.

UNLESS OTHERWISE SPECIFIED HEREIN, QUOTATIONS ARE FOR IMMEDIATE ACCEPTANCE AND ARE SUBJECT TO CHANGES WITHOUT NOTICE. TERMS AND CONDITIONS ON THE BACK OF THIS PAGE FORM A PART OF THIS QUOTATION.

R.A. Hoey, Esq.,
Superintendent Welfare & Training,
Indian Affairs Branch,
Dept. of Mines and Resources,
OTTAWA, Ont.

R

Dear Mr Hoey:

The Principal of our Moose Factory School has directed the attention of our Commission to the need of a fire alarm system with station time detectors, and I consulted the Northern Electric Company from whom the lighting system at the school was secured, with regard to the most suitable kind, and the cost of the same. Enclosed herewith is the original of their reply to my letter.

They recommend the closed circuit system described in their letter (page 1) as the System Type S.S. The cost of this equipment would be \$713.15. As the six station time detectors would cost an additional \$295.80, or a total of \$1008.95, I am writing to ascertain if your Department can authorise this expenditure.

As the need cannot be questioned, and as you know the dilemma in which our Society stands at present financially, your help in this matter will be appreciated more than it is possible to express.

Although I am writing this from our Toronto office, will you please address your reply to me at my Winnipeg office.

Yours very truly,

T. B. R. Westgate

Secretary of the Commission.

Reverend Sir:

I am in receipt of your letter of the 12th instant with reference to the proposed installation of a fire alarm system in the Moose Factory Residential School.

This school was recently remodelled by your Commission and I presume was made as fireproof as possible in view of northern conditions. In addition we make an allowance for a night watchman. No special provision was made in the current year's appropriation for such a heavy expenditure as you request at the Moose Factory Residential School and I therefore regret that favourable consideration cannot be given to your request.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

WINNIPEG, MAN. March 1st, 1938.

R.A. Hoey, Esq.,
Supt. Welfare & Training,
Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa, Ont.

Dear Mr. Hoey:-

Your letter of the 18th ulto. #44-6-5, awaited me on my return from eastern Canada a short time ago, and I sincerely regret the decision embodied therein, not to provide the fire alarm system requested for our Moose Factory School.

When making the request for this equipment as embodied in my letter of the 12th ulto. I was under the impression that as our Society had made a capital expenditure of approximately \$50,000.00 in providing the new school building at Moose Factory, and had therefore, saved your Department that amount, you would be able to help us to the comparatively slight extent indicated, in the same way that you made a grant of approximately \$2,000.00 for equipment at our Aklavik School.

Further, as our Society during the past few years has provided not only the new School building at Moose Factory, but new School buildings at Fort George and Aklavik as well, at a total cost of approximately \$125,000.00, the request did not, nor does it yet, appear to me to be an unreasonable one.

As you state in your letter that "no special provision was made in the current year's appropriation for such a heavy expenditure as requested at the Moose Factory Residential School", I have been wondering if some of the saving effected by your Department through the non-payment of P.G. grants could not be made available for the equipment in question. For instance, had capacity attendance of pupils been maintained in 1937 at all the Schools administered by our Society, our Society's revenue would have been increased by the amounts indicated in the following list:

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)

COPY

R.A. Hoey, Esq.,

- 2 -

March 1st, 1938.

	Capacity	Average Attendance	Loss
White Fish Lake	30	27.57	\$415.11
Blackfoot	100	88.33	\$1829.28
Peigan	50	45.86	\$648.54
Lac la Ronge	100	97.48	\$479.27
Elkhorn	145	142.64	\$380.73
Sioux Lookout	135	99.62	\$5546.21
Chapleau	100	92.61	\$1123.66
Total			\$10422.80

This heavy loss in revenue, along with the further loss of approximately \$10,000.00 through the 5% cut in the grants, will indicate to you the difficulties which confront our Commission in the efficient administration of our Society's Schools, and while there may be some Department ruling to the effect that p.c. grants which are not earned automatically lapse, I trust that if no such ruling obtains, some of the saving effected last year on grants in this way, may yet be applied to the provision of the fire alarm system requested for Moose Factory.

Yours very truly,

L. B. A. Westgate

TBRW/WH

Ottawa, March 7, 1938.

Dear Dr. Westgate:

I have for acknowledgment your letter of the first instant, in which you express regret at the inability of the Department to provide the alarm system you requested for the recently constructed residential school at Moose Factory.

I may state by way of comment that negotiations relating to the construction of a residential school at Moose Factory took place before I entered the Department a little over a year ago. It is my understanding, however, that this school was to be constructed and equipped by the Anglican Church authorities and that the Department, in turn, had promised an increase in pupilage from 40 to 100. These negotiations were carried on by Reverend Canon Gould, representing your Church, and Dr. McGill, Director of this Branch.

I note your reference to the funds that might be available as the result of the regulation which permits us to pay only on the average attendance at residential schools. I may state that the average attendance at residential schools is carefully considered when the estimates are prepared from year to year and an amount necessary to pay approximately 92% of the per capita grant payments included. You

can readily ..

can readily see, therefore, that there is no surplus available from this source. In addition to this, an Order-in-council was passed recently, making provision for the payment of an additional \$5.00 per pupil to residential schools in the province of Saskatchewan. I regret, therefore, that we have not at our disposal in the appropriation of this year the funds necessary for the construction of a fire alarm system at the Moose Factory School.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Sept 1938

The Secretary,
Department of Mines & Resources,
Indian Affairs Branch,
Ottawa, Ont.

Dear Sir:

When in Ottawa last November, I discussed with Mr. Phelan the need of cement for the basement of a house at Moose Factory to serve as a storage for vegetables, and was informed payment would be met by the Department if bills were presented before the end of the current fiscal year.

When in Ottawa again last month, I mentioned that the amount of cement required was found to be larger than at first anticipated, but was assured that the promise of payment would not be affected by this fact.

Enclosed herewith you will find the bill from Messrs. Mercier & Shirley, Limited, in triplicate, for the cement delivered at Moosonee, and it will be appreciated if you will send your cheque for the amount direct to them.

Faithfully yours,

L. A. R. Westgate

Secretary of the Commission.

OFFICE OF
INDIAN AGENT

Moose Factory May 26th 1938

Doctor Stone,

Dear Sir,

Canon Gould is at Moose today and we went into the matter of the extra beds for the school. We agree that there would be no advantage in enlarging the building.

We now take into the school pupils with a bad family history as long as they are free from T.B. unless you do not allow us to take these children in there is no need of the extra beds, and if you do not allow us to take them in except as special pupils then we could set aside one of the dormitories for their use only.

The Ontario Government are allowing the hospital to care for halfbeds so they are enlarging the hospital this summer-two wings of 7 beds each-enlarging the kitchen and bathroom-building a sitting room and installing another bathroom.

I would advise that if we do not have the school for the weak children, we be allowed to admit any child that is at present free from T.B.

Yours truly,

W.L.Tyrer

EX'D.

May 31, 1938

Dear Doctor Tyrer:-

From your letter of May 26 it is evident that you wish to use the residential school at Moosonee partly as a preventorium unit. My only comment is that you should watch the school carefully to see that no child remains in it who has tuberculosis in a phase which is a menace to the other children and that those children whom you describe as pupils with a bad family history should have a substantial advantage in the way of feeding, rest, and relief from exertion. If certain dormitories could be set aside for them I think it would be of advantage. This was the object of the other proposed arrangement and it will be so much the better if it can be accomplished without further building.

Yours truly,

E.L. Stone, M.B.,
Superintendent of Medical Services.

Ottawa, Ont.

Dear Mr. Hoey:-

The Rev. Gilbert Thompson, B.A., Principal of our Moose Factory School, has directed the attention of our Commission to the urgent need of a duplicator, such as the one described on the enclosed sheet, and I am writing for the specific purpose of ascertaining if you could supply this item of equipment. It is my understanding that it would cost \$75 complete with 24 stencils, stylus, ink, etc.

In addition to the capacity enrollment of pupils who are in residence, there is a large attendance in the classrooms of Day pupils from the surrounding settlement, and the Principal points out that the duplicator would be of great service to the teachers in their classroom work. Further, as many of our Schools keep in touch with the parents of pupils in residence, as well as with graduate pupils, by sending out a monthly letter embodying information of interest to all, the duplicator would be of very great service in more ways than one, and I sincerely hope that you may be able to find some way of providing it.

Yours very truly,

T. B. R. Westgate

Dear Doctor Westgate:

I desire to acknowledge receipt of your letter of the 17th instant in which you submit, for Departmental consideration, a request received by you for a duplicator from the Principal of the Moose Factory Indian residential school.

I hesitate to send forward to the Purchasing Department a requisition for a duplicator such as the one described on the sheet enclosed with your communication. I feel confident that a requisition for a duplicator at this price would not be acceptable to the Purchasing Division. I am, however, sending forward a requisition for a duplicator which, I feel confident, will serve the purpose Mr. Thompson has in mind. It is in use at a number of our schools and has been very satisfactory.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Missionary Society of the Church
of England in Canada.,
Winnipeg, Man., Nov. 25, 1939.

File
Dr. H.W. McGill,
Director, Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Dear Dr. McGill:-

x

x

x

During the discussion of this matter it was suggested and finally agreed that the best course to take would be to build a new and larger hospital and allow the present hospital building, erected in 1936, to be used as the Principal's residence. As this building is conveniently located to the new School, and would serve very well for this purpose, the Committee hoped that the arrangement would commend itself to you and to your Department.

As the existing hospital, however, must continue in operation until a new and larger one has been provided, it was unanimously agreed by the Committee that the provision of the new hospital should be undertaken by the Government.

In support of this view it was pointed out that as the Society had erected the new School at a cost of over \$50,000.00, and the existing hospital at a cost of at least \$7,000.00, including equipment, it should not be asked or expected to make any further large expenditure for the new larger hospital required.

I was instructed, therefore, to ask you to include in your estimates for the next fiscal year the sum of at least \$10,000.00 to build the larger hospital necessary at this centre.

It was the unanimous opinion of the members of the Committee that the residence of the Principal should be provided out of Government funds, and, as the cost of materials alone, plus freight, wages, etc., for the existing hospital building amounted to not less than \$5,000.00, the Government expenditure for the two buildings will be reduced by that amount.

As the Federal Government has recently given very careful attention to the question of improving the health of its Indian wards, and has voted a very considerable sum of money for this purpose, the Committee earnestly hope that this comparatively small expenditure may be made possible next year through the provision of a hospital capable of meeting for many years to come, the medical requirements of the Indians in the Moose Factory and James Bay settlements.

Yours very truly,

T.B.R. Westgate,

Secretary of the Commission.

Moose Factory Jan. 21st 1940

Mr. Hoey,
Indian Affairs,

Dear Sir,

Please find enclosed an account for lumber used at Ang. Res. School Moose Factory for building a fire escape from the Day school class rooms.

When checked the fire escapes last fall I found that there was no way the children could get out of the class rooms except by a stair leading down into the building, I asked Mr. Thompson to build a fire escape.

He built one, and the under side of the escape is closed in to provide a storm porch for the door under the escape.

All fire escapes are inspected each day and kept clear of ice and snow.

I did not promise or say that the Department would pay for the material for the fire escape, but after it was built Mr. Thompson asked me if we would pay for the lumber, I told him that I did not know, but would refer it to you.

Yours truly,

W.L. Tyrer

Mr. Thomas,
In Charge Ang. Res. School,
Moose Factory.

Dear Sir,

It has come to my attention that
Clarence Corsten is acting as Night Watchman at the school.

I do not approve of this man acting as Night Watchman.
I cannot think that Mr. Thompson knew the man's history when
he engaged him., he was in a hospital for the insane for about
two years and at the present time I do not consider his
mentality any too stable.

I will sign the voucher for his October pay with a
note enclosed informing the Department of my action, if you
still keep him as Night Watchman after October 31st I will
not be held responsible for his actions as Night Watchman and
will not sign any voucher for his wages.

Yours truly,

[Handwritten signature: W.L. Tyrer]

W.L. Tyrer
Indian Agent.

Mr. Hoey,

This man wanted his pay as soon as he stopped
work and as the Mission had no money I paid him, so will
you please send the cheque made out to me this month.

Yours truly,

[Handwritten signature: W.L. Tyrer]

W.L. Tyrer

Mr. Hoey,

I am sure you can understand why I could not
have this man acting as Nightwatchman-If anything happened
at the school I am sure we could not explain why this man
was working as Nightwatchman.

R. A. Hoey, Esq.,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, Ont.

Dear Mr. Hoey:-

During my interview with you on the 9th instant I mentioned the urgent need of a mechanical washing machine for our school at Moose Factory, and it is my recollection that I promised to submit a request to you for some help in securing this very necessary item of equipment. The smaller washers which have been in use have been found to be inadequate, and the Principal (Rev. Gilbert Thompson, B.A.) has submitted to our Commission the following recommendation:-

The J. H. Connor & Sons Ltd., Ottawa, are willing to supply a "No. 1 E.W. Wood Tub Washer with counter shaft, electric motor and wringer. Capacity 36", length over all 69", height over all 66". Price \$610.00."

Mr. Thompson states that "This is the smallest machine we could get if we are expected to work economically."

While I am deeply conscious of the financial difficulties confronting your Department at the present time, I am regrettably obliged to state that the Government's decision to reduce the pupilage at the Indian Residential Schools to 92.24% from January 1st of last year, has made it impossible for our Society to meet

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)

PUBLIC ARCHIVES

ARCHIVES PUBLIQUES

CANADA

VERY
POOR
COPY

all essential requirements such as this item of equipment out of their present income. Our difficulty has been further increased by the fact that the Society was obliged to install, at very great expense, a septic tank at this school and also to enlarge the intake pipe in connection with the water supply.

Should your Department be unable to meet the total cost of the washing machine recommended by Mr. Thompson, I would earnestly hope that you may be able to make a generous grant towards the cost of the same.

In the list of sums provided in your Estimates for the current fiscal year, and as submitted in Departmental letter of June 30th last #160-2, I note that the sum of \$300 is included for general repairs and painting at this school. I had hoped that some of this amount might still be available for the purchase of the washing machine, but the Principal wrote to me in August to say that a large part of this amount had already been used, and that the painting was essential to preserve the fabric of the main school building from deteriorating.

A similar washing machine will be required for our Aklavik School but owing to lack of transportation consideration of this need may be deferred until next year.

Very kind regards,

Faithfully yours,

T. B. R. Westgate

Secretary of the Commission.

EX-100
Q-100

Reverend Sir:

I am in receipt of your letter of the 17th instant with reference to a request that you have received for a new washing machine for the Moose Fort Residential School.

As you were previously advised, an amount of \$300.00 was included in the current year's appropriation for repairs, improvements and purchase of new equipment at the Moose Fort School. We have had no communication from the Principal with regard to the expenditure which he advises you he has incurred. Consequently the \$300.00 is still available. If you so desire I am prepared to recommend to the Minister that this amount be allowed to your Society toward the cost of the washing machine. I regret, however, that we cannot allow any larger amount than \$300.00.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

[Handwritten signature]

Moose Factory,
January 20, 1942.

The Secretary,
Indian Affairs Branch,
Ottawa.

Dear Sir-

Re: Whitewashing Stables at Moose
Residential School.

Mr. Thompson, the principal of the above
school has requested a hand spraying machine to
apply the whitewash since the barn is open studding
inside.

Yours truly,

[Handwritten signature of Dr. T.J. Orford]

Dear Sir:

I have your letter of the 20th instant with reference to the request of the Principal of the Moose Fort Residential School for a hand spraying machine to apply whitewash on the barn.

This is a Church-owned school and each year we provide a certain amount for repairs, improvements and purchase of new material. The amount provided in the current year's appropriation has now been expended and consequently no further expenditures can be made.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir;

Herewith, please find vouchers made out for the services of a nightwatchman at this school for the months of November and January.

I have received a cheque for the month of December, but to the best of my knowledge I have not received a cheque for the month of November.

I would be much obliged if you would check up on this for me.

Thanking you, I am,

Yours truly,

Gilbert Thompson

44-6-5
Moose Factory, Ont.,
May 5th., 1942

Dear Sir:

For some time I have been attempting to obtain specifications for a suitable chlorinator for the drinking water supply at the Moose Residential School.

Due to the set up of the pumping system, it appears that a pressure type of injector will be required. Three firms have submitted replies to my inquiries - two of whom require further information which is being supplied.

Enclosed is the letter and folder supplied by the Arthur S. Leitch Company Ltd., of Toronto. The equipment illustrated appears to be that required.

I presume the Department will undertake the cost of equipment - probably out of funds set aside yearly for additions, improvements, etc. There is a real need for this installation for there is no doubt that pollution of the Moose River will increase from year to year.

Will you kindly return the enclosure to me after your perusal of same.

Yours truly,

T. J. Orford

June 2nd, 1942.

Dear Sir,-

Re: Water Supply, - Moose Fort Indian
Residential School

The Indian Affairs Branch has asked this Service to prepare specifications for a chlorinating unit for your school, but before doing so we should have certain information regarding the conditions under which the equipment will have to operate. This information should include the source of supply, its distance from the school, and bacteriological analyses of the water; also the type and capacity of the pumping unit, whether it is located in the school or in a separate pump house, and whether it is driven by a gasoline engine or an electric motor. It will also be necessary to know the voltage of the electric current available, if any, and if it is alternating current the frequency should be stated. The number of persons served should be given.

Kindly forward this information to the undersigned as soon as possible, so that the necessary specifications may be prepared.

Yours faithfully,

T. S. Mills,
Chief Engineer.

Ottawa, Ont.

Dear Mr. Phelan:

I have just received your letter of the 1st inst.
#72-0-5, being a reply to a letter addressed to you from this
office on the 24th ult. regarding payment of the sum of \$300.00
for expenditures incurred at our Fort George School.

Your opinion that this account was settled by your
cheque #62659 for \$300.00 issued on March 4th last, is not correct,
as the voucher which accompanied that cheque clearly states that
it was for "Supplies purchased for the Moose Fort Residential
School". That cheque was issued in response to the request em-
bodied in our letter of December 22nd last. That is the only cheque
we have received, and I will be obliged if you will give the
earliest attention you possibly can to the request embodied in our
letter of the 24th ult. for the \$300.00 due in connection with
our Fort George School.

Yours very truly,

T. B. R. Westgate

Secretary of the Commission.

Ottawa, July 9, 1942.

Dear Doctor Westgate:

With reference to your letter of the 6th instant, the information given in my letter of July first was correct.

I note that you refer to your letter of December 22, with which you enclosed accounts for supplies purchased at the Moose Fort Residential School. When these accounts reached the Department there was only \$284.30 available from the amount provided in the 1941-42 appropriation for expenditures at the Moose Fort School. Consequently, we could only send a cheque for this sum instead of for the \$300.00 previously mentioned. No doubt, you have received the latter cheque.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Memorandum:

Drs McGill.

With reference to your requisition of May 13th last, covering the purchase of a small chlorinating unit for Moose Fort Indian Residential School, Moosonee, Ont., I have been instructed to secure a complete report on the necessity for the installation of this unit. Concrete evidence should be furnished of the contamination of the water supply before approval can be granted for this purchase.

Your early reply will be greatly appreciated.

Memorandum:

EX'D

DEPARTMENTAL PURCHASING AGENT

I have your memorandum of the 14th instant, with reference to the small chlorinating unit for the Moose Fort Indian Residential School.

In a letter dated May 5, 1942, Dr. T.J. Orford, Indian Agent, wrote as follows:

"For some time I have been attempting to obtain specifications for a suitable chlorinator for the drinking water supply at the Moose Fort Residential School. There is a real need for this installation for there is no doubt that pollution of the Moose River will increase from year to year."

You will note from the above that Dr. Orford considers this installation necessary. If, however, you desire us to write for further information, we will be pleased to do so.

Philip Phelan,
Chief, Training Division.

Memorandum:

Mr. Phelan.

In reply to your memorandum of the 18th instant, regarding chlorination unit for the Moose Fort Residential School, I may say that the excerpt of Dr. Orford's letter of May the 5th, 1942, does not supply the information requested in my memorandum of the 14th instant. My instructions to obtain a complete report on the necessity for the installation and to secure concrete evidence of contamination of the Moose Fort water supply were based upon information which was submitted by Departmental technical staff, and which reads in part as follows:-

"However, before any further action is taken towards purchasing this equipment we would strongly recommend that some concrete evidence be submitted showing the source of supply (Moose river) to be contaminated. Samples of water should be forwarded here for bacteriological analysis, if such analyses have not already been made, and a sketch showing the location of the intake in relation to any sewer outlets or other possible sources of contamination should be submitted. The locality is remote from any large centres of population and it seems most unlikely that a river of this size would be sufficiently contaminated to require chlorination except under unusual local conditions. If such conditions do obtain, the Department should be informed of them."

Will you please arrange to secure from Dr. Orford the desired information and samples of water or analysis of same.

H. J. Davidson.
Dept. Purchasing Agent.

EX'D.
A

Dear Sir:

In your letter of May 5 you requested that a chlorinator be secured for the Moose Fort Indian Residential School. The request together with the information you forwarded was submitted to our Purchasing Branch and has also been considered by the Departmental technical staff.

The technical staff has expressed the following opinion:

"However, before any further action is taken towards purchasing this equipment we would strongly recommend that some concrete evidence be submitted showing the source of supply (Moose River) to be contaminated. Samples of water should be forwarded here for bacteriological analysis, if such analyses have not already been made, and a sketch showing the location of the intake in relation to any sewer outlets or other possible sources of contamination should be submitted. The locality is remote from any large centres of population and it seems most unlikely that a river of this size would be sufficiently contaminated to require chlorination except under unusual local conditions. If such conditions do obtain, the Department should be informed of them."

It would be appreciated if you would forward the desired information and samples of water for analysis of same.

Yours truly,

Dr. T.J. Orford,
Indian Agent,
Moose Factory, Ont.

OTTAWA.

Dear Sir:

Re: Chlorinator for Moose Factory
Indian Residential School - Your
letter of July 22nd, File 44-6-5

On November 18th, 1941, a school girl developed symptoms referable to a diagnosis of Typhoid Fever. There had been no known contact and possible sources of carrier infection were investigated without result. Diagnosis was positively confirmed by Widal reaction of blood sample sent to Ontario Department of Health.

Water sample taken from the school tap at that time and sent to the Ontario Department of Health was classified as "D" with a count of colon bacilli found in 1 c.c.

I received a letter under date of December 22nd., 1941, from Mr. Hugh McIntyre, Provincial Sanitary Inspector at Kirkland Lake, from which I quote -

"The samples of water which you have had tested give very poor returns -----I may say the Mattagami River (a tributary of the Moose) has been found to be constantly infected by Typhoid as far North as Smoothrock Falls, and there is a possibility of infection occasionally from the Moose River water in consequence. Such water should not be drunk at any time without boiling."

I received a letter under date of January 10th, 1942, from W.N. Turpel, M.D., D.P.H., Division of Epidemiology, Department of Health, Ontario from which I quote /

"Dr. Berry, the Director of the Sanitary Engineering Division also suggests that you instal a small hypochlorinator machine on your pumping system, which will ensure a safe water supply to the school"

The following is quoted from a letter dated February 5th, from Dr. P.E. Moore -

"I believe that there is sufficient endemic typhoid in the North to make it advisable to vaccinate the children in the Residential school. I believe that a small chlorinating machine such as you suggest should be installed."

The following is quoted from a letter dated February 9th, received from Mr. Hugh McIntyre, Provincial Sanitary Inspector:

"I think you have very good grounds for suspecting this source of supply for drinking water (Moose River) in view of the fact that all the sewage from Timmins, Iriquois Falls, Cochrane, Smoothrock Falls, Kapuskasing and Hearst goes into its tributaries. No doubt some considerable distance separates you from these sources of pollution but such steady and long continued pollution is bound to tell in the end, especially as the discharge of paper mill waste tends to kill off fish in these rivers. My opinion is that the river water should not be used unless boiled or chlorinated. I always understood the river water at Moose Factory is brackish, especially at high tide."

The following is quoted from a letter received from Dr. Moore dated February 11th:

Ottawa, Ontario.

Dear Mr. Hoey:

After receiving your letter of June 30th last, No.160-2, in which you advised that a grant of \$500.00 was available for repairs, improvements, etc. at our Moose Factory School, I wrote to the Principal requesting a list of repairs etc. to be undertaken, also a list of the materials required to complete the same. Enclosed herewith is a copy of his reply, and I will be obliged if you will let me know at your earliest convenience if the grant of \$500.00 (less the \$25.00 already expended) may be used in providing the Septic tank suggested.

No order should be given for any of the materials listed, until further notice, as the total cost will greatly exceed the grant from your Department, and we must know how this is to be provided.

It will be a help to us in deciding whether the building of the tank is to be undertaken or not, if we know whether the grant (now \$475.00) can be applied towards this purpose.

Yours very truly,

T. B. R. Westgate

Secretary of the Commission.

Re: Repairs, Moose Factory
Indian Residential School.

Dear Doctor Westgate:

I have for acknowledgment your letter of the 20th instant and also copy of a communication received by you from the Principal of the Moose Factory Residential School, sent forward therewith.

It has occurred to me that it might be advisable for you to send forward a list of the supplies needed for the construction of a septic tank at the school, to a value of approximately \$500.00. These supplies in our case will have to be purchased in the regular way through our Purchasing Division. I am anxious that you should carefully note this fact because we have been reminded recently that owing to priority ratings all purchases must be made by our purchasing agent. It is just possible that difficulty may be experienced in securing a number of the articles included in the list supplied by Mr. Thompson.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

R. A. Hoey, Esq.,
Supt. Welfare & Training,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Mr. Hoey:

I am writing for the specific purpose of soliciting your help in enabling our Commission to retain at their Moose Factory School the services of Mr. John H. Long, the Engineer. In a letter just received from him he states that he had received a notice to report for medical examination and military training, and while he felt doubtful about being accepted for active service, there was a possibility that he might be taken for some form of service.

The Reverend Principal Thompson of our Moose Factory School, when writing to me in this connexion, stated that Dr. Orford had examined Mr. Long, and he thought that "due to the foot defect he would probably be put in category 'C'."

As our Commission, since Canada entered into war, has released approximately fifty staff agents, or nearly one-third of all of their school staffs, they felt that in this way they have made a valuable contribution to the war effort. The finding of other men and women to take their place has imposed a very heavy strain on our Commission and especially on our office staff, and at the present time we have important staff vacancies which we are most anxious to fill. Half of the men who are engineers at our schools have enlisted, and if Mr. Long is taken away for any reason whatever, it may be months before we are able to secure anyone else to take his place. Principal Thompson is relying on him to supervise the installation of the septic tank referred to in your letter of August 24th last, #44-6-5, and I can assure you that any help you may be able to give us in arranging for Mr. Long to remain where he is will be fully appreciated.

Yours very truly,

T. B. R. Westgate

Secretary of the Commission.

Re: Engineer, Moose Fort
Residential School.

Dear Doctor Westgate:

I have for acknowledgment your letter of the 3rd instant, in which you solicit our help in retaining the engineer at the above-noted school.

You will be interested to learn that a number of somewhat similar requests have reached this Branch since the outbreak of war. I regret to state, however, that under existing regulations it is not possible for the officials of this Branch to intervene, either directly or indirectly, in such matters. We have been informed that no exceptions can be made in regard to men called up for military training. It is just possible, of course, that in the case of Mr. Long his physical disabilities will be such that he will experience little difficulty in securing a release. In any event, we are powerless to take any action in cases of this nature.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Mr. R. A. Hoey
Supt. of Welfare & Training,
Dept. Mines & Resources,
Indian Affairs Branch,
Ottawa.

Dear Mr. Hoey;

Dr. Westgate has forwarded me a copy of your letter to him under the date of Aug. 24th., relative to the installation of a septic tank and flush toilet system. As a result I am submitting herewith a copy of the estimate submitted by the George Tayldr Hdw. Co., Cochrane, Ont. I am deleting the cement and one or two other items in order to keep within the \$500.00 to be sanctioned for this work this year. It is now too late to commence cement work outside this year. If we can get the necessary inside installation done during the winter months we would be free then to continue with the outside work next year if approval were given.

CHLORINE CONTROL AND CHEMICAL FEED DEVICES
HEAD OFFICE & FACTORY, TORONTO

TORONTO OFFICE
350 SORAUREN AVENUE
Oct. 16, 1942.

Dr. Moore,
Department of Mines and Resources,
Indian Affairs Branch,
Booth Building,
Ottawa, Canada.

Subject: Water Chlorination - Moose Fort, Ontario

Dear Dr. Moore:

Following our telephone conversation of two weeks ago, the writer called at your office in Ottawa yesterday but unfortunately found you out of town.

I will be in Ottawa again in two or three weeks' time and would greatly appreciate seeing you for a discussion of this chlorination project. If, however, the matter must be settled at an early date, I will appreciate hearing from you.

Placing our facilities entirely at your disposal, we are,

Very truly yours,
WALLACE & TIERNAN LIMITED.

J. B. Kinney
J. B. Kinney,
Manager.

W&T JUNIOR TESTER

Chlorine feed rates are usually adjusted so that there is a slight excess of chlorine remaining after treatment is completed. This excess is referred to as "Residual Chlorine" and can be readily measured to determine that the correct amount of chlorine has been added.

When a chlorine feed rate produces a residual higher than required, chlorine is being wasted and, of course, when the residual is less than that required, the desired results will not be obtained. In the interests of economy and proper chlorination, it is essential to adjust chlorine feed rates accordingly.

Proper adjustment of chlorination to meet the seasonal changes in chlorine requirement therefore, demands a simple method of determining chlorine residual quickly and with laboratory accuracy.

Because it is simple, easily and quickly performed and because it requires no special chemical or technical training, the ortho-tolidin color comparison test is widely used for this purpose. Ortho-tolidin when added to water containing residual chlorine will develop a greenish yellow or orange color. The intensity of the color developed varies with the amount of residual chlorine present.

To meet the demand for an accurate, permanently reliable, yet inexpensive device for this color test, the W&T Junior Tester is of particular advantage where chlorination will be confined to narrow residual limits and where requirements do not warrant the purchase of standards for a complete range as furnished with the W&T Comparator.

This apparatus is furnished with either of two sets of standards. For drinking water chlorination it is customary to use the standards which show residuals of 0.1 parts per million and 0.3 parts per million. For swimming pools and applications where higher residuals are usually in order, a set of color standards for 0.2 p.p.m. and 0.5 p.p.m. is furnished. With either set of standards, it is an easy matter to interpolate the results of any test.

Description

Consisting of a housing which is firmly supported on a broad base, the Tester is made of moulded plastic material which is durable, resistant to corrosion and not affected by either acids or alkalis. Two rectangular sample tubes fit into the housing, one for the sample being tested and the other for an untreated sample. By this means natural color

and turbidity in the water are automatically compensated for and a true reading of residual is obtained. An even diffusion of light over the samples is assured by milk glass set in the back of the case. Non-fading, accurate color standards are built into the front of the case with the numbers which indicate the value of each standard. The standards are made of a carefully colored and accurately calibrated glass, permanently maintaining their reliability.

Operating Procedure

Clean both tubes and fill to 10 cc. mark with water to be tested.

To one tube containing sample of water, add 0.5 cc. of ortho-tolidin reagent, mix thoroughly and place in center compartment of test kit. Allow maximum color to develop,—which usually takes from 5 to 10 minutes.

Compare developed color in center tube with glass color standards by placing untreated sample tube first in left hand compartment and then in right hand compartment of test kit. Residual values must be estimated if the developed color lies between the two color standards.

General

Square sample tubes provided with this Tester eliminate shadow interference and all color standards are calibrated for the 13 m.m. depth of liquid and the quantities of water and reagent as indicated. It is essential that the correct sample tubes and color standards are used at all times with this kit.

Before taking readings be sure that the glass color standards, the sample tubes and the frosted glass in the back of the case are clean.

Never test samples that have stood in sunlight as the color developed by ortho-tolidin will fade.

CONVENIENCE

Represented in 32 convenient cities, a nationwide organization of Wallace & Tiernan specialists in sanitary and industrial chlorination are ready to be of service. They are prepared to offer advice on any phase of the application of chlorine for any purpose. Feel free to call on them or to write direct.

THE W & T HYPOCHLORINATOR

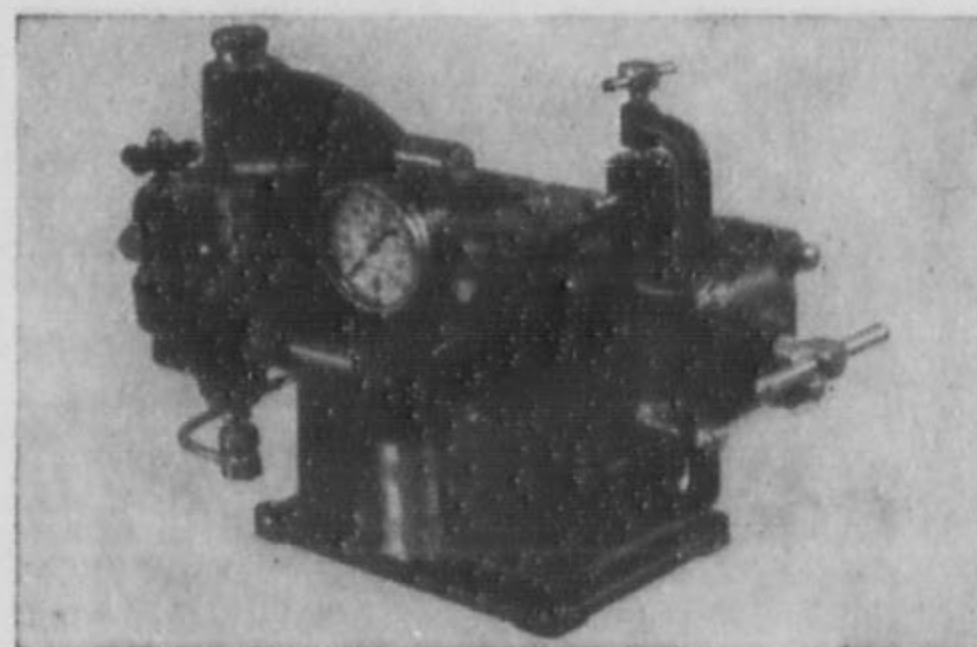

Chlorination of the small water supply, either public or private, where chlorine requirements are small and supervision limited, presents a distinct problem in the field of sanitation. Today, more than 85% of the country's domestic water supply is chlorinated but, in many instances, smaller supplies have been neglected due to the lack of suitable equipment. The W & T Hypochlorinator has been specifically designed to meet this need. Small in size, easily installed and requiring a minimum of operating supervision, it offers for the small supply the efficient protection of chlorination at the lowest possible cost.

How the W & T Hypochlorinator Operates

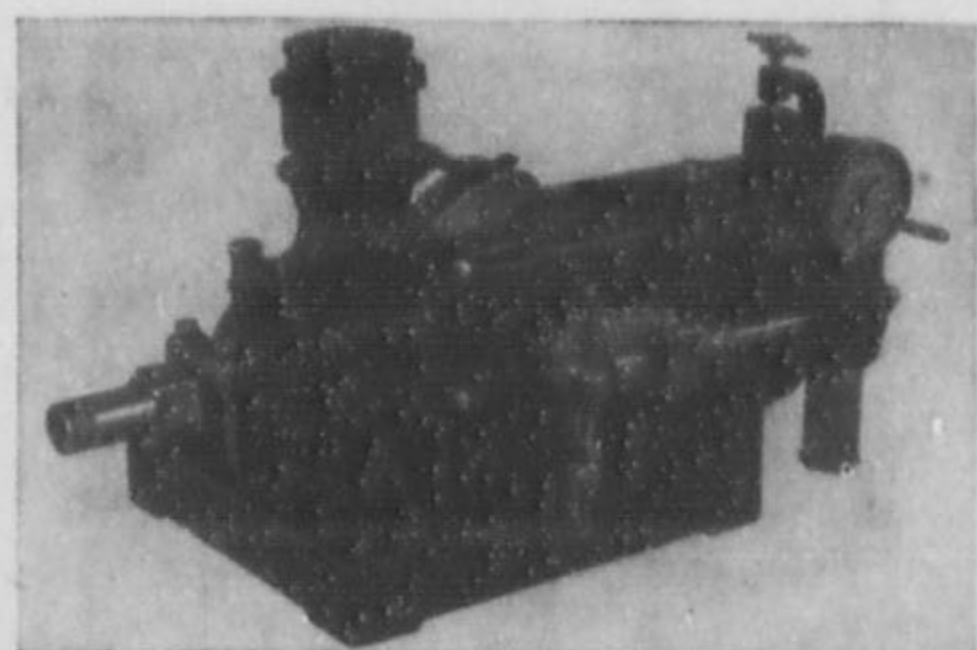

The Hypochlorinator consists essentially of a diaphragm pump constructed of corrosion resistant material and so designed that the rate of chlorine application may be easily adjusted to properly chlorinate the water flowing through a pipe line. The fundamental operating principle is outstanding from the standpoint of design and is exclusive with W & T Hypochlorinators. It consists in the use of a *balanced diaphragm* with a single suction valve and single discharge valve, solution being drawn into the diaphragm chamber on the suction stroke and forced out to the point of application on the discharge stroke. On the delivery side of the diaphragm the pressure is the same as that at the point of application. On the reverse side of the diaphragm, water under full main pressure is allowed to flow into the diaphragm chamber through a suitable control or balancing valve which confines this water and balances the diaphragm between equal pressures. Pumping is accomplished by application of an intermittent impulse which causes the diaphragm to reciprocate in a manner similar to a pump piston. This principle of operation gives extraordinarily long diaphragm life because of minimum strain on the diaphragm and, in addition, allows the pump to deliver a uniform volume of solution regardless of the water pressure encountered. Control of the pump may be effected either with a small electric motor or specially designed water driven element depending upon existing conditions at the point of application. Manual or semi-automatic (automatic start and stop) operation can be used on either electric or water driven type and a third type, water driven and meter controlled, will automatically proportion the rate of chlorine application to the water flow. Hence the W & T Hypochlorinator is readily adaptable to any small water supply whether it be a steady flow, a pumped supply with automatic start and stop, or a variable flow gravity supply.

W & T Hypochlorinator—Manual Control,
Electric Motor Drive.

W & T Hypochlorinator—Manual Control,
Water Motor Drive.

Electrically Operated Hypochlorinator

The Electrically Operated Hypochlorinator is particularly adaptable for use on small pumped water supplies operated either manually or by automatic start and stop of the pumping unit. The equipment is operated by water under pressure equal to or greater than that into which the chlorine solution is applied and operation is directed by means of a small electric motor. Since water pressure furnishes the major part of the power needed to operate the Hypochlorinator, the electric power required is greatly reduced and the small electric motor used consumes no more than 40 watts—at ordinary rates, a cost for electricity averaging not over 5c. a day. Waste water is also reduced to a minimum and averages no more than a quarter of a gallon per minute.

Rate of chlorine application may be varied by changing the length of the pumping stroke or by the choice of either of two operating speeds, the total capacity range of the apparatus being 36 to 1. Motor and gears are entirely enclosed and operate in an oil bath—hence there is no lubrication problem.

The Electrically Operated Hypochlorinator is designed to operate on any water pressure from 5 lbs. to 125 lbs. per square inch. For pressures below 5 pounds per square inch or where negative pressure exists at the point of application, a special electrically operated unit has been designed which operates entirely on electric power and has no water connections or fittings.

Water Operated Hypochlorinator

The Water Operated Hypochlorinator uses only water pressure for operation, one flow being used to operate the balanced diaphragm and another flow controlling the operation. Since it is entirely independent of electric or external mechanical power it is particularly well adapted for emergency work, for standby or duplicate installation, or for any installation requiring a steady rate of chlorination. The equipment is operated by water under pressure equal to or greater than that into which the chlorine solution is applied, the minimum water pressure being 10 pounds per square inch and the maximum 125 pounds per square inch. By using the pilot principle of design wherein

minute mechanical forces are able to operate the equipment with small quantities of water, the amount of waste water is reduced to a minimum and averages not more than one-half gallon per minute. Variation in rate of chlorine application is accomplished by changing the number of pumping strokes per minute and gives a 12 to 1 range. An important advantage of the W & T Water Operated Hypochlorinator lies in the fact that the suction stroke is extremely rapid, requiring only a small percentage of the running time and hence the rate of chlorine application is remarkably steady.

Automatic Hypochlorinator

Because of wide flow variations on small gravity water supplies, an automatic meter driven chlorinator of small capacity has long been in demand. The W & T Automatic Hypochlorinator fulfills the requirements for this type of installation in all respects. Operation is similar to the Manual Water Operated Hypochlorinator but the rate of pumping and hence the rate of chlorine application is directly controlled by a water meter installed in the main water line. Any type of meter in which a shaft turns in direct ratio to the flow of water through the meter may be used, and the

chlorine applied will be at all times proportional to the water flow. Variation in treatment is accomplished by varying the length of stroke, for which purpose a control handle and dial are provided on the equipment. The accuracy of the W & T Automatic Hypochlorinator when used with small water meters is outstanding and is due to the important and exclusive principle of design wherein small mechanical power is required to activate the balanced diaphragm pump—an advantage found only in W & T equipment.

Short Specifications for W&T Hypochlorinator

TYPE: The Chlorinator shall be a..... Control
Manual or Automatic
..... Operated Hypochlorinator designed to feed
Electrically or Water
sterilizing solution in the form of hypochlorite for treating a flow of.....
to..... gallons per minute in a main under a normal pressure of
..... pounds per square inch. The Chlorinator shall be capable of
operating successfully against a main pressure as high as 125 pounds per
square inch.

CAPACITY AND MEASUREMENT: The Chlorinator shall have a
capacity of 5 pounds of chlorine per 24 hours when running continuously using
a hypochlorite solution of 1% strength. The Chlorinator shall be provided
with adjustment for dosage in addition to varying the strength of the hypo-
chlorite solution. The measurement and application of the hypochlorite
solution shall be accomplished by means of a diaphragm pumping unit.

DETAILS: The Chlorinator shall be equipped with a fabric reinforced
diaphragm assembly 3 3/4" O.D. and 2 3/4" effective diameter, preformed to a
special cup shape to insure freedom from strain. The diaphragm shall be
balanced by means of water pressure on both sides and with a pressure differ-
ence not exceeding 5 pounds per square inch in order to eliminate strain
and insure accuracy of measurement under all operating conditions. The
manufacturer shall state at the time of the bids the accuracy with which the
solution shall be delivered per stroke under the existing variation in pressure
at the point of application, namely from..... pounds to.....
pounds per square inch.

METHOD OF CONTROL: (A) Manual Electrical Control: The
Chlorinator shall be actuated by water under pressure equal to or greater
than that existing at the point of application and operation shall be controlled
by an electric motor through a suitable gear reduction.

Adjustment of the length of pumping stroke shall be accomplished by changing
the position of the driving arm along the stroke-adjusting lever graduated to
read directly proportional to the pumpage in gallons per 24 hours. The range

of solution discharge from the Hypochlorinator from maximum to minimum
shall be 36 to 1.

(B) Manual Water Control: The Chlorinator shall be actuated and con-
trolled by water under pressure equal to or greater than that existing at the
point of application and shall function satisfactorily with an operating pressure
as low as 10 pounds per square inch. Not more than 0.4 of a gallon of water
per minute shall be required to operate the Chlorinator. The length of pump-
ing stroke shall be constant and the frequency of stroke shall be adjustable
over a range of 12 to 1. The frequency of pumping stroke shall be regulated
by adjustment of the Flow Controller Valve which admits water to the power
diaphragm chamber. The sterilizing solution shall be delivered to the point
of application during at least 50% of the time and the Chlorinator shall be
capable of being started and stopped by merely turning on and off the operat-
ing water supply.

(C) Automatic Control: The Chlorinator shall be actuated by water
under pressure equal to or greater than that existing at the point of applica-
tion and shall function satisfactorily with an operating pressure as low as
10 pounds per square inch. Not more than 0.5 of a gallon of water per minute
shall be required to operate the apparatus.

The operation of the Chlorinator shall be controlled by means of a water
meter of the type in which an element revolves in direct ratio to the water
flow, so that the feed of sterilizing solution is in direct proportion to the flow
of water.

SPARE PARTS: There shall be furnished with each Chlorinator in addition
to the necessary solution hose and set of assorted gaskets, a one piece all
glass suction line sight feed indicator and a strainer assembly constructed of
fine silver wire for use in the end of the suction line.

SUPERVISION OF INSTALLATION: The Chlorinator shall be installed
under the direct supervision of a factory trained representative of the manu-
facturer who shall maintain adequate service facilities and a stock of repair
parts within not over..... miles from the point of installation.

At Your Service

Wallace & Tiernan equipment is manufactured in Canada, the United States and England. Due to superior design and workmanship,
it has enjoyed world-wide leadership since earliest days. This assures you of the services of a large staff of chlorination specialists, ready
to deal with your problems in water, sewage or swimming pool purification. Over 20,000 installations of W&T equipment have been
made to date, over 1,000 of which are in Canada.

Estimates on equipment suitable for your conditions will gladly be furnished on request.

Subject: Requisition 43,405-15-2
Chlorination - Moose Fort, Ontario
Water Supply

Dear Sir:

In accordance with your letter of Oct. 14th, we are pleased to quote below on Hypochlorinating equipment which will feed at a constant rate dosage but will automatically stop and start in synchronism with pump operation. Our quotation also includes all accessories as mentioned in your specifications.

On one Water Motor Operated Type HWM Hypochlorinator, together with solenoid water valve, 30 gallon solution container and Ortho Tolidin Testing Outfit, we are pleased to quote, subject to the terms noted below, (FOUR HUNDRED AND NINETY-FIVE DOLLARS).....\$495.00 f.o.b. your nearest rail point, sales tax included.

This particular type of Hypochlorinator, as described by the attached Technical Publication No. 178, has the particular advantage of allowing for installation either in the pump pit or on the pump discharge line as it enters the building housing the pressure storage tank.

Placing the facilities of this organization entirely at your disposal, we are,

Very truly yours,
WALLACE & TIERNAN LIMITED.

J. B. Kinney,
Manager.

JBK:RT.
Enclosure.

Copy - Dr. Moore, Department of Mines and Resources,
Indian Affairs Branch, Booth Building, Ottawa.

This quotation is subject to thirty days acceptance and to our usual terms of payment; net cash thirty days from date of invoice; title to remain in us until the equipment is paid for in full.
Wallace & Tiernan Ltd. warrant for a period of one year after shipment that the apparatus shipped, of our manufacture, is free from defects in workmanship and materials, but its liability is limited to the replacement f. o. b. Toronto, of the defective parts thereof.

DEPARTMENTAL PURCHASING AGENT

Re: Chlorinating plant, Moose
Fort Indian Residential School.

I desire to refer you to Mr. Hoey's memorandum of August 21 and previous correspondence in connection with the above. There was an amount of \$500.00 provided in the current year's appropriation for repairs, improvements and new equipment at this school and the school management recently requested the purchase of plumbing fixtures, see your purchase order No. 15005. In view of the cost of the plumbing fixtures, the amount provided for this school in the current year's appropriation is exhausted and consequently it will not be possible to consider purchase of the chlorinating plant. No further action need be taken regarding it.

Philip Phelan,
Chief, Training Division.

EX'D

Reverend Sir:

With reference to your letter of October 2, requesting hardware and other supplies for the Moose Fort School, an order was placed with The George Taylor Hardware Company, Oshkosh, Ont., and a copy of the order was forwarded to you on October 29. Practically all the articles you requested were ordered, with the exception of the automatic flush tank for urinals. This was quoted at a price of \$84.80 and if it had been supplied would have brought the total above the amount specifically allowed in the current year's appropriation. The item was, therefore, deleted. I am now in receipt of the attached account from the firm and, if you have received all the articles listed, you should certify the account and return it to this office in order that payment may be made. Your prompt attention would be appreciated.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Memorandum:

THE PURCHASING AGENT

The Schools Branch has had some correspondence with you regarding the chlorinator for the Moose Fort Indian Residential School water supply. A representative of Wallace & Tiernan, Ltd., Toronto, called here today and was seen by Mr. Phalen and myself. I believe that Wallace and Tiernan supply the majority of chlorinating apparatuses that are recommended by various Public Health officials. They are recognized specialists in this field. The outfit that they quoted on in their letter to you of October 19, of which I received a copy, would be the chlorinator that I would recommend for this school. The price quoted was \$495.00 F.O.B. Moosonee.

I am not quite sure whether it would be necessary to have a man go from Toronto to install it, but rather think that with suitable instructions, someone at Moose Factory would be able to make the installation. This Branch has forwarded previous evidence as to the necessity of putting in this chlorinator as the river water is unsafe to drink and on reports from the Department of Health, Toronto, has been graded unfit for human consumption.

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: Chlorinating Plant, Moose Fort
Indian Residential School.

In memorandum of October 29, 1942, you were requested to take no further action with reference to the purchase of the above in view of the fact that we had already expended the major portion of the amount provided in the current year's appropriation for repairs, improvements and purchase of new material at the above-mentioned school.

Additional information received regarding the necessity for a chlorinating plant at this school is reflected in Dr. Moore's memorandum of January 28 in which he strongly recommends the immediate purchase of this equipment.

In our current year's appropriation there is an amount of \$1000.00 for maintenance of equipment at church-owned residential schools. It has not been found necessary to expend any of this amount and, if the purchase of the chlorinating plant is approved, it will no doubt be possible to transfer sufficient funds from the amount mentioned to the Moose Fort School in order to provide the sum of \$495.00 which is the cost of the chlorinating plant.

R.A. Hoey,
Supt. of Welfare & Training.

Dear Mr. Hoey;

Herewith please find the invoices from the George Taylor Hardware Co., properly certified.

I regret that I have been so long in returning these, but there were one or two discrepancies which had to be adjusted first. These have now been taken care of, and I am forwarding the invoices as enclosed.

We shall instal the materials received and trust that the Department will see fit to make a further grant this coming fiscal year so as to enable us to complete the project. It will take a grant of approx. \$250.00 to complete the work.

Thanking you for your valued help. I am,

Yours sincerely,

Dr. T.J. Orford, Indian Agent, Moose Factory, Ont.

As you know, the Moose Fort Residential School is a Church-owned building and we provide specific amounts for such buildings in our appropriation and are not allowed to exceed them. Other supplies purchased for the Moose Fort School during the past few months have practically exhausted the amount specifically provided and, as a consequence, we did not have funds for the chlorinating unit which you have recommended. However, we now find that we can transfer funds from another appropriation where the money was not required and consequently we have made further inquiries and are practically ready to make the purchase.

The information that we have received indicates that electric power is available and is 110 volt direct current. Is this information correct? If not, let me know the strength of the electric power available. It is very important that we should have specific information on this point as it affects the type of chlorinating unit which we will purchase.

R.A. Hoey,
Supt. of Welfare & Training.

Memorandum:

Mr. Hoey.

We have your memorandum of the 30th ultimo, regarding proposed purchase of Chlorinating Plant for the Moose Fort Church of England Indian Residential School. On the 29th of October last, approval was granted for the purchase of this equipment from the Paterson Engineering Company of Canada, Ltd., Toronto, at a price of \$326.00 f.o.b. Moosonee, Ont.

It is noted that you ^{now} recommend the purchase of the higher priced equipment offered by Wallace and Tiernan, Ltd., Toronto, at \$495.00. If the Wilson DES-0 Pulsafeeder offered by the Paterson Company is not considered satisfactory, will you please advise in what respect it does not conform to the specifications prepared by the Surveys and Engineering Branch, or in what respects the Wallace and Tiernan product is sufficiently superior to warrant a difference of \$169.00.

I enclose herewith our complete file on this subject for your assistance. Please return same with your reply.

H. J. Davidson.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT the appropriation for the fiscal year 1942-43, Vote No. 167, Indian Affairs Branch, Mines and Resources, provides an amount of \$1000.00 for maintenance of equipment at Church-owned Indian residential schools;

THAT part of the above amount is required for the purchase of a chlorinating plant at the Moose Fort Church of England Indian Residential School at a cost of \$326.00;

THAT, as this building is Church-owned, the purchase of new equipment constitutes a grant and, therefore, the approval of Your Excellency in Council is desirable.

The undersigned, therefore, recommends that approval be given for the expenditure at the above Indian residential school of the sum of \$326.00, the same to be chargeable to Vote No. 167, 1942-43, Indian Affairs Branch, Mines and Resources.

Respectfully submitted,

Minister of Mines and Resources.

Memorandum:

DEPUTY MINISTER

I enclose Memorandum to Council in connection with an amount of \$326.00 required for the purchase of a chlorinating plant for the Moose Fort Indian Residential School.

Dr. Orford, Indian Agent, James Bay Indian Agency, and Dr. P.E. Moore, Acting Superintendent of Medical Services, recommend that a chlorinating plant be supplied immediately for the Moose Fort Indian Residential School, as the river water is unsafe to drink and reports received from the Department of Health, Toronto, indicate that this water has been graded unfit for human consumption.

In Vote 167, 1942-43, there is an amount of \$1000.00 for maintenance of equipment at Church-owned Indian residential schools. It has not been found necessary to expend any of this amount. The sum provided in the current year's appropriation for repairs, improvements and purchase of new equipment at the Moose Fort Residential School has already been expended and consequently we are requesting authority to use an amount of \$326.00 from the item "Maintenance of Equipment" for the purchase of the new chlorinating plant.

Memorandum:**DEPARTMENTAL PURCHASING AGENT**

I desire to refer to your memorandum of the 1st instant, with reference to the proposed purchase of a chlorinating plant for the Moose Fort C.R. Residential School.

We approve purchase of this equipment from the Paterson Engineering Company at a price of \$326.00 f.o.b. Moosonee, Ont. As it is necessary to transfer funds for this purchase from one part of our vote to another, there will be a slight delay in our Treasury Branch signing the requisition.

R.A. Hoey,
Supt. of Welfare & Training.

OTTAWA March 4, 1943.

Gentlemen,-

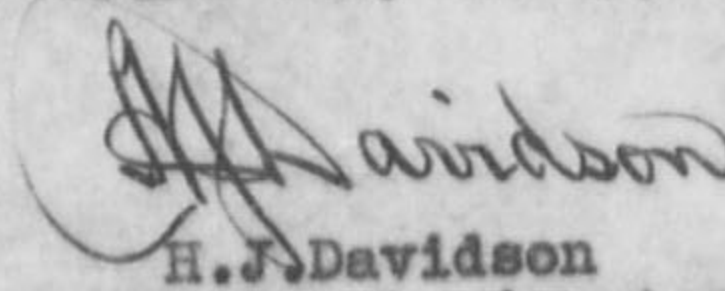

Attention Mr. Keith Mercer, Mgr.

We note from your letter of the 3rd instant, that to obtain delivery of the Wilson DES-0 Pulsa feeder chlorinating unit for Moose Factory Indian Residential School covered by our purchase order #15134, you require a priority rating of AA3. Our experience has been that it is virtually impossible to secure such a high rating unless the end use of the equipment has a definite relation to the war effort. In this connection I may state that one of your competitors offered to supply a suitable chlorinating outfit if we could procure a priority rating of A-1-J or better.

In view of the above, will you please advise if it is not possible to obtain the required equipment with a lower rating than AA3. Otherwise we may be obliged to consider cancellation of our order.

You state in your tender of Sept. 10, 1942, that the unit is constructed of 60% Canadian goods. Would it not be possible for you to obtain the parts made in U.S.A. by means of a P.R.P. application.

Yours very truly,

H.J. Davidson

Departmental Purchasing Agent.

Subject: Moose Fort Indian Residential School
Water Chlorination

Dear Sir:

Following our letter of Jan. 14th replying to yours of Jan. 11th, the writer had the pleasure around the first of February of further discussing Hypochlorinators with Dr. Moore and your Mr. Phelan.

At that time U.S. priority ratings were required from purchasers of equipment but the situation has now changed and we as a Canadian manufacturer operating under the Controlled Materials Plan, may ship to essential users without the necessity of obtaining priority ratings.

It was my understanding at the time of our discussion referred to above that we would probably be favoured with a purchase order covering one of our Hypochlorinators as quoted on by our letter of Oct. 19, 1942.

May we assure you of our desire to be of the best possible service.

Very truly yours,
WALLACE & TIERNAN LIMITED.

(Sgd.) J.B. Kinney,
Manager.

Dear Sirs,-

We have your letter of the 5th instant, outlining the high type of priority required to enable us to obtain delivery and importation of the type DES-O pulsafeder chlorinating unit covered by purchase order No. 15134 which we mailed you on the 1st instant. As the delivery promised is not satisfactory and as it will be impossible for us to obtain the priority asked for, please be advised that purchase order No. 15134 is hereby cancelled.

March 18, 1943.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT the appropriation for the fiscal year 1942-43, Vote No. 167, Indian Affairs Branch, Mines and Resources, provides an amount of \$1000.00 for maintenance of equipment at Church-owned Indian residential schools;

THAT part of the above amount is required for the purchase of a chlorinating plant at the Moose Fort Church of England Indian Residential School at a cost of \$495.00;

THAT P.C. No. 81/1950 of March 13, 1943, authorized an expenditure of \$326.00 and consequently an additional amount of \$169.00 is required;

THAT, as this building is Church-owned, the purchase of new equipment constitutes a grant and, therefore, the approval of Your Excellency in Council is desirable.

The undersigned, therefore, recommends that approval be given for the expenditure at the above Indian residential school of an additional sum of \$169.00, the same to be chargeable to Vote No. 167, 1942-43, Indian Affairs Branch, Mines and Resources.

Respectfully submitted,

Minister of Mines and Resources.

Memorandum:

DEPUTY MINISTER

I enclose Memorandum to Council in connection with an additional amount of \$169.00 required for the purchase of the chlorinating plant for the Moose Fort Indian Residential School.

The reason for purchasing this plant at the present time was explained to you in my memorandum of February 23 last. At that time the Purchasing Branch considered that a suitable plant could be secured for \$326.00. Subsequently it was found that this particular plant could not be secured without a very high priority. It was, therefore, decided to purchase a plant at a cost of \$495.00. P.C. No. 81/1950 of March 13, 1943, only provided \$326.00 and the additional amount of \$169.00 is required.

Gentlemen:

Re: Purchase Order 17063,
dated March 9, 1942.

The above ordered a chlorinator for the Moose Fort Indian Residential School. I should appreciate your advising if you have shipped this equipment and, if so, the date on which it left Toronto. In the event of your having shipped it, please let me know on what date you forwarded the account to Dr. Orford. Funds for payment for this machine were provided in our last fiscal year's appropriation and, as the books will close in a few days, we are anxious to obtain the account as soon as possible.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Supt. Welfare & Training

Mr. R. A. Hoey,
Supt. Welfare & Training,
Dept. Mines & Resources,
Indian Affairs Branch,
Ottawa.

June 22/43.

Dear Mr. Hoey;

With reference to your letter 44-6-5 you advised me to write you again with regard to the balance of materials needed to instal the septic tank and flush toilet system for this school.

I have been held up somewhat due to the fact that the mill at Moose River Crossing has recently changed hands and some delay was experienced in obtaining an estimate from them of the lumber needed for cribbing for the tank.

I trust that you will find the enclosed in order and will see fit to let us have the materials so that we can go ahead with the installation.

Thanking you in anticipation, I am,

Yours sincerely

Gilbert Thompson

Ottawa,
July 3, 1943.

Reverend Sir:

I have your letter of the 22nd ultimo, enclosing list of materials needed to install the septic tank and flush toilet system at the Moose Fort Residential School. In the current year's appropriation it was only found possible to include an amount of \$500.00 for repairs, improvements and purchase of new equipment at the Moose Fort School and, as this is a Church-owned school, we are only allowed to expend the amount specifically provided. We have already purchased equipment for the installation of a chlorinator at a cost of \$43.00 and this leaves a balance of \$457.00 available. As this is all we can spend, we are requesting the Departmental Purchasing Agent to order the 200 bags of cement and the 400' of 6" vitrified tile. The school management will have to be responsible for the balance of the material.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Gentlemen:

I am in receipt of your invoice No. T. 76167 of June 18, covering the cost of supplies shipped to the Moose Port Residential School for installing a chlorinator.

One item on the account is a charge of \$2.43 for freight. It will be necessary for us to have a receipt from the railway company for this amount before payment of this item can be made. It would be appreciated if you would forward it to me.

Yours truly,

Philip Phelan,
Chief, Training Division.

Aug. 4/43.

Mr. R. A. Hoey,
Supt. of Welfare & Training
Dept. Mines & Resources,
Indian Affairs Branch,
Ottawa.

Dear Sir;

I am enclosing herewith the invoices from the George Taylor Hdw. Co., for cement and vitrified tile ordered through you.

You will note that due to the fact that a carload lot was being shipped into Moosonee there is a saving of \$66.00 freight on the cement.

In your letter of July 3rd. #44-6-5 you stated that a balance of \$457.00 was available. The present invoice absorbs \$351.32 leaving a balance of \$105.67.

Would it be possible for you to order the following for us from the George Taylor Hdw. Co., Cochrane, Ont.

1	#6201 Urinal Stall	54.00
2	663 Bottom Supply regulator	1.64

Handwritten signature: G. Thompson

The Secretary,
Dept. Mines & Resources,
Indian Affairs Branch,
Ottawa.

Dear Sir;

According to a recent letter received from Dr. Alderwood, Secretary of the School Commission, he states that Mr. Hoey had written that we have an unused balance of \$16.43 on the current year's appropriation.

In view of the above circumstance I would like to requisition the following;

2 only Bubbler Drinking Fountains H573 as listed in the George Taylor Hdw. catalogue. (Cochrane, Ont). @ 9.88 each.

Thanking you in anticipation. I am,

Yours truly,

G. Thompson

Reverend Sir:

With reference to your letter of the 28th ultimo, the Department approves the purchase of one bubbler drinking fountain at a cost of \$9.88 for the Moose Fort Residential School. There is not sufficient unused balance in the current year's appropriation to permit us authorizing the purchase of two fountains.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

EX'D.
A.

Dear Mr. Hoey;

Your letter 44-6-5 to hand relative to the
supplying of one bubbler drinking fountain at a cost of
\$9.88 for this school.

Thankyou very much for approving of the same.
I gather from your letter that you are leaving it up to me
to place the order. As a result I am today placing an
order with the George Taylor Hardware Co., Cochrane for
the same.

I trust this action will meet with your
approval.

Yours sincerely,

G. Thompson

EXD.
A

Reverend Sir:

I have your letter of the 16th instant, enclosing invoice covering the cost of the drinking fountain purchased from the George Taylor Hardware Limited. This account included an item of 23¢ for prepaid express. As no receipt was attached from the express company, payment of this small amount could not be made. I should, therefore, appreciate it if you would arrange to forward 23¢ to the Taylor Hardware Company. We are forwarding them a cheque for \$12.35.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dept. Mines & Resources,
Ottawa.

Dear Sir;

I am returning the cheque for \$40.00 made out to me, to cover salary for night watchman at this school for the month of April.

Since I was to be away from here from the middle of ~~May~~ Apr. to the middle of May I made out the requisition before leaving and left it for the Doctor-Indian Agent to sign at the end of the month.

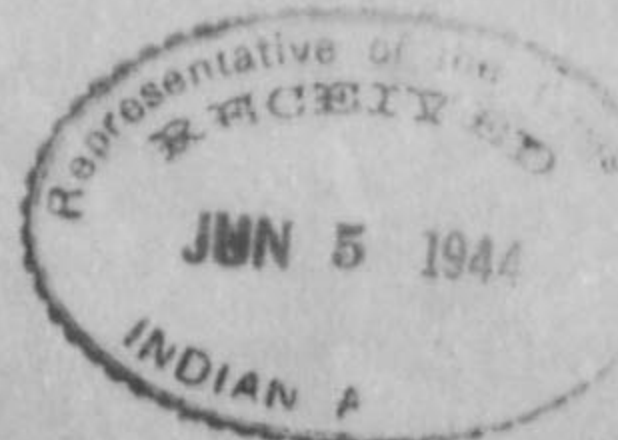

Our ~~night~~ nightwatchman left us unexpectedly on Apr. 20th. and hence we were not entitled to the full \$40.00. We should be entitled to \$26.75.

I would be much obliged if you would send me a cheque for ~~\$20.75~~ \$26.75 to cover this item.

Thanking you, I am,

Yours truly,

G. Thompson

Attention: Treasury Office.

My voucher number 972, 29/4/44/, in favor of Rev. G. Thompson was for \$40.00 in payment of nightwatchman for the Moose Factory Residential School.

Mr. Thompson advises me that the man was on duty for only 20 days in April. The voucher therefor should have been for 2/3 of \$40.00; \$26.66,

Mr. Thompson has returned the cheque for \$40.00 to Ottawa. Will you kindly make the necessary alteration and advise.

TJO/WM

I enclose, for your information and
whatever action is necessary, the attached
report regarding the water supply at the
Moose Fort Residential School. This has
just been received from Mr. W.R. Edmonds,
Sanitary Engineer of the Department of
Pensions and National Health.

Philip Phelan,
Chief, Training Division.

to note*

File

Ottawa, July 24, 1944.

Mr. Edmonds, of the Public Health Engineering Division, Department of Pensions and National Health, phoned to say that his Branch had been advised that difficulty was being experienced with water supply at the Moose Fort School and that he was proceeding on other business to the area in question tonight, and that he would be prepared to make an inspection and investigation if we so desired.

This was later confirmed by a further telephone call from Mr. G. H. Ferguson, Chief of the Public Health Engineering Division, who added that his department would be glad of the opportunity to perform this service without any cost to us. After consultation with Mr. Phelan, Mr. Ferguson was requested to have Mr. Edmonds go ahead as above mentioned, and instructions have been given accordingly.

A report will be submitted to us in due course. Mr. Edmonds, on arrival at Moose Factory is to get in touch with Dr. Orford and Rev. Gilbert Thompson. Mr. Ferguson added that chlorination places should be inspected by a qualified person about every six months.
